Price Ten Cents

Jo Ann Villa stands beside the working model of an ear, the project which she and Mike Webb submitted to the Alpine School Science Fair. It won the sweepstakes prize. (Echo-Sun Photo)

SEVENTH GRADERS WIN SWEEPSTAKES

At an unusual Science Fair held at the Alpine School last week, Jo Ann Villa and Mike Webb captured sweepstake honors with a study of the ear and a working model of an artificial ear.

Many very splendid projects were on view for parents and friends to see and a large crowd came to see what the young people had to display.

Other winners were:

EIGHTH GRADE: First, Cindy Byers and Nedra Lacour — Insect Friends and Pests, and Methods of Control. Second, Russel Gondeau, Dan Gilbert and John Holbert — Research study on elephants (anatomy and history). Third, Penni Palthe — Psychology of learning — using a mouse and a maze.

SEVENTH GRADE: First, Bill San Soucie — A homemade stereo set. Second, Becky Hagen and Beverly Nichols — Psychology of learning, using a mild shock to teach a rat to avoid cheese. Third, Linda Rushing, Regina Stinson and Diana Ralston — A comparative study of animal brains.

SIXTH GRADE: Denise Francis — Study and Model of the World. Second, Sharon Dana — Study and model of the Dolphin. And third, Bill Cross, Jack Palthe, Charles Wenger — Oceanography with model.

MR. STRICKLAND HAS HEART ATTACK

Frank Strickland, who has a record of heart attacks, was taken to the Naval Hospital last week after being stricken once more. He is reported to be feeling better and should be home soon.

The attack occurred at approximately 10:45; accord-

Howard Ball Suffers Attack

A severe heart attack struck Dr. Howard Ball last week, so severe that for some time he was not expected to live. However, at press time, he was reported somewhat improved.

Dr. Ball was a resident of this area for many years. He still owns property on Tavern Rd. and a ranch in Jamul.

He is widely known for his outstanding laboratory work, doing most of this work for Grossmont and County Hospitals.

Dr. Ball's family has been at his bedside since he was stricken. Of interest is the fact that the new heart device the "pace maker" has been used in his treatment.

New Controls Set For Trucks

Of interest to this area where Hwy. 80 is still a major factor in the lives of the community, is the following release.

Some 16,000 motor carrier firms who use the public highways as a place of business for their 200,000 big trucks, truck tractors, trailers and semitrailers, and buses will begin answering to the California Highway Patrol on March 1 with respect to the safety of their vehicles.

Legislation enacted in 1963 set March 1 of this year as the date when rules and regulations adopted by the Patrol governing operating safety, periodic vehicular inspection and preventive maintenance practices, hours of service by drivers and other provisions of the vehicle code become effective.

"The rules and regulations under which the Motor carriers will operate were developed, in accordance with

legislative direction, jointly by the Patrol and an advisory committee composed of representatives of motor carriers and organized labor," CHP Commissioner Bradford M. Crittenden said. "The members of this committee, speaking for the varied interests they represent, have indicated clearly and positively their support of the program, and their determination to enhance highway safety by adhering to the requirements they helped to establish."

Egg Production To Be Discussed

EL CAJON — A meeting to discuss the economics of poultry egg production in San Diego County will be held by University of California Agricultural Extension Service Farm Advisor Robert H. Adolph. The meeting will include a report on a complete five-year study on costs of egg production including poultry egg production costs in San Diego County.

Interest in this subject is keen among poultrymen since the present egg price received by producers is the lowest since pre-World War II. All poultrymen and interested persons are urged to attend the meeting.

It will be held Tuesday, March 2 at 7:30 p.m. at the Agriculture Bldg., El Cajon High School at Madison and Mollison Streets in El Cajon.

CIVIL DEFENSE MEET PLANNED

Jerry Funk, president of the Alpine Chamber of Commerce, announces that William B. Marty, San Diego County Officer for Civil Defense, will be present at the March 10th C of C meeting to be held at the Youth Center.

His subject will be "Your County's Civil Defense Posture" and the public is invited to attend this most important event.

Heads of Emergency Service Groups have been designated as follows:

Medical, Dr. Earl Woodall; Welfare, B. F. Darnell; Communications, Dr. Frank Borowski, D. C.; Radeff, Wallace Wait; Public Information, Ross Mallette; and the Point of Coordination is designated as the Fire Station.

ALPINE RESIDENT HURT IN CRASH, IMPROVING

Friends of Mrs. Alvina Kinikin will be happy to know that she is in very satisfactory condition at the El Cajon Valley Hospital, according to officials there.

Mrs. Kinikin was involved in a head-on collision that took the lives of an elderly couple last week. A blow-out on the older couple's car was apparently the cause of the accident.

Visitors are now allowed and Mrs. Kinikin would be most happy to see her friends from this area.

MORE EQUIPMENT FOR TECATE

Once again the Kiwanis club of Alpine has gone to the aid of our neighbors in Tecate, Mexico.

Last week they took to the little town across the border, 78 double desks, one folding cafeteria table, three round tables and five assorted desks.

Assisting in the delivery were Tom Nichols, Al Adams, Rick Zuelke, Rickey Zuelke, Jack Hoistad, Ken Douglas and Phil Hall.

UNIFICATION TO BE STUDIED

EL CAJON — The County Committee on School District Organization will meet on Wednesday, March 3, to consider adoption of a final plan for the Master Plan Study of School District Organization in the Grossmont area. The meeting is scheduled for 8 p.m. at the El Cajon Valley High School Cafeteria.

School districts involved in the Grossmont area study include Alpine Union, Barrett, Cajon Valley Union, Dehesa, Dulzura, Grossmont Union High School, Jamul-Las Flores Union, Lakeside Union, La Mesa-Spring Valley, Lemon Grove and Santee.

The County Committee will consider adoption of a final organization plan in light of published State Board of Education criteria, new legislation and trends in recent actions of the State Board. The new deadline date for the completion of school district organization plans is Sept., 1965. After a plan is formulated at the local level it is submitted to the State Dept. of Education for approval. The approved plan is then submitted to the local voters for their consideration.

The public is cordially invited to attend the March 3 meeting on the Grossmont area study.

Supt. of Schools Paul Clay and the Alpine School Board point out that their stand has been and will continue to be, in opposition to the single district or unification. It is significant to note that in 17 of the last 20 efforts to unify, the voters have turned down the plan.

Horse Show Scheduled

Youth Center Chosen

The Alpine Viejas Days Horse Show is on, according to the Alpine Chamber of Commerce.

Varied opinions had been expressed concerning the use of Dinosaur Park. Therefore it was decided that the show would be moved to the Youth Center, where it will be held on August 7 and 8.

Plans were made for the construction of a ring and other needs for the show. Committees were appointed, and plans are going ahead to make this one of the best shows in the history of Alpine.

Facilities To Serve Community

Property Near School

HARBISON CANYON — The plans for Harbison Canyon and Alpine Rodeo grounds have been laid and the go-ahead given.

This enterprise will occupy some ten or fifteen acres of land adjacent to the Harbison Canyon School on the northwest side and facing Harbison Canyon Road.

Such facilities as an official sized horse show ring, rodeo arena, plenty of parking area for both horse trailers and cars to accommodate guests, and a limited amount of stable space will be available.

Facilities will be modern in every respect with an invitation extended to both junior and senior activities.

In time, the gentlemen involved, hope to be able to offer membership to this organization, and also hope to be affiliated with the N. R. A. (National Rodeo Association).

Editorial

Editor's note: We have pondered for many months over a way to say what is contained in the following editorial. It is said so well, we just couldn't say it any better. And we thank the KERN VALLEY SUN for this well written comment.

From The KERN VALLEY SUN

Did you turn in a story or item to the SUN this week and didn't find it when you read your copy? Could it be that a portion of the blame is YOURS?

Have you ever taken the time to tell some of our advertisers that you saw their ad in the SUN?

Our expenses or profit for each week's issue is determined by the percentage of advertising compared with the percentage of news. Looking at these figures as cold statistics we find that a 60 per cent advertising average must be maintained in order to keep the SUN coming to your home. This necessitates a balance of 40 per cent news.

A 10-page issue, for example, should contain 420 inches of advertising compared to 280 inches of news. This news content, of course, includes the front page, columns, pictures, church notices, calendar of events, etc. For an issue to be 12 pages — there should be 506 inches of advertising and 337 inches of news. Fourteen pages would permit 592 inches of advertising with 394 inches of usable news space, and 16 pages allows 677 inches of ads and 451 column inches of news.

Do you see the point I am trying to make? If we don't have the advertising to support a 14 page paper, for instance, and have more than 337 inches of news, somebody is going to be unhappy — and it could be you!

The ideal condition is when the copy just fits — but it doesn't happen just that way. Somebody gets hurt if we're too "tight" to get everything in, and it's not intentional. However, like the old saying goes — "that's the way the ball bounces."

If you would tell the advertisers that you SAW IT IN THE SUN, even though you don't buy a thing from them, they will at least know that somebody read their ad, and they'll be much happier to support the valley's newspaper. This in turn will bring in more ads, which in turn will make room for more news, which in turn will give you a better chance of seeing your story in the paper, which in turn will make all of much happier. See what you can do, OK?

(All this goes for Alpine's Echo and Sun, TOO!)

A Family Problem

The heart and blood vessel diseases are a family problem:

- 30,000 to 40,000 newborn infants each year have congenital heart defects;
- More than 500,000 school-age children are victims of rheumatic fever and rheumatic heart disease which it frequently causes;
- Women account for the majority of the nation's five million cases of high blood pressure and are vulnerable to many other forms of cardiovascular disease, besides;
- Among adult men, especially in the middle-aged, heart-attack is the largest single killer;
- Among people over 65, major health threats are heart attack, causing 380,000 deaths a year, and stroke, 160,000.

Research, much of it supported by approximately 100 million Heart Fund dollars, has greatly increased controls over these diseases in the past 15 years. The cardiovascular death rate for those between five and 24 years old is down 35 per cent since 1950; for those between 25 and 44, 10 per cent; for women between 45 and 64, 24 per cent, and for men 45 to 65, 7 1/2 per cent.

But the cardiovascular diseases persist each year as the Nation's Number 1 killer, taking more lives than all other causes of death combined.

Obviously we need more preventive measures and more effective treatment. Medical research is the only source of this new knowledge. Therefore, we strongly urge wider support of the Heart Fund which makes such vital research possible. We urge you to give now, during Heart Month, when a San Diego County Heart Fund volunteer contacts you. Give generously — for yourself and your entire family.

A LETTER OF INVITATION

Dear Friends,

We invite you to be present for the burning of our church mortgage next Sunday morning, February 28, 1965. The duplicate morning services will be held as usual at 9:45 a.m. and 11:00 a.m. with Rev. Henry A. Culbertson, Assistant Superintendent of our United Church of Christ Conference. The mortgage will be burned in the church patio between the two serv-

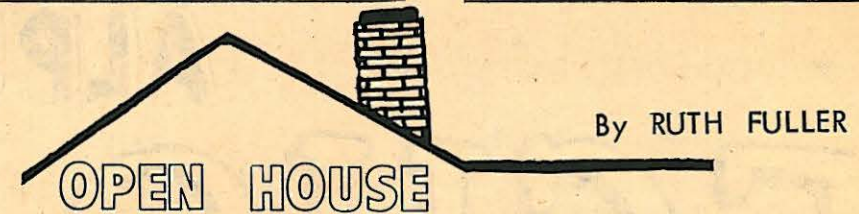

ices at about 10:45 a.m. At the noon coffee hour we will also celebrate the 71st anniversary of our church, organized on February 24th, 1894. We invite you also to share in the birthday cake.

We know you will rejoice with us in the clearing of our debt three years after the completion of our education building. This building, with furniture and patio cost us \$41,478.37. During this same period we paid out more than \$6,000 for sewer, water, retaining walls, walks, improvements for church and

parsonage, and a new organ and more than \$2,500 in interest, totaling \$50,200. Nearly \$20,000 in bequests was applied to this and more than \$30,000 was contributed by our people and church organizations.

Less than seven years ago, we burned the mortgage on our sanctuary. Again we are debt free. We hope that you will be with us to celebrate this happy achievement.

Sincerely,
ROGER LARSON,
Minister

By RUTH FULLER

I have gone back and forth to and from the Naval Hospital so often during recent weeks that my car seemed to have learned the way of its own accord, and actually turned in the gate each time with no assistance from me. The days have been long and so have the nights, but my family of cats and dogs have tried hard to make life easier.

On one occasion I opened the front door to be greeted by two proudly beaming cats, presiding over three very dead mice laid out in the middle of the living room floor. I disposed of the unfortunate rodents; the cats were so pleased with themselves I couldn't bear to scold them.

We are isolated here, and I would have been afraid to stay alone at night except for the company of my dogs, who though small, and extremely vocal whenever they feel danger threatening and this is whenever they hear an unexpected sound. The mailman stopped his car one day to deliver a parcel and asked: "How many dogs do you have here, ma'am?" And when I said two, he shook his head in disbelief and said:

"Every time I come by it sounds like a dozen, at least."

So I have felt well protected and I have had no real problems except for a little difficulty with the fireplace. One cold evening I ran out of firewood (there are large quantities of lumber about but most of them are ear-marked for greater things) and I felt inspired to gather up some asphalt roofing paper left over from Robert's and Cherry's recent roofing endeavors. It made a nice hot fire — so hot indeed that I was about to call the fire department, but it finally died down. I depended upon artificial logs from the grocery store thereafter.

When Robert called at last from the room where he and several others were isolated with the same post-operative infection and

said he could come home I was much relieved and brought him back to two ecstatically happy small dogs and a clean bed; he had slept on the same sheets for an entire week, and appreciated the comforts of home. I even brought him breakfast in bed. One of his hospital trays had come complete with a cockroach and I think he appreciated the absence of this interesting but not entirely pleasant touch. Our bathroom is as germ-free as I can make it until his period of "do-it-yourself" medication is over and the open wound is healed. We are hoping for the best.

My life is definitely back to normal now. I came home from work last night to find that Robert had given away our hide-a-bed sofa and our coffee table to a needy friend and is now embarked upon the project of creating both a new couch and a table of his own design. The living room is filled with huge slabs of foam rubber and there are bits and pieces of leather upholstery everywhere.

I inquired of Robert where he learned to build couches and he said he had never done it before, which unnerved me a bit, but I am sure it will be beautiful. With a washable leather surface on the couch, think of all the time and effort I will save in laundering slip covers alone!

And of course, since Robert cannot, for the time being, climb up on top of houses or explore under them, this experiment should keep him occupied for a time at least. The dining room table is covered with miscellaneous tools again; there is the inevitable sawdust on the rug and I really do not care.

We are so glad to have him home again that I will cheerfully clean up the mess, on the hour every hour, and never say a word. This is of course temporary; I will revert to normal as soon as he is quite recovered!

Welcome To New Resident

Alpine has attracted a new resident. She is Mrs. Attie Provenzano, sister of our own Mrs. Ted Whitt.

Mrs. Provenzano has been staying at Tappy's Motel with Mrs. Black until her trailer is readied at which time she will join the happy folks at the Alpine Oaks Trailer Court.

Recently from Colorado City, one of the most interesting things about Mrs. Provenzano is her fascinating hobbies. First of all, one of her philosophies of life is that she believes we should all slow down; have fun out of life. And she practices that philosophy. She is the mother of five, and grandmother of six and has learned this philosophy well, as she has shared her life with her family and friends.

And now, one of her hobbies! She makes extraordinarily life-like doll heads. Many years ago (45 to be exact) she shaped the first of what was to be many, from withered apples.

The features of the doll are shaped with her clever and artistic fingers. Cold cream and facial powder are then

worked in until the skin is life-like. Some of the first that she made those many years ago, still are soft and beautiful.

She employs any number of fruits, including bananas, oranges and grapefruit. A special substance she has developed and calls Attie's Clay, is used to fill the hollowed fruit.

Another of her ingenious methods is used to make flowers, dishes, and various other articles. Here she works dried bread into second-life dough. As this dries, it is like clay and requires no glue or baking.

Unorthodox methods of painting are also used by Mrs. Provenzano. Varied drugs, old pills, and ground bread all come into use in her creations.

Mrs. Provenzano, eldest great granddaughter of the famous Kit Carson, does not try to commercialize her work. Her main purpose in life is helping others and showing them the value of hobbies.

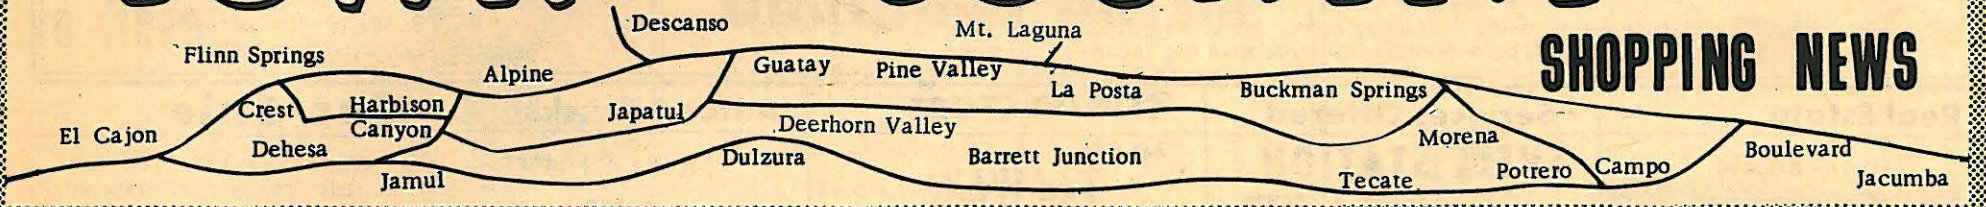

With all of her interests in life and her winning personality, we know that Mrs. Provenzano will add a great deal to Alpine and community affairs. We welcome her!

OPTOMETRIST COMES TO ALPINE

Dr. Edgar M. Poe

OPENS OFFICE

A welcome addition to Alpine began his practice in Dr. Woodall's office. He is Dr. Edgar M. Poe, optometrist.

Dr. Poe has long been interested in Alpine and is looking forward to his association with the people in Alpine and vicinity.

Presently residing in San Diego, Dr. Poe hopes to be able to move to Alpine in the near future.

Dr. Poe's wife, Virginia, finds Alpine equally interesting as do their children, Barbara 7 and George 8.

Dr. Poe has been practicing in San Diego for the last two years and is a graduate of Los Angeles College of Optometry.

It is a pleasure to have Dr. Poe join the community, and we know that everyone will welcome being able to take care of the needs of their eyes right at home in Alpine.

If You Live Here...

Continue to... set out camellias. Prune before new growth starts. Cut back branches that touch ground and branches that are broken or badly placed.

Don't... let the weeds get ahead of you. Take advantage of the excellent selective weed killers available at Alpine's own Pine Acres Tree Nursery.

Set out... clumps of delphiniums now and get as many as three separate flushes of bloom from them this year. Choose among the new varieties available in tall, medium and low, bushy plants and work lime or bone meal into the planting holes.

This is a good time to... plant citrus. Give it a warm sunny spot in the garden. The tubed dwarf is a colorful and fragrant addition to the patio.

You'll still find some bargains at the Pine Acres Tree Nursery in bare-root plants. Try to find some flowering trees before it's time for them to burst into bloom. Last chance to plant roses, bare-root.

Finish... general dormant spraying before buds open.

ON THE FAR LEFT, MRS. COLEEN INGALLS, NEW SECRETARY FOR THE ALPINE C OF C AND ON THE RIGHT, RECENTLY RESIGNED SECRETARY, MYRTLE HOFFELDER.

Mrs. Hoffelder Resigns

Mrs. Myrtle Hoffelder, pictured on the right, has recently resigned as secretary to the Alpine Chamber of Commerce.

Mrs. Hoffelder has been of great benefit to the C of C and her resignation was accepted with regret by the board. She plans to spend time with her family and to do some traveling as well as take a much needed rest.

Appointed to become the secretary for the group was Mrs. Coleen Ingalls, local resident. Mrs. Ingalls comes well prepared for this important task and she is welcomed by all.

She can be reached for any information concerning Alpine at the Chamber office on Hwy. 80 Tuesday through Friday from 1 to 4.

FAMILY STYLE DINNER PLANNED

HARBISON CANYON— Residents and friends are urged to remember the chicken with homemade noodles dinner sponsored by the firemen's auxiliary, to be held Saturday Feb. 27 in the community hall in Old Ironsides Park. This dinner will be served family style, with serving to begin at 5:30 p.m. and continuing until 8 p.m.

TRIP WON BY PASTOR

CREST — Rev. Gerald Woodhouse of the Crest Community Church, won a trip to the Hawaiian Islands through his work with the Youth for Christ group.

He and Mrs. Woodhouse left Saturday from San Diego on a plane to Los Angeles where they boarded a plane from the International Airport to the Islands. They expect to be gone about a week.

DINNER PLANNED

Members of the First Baptist Church of the Willows will hold their monthly church family dinner tomorrow, Friday evening.

Mrs. Ed Cunningham and Mrs. Russell Hamon, February hostesses have planned a fine dinner, followed by a special musical program. All families are cordially invited to attend and enjoy this special evening.

OPEN HOUSE TO BE HELD

CREST — The ladies of the Crest Women's Club are holding open house, Saturday, Feb. 27th from 7 until 9 p.m. and the public is extended a cordial invitation to come and view all the improvements the ladies have worked so hard to complete.

GIRLS VS. BOYS

MOUNTAIN EMPIRE HIGH SCHOOL — Next Friday, March 5, if you happen to be in the area of the Mt. Empire High, you might stop by and see something of a rare occasion.

The Girls Football team will play the Junior Varsity Football team. By the way, it's Flag Football, for anyone who wants to know!

Everyone is invited to stop by. It may prove to be quite entertaining and exciting.

That's Friday at 1:30 p.m. at the Mt. Empire Football field.

NEW PASTOR NOMINATED

At the Ninth Annual Session of the San Diego American Baptist Association, Rev. William Bray was welcomed as a new pastor in the association. Rev. Bray recently accepted the pastorate at the First Baptist Church of the Willows.

He was also nominated to serve on the association's nominating committee and the Division of Christian Education of both the association and as a representative to the Committee of Christian Education for the San Diego County Council of Churches.

Kids Korner

ALPINE SCHOOL

By JOYCE DINIUS

Linda Moxey and her family are going to Hawaii for a short vacation. Have a wonderful time!

Saturday, the eighth grade girls are having a bake sale in front of Florence's Market. The bake sale is a project to raise money for the graduation trip.

HARBISON CANYON

By BARBARA PRESLEY

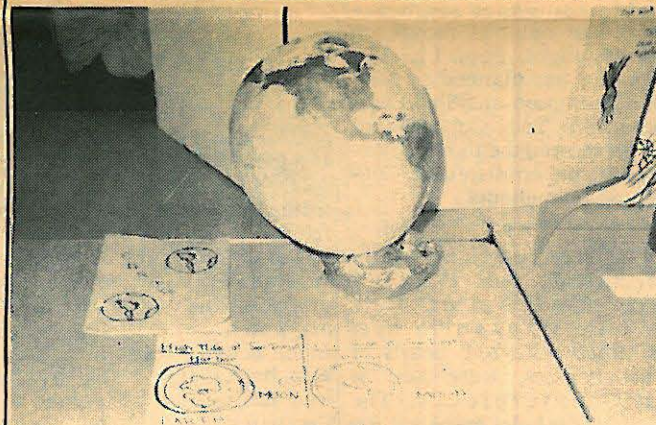

In Mrs. Snyder's room we are studying about the California Gold Rush. We have the pleasure of giving a play about it to the PTA. We all hope you have success in your play.

In Mr. Ade's class we have a group studying on rocks and volcanoes. There's plenty of rocks around here to examine but if you want volcanoes you'll have to manufacture them yourself.

The Pequeno Riders are having a horse show March 6. Visitors are welcome.

Andy Carbough had a party Friday evening. All who went had a lot of fun.

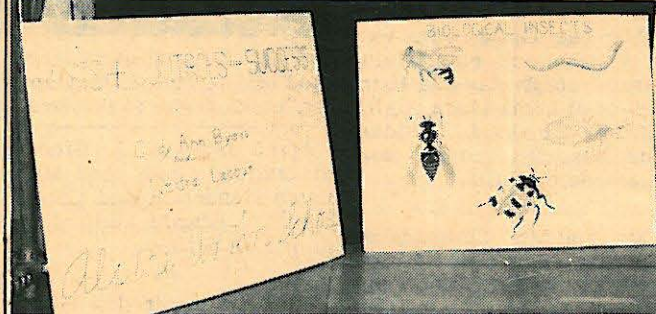

The kids in Mr. Gaston's class were really proud to get a second place by Sharon Dana and Cheri Hedger and a third place by Bill Cress, Charles Wenger, Jack Palthe and Claudia Jennings, in the Science Fair. We were sure proud of the projects we sent up there but there were also a lot of interesting projects from Alpine School.

FIRST PRIZE: Sixth Grade, Denise Francis, Study and Model of the world. Won in Science Fair, Alpine School.

FIRST PRIZE: Seventh Grade, Bill San Soucie, a homemade stereo set. Also won in Science Fair, Alpine School.

FIRST PRIZE: Eighth Grade, Cindy Byers and Nedra Lacour, Insect Friends and Pests, and Methods of Control. Another winner at Alpine Science Fair. (Echo-Sun Photos)

MOUNTAIN EMPIRE

By ANN FULLERTON and LYNN McMANUS

PARENTS & BOOSTERS SPONSOR BENEFIT GAMES

Friday, Feb. 19, was the date for a lot of entertainment and fun at the Mt. Empire Gymnasium. The Parents and Boosters Club sponsored two benefit basketball games to raise money.

The first game started at 6:30 p.m. with the Girl's Athletic Association playing against the Girl's Alumni team.

The girls fought long and hard on both sides. At the end of the game the score was tied, 24 to 24. The game was extended for a two minute overtime. James Richards broke the tie making the score, G. A. A. 26, Alumni 24. High point girls were Georgine Okey with 16 points and Tracy Strand (of the Alumni) with 11 points.

Next on the agenda was the Empire Faculty (with the help of a few of the Boys Alumni) playing the 751st Air Force Sqd. basketball team. The first half was very close and exciting.

During half time, the Drill Team entertained the spectators with a very impressive Pom-Pom routine. The Pep Band also entertained with some of their "pepiest" music.

The Faculty-Air Force game resumed again for an exciting second half. Although the faculty doesn't play as often as the Air Force team, they didn't let them get the jump on them. The game ended very close, Air Force 49, and the faculty 47.

High point man was Richard Deliaide.

SENIOR DANCE

After the basketball games the senior class sponsored a dance. Everyone was invited to come and a good time was sure to be had by all.

EL CAPITAN

By COLEEN MOORE

The International Club will hold its third fund raising drive to bring a foreign student to El Capitan in 1965-1966. Club members will visit the classrooms on February 26th to receive the contributions.

Congratulations to the seniors Linda Russel, Ron Mimmo, Steve Graff, Marilyn Russell and Marganne Hungerford, for qualifying as semi-finalists for The California State Scholarship Commission.

The Telephone Company is sponsoring a communications seminar for senior students interested in a career with the Telephone Co.

Applications are being taken out for the specialty Corps for El Capitan and Santana. All Freshman, sophomore and junior girls should turn in their applications because

(Cont. on Pg. 8)

HERE and THERE

WE UNDERSTAND THAT little Terri Jo De Long is back in Grossmont Hospital. It hardly seems possible that the little tyke has spent more than half of her life in some hospital or other. Our hearts go out to this family that has so much to bear. Let's remember that donations can still do a lot to help and they can be addressed to P.O. Box 336, Alpine. Incidentally, the wonderful committee that has handled the whole fund drive has done it entirely on a voluntary basis and are receiving absolutely nothing for their efforts. They wish to remain anonymous for one reason only; that all efforts may be concentrated on helping this family as they go through something that is difficult to imagine. Although all mothers surely can realize what agony it has been for Mrs. De Long. We hope the fine people of this community haven't forgotten Terri Jo.

HARBISON CANYON (COURTESY of Lorna Ferguson fine reporter from that area) had a lot doing the last week or so. Mr. and Mrs. Charles Lewis and family of Westminster are guests in the Gene Arnold home. While here they are looking for a place to live, hoping to make their home in the Canyon. . . . Mrs. Gene Baxter and family were weekend guests of the Michael family. The Baxters reside in Los Angeles. . . . The Criss Crissman family of Long Beach were spending their weekend divided between the Wayne Crissmans of Suncrest and the Glenn Carpenters of the Canyon. . . . Mrs. Helen Reid is home from the hospital after having undergone back surgery and Joan Hampton is home after having had to spend the night in Grossmont Hospital on an emergency visit. Nice to see you up and around once again, gals.

THE BANJAMIN POLAK'S, the couple that was featured in our "Welcome to Alpine" column a few weeks ago have a bit of good news. Ben has announced his association as an officer in the corporation's management of United Harbor Investment Company in La Mesa. As many know, Ben's father, Benjamin Polak Sr. recently passed away and was also associated with the United Harbor Investment Company. The Polak's are still enjoying their lovely new home in Alpine and are certainly a splendid addition to the community. We noticed that they were in attendance at the freeway meeting held by the Chamber of Commerce a week or so ago, so it is evident they are taking an interest in civic affairs already. We certainly need people who are interested in the welfare of the community.

AND IT'S HAPPY Birthday to little Tracy Ferguson who celebrated her first birthday poking her fingers in the frosting while mother was busy trying to serve everyone. . . . The Gene Bensons with Michelle and Joan spent the weekend visiting with Bob and Verna Farrankop at Bard. . . . We would like to say "Welcome" to the Ed Williams who have moved into the McCoy home on East Noakes and the Horton family who now occupy the Joe Shreve home at the corner of East Noakes and Harbison Canyon Rd. We love having you as residents and hope that you enjoy our community as much as we do.

DID YOU KNOW that we have six of our young men scattered around the world, in service? Just to bring you up to date, they are: Dick Osie in Germany; Steve Rivera also in Germany; Billy Hopkins, a recent enlistee and stationed at the Naval Training Center, San Diego; Bob Cole, somewhere in the Pacific; Ken Carpenter at Jacksonville, Fla. Mike Schafer, stationed at Camp Del Mar, Camp Pendleton and Ted Scheutz, Philadelphia. I understand that a couple more are considering joining up in the very near future.

FOR THOSE OF you who don't read the ads (perish the thought) maybe you didn't know that Al Hinkle Lumber gives free estimates on your fencing needs, and also he has an installation service. . . . We always hope everyone at least glances at our ads, but in case everyone doesn't, another note of interest is that the free offer for the lovely "Golden Rhapsody" china expires Sunday. So if you have started a set, you'd better do something about it soon. . . . And speaking of ads, isn't the contest that the Empire Market is holding a lot of fun? I guess we all can use that \$25 cash (although I'm not sure whether we folks down at the paper are eligible) and we're happy for the two ladies who have won so far.

THE TEEN CLUB'S car wash, held on Saturday, was a huge financial success and they would like to take this opportunity to thank all those who took advantage of their fundraising efforts by allowing them to remove the dirt and grime from "Old Betsy."

FROM THE CREST comes the report of Mrs. Fred Martin, who spent last week visiting her cousin, Gladys Wilbur a recent arrival from New Bedford, Conn. now residing at Leisure World. . . . Dr. and Mrs. Kubik enjoyed entertaining Mr. and Mrs. Bleakley, of Glendive, Montana, for the past week. The Bleakleys were taken on a trip to the Mt. Palomar Observatory and Mrs. Kubik reports that those of you who have not seen Pauma Valley and Valley Center at this time of year are truly missing a beautiful treat. . . . We are sorry to hear that Jack Huntamer has been confined to the El Cajon Valley Hospital but happy to report that at this writing, he is much improved and expecting to be able to return home some time this week.

VISITORS IN THE Alpine area include Claude Bailey, son of Carmen Hoistad who will be here for a few days from Paso Robles. . . . Marie and Cletus Kramer have two visi-

(Cont. on Pg. 8)

Legal Notice

ORDINANCE NO. 2796 (NEW SERIES)

AN ORDINANCE ADDING A NEW ARTICLE XCII TO ORDINANCE NO. 1402 (NEW SERIES) ESTABLISHING LAND CLASSIFICATION, REGULATING THE USES OF PROPERTY, AND PROVIDING FOR THE ADOPTION OF SECTIONAL DISTRICT MAP NO. 58, HULBURD GROVE SECTION, SAN DIEGO COUNTY.

The Board of Supervisors of the County of San Diego do ordain as follows:

Section 1. Ordinance No. 1402 (New Series) is hereby amended by adding thereto Article XCII consisting of Sections 6600, 6601 and 6602 to read as follows:

ARTICLE XCII HULBURD GROVE SECTION

Section 6600. ORDINANCE APPLICABLE TO HULBURD GROVE. The provisions of this Ordinance shall be applicable to District No. 58, Hulburd Grove Section, a precised section of the Land Use Master Plan of San Diego County, as delineated on "District Map. No. 58, Hulburd Grove Section, San Diego County", and all applicable regulations specified in this Ordinance are hereby declared to be in effect within said District No. 58.

Section 6601. MAP. "District Map No. 58, Hulburd Grove Section, San Diego County", consisting of two (2) sheets, numbered 1 and 2, each bearing the title "District Map No. 58, Hulburd Grove Section, San Diego County", is hereby adopted and made part of this Ordinance.

Section 6602. SPECIAL FRONT YARD REGULATIONS IN HULBURD GROVE. Minimum front yard requirements are hereby established in District No. 58 for the following named or described portions of streets:

a. No building or structure shall be erected or constructed closer to the centerline of the following streets and highways whether heretofore or hereafter established, than is hereafter specified in this subparagraph a:

- Oak Grove Drive
Boulder Creek Road

Legal Notice

Minimum required setback from centerline of aforementioned streets and highways:

- 121 feet on all property zoned E-1, E-1-B and E-1-C.
81 feet on all property zoned A-1, A-2, A-3 and A-4.
71 feet on all property zoned E-1-A, E-2-B, R-1, R-1-A, R-1-B, R-2, R-2-A, R-3, R-4, R-5 and R-P.
61 feet on all property zoned M.
51 feet on all property zoned C, C-1, C-2, M-1, M-2 and M-3.

b. No building or structure shall be erected or constructed closer to the centerline of the following streets and highways, whether heretofore or hereafter established, than is hereafter specified in this subparagraph b:

- Viejas Boulevard
Minimum required setback from centerline of aforementioned streets and highways:
112 feet on all property zoned E-1, E-1-B and E-1-C.
72 feet on all property zoned A-1, A-2, A-3 and A-4.
62 feet on all property zoned E-1-A, E-2-B, R-1, R-1-A, R-1-B, R-2, R-2-A, R-3, R-4, R-5 and R-P.
60 feet on all property zoned M.
50 feet on all property zoned C, C-1, C-2, M-1, M-2 and M-3.

Section 2. The provisions of this Ordinance supersede the provisions of the following interim zoning ordinance which presently regulates the territory referred to in Section 1 of this Ordinance:

Ordinance No. 2207 (New Series) as amended.

Section 3. This ordinance shall take effect and be in force thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Alpine Echo and Sun, a newspaper of general circulation published in the

Legal Notice

County of San Diego. PASSED, APPROVED, AND ADOPTED this 16th day of February, 1965.

FRANK A. GIBSON Chairman of the Board of Supervisors of the County of San Diego, State of California

The above ordinance was adopted by the following vote: Supervisor Frank A. Gibson voting "Aye" Supervisor Henry A. Boney voting "Aye" Supervisor Robert C. Dent voting "Aye" Supervisor Robert C. Cozens voting "Aye" Supervisor De Graff Austin voting "Aye" ATTEST my hand and the seal of the Board of Supervisors this 16th day of February, 1965.

HELEN KLECKNER Clerk of the Board of Supervisors By Florida Clark, Deputy

(SEAL) February 25, 1965

(From Pg. 7)

training will soon start.

Washington's Birthday was a day off and now we will be going to school without any time off until Easter.

We are wishing the best game of the season for our

basketball team when they play Chula Vista on Tuesday night. This is the first time one of our basketball teams have done any good. We've been in the last or next to last place ever since the school opened in 1959. We are all proud of the boys on the team and also of Mr. Garcia.

(From Pg. 7)

tors; John Byrne, brother of Marie who is an electrical field inspector with the Hartford Steam Boiler Inspection and Insurance Co. He is here on vacation and is enjoying the many wonderful attractions San Diego County has to offer. . . . And their son Stephen is also here. He will be going back to school at the Justice School, Newport, R.I. after which he will be a Navy Legal Yeoman.

WE ARE HAPPY to welcome Lorson Wright to the community. He has opened up the Flying A Station and will live here with his wife Opal. He was a van driver for Bekins and Republic for many years. He plans to do lube work and also be an agency for Jim Rorie Fiberglass Co. . . . We are sorry that Don Dinius will not be in Alpine, but we understand he has accepted a fine partnership in another town. The family will not be moving, at least for some time, so we will continue to see them and the girls with their horses.

ON A VERY sad note, we are distressed to report that Peggy Strickland has suffered a cerebral hemorrhage. We all remember Peggy who worked at Bailey's Cafe and was also our Avon Lady. We understand she may have had this as a result of an accident some time ago, as she has been suffering severe headaches. She is in the County Hospital and considered to be in very poor condition.

ON A HAPPIER note, the Auren Pierce's have left for a skiing holiday in the Mammoth Lake area, along with friends. . . . Carmen Hoistad has closed Bailey's Cafe until next Monday for housecleaning. . . . And our own Rev. William Bray will be on the "Let There Be Light" TV program on Sunday, March 7th. It will be at 10 a.m. So let's all watch. . . . Richard Place took a few days off for a much needed rest and fishing trip. . . . Margaret Hughes also has taken a brief vacation. . . . and Jody Downing, who has retired from work at the Children's Handicapped Facilities in Colorado, is going to Mexico for two or three weeks.

AND THE CHURCH news includes not only the mortgage burning at the Community Church, but notes from the First Baptist Church of the Willows. And we might remind all of you that we certainly would like to include YOUR church news each week. . . . The Baptist church wishes to thank all who made their bake sale so successful. The young people earned \$36.95 for designated projects. . . . New members to be received into the fellowship of the First Baptist Church of the Willows are Mr. and Mrs. Norman Striffler, Guatay; and Miss Virginia Payne, Alpine.

Trailer Living

By LILY LEINHAUPEL

Park residents of the Alpine Oaks were treated to a beautiful and colorful movie on Sunday night, Feb. 14. The evening was planned by Mabel Thompson and Ted Cap-pelen of Ted Cap Travel Tours showed the movie. Refreshments consisted of Coffee and doughnuts.

Our Sweetheart luncheon on Wednesday, Feb. 17, was a most enjoyable affair. Pretty little Manzanita trees trimmed with red hearts of various sizes, were used as table centerpieces. The molded salads prepared by the committee brought many compliments. The song title contest was fun and the singing? - hilarious!

Residents Mr. and Mrs. G. Andrews Sr. were guests of their son and daughter-in-law for a tour around Los Angeles. The elder Andrews' are from Seattle and this was their first trip to L.A. The Farmer's Market was a highlight of the day.

The Jim Carpenters have returned from their Phoenix vacation and brought with them as houseguests, Hattie Hershberger of Portland, Ore. Nora and Hattie were good friends from years back in Portland.

The Lee Grays were very busy this week entertaining surprise guests Kay and Harry Nelson of Loma Linda, Calif. and Mr. and Mrs. L. Davidson and Mrs. D's mother from Atascadero, Calif.

Mr. and Mrs. Simmons are sporting a new Datsun pickup. Just the thing for driving to work at the Cuyamaca State Park says "Si."

Joanne Peterson, Jerry Webb, Katherine Webb, Judy Ellis and Lenore Lusk as they appear in costume for the Women's club salute to the Presidents. (Echo-Sun Photo)

Adm. and Mrs. J. Ginder entertained Cmdr. and Mrs. Loren Henderson and Cmdr. and Mrs. Edward Mulford at dinner on Sunday.

Happy to report that Harry Hodskins is feeling better. Harry was our Park chairman for last year.

HEARD IN THE ALPINE POST OFFICE: LADY: Have you any new stamps?

CLERK: Yes, we have some new nice looking stamps.

LADY: (Viewing the new Sokols Physical Fitness Stamp.) My, they are positively obscene, aren't they?
