ALPINE PLANNING ADVISORY COMMITTEE NOMINATED

At a meeting held on Thursday, May 17, at the Alpine School, representatives of the County Planning Department met with representatives of the civic organizations in the Alpine area who had been invited to attend the meeting for the purpose of making nominations for membership on an Alpine Advisory Committee whose function would be to work with the Planning Department staff in producing a tentative zoning plan for presentation at public hearings which will be advertised and held after the preliminary plan has been completed.

The County Planning Department was represented by Mr. Dan Cherrier, Assistant Director; Mr. Roger Courtney, Advance Planning Division Chief; and Mr. Harold Mattly, Senior Planner, who outlined the purpose of the meeting.

Mr. Cherrier stated that the Planning Department had in mind the preparation of a tentative zoning plan that would include all of the area within the Alpine School District, which includes Harbison Canyon, Peutz Valley, Alpine Heights, the community of Alpine, Victoria Heights, Tavern Road area, Rancho Viejas, the Willows, Viejas Valley and Japatul.

Mr. Cherrier further stated that it was the desire of the Planning Department that those attending the meeting select persons living

Polo Matches At Lakeside

The Pacific Coast Intra-Circuit Arena Polo championship matches will be played this year in Lakeside under the sponsorship of Lakeside C of C at the local club polo field as part of the regular spring tournament.

To date, teams from Phoenix, Arizona; Santa Barbara, Will Rogers, and La Jolla, as well as the local Lakeside team, have accepted invitations to participate in the meet.

The winner of the Lakeside Intra-Circuit Matches will represent the Pacific Coast Circuit in the National Polo Championship to be held in New York later this year. The Lakeside team won the recent matches held in Phoenix playing against most of the same teams entered here.

Matches will be held Saturday and Sunday, May 26-27, Memorial Day, May 30, and Saturday and Sunday, June 2-3.

There is no admission charge and the public is invited.

Baccalaureate Service at El Capitan

El Capitan High School's Baccalaureate service will be held Sunday, June 10, 1962, in the Foster Gymnasium. The invocation will be given by Father James P. O'Donoghue from Our Lady of Perpetual Help Catholic Church. The benediction will be given by Reverend T. E. Roberts of the Lakeside Community Presbyterian Church. The Reverend Doctor Roger Larsen of the Alpine Community Church will give the Baccalaureate address.

The junior class will furnish the ushers and decorate the gym. Baccalaureate rehearsal will be June 8.

Veterans Memorial To Be Dedicated

Memorial Day services will be conducted at the Alpine Cemetery on Wednesday, May 30, at 11 a.m., at the new Veteran's Memorial which will be completed by that time. The memorial, a field stone edifice built entirely by local volunteer labor and donated funds, will be dedicated in a joint ceremony of the Veterans of Foreign Wars, Alpine Post No. 5233; the Fleet Reserve Association of Alpine No. 258, and the World War One Veterans of Alpine No. 2716.

Taps will be blown and the fine new flag will be raised on the flagpole which is now installed. The flag is the one which was used to drape the casket of the veteran who is buried in the grave at the base of the monument, Mr. Harvey Harrelson, who died last month. As the first Alpine war veteran to die after the establishment of the memorial, Mr. Harrelson received this honor according to the agreement of the veterans. Devotionals and possibly music will add to the program.

In addition to the 11 a.m. ceremony, the cemetery will hold visitors day all day, according to John Amundson, President of the Alpine Cemetery Association, who extends an invitation, on behalf of his Board, Edwin Brabazon, Verlie Boyd and Forrest Hohanshelt, to the community, to come and see the improvements made during the past few weeks. The new retaining wall is almost done; a few new trees have been planted, and the cremain garden is finished.

Smog Controls Soon Compulsory

Crankcase smog control devices will be compulsory on most motor vehicles in California within three years. The State Motor Vehicle Pollution Control Board has approved four of the devices. It had previously approved only one. Board approval of two of the devices puts the State auto pollution control law into operation.

Starting next April, all new automobiles sold in the state must be equipped with a crankcase device. So must used cars sold in counties wishing to apply the law. Automobile manufacturers have already been equipping new cars with one of the devices voluntarily. Within two years all used commercial vehicles owned by residents of counties affected by the law must be equipped with a crankcase smog control device. The following year all motor vehicles in counties affected by the law must have one of the devices.

The top price for the devices will be \$6.50 factory installed. The average cost will be \$5.

The Motor Vehicle Pollution Control Board will soon begin testing exhaust controls. When the Board approves two, they will also be compulsory over a similar three-year schedule.

INTIMATE GLIMPSES

By BEA LA FORCE

Let our critics lambast us as they will, facts prove the U. S. to be a marvelously cooperative place. The Postal system alone is inspiring. Five hundred fifty thousand workers and some 36,000 branch Post Offices handle about 61,200 million pieces of mail yearly. Alpine is one of 31,000 free rural mail delivery routes where mail is delivered once each day. In this whole vast system, a minute percentage of mail is ever lost.

★ ★ ★

Your weekly newspaper is one of 9,000 U. S. weeklys, all privately owned. And just to help our critics cuss, us, we print more than 600 foreign language newspapers and magazines, including 80 daily papers in about 40 languages.

★ ★ ★

A major emphasis in the 1960s is on training more and better teachers. There are now more than 1,500,000 full time teachers, a 50 percent increase in the past 10 years. In the next 10 years, experts say at least 100,000 new teachers will be needed for the elementary and secondary schools alone. So we'll have them.

The American people have proven that they can do what must be done. This has been our history and will continue to be. Let the critics snarl in any language.

Grossmont College Presents Musical

A three act play, with music, and colorful costuming, is being presented this week by the Drama Department of the Grossmont Junior College. "The Good Woman of Setzuan," written by Bertold Brecht, author of the better known "Three Penny Opera," wrote the play which is in the comic spirit.

This is the biggest production yet undertaken by the college with a cast of 35, directed by Martin Gerrish, chairman of the Drama Department. Original choreography is by Miss Dorothy Arnold, with the musical score by Daniel Lewis, music instructor at the school.

Presented in the El Cajon High Little Theatre, the play opens to the public with production dates from May 23 through May 26.

POLIO CLINIC TO BE HELD HERE

A ten cent Polio Clinic, under the auspices of the National Foundation of March of Dimes, San Diego Chapter, and sponsored here by the Alpine Woman's Club, will be held at the club Tuesday, May 29, in the evening from 6:30 p.m. to 7:30 p.m., according to Mrs. H. H. Latham, chairman for the clinic, representing the club.

Shots will cost only 10 cents each and will be available for both children and adults. Everyone is urged to avail himself of this opportunity and, if the response is good, there will be a follow-up clinic held here at an appropriate later date. Dr. Robert Merrill, of El Cajon, will be the attending physician.

Alpine Chatter

David Wooliscroft, son of Grace and Gene Adams of Willowside Terrace, has just completed basic training in the U. S. Army and is on his way to the Electronics school in Georgia after a furlough here with his parents.

Mr. W. E. Johnson of South Grade Road has gone to the World's Fair in Seattle.

Anita Vasquez, and her parents, Mr. and Mrs. Alex Vasquez drove to Las Vegas for the weekend to see the big rodeo there. Going along with them were Mrs. Charles Woods and Mrs. Jerry Burns whose husbands work in Las Vegas. Jerold Vasquez, the Vasquez son, also works there. They report a fine trip with lots of fun.

Mr. and Mrs. Clarence Stearns left Monday, May 21 for a trip back to their old home in Minnesota.

About 40 persons attended a Roaring 20's party put on by the Gamma Gammas on May 5. The party was at the home of Elsie Hoffman.

Dry Grass Starts Fire

First grass fire of the season was promptly put out by the able firemen of the Alpine Fire Department and the State Forestry Monday, May 21, in a field of dry grass on Harbison Canyon Road across from Bright Valley Farm. On the job from Alpine's Fire Department were Jack Blankenship, Hazen Alkire, George Lutz, Lonnie Dennis and Jim Rorie. Cause of the fire was not known.

SD State College Commencement

The President and Faculty of San Diego State College announce their 64th Annual Commencement to be held on Friday morning, June 8, at 10 o'clock. The program will be presented in the Open Air Theatre on the State College Campus.

The ceremony was instigated about 7 years ago by Father Seraph, an Italian priest then at the parish. The May Queen crowning is an old Italian religious custom which Father Seraph introduced to the local congregation and which they accepted with enthusiasm. The first event was held out of doors at the clubhouse. It has since developed to the present moving pageantry of a procession which begins at the club and moves with solemn dignity up the country road about half a mile to the lovely small church among the trees.

The Statue of the Blessed Mother from the church was carried back by four young girls costumed in snowy white dresses and veils, led by the day's queen, also in white and wearing a veil and attended by nine folwer girls, five bouquet girls, a girl who carries the crown of flowers on a pillow, altar boys, boy marchers and Father Riva, who is also an Italian priest. The parade was headed by a Cross bearer flanked by two flag bearers, one carrying the church flag and one the American flag. All the congregation walked in the rear of the procession singing hymns.

When the procession reached the church, which was brightly decorated inside and outside in pretty hand made flowers, made by the ladies of the church, they filed in, the Statue of the Blessed

World Peace

From the beginning of history there have been many wars, in fact there has seldom been a period of any great extent when there was not a war or a threat of war. Which might lead some people to believe that war was the natural state of affairs, and that peace was just a breather to permit a good build-up for the next war.

Within the past few years, we have had wars to make the world safe for democracy and the war to end all wars. However, from articles we have read in the newspapers, some people seem to have a feeling that the world is not safe for democracy and that there probably will be more wars.

Our last venture in the use of arms against others, in Korea, was not classed as a war, but as a police action, even though a good many of our boys were killed and injured. After a considerable length of time, with a large number of casualties, and at a great cost, the firing ceased with seemingly nothing accomplished toward ending all wars.

Now we are embarked on another venture which has not yet been classified as to whether it is the opening round of a world war, or just a major war, or maybe a minor war, or maybe a police action, or maybe what?

Our Administration, when our military forces were sent to Thailand, was advised by the Government of U.S.S.R. through Mr. K. that we would be sorry, or words to that effect, and also advised by Communist China that we were leading with our chin towards, as they put it, a worse defeat than we suffered in Korea.

In our opinion, situations such as we are now facing in the Far East do not lead to world peace.

Letters To Editor

Letters must have signature and address, be subject to being condensed and will not be returned. The opinions expressed are the opinions of the writers and may not necessarily reflect the opinions of the Alpine Echo.

Dear Editor:

Not used to writing letters, but felt this was a good time to start a new leaf. A friend of mine who lives in Alpine has sent me a few copies of the Echo lately and I have enjoyed reading the columns by Bea LaForce quite a bit.

Her choice of words is refreshing. She has tried a new style and not followed the footsteps of so many columnists who use stock phrases and blase w/out terms.

Obviously I don't have the same talent with words, but perhaps I've managed to convey my thoughts.

Thanks for the "Intimate Glimpses."

Very truly yours,
 L. Boyd
 Stockton, Calif.

Dear Editor:

On behalf of the Alpine Parents and Teachers Association, I wish to publicly thank your publication for the splended cooperation you have given our organization throughout the past year. Thank you very much. Good publicity is golden.

May I also take this opportunity to thank the entire community for without the support and attendance of each and every one of you, our year could not have been a success. Please see to it that this fine spirit is carried over from year to year, as Alpine grows, in order that PTA can offer better programs all the time.

Last, but not least, a word to the wonderful staff of our school. Your cooperation is deeply appreciated and your whole-hearted support of displays, projects, programs and little details has made this year with PTA a success and a pleasure.

Very sincerely yours,
 Mrs. Robert E. Webb

County May Buy Viejas Honor Camp

The County of San Diego is considering the purchase of the Viejas Honor Camp located near the junction of U.S. 80 and Japatul Valley Road.

The camp is now owned by the State of California, but has been operated by the County as an honor camp for the past several years.

Alpine Champions 4-H Club News

By MELINDA ROTH
 Alpine Champions 4-H Club members have won many honors with their projects at recent exhibitions.

At the San Diego County Dress Review held recently at Emerald High School in El Cajon, Donna Schwenk won a first for a party dress. Melinda Roth a second for a blouse and skirt. Thirds were won by Randa Adams for a three-piece play outfit (a blouse and skirt with matching capris), Cindy Beyers for a blouse and border print skirt, Marian Bell with a matching blouse and shorts combination, Lola Jones for a two-piece dress with full skirt, and Jane Reabold for a two-piece suit with a print blouse.

Later at the Bonita Fair, Cindy Byers won a first with her baby goat. Calvin Jerney won a first with his fat lamb. Charley Jerney a first with his milk goat, and Roger Jerney won two firsts for his hens and a cock. Eddie Schwenk won a second with his milk goat.

Harbison Hi-Lites

By BETTYE CARPENTER

Newcomers to the canyon, Mr. and Mrs. Albert Holt and two children, of 977 Silverbrook, were involved in a freakish accident during the recent rainstorm when their car flipped on a corner on the back road as they were nearing El Cajon. Fortunately they were only shaken up with no serious injury to anyone. Other newcomers to the canyon are Mr. and Mrs. Tom Honeycutt of 11 W. Noakes and the Donald Palthe family at 8696 Harbison Canyon Road.

There will be a special Harbison Canyon Mutual Water Company stockholders' meeting in the Community Hall on Thursday, June 7 at 7:30 p.m. Notices are being mailed to all property owners and all stockholders are urged to attend this important meeting.

Stuart Day of 1029 Harbison Canyon Road has been nominated to be the representative from the canyon on the committee for zoning. We should be getting more information regarding zoning as soon as this committee is completely organized and regular meetings held.

Any young people who are interested in attending the Bible School Day Camp at Pine Valley this summer are urged to contact Art Humerickhouse or Rev. Floyd French for the application forms an information brochure.

If you ran into Pam Humphrey, Helen Bostwick, Sheryl Carpenter, Dave Phillips, Jim Dyar, or Mike Matthews last Saturday and wondered why they were in another world it was probably because the El Capitan Senior Prom was being held that night and they were all going to attend with their dates. If we had less than 30 phone calls at our house I'd be surprised. Much gab about dresses, hair-dos, boys, wraps, music, cars, boys, flowers, and all the other things that go to make up prom night. The next day the girls were still floating and all the boys had to say was how much of a relief it was to be back in jeans instead of tuxedos. Isn't it fun to watch our girls soak up sophistication and our boys buck it.

More reports of rattlesnakes killed in the canyon should serve as a warning to be alert and cautious of this danger. It is suggested that all youngsters be told of the danger and instructed of what to do should they see or be bitten by a snake. The rainy winter has meant that many more survived and will be around this year. This also holds true for venomous spiders.

Alpine Schools Give Music Festival

The Alpine schools announce the presentation of their Third Annual Music Festival featuring the band and chorus directed by Samuel Dilmore and Gloria Harris.

The Festival will be held in the Alpine School Auditorium at 8:00 p.m., on Friday, June 1, 1962. The public is invited to attend. Donations are students 25 cents, adults 50 cents.

Lakeside to Have New Post Office

The Real Estate Division of the Post Office Department announces that bids will be advertised in the near future for the construction of a new Post Office in Lakeside.

The new building to contain 6640 square feet will be erected on the southwest corner of Woodside Avenue and Vine Street.

within these areas for nomination to the Planning Commission. After a discussion among those present, the following persons were nominated for consideration by the Planning Commission: A. L. Adams, Mrs. Katherine Black, Paul Davis, Stewart Day, James Dyer, Norman Foster, Corky Jones, Louis Landt, Mrs. Fern Latham, Frank W. O'Neill, Orville Palmer, Fred Rushing, Paul Thorpe and Robert Tipton.

When asked if interim zoning would be made, the representatives of the Planning Department stated that they had not planned on establishing interim zoning and that such zoning would only be made for specific areas upon request of the property owners in such areas.

Mr. Cherrier stated that the time required to accomplish zoning could not be definitely established. He estimated that it would take 2 to 4 months for the preparation of the tentative zoning plan, and that the time necessary for adoption of a final zoning plan would depend on the time necessary for advertising, public hearings and the number of public hearings that would be required to establish the final plan.

Third Court for El Cajon District

The County of San Diego is considering the establishment of a third municipal court in the El Cajon Judicial District which includes Alpine.

The City Council of the City of El Cajon and the City Council of the City of La Mesa are each proposing that the new court be located in their city. Each of these Councils is now preparing information to present to the County outlining what they consider to be the advantages for establishing the court in their municipality.

Forest Fire Hazard Increasing

Despite the fact that San Diego County had a storm the past week which brought over one inch of rain to most of the back country area, there were several small brush fires over the past week-end which indicates the need of using all precautions to prevent brush and forest fires.

Fires occurred in the City of San Diego near the County Hospital, in the South Bay area near Ream Field, in El Cajon, La Cresta and Galloway Valley.

Forest Service officials request that all the inhabitants of the back country area become familiar with and follow the regulations regarding the use of fire.

Intimate Glimpses

Continued from Page 1
 guage they choose, including American. Compare the facts. The difference between a fact and an opinion is that a fact can be proven.

Although prices of food and other commodities have risen, one hour's take-home pay buys twice as much it did 30 years ago. Today the average man needs to work but six minutes to earn enough to buy a quart of milk, four minutes to buy two pounds of potatoes, 45 minutes to buy two pounds of beef or butter, 23 hours to buy a wool suit, and seven hours to buy a pair of leather shoes. A package of cigarettes costs about six minutes of work-time. The average workman can buy a better car than his last one every four or five years.

As to our spiritual values, gifts to churches and to charitable and educational organizations have greatly increased.

A large and enthusiastic crowd attended the "Fiesta of Fashion" sponsored by the Mt. Empire Woman's Club at the Pine Valley Club House on Saturday evening, May 19. The models showing Penny's fashions were Trucilla Strand, Edith George, Marijo Davis, Lois Roe, Margaret Rolland, Monica Woolman and Fay Farris. The models for Elizabeth's fashions were Jody Perkins, maternity and Edith McLaren, Hawaiian. John Pingley and Louis Perna from Pine Valley, Ron McCall, Ralph McCall and Glen McCall from El Capitan High School in Lakeside, modeled men's fashions from Penny's. Ruth Woolman of Penny's did a very fine job of commenting. The president, Lee Pingley, also modeled a smart costume from Penny's during the entire evening. Refreshments were served under the direction of Muriel Utt and Lena Courts. Catherine Hadley supervised the teenage hostesses, who were Judy Rolland, Aliana Strand, Sally Nelson and Carol Townsend. Pictures of each model, and a group picture were taken by Don Perkins with a Poloroid, so they were ready for viewing as soon as the show was over.

Examination for Deputy Sheriffs

Clayton G. Swanson, County Personnel Director, has announced an examination for Deputy Sheriffs to enable the Sheriff's Department to make several appointments in time for the next law enforcement recruit training class at the San Diego Police Academy beginning July 2.

Current salary range for Deputy Sheriffs is \$483-587 monthly, with possible increase July 1.

Applications are desired from alert, well-educated young men of good character and physique who are interested in a satisfying and rewarding career in law enforcement work. Candidates should be County residents between the ages of 21 through 29, at least 5'9" in height and 150 pounds in weight, and with a minimum of high school education.

Applications are now being accepted at the County Personnel Office, Room 403, Civic Center, San Diego. The first group of candidates will be given a written examination on Saturday, June 2. Those who are successful in the written test will then undergo physical agility tests and interviews by the Personnel Department before being referred to the Sheriff's Department.

The San Diego County Council Boy Scouts of America will hold their 13th Annual Scout Fair at the Fairgrounds in Del Mar on Saturday, June 2. The gates will be opened from 11:00 a.m. to 9:00 p.m.

The Fair is designated the "County Fair of Scouting" and its theme is "Building Stronger Americans." There will be a live show of over 200 demonstrations, booths, dramatizing the skills and activities of the Cub Scout, Boy Scout and Explorer programs.

Last year over 5000 people attended the Scout Fair. The public is invited to attend. Admission is 50c with children under eight admitted free if accompanied by an adult.

Horse! Horses! Horses!

By JACKIE DALZELL

The Tumbleweed Show was a grand success last weekend. Weather was a little nippy, but that didn't seem to bother the horse folks. Those attending the show from Alpine were Mr. and Mrs. Tom Casey and daughter, Kathy, with their two half-Arab mares. Mr. Freeland and Miss Lowthian were there with two Appaloosa mares, R. H. Blue Bonnett and R. H. Marvel. Mrs. Clarke Irvine and daughters rode down the night before and stayed over with Mr. and Mrs. James Blanton and then rode home after the show.

On the spectator side were Mr. and Mrs. Roy McClinton and Mrs. Ruth McManus.

Kathy Casey showed Mrs. Blanton's Navajo Joe J to a nice fourth in the Appaloosa class. Jerry Evans was third in the same class with Willow Glen's R. H. Blue Bonnett.

Pat Dimel, riding Dgr. and Mrs. Immenschuh's Camolet Sissy, placed in several big classes.

This weekend is the two-day All Junior Show put on by the Junior Horsemen of San Diego County to be held at Valley Lane Farm, Mission Valley. Saturday will be All-Western and Sunday All-English.

June 10th there will be an open horse show held at the Tumbleweed Ring, Lakeside. Should be another good show.

Pine Valley Views

By JANE ORBOM

At last we are making a counter-attack on beetle infested pines on the Simons property. This is the 30 acres that formerly belonged to Mrs. Robinson and is bounded by Spring Road, Cedar Lane and the B. B. Stark property. Those chain saws you hear are hard at work felling the dead trees. For several years this property has been a source of anxiety as it was almost impossible to make much headway against the infestation in the Valley when there were so many infested trees on this property.

Watch your pines carefully for any new swarms. There are two killers of pine trees in this area. The California Five-Spined Ips. They breed in green slash and broken tops then they attack and kill the tops of green trees. These grubs are visible just under the bark.

The Western Pine Beetles are more aggressive than the Ips and move directly from tree to tree. They particularly hit trees which have been top-killed by the Ips, and other weakened trees. The adult beetles fly to weakened trees, and chew their way through the bark where they bore an egg tunnel and deposit 50-60 eggs. When the eggs hatch the hungry grubs feed out into the bark and in a few weeks they become adults. These grubs are not visible but are concealed in the bark.

Have just seen my first completed bomb shelter. It must be one of those "Shelters for Living" we have been reading about. After entering one is struck by the beautiful furnishings in what seems to be just one big room. It has its own generator and a very complicated air circulating system. Noticed several bottles of

HAZEL HOHANSHELT

A VOICE OF GLADNESS

When asked for a story about herself, Mrs. Forrest Hohanshelt, Hazel to many Alpiners, said, "There isn't much to say about me, except that I think I'm one of the luckiest people in the world, and I'll tell you why. I'm lucky first of all to have had a wise and gentle father and mother, and to have known the simplicity and serenity of the horse and buggy days." Her childhood spent in a small prairie town, has brought the jet age into sharper focus for the much loved Alpine citizen who has lived here since 1924.

"I'm lucky," Hazel went on, "to have had a fine husband who has been a wise advisor and counselor for 35 years." Mr. Hohanshelt, well known local contractor, has built many homes in the area. He is now building a new home for Hazel and himself on South Grade road about a mile around the curve West from Stonecrest, their old home, recently sold.

"I'm lucky to have been blessed with a deep love of nature so that I can enjoy this beautiful Earth and all its Creatures. And I'm lucky to have known adversity, for who can know great joy who has

not known great sadness? I'm lucky to have had my health so that I have been able to do the work which I've had to do...

"And I'm lucky to have had the association of a thousand and more children and the satisfaction of seeing them grow to be fine men and women."

Hazel has taught in the Alpine Elementary school system since 1928 and is indeed a favorite among children and parents alike. Many parents have looked forward to the time when their little folk would get to Hazel's room for exposure to her special knack for imparting a reverence for life which is so inherent in her nature that she cannot help passing it on to her associates. This, in addition to the fact that she is a first rate teacher, sends her pupils on better

Alpine Gardener

By JEAN McCULLOUGH
ARRANGING BOUQUETS

This is the season of the year we've all been looking forward to and working so hard towards. Our efforts here suddenly burst forth into all their lovely bloom. What a joy it is to go into our gardens and pick our own bouquets. When one puts forth little or much effort into helping produce something, no matter what it is, that product seems doubly valuable. It takes some sweat to produce any kind of a garden and maybe a few tears.

Now as to arranging our bouquets, you can either pick some of these and some of those and put them in a milk bottle, or you can arrange them into works of art.

Take into account the coloring and style of the room you are going to put them in, also the furnishings, whether they are formal or casual, for living room, porch or patio. Containers run all the way from heirloom silver, china or glass, to copper, ceramic, or even bean pots and pitchers come in handy.

For shallow containers you will need needle holders and fasten them to the containers with some modeling clay. Do this before you put in the water. For a bowl type container, it's a good idea to get some fine chicken wire and crumple it and stuff it in the bowl. This helps your flowers stand up where you want them. Of course in a tall trumpet vase let a spray or two fall down a little to balance the height.

A good rule is to have your bouquets about one and a half times the height of your vase and the same proportion with a low bowl only width-wise unless you are making one of the tall at one side and low on the other type of arrangements. Use the larger type flowers at the base of the arrangement and the light and daintier ones to fill in higher up. Try your skill at bouquet building, it can be fun.

equipped for living in their society which is the essence of education. Hazel has never allowed herself to become static. Her many years of teaching were enlivened by two leaves of absence of one year each. The first one in 1946-47, she and Forrest traveled for 6 months around the United States, up to Quebec and down to Cuba, visiting schools along the way. In 1952-53 she took another years leave during which time she worked as a substitute teacher all over the County in all grades from kindergarten to Junior High. From both these experiences she brought back fresh enthusiasm and heightened view-point to her pupils.

In 1954 she realized a long dream in the acceptance for publication of the book written by her father, Don Alonzo Taylor, on which she worked with Editor Esther Meeks of Willcox and Fellet, Publishers. For this task she had prepared herself by taking a writing course a few years earlier. The book, OLD SAM, THOROBRED TROTTER, was published in 1956. A sequel is pending.

In the summer of 1956 Hazel went to Europe visiting 10 countries. Since then she has taught steadily in the Alpine School system from which she will retire next month.

"Some people think I'm quitting too soon, but I don't," says Hazel. "I'll miss the old associations, but I'm looking forward to a new phase of life and new experience." We are sure the new phase will be as rich as the years gone before, for Hazel and Forrest will, as one of her favorite poems, Thanatopsis, advises "Go forth, under the open sky and list to natures teachings."

champagne, a movie projector and several reels of 16mm film, most of the titles are outdoor subjects. Was told this was to offset any claustrophobia. The beds fold up against the wall and on opening a double door saw an amazing array of food, most of it dehydrated and packed in moisture proof paper and the label informs all that it will keep at least 10 years. Don't know much about what the well furnished bomb shelter should have, but this one certainly looks like it has everything. What I still fail to understand is how the owners will be on hand if it becomes necessary to use it or how they could get to it as they have a large business elsewhere and live there most of the time.
