### ALPINE'S OPENING GALA EVENT Convalescent Center Pleases Crowd

Sunday, August 4, marked the formal Open House of the ALPINE CONVALESCENT CENTER when visitors were welcomed from 2 until 5 p.m. On hand to greet guests were Dr. and Mrs. John D. Robuck of San Diego, Mr. and Mrs. Christopher Sickles of La Mesa, and Mr. and Mrs. W. W. Mitchell of Alpine.

Guests were treated to guided tours of the beautiful new institution by six pretty local girls, including Pattie and Linda Wilson, Marcie Hem, Linda Tyler, and Darlene Bartley, of Alpine, and Judi Prenz of Lakeside. All are students at El Capitan High School.

The entire Center was open for inspection of visitors who were agreeably impressed with what they saw. Many expressions of surprise and pleasure were heard as guests concluded the tour ending at the refreshment table which was attractively stocked with appetizing goodies to go with fruit punch and coffee.

To be called simply "THE ALPINE" for practical usage, such as answering the phone, the Center is very attractive indeed. It is modern in design without being way out. Patient's rooms are conventional in shape, while the large lounge is an angled room with glass front allowing contemplation

### Trustee Stuart Day Resigns Post

At the meeting of the School Board last Monday night, Stuart Day, who has been a member of the Board of Trustees of the Alpine Union School District since July of last year, tendered his resignation as a member of the Board by submitting a letter to the Board which reads as follows:

"For various personal reasons, my family and I are moving into San Diego. I regret that I leave the Board before community unity is again achieved, but that situation is somewhere yet ahead.

"Conditions in the school are looking better continuously; but, of course, still have a ways to go. The large number of teacher resignations again this year is one indication. Considering that two of the items, suggested as having caused the turn-over in teachers

### INTIMATE GLIMPSES

By BEA LA FORCE

Three important anniversaries occur in the first week of this month. On August 3, 1492, Christopher Columbus sailed from Palos, Spain, on his first westward voyage. On August 4, 1735, John Peter Zenger was acquitted of a libel charge in New York. On August 5, just 18 years ago this Monday, the first atomic bomb used in warfare was dropped on Hiroshima from an American superfortress called Enola Gay, bringing to a speedy end World War 2. Of these dates the least important might seem to be that of the case of John Peter Zenger, but I think it deserves mention as a day to be celebrated by free people everywhere.

☆☆☆

John Peter Zenger began as a printer with William Bradford, publisher of the New York Weekly Gazette, and became a reporter for that paper. In 1733 he was sent to East Chester to report a special election for a member of the Assembly. New York's Governor William S. Cosby was strongly opposed to one of the candidates, Lewis Morris, whom he had removed as Chief Justice of the Supreme Court because Morris had decided against the Governor in a case.

☆☆☆

In his story of the election Zenger stated that 38 Quakers had not been allowed to vote because they asked to affirm instead of swearing, that the sheriff had tried to intimidate the voters, and that Cosby's agents had tried to vote of group of non-resident sailors from the New York waterfront. Zenger's editor declined to print the story in his WEEKLY GAZETTE. So Judge Morris and two lawyers whom the Governor had disbarred because they wouldn't be manipulated by him, arranged financing for a new paper, which they named the New York WEEKLY JOURNAL and made Zenger its editor. He printed his report of the election in the first edition of the new paper and in later issues exposed graft and corruption and iron-fist tactics of the Governor and his associates.

☆☆☆

In November 1734 Governor Cosby had Zenger arrested charged with "publishing several seditious libels" and had his bail fixed so high he couldn't raise the money. Then the Governor had

### PERFECT WEATHER AND LARGE ENTRY ATTRACT MANY TO ALPINE

The annual Alpine Viejas Days Horse Show sponsored by the Alpine Chamber of Commerce was an outstanding success.

A total entry of 377, representing 170 individual horses from all over San Diego County, made this the largest show to be held in Alpine.

### School Board Adopts Revised Budget

The Board of Trustees of the Alpine Union School District held a combined budget hearing and regular meeting last Monday night.

The first item of business was the public hearing on the budget for the current fiscal year which had been published calling for a total amount of \$305,791.00. Supt. Paul Clay explained to the Board that the budget as published had been based on the authorized tax rate of \$1.89 per \$100 assessed valuation, and on the estimated amount of State aid funds. However, Supt. Clay pointed out that the unsecured role was less than anticipated so that revenue from local taxes would be less and that the amount of state aid, based on the formula adopted by the Legislature, would be less than estimated.

The Junior Show had an entry of 218 with the largest class being the Western Pleasure Horse class for riders 13 through 17 with 25 riders competing. On Sunday, the Open Show had a total entry of 159. The Western Pleasure class for Registered Quarterhorses was the largest class of the day with an entry of 17. The finest horses in San Diego County were entered, including the top Trail horses, Stock horses, Western Pleasure horses, Hunters and Jumpers, and Three-Gaited and Five-Gaited horses.

An added attraction was the Ride at Will class which was a benefit class with the proceeds going to the California Professional Trainer's Benevolent Fund. The costumes worn by the contestants made it a high-light of the show.

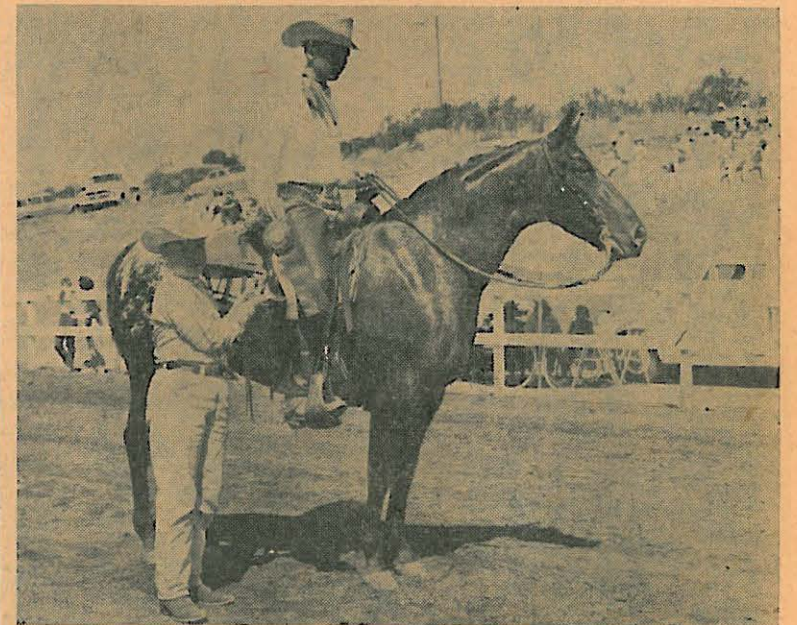

The six \$100.00 Stake classes in which cash premiums were divided among the first five winners were the first ever offered in a horse

## HORSES! HORSES! HORSES!

By MARGARET LOWTHIAN

If you missed the Ride at Will class on Sunday afternoon at the Horse Show, you missed the highlight of the whole show. There were nine entries, everyone entirely different from the other.

The class was won by Ellen Hood and Margaret Radford, both of Glen Oaks, Alpine, riding Ellen's nice Palomino mare Bonnie B. The girls were dressed as old ladies, with silvered hair, facing each other on the horse and enjoying a tea party, complete with tabby cat. The picture above shows much better than I can explain the total effect.

Ellen and Margearet worked for about three weeks before the show on their costumes, and with Bonnie B getting her to allow this out-of-the-ordinary tandem riding. A lot of credit for their success has to go to Bonnie B for allowing such goings on. Ellen, as the owner of the horse, kept the trophy and part of the ribbon, and gave the middle strip of the ribbon to Margaret.

☆☆☆

Danny Weinberger was second in the class riding his horse standing, part of the time on one leg. He wore a black derby and swimming trunks.

Joe Berg of Tavern Road was third. His nice little pony pulled a Roman chariot matched in size, and Joe as a real "Ben Hur" drove. The costume and trappings on the pony were beautiful and very authentic.

☆☆☆

In a weak moment Sunday morning, while we were all working in the entry booth, I told Renee Adams I would wear any costume she dreamed up. Then I was stuck when she showed up with a can-can outfit. Anyway it was fun, and I always love to ride Marvel who was quite intrigued with the colorful costume and

reached around to grab it a couple of times.

☆☆☆

Hope you did not miss this class. But if you did, suggest you make it next year. These Alpiners have wonderful imaginations.

☆☆☆

Kathy Casey had a wonderful day at the Junior Show on Saturday. She rode April Dawn in four classes, and won four ribbons. She won a second in Stock Seat Equitation for novice riders, eighth in Stock Seat Equitation for riders age 13 through 17, and tenth in each the Trail Horse class, 13 through 17, and Western Pleasure class, 13 through 17. These classes were among the largest in the show, and the competition was the best Southern California has to offer.

The fact that Kathy broke and trained April Dawn herself, with the exception of the last two weeks when Frank Evans helped with some finishing, makes these fine wins much more valuable. Good work, Kathy.

☆☆☆

The jumping classes and the three-gaited and five-gaited classes were very interesting to the spectators. The shows in Alpine in the past have not had these classes, and they are colorful. They also give the spectators a little change of pace, so to speak.

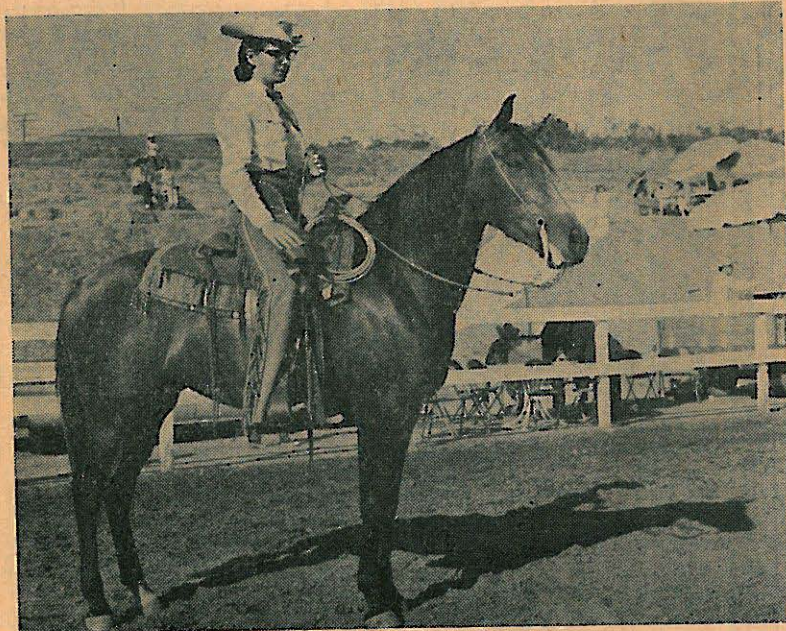

☆☆☆

After having to be talked into showing her horse herself, Melva Riley did an outstanding job. She rode Poco Paul Day to a first place in the Western Pleasure Class for Adult Amateurs, and to a fifth place in a big Registered Quarterhorse Western Pleasure class.

## Fishing At El Capitan Is Very Good

Last weekend the El Capitan lake was opened for fishing. On opening day a total of 700 fishermen took advantage of this new fishing area. According to Orville Ball, Director of the City's Recreational Program, the three-day total attendance was 2200 fishermen and an equal number of visitors to the park.

The fishing was excellent. The largest number of fish caught were bass which were big and fine. Blue gills and bullhead catfish were also caught in large numbers, and a few channel cat and a few croppies. There were just one or two carp caught.

The surprise fish were the approximately three dozen walleye pike which were caught. These fish are the first positive indication of the survival and good growth of the walleye in a local lake. They were planted in El Capitan, and last week's catch is proof that they have taken hold.

## Learn To Swim Program A Success

There are approximately 44 children in three various groups, taking advantage of the generous offer of Mrs. Mary Kay Bousquet, 8th grade teacher in the Alpine School, through the auspices of the Youth Center Association, these days in learning to swim at the Shady Rock Picnic Area.

The first day, July 29th, Mrs. Bousquet tested the children to see who and how much each person could swim. The swimmers and non-swimmers have been grouped for several days and it is quite evident that they are learning very rapidly.

In the 9:30 class are boys and girls who are improving their strokes, breathing and kicking. The 10:00 o'clock class consists of mostly beginners learning basic fundamentals while the 10:30 class consists of little tots, some experiencing the water for the first time.

Today is the final day for the swimming lessons. All children from Alpine and surrounding areas are grateful for this opportunity of making this favorite water sport a little safer and to Mrs. Bousquet and the Youth Center for making it all possible.

## Out Where The West Begins And Ends

The community of Alpine, under the leadership of the Alpine Chamber of Commerce, conducted a horse show last Saturday and Sunday that brought forth most favorable comments from participants and spectators. The consensus of opinion is that it was a successful show.

However, due to the type of zoning that has been legislated for the Alpine area, a horse show in Alpine is somewhat similar to an orange show in Alaska.

Sure, there were a few local entries but they were people who had ventured in the horse business prior to the catastrophe that struck the area last April 16th when the horse activities that support horses in a community were zoned out. The only persons who can continue as breeders and traders in horses in the Alpine area are those who were previously engaged in such activities, and they can only expand 50 percent and no new ones can start.

Practically all of the exhibitors were from areas other than Alpine where the zoning permits trainers of horses and riders and breeders of horses to know that they can stay in business. Each of these communities, such as El Cajon Valley, Lakeside, Escondido, Vista and Ocean-side, have organizations headed by the breeders and trainers who are interested in the development of riding trails and horse show activities and who train a sufficient number of horses and riders in their own communities to make their horse shows, not an outsiders event, but a local participation event.

How about it, Chamber of Commerce? Is that what you want?

of the fine view of mountains, and closeup glimpses of town life and highway traffic immediately below. Wall to wall carpeting, comfortable seating, green plants, two TV sets placed so as not to conflict, combine to make a room that invites lingering and relaxing. There is a big modern kitchen, and laundry and pleasant dining room. The building is air conditioned throughout.

THE ALPINE'S color plan is worth special note. All the walls are done in pastels. There is no dead white in the place. All furnishings are new and of wood with rich tones. As one elderly lady visitor remarked, "This isn't like any Rest Home I ever saw. It'd be a treat to stay here."

Though perched on a high cliff, The Alpine has a cozy enclosed side patio where guests may enjoy a sense of privacy. Landscaping plans when completed, will make of THE ALPINE one of the show places of its kind in the County. Estimated to cost \$400,000 equipped, the new place looks it in its elegant simplicity.

That many people are interested in the Institution and its founders was shown by the many beautiful floral pieces and potted plants sent with congratulations from local and San Diego area people and out-of-towners. The Women's Home Missionary Society of the First Baptist Church of the Willows sent Mrs. Mitchell a large gift box of hand crocheted bedroom slippers for guests.

The Open House was well attended with parking spaces full and visitors moving through the premises all afternoon. They came from Los Angeles, San Diego, Lemon Grove, La Mesa, Descanso, Pine Valley, and La Jolla as well

as Alpine. Serving at the refreshment table were Mrs. Robuck, Mrs. Sickles, Mrs. Mitchell and her daughter, Mrs. Imogene Angel; Mrs. Jacqueline Hazel and Miss Parks, two nurses from the Mallicoat Nursing Home.

Licensed by the State of California Department of Mental Hygiene, The Alpine is equipped to care for any convalescent patient, said Dr. Robuck. Mrs. Patricia Mitchell, Director, stated, "We hope to be moved in here from Mallicoat Home, and operating by next week." Dr. Earl C. Woodall of Alpine is physician on call for the Center.

show in Alpine. Perfect weather, warm but with a nice breeze, drew large crowds on both Saturday and Sunday, and was much appreciated and enjoyed by the exhibitors.

The Horse Show Committee, headed by Show Manager Norman Foster, did a fine job of putting on a smooth running show. The classes moved along quickly, with only short breaks for moving in trail equipment, and the jumps for the jumping classes, and watering the ring. The entry booth, headed by Hazel Foster, entered all the horses during the two days with no slip ups.

The show brought a large number of visitors to Alpine, keeping the restaurants and businesses busy taking care of the larger than usual crowds. Chamber of Commerce members and many other Alpiners worked long hard hours to put on this fine show.

Pictures of some of the winners, and the tabulation of all the first place winners of all classes as awarded by Judge Eldon Fairbanks of Pasadena are on Page 3 of this issue.

Dear Editor:

On behalf of the Alpine Chamber of Commerce I would like to express our appreciation to all those who participated in making the Alpine Viejas Days Horse Show a success.

To all those who entered and exhibited their horses, to the class sponsors and advertisers, to the spectators who attended, to the merchants who helped publicize the show, and to all others who in any way contributed to the success of this show, we express our sincerest gratitude for your support and interest.

To the many workers who contributed so much time and effort in the preparation for the show and to those who worked during the two-day affair, it is difficult to express enough appreciation of their efforts.

It has been a pleasure to work with the various committees who worked so tirelessly to make this a successful venture and it is with a great feeling of confidence that we look forward to our Alpine Viejas Days Horse Show of 1964.

assigned one of his ablest legal minds to prosecute the case. But the two disbarred lawyers persuaded Andrew Hamilton, a leading attorney in the Colonies, to defend Zenger. Hamilton's reputation was well known in New York and his appearance in the court was in itself a stroke in Zenger's favor, but it was Hamilton's handling of the case which made the day of acquittal momentous. He admitted that Zenger had printed the accounts as charged, but insisted that they were true, and he argued that if a free government were to exist the people must be allowed to criticize their public officials and to be exempt from punishment if the charges against those officials were true. In his concluding appeal he said:

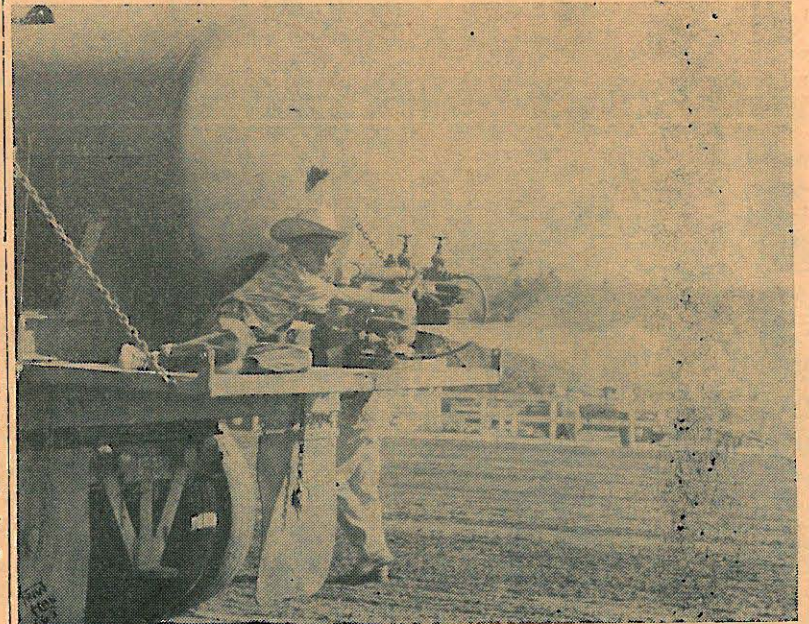

"The question before the court and you, gentlemen of the jury, is not a small and private concern. It is not the cause of a poor printer, nor of New York alone, which you are trying. No. It may in its consequences affect every freeman that lives under British Government on the main of America. It is the best cause. It is the cause of liberty. And I make no doubt but your upright conduct, this day, will not only entitle you to the love and esteem of your fellow citizens, but every man who prefers freedom to a life of slavery, will bless and honor you as men who have baffled the attempt of tyranny, and who by an impartial and uncorrupt verdict, have laid a noble foundation for securing for ourselves and our posterity and our neighbors, that to which nature and the laws of our country have given us a right—the liberty of exposing and opposing arbitrary power by speaking and writing the truth."

A verdict of acquittal was quickly returned by the jury at which the crowd in the court room burst into cheers which were taken up by the crowd outside awaiting the verdict. Countless crowds have since cheered each successive battle that assures us continued freedom of the press.

mated, which caused a reduction in the amount of \$6182, for a total amount of \$299,609.00.

Supt. Clay recommended that teachers salaries remain the same, and that the reduction be accomplished by reducing administrative salaries, principals' salaries which would not be needed, and a capital outlay item which also would not be needed.

The Board unanimously adopted the revised budget as recommended by Supt. Clay.

The Board set the cost of cafeteria lunches to be less than last year with a price of 30c for students and 45c for adults. Mrs. Helene Allen's contract as cafeteria manager was renewed.

The Board also voted to inaugurate a student voluntary insurance plan which Supt. Clay stated was in effect in a number of School Districts throughout the State.

During the regular meeting, the Board went into executive session, and after reconvening in open session, voted contracts for the employment of three new teachers, Chester Lee Gibson, Karen C. Koch and Jack Duane Ades. Also to renew the contracts of the District's four bus drivers.

## Supervisor Bird Gets Federal Post

San Diego County Supervisor David W. Bird is one of 19 new members appointed to the national defense executive reserve of the Federal Housing Agency.

The reserve is a corps of trained persons ready to serve the agency in key executive positions at local, regional, or national headquarters during a period of national emergency according to Robert C. Weaver, Housing Administrator.

Members of the reserve serve without pay. They are active in the agency's mobilization exercises and attend conferences in Washington and at the agency's secret relocation site.

## Trustee Resigns

Continued from Page 1

last year have been changed (salary and administrator), it leaves indications that the Board should continue to work on the third suggested reason—it's own reputation. As a guide in this effort, the Board has the independent study of the investigating C.T.A. committee, and the old proverb that "actions speak louder than words."

The citizens are, of course, waiting and watching to see how much the "new" people in the school add to the quality of the educational program. With my leaving, any entrenched personality clashes will be ended. If the challenge of a new Board without any of the past alignments can be properly taken, my leaving may be for the best.

In keeping with this philosophy, I will refrain from trying to select my successor. I suggest only that the Board's precedent of choosing a person from the Harbison Canyon area is a very expedient policy. The Canyon is cohesive and basically different from other parts of the school district. It has a local pride, and a local fear of being dominated by the larger adjacent community of Alpine. This means that, if unity of the total school district is to be achieved, at least one member of the board had best be identified with Harbison Canyon.

There are many people who can fill the bill of representing the Canyon, and take with them the intelligence and confidence necessary for sound Board decisions.

May I suggest that a committee of leading citizens from Harbison Canyon be formed to consider all possible candidates and make a recommendation to the Board?

With these suggestions, I submit my resignation to be effective on my last day of residence in this community, August 11, 1963.

Sincerely,  
Stuart W. Day, Clerk,  
Board of Trustees,  
Alpine Union School District

By DEBBIE MARSHALL

Seen at the Horse Show this weekend were ex-Alpiners, Al Kay and his wife, horse people from away back. Mr. Kay won fame as a rope artist with Will Rogers. They thought the show a real fine one, admired the many beautiful horses and fine riding.

From Lemon Grove to see the show and visit the new Convalescent Center, were the Hawthorns, Rolland, Billie, and their daughter Patricia. The Hawthorns spend as much time as work allows them visiting friends in Alpine.

Mrs. Hollis Mancil entertained her sister Grace, Mrs. Frank Smith of San Diego, and baby daughter, Frances, over the weekend. The Mancil's took their guest to the Street Dance Saturday night and to the Horse Show both days. All report a gala time.

A luncheon party was enjoyed by four guests of Miss Edith Cromarty and Mrs. Jean McCulloch of South Grade Road Friday. Included at the attractively decorated table, were mesdames Elizabeth C. West, John Gault, J. C. La Force and Hollis Mancil.

Mr. and Mrs. Pete Vancil entertained visitors who came to Alpine to see the Horse Show. Their guests were Mr. and Mrs. H. B. Pope of Los Angeles and Mr. and Mrs. Don Welse of San Diego. A dinner party in honor of Mr. Welsh's birthday added pleasure to the enjoyable weekend of the Vancils and their guests.

Mr. John Stuart of Olivewood Lane, Alpine, was one of many persons enjoying the Street Dance at the Log Cabin Cafe Saturday evening. Mr. Stuart said he has not seen that many people in Alpine for a long time, and although he didn't dance, enjoyed watching the festivities.

Mrs. Josephine Sturdivant's home on Olivewood Lane has been a busy one this past week. Mrs. Sturdivant's son, B. V. and Mrs. Carolyn Kuschell from Yuma are expected for a short visit. Mr. and Mrs. Victor Sturdivant and children and Mrs. Sturdivant's granddaughter, Carolyn Gates arrived Sunday for a short afternoon visit.

Birdie Boyd left for a short visit to Las Vegas last week.

You can tell by the twinkle in Win's eye that Clarence Sellers returned to our midst last weekend from a trip to Las Vegas. While out there, he visited Terry and Gene White, who are reportedly busy, happy, and healthy. As President of the Mountain Star Twirlers, "Cec" attended the square dance at the Lodge Saturday night, noting that one entire

square has moved out to Vegas, leaving a little over a square from Dulzura and Deerhorn to hold the fort.

Jo and Sid Winter paid us a short visit last weekend to say "Hi" to all their friends and former neighbors. The Winters were the former owners of the Boyd's place (alias—"Rancho del Alma" or "Doc Wegee's place").

Olive and Don Wooldridge of the Winnetka Ranch on Mother Grundy Truck Trail left last Sunday on their trip to "horse around" Europe. They flew to the continent via Denmark to purchase ten horses. They plan to accompany the horses by transatlantic steamer to New York with a short lay-over there for the horses' quarantine period; after which they will proceed by rail cross-country. "Bon Voyage" and "Good Luck" to you both from all of us!

Bob and Twila Daum and their family returned to Honey Spring Estates last Saturday from a very enjoyable vacation back East. Bob tangled with a chain saw, but came out on top with no serious injury. Good to have you all back again!

Stuart and Alice Day expect to be moved into their home in Mission Hills by this weekend. Those of us who have gotten to know these nice people are sorry to see them leave the canyon where they have both been so active in local affairs. Stuart has put in many hours serving on the school board and Alice has worked diligently in the P.T.A. and we want to express our sincerest appreciation to both of them for jobs well done... We wish them and their lovely family every happiness in their new home and will look forward to their visits back to the canyon.

Mr. and Mrs. Milo F. Day, Stuart's parents, will occupy the home being vacated by Stuart and Alice. Mr. Day is a retired school teacher and Mrs. Day is a semi-retired professional home economist and

writer. She formerly had a syndicated column in Chicago and is still engaged in doing some column work in the home economics line. As well as saying "So long—good luck" to Stuart and Alice we would like to say "Hi and Welcome" to the new Day family.

Mr. and Mrs. Robert Sanders are proudly showing off their new little Charles Aubrey who entered this busy world on July 21st. He was born in Mercy Hospital and weighed in at 6 pounds, 3 ounces and is a tall 21 inches. He has three playmates at home, Kathy, 10; Bobby, 3; and Mary, 1. This nice little family resides on Silverbrook Drive.

The Scouts had a whee bang time last Saturday at the Sky Line Roller Skating Rink in Spring Valley. Not too many fellas went along but the gang who did make the party really had a ball and the parents who accompanied them had as much fun as the kids did.

Mr. and Mrs. John McConnell have announced the engagement of their daughter, Delpha Lenore to Richard Thomas Jenkins, son of Mr. and Mrs. William Jenkins of La Cresta. These young people are better known to canyonites as "Del and Tommy." September 28th has been set as their wedding day and the ceremony will take place at the Naval Chapel followed by a reception in the Crest Community Hall. Tommy is a submariner with the U. S. Navy and is presently in Great Lakes, Illinois, attending school.

Personal note: I would like to take this opportunity to introduce you to my sister, Mrs. Charlotte Pruitt and her daughter Lori who are presently my houseguests. Charlotte is planning to locate in this area and enter Lori in 2nd grade in September. She is formerly of Benecia, near Oakland, where she served as the Editor of the Benecia Herald.

The cubs will have a backyard campout at McConnell's place next Friday night. This will be something new for some of these little guys and though they are too young for a cook-out, at least the sleeping out will be fun—even if they don't sleep.

A nice turnout to the Harbison Canyon Volunteer Fire Department's Festival at Spur Valley

## Horses! Horses!

Continued from Page 2  
 Horse Show, I predict that by  
 next August there will be a lot of  
 competition given by more Al-  
 piners.

One of the problems the local  
 riders had this year was a lack of  
 "shot-guns" which are a neces-  
 sary part of the costume. We all  
 outgrow this particular item of  
 clothing long before they are worn  
 out, so if anyone has any small  
 size shot-guns they no longer need,  
 let us know.

Also next year there will be  
 some newcomers in the Alpine  
 area who should be showing.  
 Duane Strong's two daughters,  
 who were still out of town over  
 the weekend, will probably be  
 among these.

## Driving Fatigue Is Cause Of Accidents

With California highways carry-  
 ing large numbers of vacation-  
 ing motorists, Highway Patrol  
 Commissioner Bradford M. Crit-  
 tenden this week warned against  
 the subtle, silent enemy—fatigue.

"Frequently vacationers attempt  
 to push too far in one day. They  
 are driving on the fringe of ex-  
 haustion by day's end.

"Last year, 212 drivers who  
 were fatigued or apparently asleep  
 were involved in fatal accidents  
 in California, and 3439 such driv-  
 ers were involved in injury acci-  
 dents."

The commissioner pointed out  
 that a "sensible pattern to follow  
 is that spelled out by law for driv-  
 ers of vehicles designed or used  
 to transport persons for compen-  
 sation.

"These persons cannot drive a  
 vehicle more than 10 consecutive  
 hours, nor more than 10 hours  
 spread over a total of 15 consecu-  
 tive hours. Thereafter, the driver  
 cannot operate the vehicle again  
 until eight consecutive hours  
 have elapsed."

The commissioner also offered  
 these tips to avoid fatigue:

"Make frequent stops. Walk  
 around for a few moments, stretch,  
 and if possible, take a short nap  
 to prevent the possibility that you  
 might doze at the wheel."

## COKE'S KITCHEN

It is so easy these days to open  
 box cakes and granted they do  
 turn out delicious with so many  
 variations, but there are still some  
 good old cake recipes that either  
 use ingredients you usually have  
 on hand as oatmeal or perhaps a  
 small bowl of leftover mashed po-  
 tatoes from last nite's dinner.

Speaking of cake recipes with a  
 purpose, my Mother has a recipe  
 in her treasured collection, a fa-  
 vorite during World War I which  
 was appropriately named "Egg-  
 less, Sugarless and Butterless" but  
 needless to say it sounds as if  
 some of the most important in-  
 gredients are missing—we'll check  
 further on that one.

### POTATO CHOCOLATE CAKE

- 1 cup hot unseasoned mashed  
potatoes
  - 2 cups sugar
  - 3/4 cup shortening
  - 4 eggs, unbeaten
  - 1 tsp. vanilla
  - 2 cups flour
  - 1/2 cup cocoa
  - 3 tsp. baking powder
  - 1 tsp. cinnamon
  - 1 tsp. nutmeg
  - 1/2 tsp. salt
  - 1/2 cup milk
  - 1 cup chopped nuts
- Cream sugar, shortening, add  
 one egg at a time, vanilla and po-  
 tatoes. Add dry ingredients and  
 milk alternately. 350 degree oven,  
 layer takes 40-45 minutes, loaf  
 pan, 50 minutes.

### OATMEAL LOAF CAKE

- 1 cup quick oatmeal
  - 1 1/2 cups boiling water
  - 1 cube margarine
  - 1 cup brown sugar
  - 1 1/2 cups flour
  - 1 cup white sugar
  - 1 tsp. cinnamon
  - 1 tsp. soda
  - 2-3 eggs
  - 1 tsp. vanilla
- Topping: 3/4 cup brown sugar,  
 3/8 cups butter or oleo, 1/2 cups co-  
 coanut, 1 cup nuts. Bake in 350  
 degree oven for between 50 and  
 60 minutes.

## Fishing Is Good

Continued from Page 2  
 The walleye pike is one of the  
 prize catches for fishermen, and  
 this is good news for local en-  
 thusiasts.

Mr. Ball anticipates that the sec-  
 ond weekend of the opening of  
 this lake will draw even larger  
 crowds than came out last week,  
 and stated that he was very  
 pleased and also surprised at the  
 turnout for the opening.

## Food For Thought

The confectioner who dreamed  
 up sweet dishes for Lord Alber-  
 marle once produced a master-  
 piece that was 18 feet high. Over-  
 come with joy at his own handi-  
 work he hastened to tell his em-  
 ployer about it.

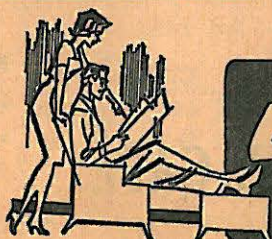

"But how can you get it into the  
 dining room?" asked Lord Alber-  
 marle. "Such a question!" cried  
 the confectioner. "Demolish the  
 ceiling, of course!"

One enterprising vendor of Brus-  
 sels, Belgium strapped a portable  
 soda-dispensing outfit on his back  
 and went out after his trade.

Handkerchiefs inscribed with  
 recipes for bread and cake baking  
 were carried by fashionable belles  
 of 17th Century England.

"Tied Meat" is a Chinese ex-  
 pression for "Teacher's Fee," go-  
 ing back to the custom in ancient  
 China of paying school teachers  
 with bundles of dried meat.

In France in the Middle Ages,  
 babies were rubbed with worm-  
 wood juice in the belief this would  
 protect them from being hot or  
 cold throughout their entire lives.

 WORK FOR YOU**

# ALPINE GARDENER

By JEAN McCULLOUGH

More beauty in less space—that's what you can have if you want to try your hand at espaliering trees or shrubs, see photo below, and you can use this method of training almost any kind of ornamental or fruit tree, and think of the space you save. Train one or more of your favorite shrubs, say night blooming jasmine, lemon verbena, gardenia, or perhaps another scented flowering shrub or tree. Camellia, pyrocanthia, evergreen pear, as well as orange, lemon; these all take to this type of training.

Started espaliers can be bought at the nurseries or you can "do-it-yourself" from scratch. It would be interesting to try. Oh yes, if you have camellias in your garden, give light overhead spraying when the sun is not shining on them. Moisture on the leaves is important for bud set at this time

of year. While on the subject of limited space planting, container grown plants seem to be very popular; from the trees one sees in boxes on the city streets to the old reliable geraniums, plain or fancy, and as to those containers, just let your pocket-book or your ingenuity at your do-it-yourself workbench be your guide. Make the wooden ones out of redwood if you want them to last, and fasten casters to the bottom of big boxes for easier handling. Give these a try and have something different.

To save picnic tables from whittling picnickers, Rangers in Pike National Forest have erected pine whittling posts in the picnic grounds with signs reading "whittle here."

## KOGO MEMBER OF N.E.B.S.

Radio Station KOGO will be prepared early this fall for emergency operation as a member of the National Emergency Broadcasting System, William B. Marty, county administrative officer for civil defense said today.

The installation of new emergency equipment and the construction of modifications to the basement at the KOGO transmitter will be completed in October, he said, after talks with Leroy Bellwood, Director of Engineering for KOGO radio and television.

The Federal Communications Commission has announced that the National Emergency Broadcasting System will replace Conelrad on August 5. Details of the change-over have not been communicated to radio or civil defense officials here as yet, this information will be published as soon as available.

## Anti - Smoking Campaign Starts

An extensive educational program to discourage cigarette smoking, particularly among teenagers, is being planned by three San Diego County health agencies.

Representatives from the San Diego County Heart Association, the American Cancer Society and the Tuberculosis and Health Association of San Diego County agreed to join forces in an anti-smoking campaign.

Lt. Comdr. William Spence, (MC) USN, chief of chest services at the Naval Hospital, was elected acting chairman of the new tri-agency committee to combat cigarette smoking. He represented the TB Association at the organizational meeting.

Spence said a positive approach, without resorting to a "fear" technique, would be used to alert young people to the mounting evidence linking smoking to cancer, cardio-vascular illnesses, and respiratory diseases.

The Heart Association was represented by Drs. Ernest W. Shaw and Paul H. Morton; Cancer Society by Miss Margaret J. Nichols and Donald Windsor, and the TB Association by Dr. Manuel Barba and Lt. Comdr. William Spence.

Ranch last Sunday made it a fun day for all and since the Department gained financially it was especially gratifying for all those who worked so hard to make it a successful venture.

Chief Sonny McCann expressed his sincerest appreciation to all those who contributed time, gifts, and labor and particularly to the workers who came early and stayed late to assure the success of the Festival.

Door prizes, generously donated by merchants and friends, were given throughout the day. Some of the local winners were Mr. Rivera, Ralph Meeker, Ida Wise, Mr. Cooney, Mr. Snyder of Lakeside, Ed Stockman of Alpine, Art Leach Realty, Marty Pepmeier and Virginia Michael. Sorry I don't have all the lucky winners.

Tena Holmes is home from the hospital. Because of her serious accident Saturday, July 27. Tena was on the critical list for three days at El Cajon Valley Hospital. Tena has a skull fracture at the base of the head. She will have to remain in bed for about two weeks, and then it will take a long time before she can do any active exercise. We hope that her recovery will be successful.

The Mt. Laguna Teen Club held a "Splash Party" at the 751 Radar Squadron Pool. Although there were only 10 members and five visitors in attendance, the party was great fun. The chaperones were Col. and Mrs. Van Fleet.

### PINE VALLEY

By AMY N. HARVEY

Mr. and Mrs. Gratus Roe had a great deal of excitement the other day at their home. The other afternoon Lois asked her ten year old grand-daughter to turn the sprinkler off, so outside she goes and then they heard a blood-curdling yell that brought everyone out-doors and there basking in the sunshine taking a leisurely shower was a rattlesnake. Its head and neck arched as though to strike, instead it was taking a cool drink of water while bathing. No one thought about getting the movie camera. A well aimed hoe spelled finis to that particular snake, which incidently had six rattlers.

The Pine Valley Improvement Club had a cook-out last Saturday evening, with about sixty members attending. A short business meeting was held and the new officers were installed. Plans are underway for a picnic to be held next month in the park. More details about that later. Host and hostess for this month were Mr. and Mrs. Richard Wellband.

The Roxie Stewarts are the proud owners of a brand spanking new colt. I understand it is full of vim and vigor even at such a tender age, and the mother really loves to show off her new baby.

Mrs. Martha Zeck from San Diego has been staying with her sister, Edith George, while Edith is recovering from an operation.

A delightful birthday present for Aase Madsen, who is on the staff at The Hobart House, was a surprise telephone call from her mother in Denmark on the 31st of July. That same date was the birthday of Ruth Moore, and her husband who is the bartender at The Hobart House, escorted Ruth for dinner at Tidos Lodge.

The excavating on Lebanon Road for a beautiful new home is being done by Mike Martin of Descanso for the Tony Walkers. The house will be 90 by 40 feet when completed with a circular driveway and three terraces. It will be a lovely addition to our already beautiful valley.

Marijo Davis is now spending part of her vacation in Stockton, the houseguest of Janice Miller, a former Mt. Empire school student and chum of Marijo's.

Mr. Darsney's original Indian collection is fabulous. I was fortunate enough to see part of it the other day and it overflowed several rooms with many boxes and crates still to be unpacked. It will be a while yet before he will be able to have a showing for the public, but when that time arrives it will be well worth seeing.

☆☆☆

Our fire department has been kept extra busy putting out grass fires caused by debris and lighted cigarettes tossed away by very careless smokers. Our thanks for a job well done to the community minded men, who under the able leadership of John Pingley, volunteer their services any time of the day or night when the alarm sounds that a fire has broken out somewhere in the area.

What did cake-bakers do before baking powder came along? Some of them must have had frequent physical collapses, judging by recipes in old cookery books which often advise "beat the cake ingredients for at least an hour." By hand, that is!

### Meet The Chargers

San Diegans will get a close up view of Charger players at the third annual Charger Kickoff Banquet to be held Friday, August 23, 1963, at Del Webb's Ocean House. The event is sponsored by the San Diego Chamber of Commerce and the Charger Backers.

The dinner will be served at 7:30 p.m. A poolside, no-host cocktail party is planned from 6:30 to 7:30.

More than 750 San Diegans attended the banquet last year.

The evening festivities will include introduction of the entire Charger football team, talks by Coach Sid Gillman and Owner Barron Hilton, and entertainment.
