KILDGORE RESIGNS FROM SCHOOL BOARD

LOUIS PERNA — Pine Valley's New Fire Chief.

JOHN PINGLEY PINE VALLEY VETERANS FIRE CHIEF RETIRES

Last week, in Pine Valley, a gold badge was unpinned from a shirt pocket and transferred to another. This simple act without ceremony or fanfare also transferred the leadership of our Fire Department from Chief John Pingley of fifteen years to Louis Perna, who for most of those 15 years has been a member of the department. Chief Pingley has not been feeling up to par for several months and thought it best to take a much needed rest. He and his wife, Lee have purchased a large trailer and will spend considerable time on the desert.

This gold badge (on loan to Louie) was given to Johnny several years ago by grateful citizens in appreciation of the outstanding work he did in forming and leading our fire department from its

Fire District Election Notice

There appears on Page 8 of this issue a legal notice for the call of an election to be held in the Alpine Local Fire District on Tuesday, April 7, for the election of two Fire Commissioners.

No candidates filed for election which requires that it be a write-in election for both positions. At the suggestion of the County Registrar of Voters in order to avoid confusion in the tabulation of votes because of variation in the spelling and initials of the names of persons written in, the Echo will publish the names of any persons seeking the positions, or persons suggested by groups, giving the exact way in which they desire to have their names written.

INTIMATE GLIMPSES

By BEA LA FORCE

Have you a Prima Donna in your family? They can be very trying, however, no other character can add as much fun to your menage, if you can manage to develop a sense of humor about it. Ours is a four-footed prima donna, a cat named Tibby. Like some of the most famous ladies of the present day theater, Tibby is not beautiful. She is the waif type, small, wistful-eyed, soft-voiced, at first glance a very ordinary tabby. Like some of the shaggy haired waif actresses who have made millions by tearing at human heart strings with their forlorn appearance and sad lives, Tibby makes the most of her talents.

Tibby is a calico cat whose coat looks as if it had been badly faded by careless washing and never ironed at all. She always manages to look a little hungry, slightly woe-begone and to give a marvelous performance of deathless gratitude when you cheer her with a dish of cream and a tender stroking of her small square head. She can turn on a most beautiful purr and make her amber colored eyes appear to brim with tender tears. When Tibby wants to be let into the house she doesn't simply stand at the door and mew as Pinky does, or yowl like Tiger, or tap with a demanding paw as does Daffodil, Tibby leaps high onto the screen, spread-eagles herself across it and screams like the heroine tied to the railroad track and the train barreling down at 110 miles an hour. She claws and screams and rolls her eyes until we dash to the rescue at which she moans feebly and collapses like a true prima donna, in our arms. Does she then purr her thanks? Perhaps. Just as often her expression plainly says we are privileged to have been her rescuers, and now she will consider lapping up a saucer of cream if it is just the right temperature. She's not above stalking off, tail in the air, eyes two brimming pools of reproach if the cream happens to be milk.

When displeased Tibby sits down smack in front of some hapless human and stares straight into his face, eyes limpid, lower lip all but quivering, breath coming fast, tail slashing, until she is rescued—given whatever it is she wants, this being determined by the cat-mind-reading capacities of the human on the spot. She can make you so uncomfortable that, though you know better, you begin to feel sure

Victoria Hill Property Sold

Rennie Hollett of Bates Realty reports the sale of the lovely home with 1½ acres on Victoria Drive owned by Clarence Gillson to Miss Jean Knight of San Diego. Mr. Gillson is going to Texas shortly to look after some business interest there. Miss Knight plans to move in soon and enjoy the view and seclusion offered by this property.

WILL RETURN TO PRACTICE OF LAW IN THE STATE OF TENNESSEE

Charles Kildgore, President of the Board of Trustees of the Alpine Union School District, submitted his resignation to become effective immediately at the regular meeting of the Board last Monday night.

Mr. Kildgore has sold his home on South Grade Road,

and is planning to return to Tennessee to resume the practice of law. He will return to South Pittsburgh which is located near Chattanooga where he formerly practiced law. He stated that when he and his family were on a vacation in Tennessee last summer his children fell in love with the country, its greenery and lakes and rivers, which decided him to return as soon as possible.

The Board appointed Trustees Charles Campbell and Lawrence Wilcox to interview persons in order to make an appointment to fill the vacancy as soon as possible.

The School Board called for bids for the furnishing of school bus service from private agencies for transportation of the school children in the district. The Board also called for bids for the purchase of five of the district's school busses. Both sets of bids are to

4-H Goat Judging Contest Held

In honor of National 4-H Club Week the Dehesa Valley 4-H Club held its seventh annual dairy goat judging contest and second annual tractor driving contest. Eleven hundred children from thirty-three clubs throughout San Diego County were invited to attend the event held at the Hanson Ranch at 4940 Dehesa Road, Saturday, March 7.

Daniel Walker of the Santee Club was presented a trophy for the champion dairy goat judging and the Santee Club was presented a trophy for their team. Daryl Buerger of the El Cajon Chapter of Future Farmers of America won the senior tractor driving contest and Marsha Nichols of the Jamul Club won the junior division of the tractor event.

Bill Turnquist, official dairy goat judge was assisted by James Dyer, Bevan Walker, and Alan Fulcher in placing the dairy goats to be judged. James Dyer made the presentation of awards for the dairy goat judging. Herbert Weisheit, San Diego County Farm Advisor awarded the tractor driving awards. He was assisted by Wilbur Ballinger, chairman and 4-H leader of the tractor event.

Guests of honor were Guy L. Noble, founder of the National 4-H Club Committee in 1921 and Douglas Aulenbacher, a 4-H specialist from the University of California at Riverside.

A group of students from George Pepperdine College in Los Angeles entertained and led the group in folk singing during the barbecue. They were Sylvia Forte from the West Indies, Arthur Gray from Jamaica and Stephen Hasbrouck

Little Winnetka Ranch Sold

Mr. and Mrs. J. E. McNutt recently sold their Little Winnetka, a chicken ranch, that they have operated for 11 years. Mr. McNutt is well known for his active part in community affairs and as a member of the Board of the San Diego County Farm Bureau. The Little Winnetka is located two miles south of Honey Springs Road on the Mother Grundy Truck Trail. Their chicken operation has been that of approximately 18,000 layers with 6,000 replacements or growing stock.

The new owner is Dr. Howard Ball of San Diego who also owns the neighboring ranch, Winnetka. This sale joins back together property that was originally homesteaded by Louis Harvey, and quite a few members of this family still

Local Church Plans Easter Services

On Easter Sunday, March 29, services at the First Baptist Church of the Willows will begin the day with an Easter Sunrise Service at 5:30 a.m. The hour may be early, but the inspiration is great at this traditional service with special music and a message befitting the glorious season.

Mid-morning duplicate services will be held at 9:30 and at 10:45 a.m. The earlier service replaces the Sunday School hour. Each service will include special music.

At 7:30 in the evening a showing of a color film, "The Power of the Resurrection," will be offered for enjoyment and inspiration.

The public is cordially invited to the services, and the pastor, Rev. Vaughn Steen, is looking forward to wishing you a very Happy Easter.

Tuberculin Tests For School Pupils

Eligible eighth graders in El Cajon and back country area public, private, and parochial schools will start taking tuberculin skin tests next Monday, March 16, according to John S. Rhoades, president of the Tuberculosis and Health Association of San Diego County.

Most eighth graders and some kindergartners and first graders will be involved. About 18,000 students throughout the county will be offered the test, one in which a light—and virtually painless—pricking deposits harmless test material in upper layers of the skin.

Volunteer physicians will administer tests, and 72 hours later reactions will be "read" by Mrs. Kirkham Campbell, a public health nurse.

March 5 Crest School sent home a message to all parents that there were a number of cases of German measles in the school. As some of the material given to children to carry home somehow never arrives there, the warning is repeated, for mothers of small children and about-to-be mothers. Watch for a light rash, mild symptoms, and glands behind ears and at the back of the neck enlarged. The incubation period (the time required for the disease to appear after exposure) is usually two or three weeks. Sick pupils must be kept at home for a minimum of three days from onset of rash and until all symptoms have disappeared.

Mr. and Mrs. William Stelzner of 111 Albatross Place were recent hosts to Bill's niece, Margaret Shadura and her husband, Peter Shadura, who were on vacation from their home in Anchorage, Alaska. Mr. Shadura is superintendent of the road construction to the oil fields 100 miles north of Anchorage, and the crews do not work during the winter months. The young couple first flew to Oshkosh, Wis., to visit Margaret's mother. There they bought a new car, and drove leisurely to Florida, where they spent two weeks in Miami. Then on to New Orleans for two weeks, to Phoenix for three weeks sightseeing, and then to the Crest, where they stayed 10 days with the Stelznerns. While here, hosts and guests visited the Laguna Mountains, Cuyamaca and Julian, and made a trip to Marineland. Mrs. Stelzner gave a dinner party to celebrate the Shaduras' visit, and guests included Mr. and Mrs. Raymond Stelzner and their two children, of San Diego, and Mr. and Mrs. Emmett Brickey of El Cajon. On their way home, Mr. and Mrs. Shadura plan to stop at Los Angeles, take in Disneyland, go on to San Francisco, and then spend a week in Seattle with Peter's sister. The Shaduras plan to come back here again next winter, as they have "fallen in love" with Southern California.

The Goodwill Industries of San Diego County which employs handicapped people, have placed a box as a collection center at the W and M Market on the Crest. This month's collection from the 99 boxes in the county was a total of 11,902 bags. The Crest box score was zero. Charles Spisak, Public Relations Director for the Goodwill, asks that if anyone here has any outgrown clothes or other usable miscellaneous items, please deposit them in the box at the Market. It only takes a moment, and means a great deal to many persons who would be otherwise unemployed.

Goldwater Filing For President

United States Senator Barry Goldwater's name will appear first on the June 2 primary ballot after Secretary of State Frank M. Jordan verified a statewide total of 23,732 certified names, 10,000 more than the 13,702 signatures required to qualify.

Goldwater Headquarters reported unofficially that an additional 18,500 signatures were collected from Northern counties—16,200 more from Los Angeles County in addition to the 18,876 already qualified, and about 10,000 more from other counties.

"This remarkable total of almost 70,000 signatures was amassed for Goldwater in an impressive history making performance by several thousand volunteers—many of them stayed up all night to obtain signatures to qualify in the first day of filing," William F. Knowland, former U. S. Senator from California and statewide chairman for the Goldwater Committee said today.

Both rentals were made by Mrs. Charlene Brown of Pierce Realty Company, Alpine.

Bill and Charlene Brown have just returned from a business trip to Bakersfield. They report beautiful weather and a pleasant and satisfying trip.

ECHOES OF THE PAST

CAN YOU IDENTIFY THIS PICTURE?

Many changes have taken place since this picture was made 30 years ago. This is no longer the main highway 80. Those empty spaces around the house are now filled with other houses. Across the street there now exists a whole cluster of nice new homes.

Just when these changes took place and over what span of years we are not sure. Did they occur all within a few years or did the change take place only gradually? Does anyone remember the details and, are you willing to write in and tell us about it? Echo readers are enjoying the game of picture identifying, however few seem to want to write in their discoveries and their memories. Please join in the fun. Share what you know with our readers, your friends.

READERS IDENTIFY AN "ECHO OF THE PAST"

The picture printed in the Echo (issue of February 13) is of the vineyard owned by the Flegals and known as Flegal's Winery which still stands on the place now owned by Homer and Effie Spear.

We bought the place in 1950 and have been here now 14 years, coming from Imperial Valley, and have loved every minute of this interesting place. We regret to say that the lovely cedar tree at the entrance died a few years back, and the cross road has been closed. This place has 6 rentals known now as Spear Cottages. We enjoy running them as there is never a dull moment. Met lots of real nice friends and can always find something under the cobwebs and dust that intrigues you in the old winery. This place is located at 2115 Arnold Way, one block west of the bank.—Mr. and Mrs. Homer Spear.

Women who love to cook love an electric range!

Here's why:

Electric ranges are automatic. They have the easy-to-operate controls that help to make every meal a cooking success. Electric ranges

are efficient. They have the accurate, even heat that good cooking requires. And

electric ranges are fast. They provide the instant heat you expect. Don't forget, too, that electric ranges are economical to operate—just a few cents a day. Modernize your home soon with a sparkling new electric range.

REDDY KILOWATT'S RECIPE OF THE MONTH

Veal Paprika Will Brighten Winter Menus.

- | | |
|--------------------------------|---|
| 1 large onion, chopped | 1/8 teaspoon garlic powder |
| 1/4 cup salad oil | 1 tablespoon Worcestershire sauce |
| 1 1/2 pounds veal round, cubed | 1 can (4 oz.) tomato paste |
| 2 tablespoons paprika | 3 tablespoons flour |
| 1 teaspoon salt | 1 tall can evaporated milk (1 2/3 cups) |

Saute onion in oil until transparent. Add veal, paprika, salt, garlic powder, Worcestershire sauce and tomato paste. Stir to blend well. Cover and simmer 45 minutes or until veal is tender. Remove from heat. Sprinkle flour over meat cubes, a little at a time, blending well after each addition. Stir in the evaporated milk. Return to low heat and cook and stir until thickened. Serve over hot cooked noodles. Makes 6 servings.

STRANGE POLITICS

New Hampshire held the first State Presidential primary election last Tuesday.

A dark horse, a Republican by the name of Henry Cabot Lodge, stole the show. He polled, without any campaign, far more votes than the next highest candidate.

From the daily press it would appear that hundreds of political analysts have analyzed this situation and turned up with hundreds of answers.

Mr. Lodge was not even in the country. He was on the job tending to business.

she is starving, and you rise to offer her a bit of meat, or whatever it is she knows you've got stashed away. And that's another thing. She is a sorceress. Probably inherited from her remote Egyptian ancestry, for she can always tell when there's fresh meat in the refrigerator. Sometimes she knows it before I do. It can be brought

in and stowed there when I'm busy elsewhere and only when Tibby goes into her abandoned waif act do I surmise there must be something she thinks belongs to her in my refrigerator. Naturally, as well trained as she has me now, I leap to serve her whatever it is.

★ ★ ★

It's not always food she wants, though. Sometimes it's a complaint she brings about one of the seven other cats, her children and grandchildren. Tibby has several special places around the ranch where she naps. These she holds sacredly hers. If one of the untrained kittens crawls up on top the old surrey, or cuddles down to sleep in the seat of the covered wagon, Tibby is irate and, failing to evict the usurper herself, comes to one of the human inhabitants of the rancho and demands that this eviction be done for her. Maybe this sounds like we've been brainwashed by a cat? So we have. But before you curl your lip in scorn consider the prima donna tactics of the human species and you will discover that most of their "charm" is simply this power they exert because of their extraordinary showmanship. They can make drama seem where none really exists and take you right into the act. Like Tibby making us think we were choosing her from the litter when all the time she was choosing us!

OBITUARIES

CHARLES N. EVANS

Graveside services will be held at 11 a.m. Friday at Ft. Rosecrans National Cemetery for Charles N. Evans, 55, who died March 9.

Mr. Evans, a native of North Carolina, had been a resident of Pine Valley for the past four years and had just recently returned from Pakistan. He was a graduate of the University of North Carolina and had been a consulting engineer for the past 20 years. He served as a captain with the United States Air Force during World War II. He was a member of the Overseas Craftsmen's Association and numerous engineering groups. Survivors include his wife, Helen Thomsen Evans of Pine Valley; a daughter, Miss Dinah Evans of Los Angeles; a sister, Mrs. Ada Benson of Hawaii; two brothers, Thomas and Gillespie, both of Hawaii.

La Jolla Mortuary is in charge of the services.

very inception to make it one of the best volunteer fire departments in the state. This is attested by the state instructor on Fire Science from Sacramento.

It all started when Johnny came to the valley to live after retiring from a brilliant career in the Navy. He was glad to be in the valley and wanted to do all he could for it and, without a doubt, he has done as much or more than any other single person. It was soon after Johnny arrived that the community felt that they should have a fire truck of their own as the Forest Service truck was often away from the station. So, Mr. Pingley initiated the purchase of our first truck from war surplus.

He helped paint it, raised the money to equip it and then went on to build a volunteer department that is second to none. And today, thanks to his efforts, Pine Valley is a fire district and can boast of two new, especially built, very modern trucks equipped with the latest type radios. We have a well organized crew, trained in all phases of fire fighting as well as the use of the resuscitator and first aid.

In all these 15 years Chief Pingley and his crew never failed to answer any kind of emergency call day or night. And so we all send our heartfelt thanks and best wishes to our retiring chief.

A new fire chief badge will be worn by Chief Perna with the same pride, the same consciousness of responsibility and the same good-will that has prevailed over the past years and we feel sure the community will give him the same cooperation and support in maintaining our fire department to its high standards.

reside in the southern California area. A succeeding owner after Harvey was a Mr. Tanner who gave a portion of the ranch to his son-in-law, Carl Holmes, that extended farther north than the present Little Winnetka property. All but the portion now being sold to Dr. Ball was later sold back to another succeeding owner of Winnetka Ranch, Mr. Ash. It was from Mr. Ash that Dr. Ball bought, and he now operates a thoroughbred stud farm on the premises, known as Hi-Ball Stables. The total acreage of the "old Harvey Place" now comes to 1400.

The McNutts say they plan to "just go fishing," and expect to live in a trailer and travel up the coast of California first, and then across the country to the east coast, coming back to settle they know not where. The close out of the chicken business is expected to take from three to six months and so far is progressing very well.

★ ★ ★

The Sycuan 4-H will hold their regular monthly meeting Thursday evening Mar. 19 at Old Ironside Park Community Hall. The sewing group will be in charge of the meeting and demonstrations will be given. Meeting time is 7:30 p.m.

ALPINE

By DEBBIE MARSHALL

Mr. and Mrs. Willard Hays, residents of Alpine since 1943, have moved to La Mesa. The Hays came here for the health of their son, Bob, who had asthma at that time. Bob recovered his good health and has, for some years, been on the San Diego Police force. Mrs. Hays said, on leaving, that they still love Alpine and always will, but felt that they should get in a little closer to Willard's work. "We made many friends in Alpine," said Mrs. Hays, "and shall continue to keep in touch with them." The Hays' new home is at 6441 Sommer Place, La Mesa.

House at the Clark Ranch, Dulzura.

Dulzura-Barrett Junction

By LaVERNE POWELL

Dorothy Clark Schmid invites the public for a home tour of the historic old ranch home at the Clark Ranch, one half miles east of the post office in Dulzura, Highway 94, March 15, 1:30 to 4 o'clock. The tour is sponsored by Dulzura Community Clubs as a benefit to help local

people pay off indebtedness on the community building used for youth and adult organizations. 4-H boys and girls will direct traffic and parking. The women of the Dulzura Community Development Committee will serve refreshments. Donation of a dollar is indeed a small price for the pleasure of visiting this two-story old frame house built in 1895, and lived in continuously since by members of the Clark family. Dorothy Clark Schmid is the author of "Pioneering in Dulzura" which is written about the old-timers and their life in the community. Many members of these pioneer families will be honored guests. The Republican Women's Club recently met at the Clark home and were delighted with all they saw and gave a generous donation.

As I walked towards the back door there was an old wooden round container with old-fashioned violets growing in it. After greeting Dorothy and walking in the kitchen, a harvest table, 12 feet long and two inches thick, took my eye immediately. Dorothy had a warm fire going in the old cook stove and one is immediately taken back into one's childhood seeing the white fluffy curtains billowing against the windows and the wonderful old rockers throughout the house. Such pieces as a Scandinavian spinning wheel, which is unique, in the fact that it is only 30 inches tall and collapsible ready for packing and made of Norwegian Maple, abound in the house. Upstairs in a bedroom there is a child's rocker and a Swiss doll, bought by a relative in 1895, dressed in authentic costumes as worn in Bern, Switzerland. Across from the doll is a mechanical dough-boy of World War I.

Whatever your tastes—be it old mining maps, crocheted nut cups, old paintings and china, or seeing the surveyer tools used in survey-

ing Indiana while it was still a territory, it is all there—so many wonderful things too numerous to mention. The date is March 15 and we of Dulzura invite you to come and see one of our proud landmarks and take pride, as we do, of this fine family and home.

HARBISON

By BETTYE CARPENTER

Virginia, Tommy and Jackie Hettinger spent the last two weekends visiting with friends in Imperial and taking in the Imperial County Fair. The first weekend featured a fine rodeo and last week they had car races which were greatly enjoyed by all.

The Bill Waits family moved into El Cajon and Dorothy Meeker moved back into her home on Silverbrook. Dorothy's friends are happy to see her back in the canyon.

Charlie Cobb is in Naval Hospital where he entered last Monday and underwent surgery Wednesday. Zoia has Alice Deoring staying with her during his absence. Hurry home, Charlie.

The Don Ferguson family rode along with Lorna's sister and her two boys to take in the beautiful wild flowers on the desert last Sunday. They drove down to see Virginia Hettinger on the Rio Hardy but Virginia had left to spend the weekend in Imperial so they missed making connections. The flowers, according to all reports, are unbelievably colorful and thick.

Ruth and "Ski" Scott celebrated their anniversary on the 8th, by entertaining dinner guests in their home. Here's wishing you both many more happy years together.

The Carpenters of the Canyon and the Crissmans of the Crest are happy to announce the birth of their second "mutual" granddaughter on Monday, March 9 in St. Mary's Hospital in Long Beach. The baby, named Beverly Lynne, weighed 8 lbs., 5 ounces and was 21½ inches long. Daddy Criss arrived home from a seven months tour of duty with the U. S. Navy last Saturday morning and less than 48 hours later was bursting

his buttons over the new girl in the family. Two-year-old Janet Lynne is visiting grandparents, as mentioned above, accompanied by her aunt, Sheryl who arrived from San Luis Obispo last Friday evening. Mommy Lynne is feeling wonderful and especially happy that the new daughter timed her appearance for after daddy's arrival back in the States.

Don't forget the Spanish dinner which is being put on by the Scout Mothers on Saturday, the 14th, from 5 to 8 p.m. Tickets are \$1 for adults, 75c for children and are available from the mothers or at the door. Dinners will be put up to take out and should be ordered ahead.

Dickie Osley is scheduled to report for Army duty on March 26. We all wish him much luck during his hitch for Uncle Sam.

A fun game to watch will be the softball game on Sunday between the adults and young people of the Harbison Canyon Community Church. It will be played at the Alpine Youth Center.

DEERHORN VALLEY

By ROY WALLIN

Mother Nature was up to her old tricks weatherwise last Saturday with snow, hail, sleet, wind, rain, lightning, and thunder all on the program with a return to our usual beautiful days Sunday but a temperature dip at night—a word of warning to the newcomers on the "Hill." Watch those water pipes and anti-freezeless car radiators! For the benefit of us rain-gaugeless ones, Leo Walker's unofficial rain gauge reading for last Saturday's storm was a half an inch.

Most of us probably heard or read about the missing Cessna 172 plane and the request to the public to report any sightings or sounds of erratic plane behavior last Friday evening. Well, a detachment of the Civil Air Patrol unit based at Gillespie Field were in our community last Sunday morning, checking out a report made by Leo Walker of Deerhorn Valley Ranch and Lodge of a plane circling and apparently flying erratically.

Calvin (Cal) White of our Valley will be moving north in the near future due to the impending shutdown of the U.S. Naval Repair Facility in San Diego, and will be selling his 2½ acre parcel west of "Crow-Vallee Ranch."

Joe Crowley of Spring Valley and "Crow-Vallee Ranch" had his wish to have a month ashore at

home, but the impending call is close and he's on borrowed shore time before returning to the tow-boats in his capacity as chief engineer. It was good having you with us, Joe, even for a short time... and Connie, take care of that laryngitis.

Also in the realm of property exchanges, Mrs. Marta Krause of Spring Valley and Deerhorn Valley Ranch and Lodge, is once again the mistress of the 10-acre "Rancho del Alma." Although no definite plans were stated, she indicated that, after a general clean-up and some renovations, the ranch might be sold or leased.

A group of approximately thirty friends and neighbors met in the building down at the Young Christian Workers Camp, made comfortable and cozy by the efforts of John Amundson, Homer Haughey, Ray Campbell, Frank Meanea, Paul Haughey Jr., among others, last Friday evening for the March meeting of the Deerhorn Valley Civic Club. The acting-president, John Amundson, injected a congenial atmosphere in the meeting. It was a pleasure for all of us to meet the Director of the YCW Camp, Tom Doyle, as well as the Club's guest speakers for the evening, Mr. and Mrs. Earl Phillips of Seattle, who presented a talk accompanied by color slides of their recent visit to the Holy Land. It was good to see Pat and Tom Reed, former president of the Civic Club, owner of the ranch where the old Mueller house was destroyed in the Knapik fire last year, and presently living in Lakeside; as well as to say "Howdy" to Olive (the "Mother Grundy" columnist) and Don Wooldridge of "Winnetka Ranch," newcomers to our Civic Club. A request by the Club's acting-president John Amundson to the membership-at-large, which bears repeating, was that those present note the folks attending, and make it a point to bring another neighbor to the next meeting. "McDuff" Vallee, of "Crow-Vallee Ranch" and Chula Vista walked away with the door-prize.

MOTHER GRUNDY

By OLIVE WOOLDRIDGE

At recent Farm Bureau meetings it has been mentioned that any friends and neighbors who get a chance to listen to Howard Keddie and his "Home on the Ranch" program on KFMB radio, 540 on your dial, at 6:10 in the morning, might care to write in to the San Diego Gas and Electric Company, who sponsors the program, to encourage its continuance. I, personally, have always enjoyed the programs that I happen to tune in to, but recently we became acquainted with Mrs. Keddie and feel that he is most informative and that we would like to solicit support for the program. The Farm Bureau, by the way, is having a membership drive and most country residents are eligible for membership and if interested should call either the downtown office of Olive Wooldridge.

Overheard a child being asked why he liked the TV program, "Outer Limits." His answer, "because what happens was exactly what I didn't expect."

 listed in the Navy, and is taking his basic training at NTC in San Diego. Good luck, Jim.

Mr. and Mrs. Tom Clark of San Diego, were visitors over the weekend at the home of Mr. and Mrs. Granville Martin.

Mr. and Mrs. Don Steadman traveled to Ontario to spend the weekend at the home of Mrs. Steadman's aunt and uncle, Mr. and Mrs. Floyd Pruitt.

A PTA Board meeting will be held on March 17, at 9:30 a.m. at the school. One of the things to be discussed at this meeting will be the annual Talent Show, which will be held this spring.

The Girl Scouts report the success of their cookie sale, and wish to thank everyone for supporting them. Maria Herbertson had the highest sales, with 90 boxes to her credit. The Troop did very well, averaging 56 boxes for each girl. Last Tuesday, the Girl Scout Troop visited Van Dusen's Rock Shop, where they had a very interesting afternoon learning about rocks.

Mr. and Mrs. Rod Serafin have returned home after spending a few days last week visiting at the home of Mr. and Mrs. Ray Dalen, in Goleta. They report that everyone is fine, and they are enjoying their new home. Mrs. Stoller is planning to visit friends in Descanso soon.

We want to send get-well wishes to Dennis Thing, who arrived home on Sunday afternoon, after having corrective surgery on his legs last week in Grossmont Hospital. Dennis, who is the son of Mr. and Mrs. Frank Thing, will have casts on his legs for about two months.

COKE'S KITCHEN

Isn't it interesting to hear about the likes and dislikes of people and their eating habits. My dentist, years ago, made a remark that a nation could be destroyed by sugar. Of course, in his line of work—"dentistry," sugar plays an important part.

Many people believe in eating only vegetables while others believe in eating meat but not fowl. I had the pleasure of eating meat- loaf years ago made completely out of olives instead of ground beef and it was very tasty. So, everyone to their likes and dislikes.

Eating is still pure enjoyment. The recipes listed today were sent to Coke's Kitchen by a good friend in La Mesa, Mrs. Ted Walton, who cooks in great quantities for her growing family. Her "Pasty Fillings" can be frozen before baking and baked later without thawing in case you have a late meeting with the Girl, Boy or Cub Scouts. If you use ground beef, it may be used uncooked but beef and pork, cubed, as called for in the recipe should be partially cooked. Another real good way of fixing this same recipe is by using leftover pot roast and vegetables, rolled in pastry the form of a sausage, baked in a long pan for one hour at 350 degrees and served sliced with gravy.

WALTON'S PASTY FILLINGS

Use your own favorite pastry recipes. Divide dough into four parts and roll out. Build pasty as follows in half moon shape, potatoes, salt and pepper, butter the size of a walnut. Seal where the top has been folded over. Bake on greased sheet at 400 degrees for 45 minutes.

PASTY FILLING

- 1 pound cubed beef, partially cooked
- ½ pound cubed pork, partially cooked
- 3 potatoes, chopped
- 3 onions, chopped
- 2 turnips, sliced
- 2 carrots, sliced (I added this on my own)

SHIPWRECK CASSEROLE

- 1 pound ground beef, browned
 - 1 large onion, chopped
 - 3 stalks celery (chopped)
 - 1 green pepper (chopped)
 - 5 carrots (raw), diced
 - 5 potatoes, raw, sliced very thin
- Place in large casserole, over top pour one can of kidney beans with liquid and one can of undiluted tomato soup. Bake, uncovered for two hours in 350 degree oven, stirring occasionally.

 having the speed limit on the Crest posted at 35 miles per hour, all around the loop. This regulation will be strictly enforced by the Sheriff's Department and the California State Highway Patrol. The Civic Group is also waiting for a reply to their letter concerning the resumption of the repairs on La Cresta Road, so there will be more on that vital item later.

Mrs. John Berg of 2125 Crest Drive gave a really unique party on Wednesday, March 11 at her home. Seven family birthdays, all falling in March, were celebrated at the same time, with individual cakes and presents from each guest to each celebrant. The honorees and their birthdates, sound like March coming in like a lion—and staying that way, for the Bergs. Guests attending, Mr. and Mrs. Martin Sipe and their four children, Mr. and Mrs. John De Grazier and their four children, Miss Diane Rambo, and Mr. John Berg himself. Mrs. (Peggy Berg) Sipe's birthday is March 22, daughter, Randi Sipe will be 13 March 24. Mr. John De Grazier's birthday is March 8, and son, Tony will be 14 March 18. Another granddaughter, Diane Rambo will be nine years old March 28, Mr. John Berg's birthday is on March 27 and Berg's son, Jack's birthday is March 15. The 14 guests feasted on fried chicken and home-made noodles. Talk about covering everything in one fell swoop. Happy birthday to the whole clan.

The Youth Group of the Crest Community Church, including teens and sub-teens, will hold a car wash at Coyle's Service Station from 10 a.m. to 5 p.m. on Saturday, March 14. A car wash will be \$1 and a wax job will be \$4. Mr. Thomas Cross, who's in charge of the project to raise money to buy a bus for the Youth Group and its many activities, says, "If your car happens to be clean, you and your dollar will be welcome, anyway. Come and have a free cup of coffee." There will also be baked goods for sale—same time—same place.

The last formal meeting of the Crest PTA for 1963-64 will be held Thursday, March 19 at Crest School. From 7 to 7:30, coffee will be served, and cups will continue to be refilled at the informally spaced tables throughout the meeting. PTA officers for 1964-65 will not only be elected, but installed at this time. The slate of nominees includes, first vice president and program chairman, Mrs. Phillip (Nancy) Sanford; second vice president and ways and means chairman, Mrs. James (Tina) Luck; third vice president and room mothers chairman, Mrs. Bernardo (Nancy) Ribas; secretary, Mrs. Albert (Marilyn) Austin; treasurer, Mrs. Thomas (Greta) Cureton; auditor, Raymond Slater, and historian, Mrs. Willard (Jeannette) Winberg. The position of president of the Crest PTA is still wide open. Why? So far, no one has seemed willing to take on the job. How about one of you young, vigorous women with young children, who will have their first six years of education at our school, stepping forward and taking this responsibility? The same few old-faithful standbys have done the bulk of the work in our Hill organizations for years. They are understandably tired, and feel they have done more than their share. PTA, if handled properly, can be a tremendous force for good in the educational system, and after all, they are your children, too, aren't they? The past president, Mrs. Bob (Betty) Keavney will preside at the installation of new officers, and Jennette Winberg will give the historian's report.

ALPINE GARDENER

By JEAN McCULLOUGH

A little more on the subject of trees and shrubs and something on the exotic side is the Brazilian Flame Bush, or small tree, and its cousin the Pink Powder Puff Bush, the flowers of which are a burst of stamens about two or three inches across on branches with lacy fern-like foliage. They are graceful trees, six to eight feet high. There are several specimens in the Mall at the Grossmont Shopping Center

should you care to see them before you purchase one or more of them. These trees take a hot, dry location, just what we have here.

The Natal Plum which is a favorite shrub of mine, producing white blossoms with jasmine-like fragrance and edible fruit as well (being Scotch, I like my money's worth) has the added advantage of its possible use as a hedge keeping out man (or children) or beast. It has thorny branches and this tough shrub will stand frost down to 28 degrees. It looks well as a specimen plant on a terrace or in a tub.

Being also in the so-called exotic class, Gardenias are not the pampered pets a great many people think them to be. There are the larger ones which grow to be four or five feet high and smaller ones most suitable for tub planting. Some varieties can take lots of sun and heat, while others like part shade. These plants must have plenty of humus in the soil, good drainage and moisture at all times but not kept soaking as too much moisture will cause buds to drop. Ask your nurseryman which type like the sun and which like partial shade.

It won't be long before the Acacias will be finished blooming and you can prune and shape them and you need not be timid about the job. This is the time to set out perennial plants; Red Hot Pokers and Gazanias are go-togethers. They both like sun and heat. Cannas are another sun lover but these need humus moisture as well. Spring is going to bring lots of do's and don'ts for gardeners so watch that aching back.

invocation. Marie Lindemann was in charge of the guest book. The wives of the Campo Border Patrolmen were hostesses, and they presented them with a rubber plant for the building. Freida Clark decorated a beautiful cake with the Border Patrol Emblem on it. Hors d'oeuvres, cookies, punch and coffee were also served.

The parents and Boosters Club of Mt. Empire High School held a bake sale at the Potrero Store on Friday of last week. This group is working diligently to raise funds for the Junior-Senior Prom.

Nell Nielsen entertained the Lake Morena Combo Club on Wednesday of last week. The regular members were present.

Mt. Empire Republican Women, Federated enjoyed a delicious buffet luncheon and meeting at the Clark Ranch, home of Dorothy Schmid, in Dulzura on Thursday of last week. District Attorney Don Keller was guest speaker—his subject was "Welfare and Aid to Needy Children" and after the meeting the group was invited to tour the house. The hostess, Mrs. Schmid, was born there. She married in 1916, raised her family in other parts of the country, lost her husband, and returned to the ranch a few years ago to make her home again. The home still contains the original furniture, and in addition to the house, there was her mother's wedding gown, graduation gown of her sister, an old Edison phonograph (still plays) and many other things of interest.

Mrs. Schmid held open house last Sunday also, and the funds raised are to be used for the Dulzura Woman's Clubhouse improvements.

Of further interest is the fact that Mrs. Schmid has written a very interesting book on the history of Dulzura. Autographed copies are available.

Adventure" starring Suzan Pleshette and Roy Donahue, the second movie shown March 7, was "Teachers Pet" starring Doris Day. Both movies were held in the M. E. High School auditorium. The funds raised from these two movies will go to the freshmen class treasury, and will eventually be used for presenting the Junior-Senior Prom.

Sunday, March 1, four inches of snow fell in the Laguna Mountains, and it snowed again Friday, March 6 and continued off and on all day Saturday, leaving about three inches of that beautiful white stuff.

The new U. S. Border Patrol Station at Campo held open house on Sunday, March 1. All those who were interested were invited to inspect the new facilities between 2 and 6 p.m. Refreshments were served. The Campo station is under the Chula Vista sector, Mr. Dowdle, Sr. is in charge and has eight Border Patrolmen.

Saturday, March 7, a model United Nations meeting was held at San Diego State College. Many schools from all over San Diego County assembled to discuss problems in the U. N. Each school represents two countries and sends a given amount of delegates to the General Assembly with their resolutions. This is the second year Mt. Empire has participated in the assembly.

Friends of the Kor Family who resided on Mt. Laguna many years ago will be happy to hear that they now live in Descanso and since leaving the mountain area have two little girls added to their family. The Kors moved to Harbison Canyon from Mt. Laguna. Their oldest daughter, now 21 is happily married and living in Chula Vista.

Tuberculin Tests

Continued from Page 2
prove the existence of active tuberculosis, Rhoades said, a "positive" reaction does indicate a person has been exposed to the disease and, therefore, should have a chest X-ray and be examined further by a physician.
Kindergartners and first graders are being included, on a trial basis to determine if there are significant differences in exposure patterns between young children and 14-year-olds.

Rhoades explained the younger group in one where personal contacts of individuals can be traced relatively easily and, possibly, lead to identification of unsuspected cases of tuberculosis.

Although testing is the most spectacular part of the program, Rhoades said, it is also an education campaign. A special kit, containing informational material about TB for teachers, pupils, and parents, has been presented to each school.

Cause, prevention, and cure are described.

Rhoades added that parents' consent is required.

Schools, times, and dates are:
Dehesa—2:30 p.m., March 31 and April 2.

Mountain Empire Junior High—11:15 a.m., March 30 and April 2.

Dulzura (including first grade)—10 a.m., March 30 and April 2, at Mountain Empire Junior High.

Jamul-Las Flores (including kindergarten and first grade)—9 a.m., March 30 and April 2 at Mountain Empire.

The Alpine Elementary Schools will be tested in April, dates to be announced.

PINE VALLEY

By JUDY MULLINS

Mr. and Mrs. Virgil Lockard who have been residents in Guatay for 13 years will soon be moving away. They will be making their new home on the Crest (La Cresta) El Cajon. They are going to sell their home in Guatay and move to El Cajon to improve Mr. Lockard's health. Their new home will also be quite a bit closer to the El Toyon School in National City where Mrs. Lockard is teaching. She has been teaching kindergarten there for about 15 years. The Lockards' many friends will be sorry to see them leave but will be able to look forward to visiting with them occasionally.

Have you seen Toots Kendrick in her little three-wheeled car? She really seems to be enjoying traveling about in it. Toots has been confined to her home since her accident about a month ago, when she fell and badly injured her leg. But now, thanks to her battery-operated car, she is able to get out and about a little bit. It's good to see her up and feeling better. She says that she sincerely appreciates the many kindnesses people have shown to her by sending cards, bringing gifts, and visiting with her.

The Mountain Empire Woman's Club met on March 11 in the lovely home of Mrs. Hester Newton. Mrs. Ralph Mullins was Mrs. Newton's co-hostess and there were about 30 members present at the meeting.

The Woman's Society of Christian Service met on March 9 at the home of Mrs. Judy Mullin. The 11 members present at the meeting were Mrs. Ruth Mullins, Mrs. Shirley Winckelman, Mrs. Sandy Walker, Mrs. Jody Perkins, Mrs. Lola Wick, Mrs. Emma Blank, Mrs. Kay Baker, Mrs. Betty Van Dusen, Mrs. Mildred Van Oort, Mrs. Hendrickson and chairman of the group, Mrs. Grace Lockard.

There will be a square dance in the Pine Valley Clubhouse on Saturday, March 14, at 8 p.m. Everyone is invited.

sister-in-law, Mr. and Mrs. E. E. Timmons, all of Riverside, over last weekend. On Wednesday and Thursday of last week they had old friends from Newman, California, Mr. and Mrs. William Brunette, stop for a visit. Mrs. Clay reports that everyone enjoys visiting in Alpine and love the climate and lovely countryside.

Mrs. Jean Moore of Viejas View Lane celebrated her birthday yesterday with a party given by her daughters, Mrs. Jack Isaacs and Mrs. Tom Judd, and their families. During the afternoon she was visited by a number of her neighbors who presented her with gifts and flowers.

Approximately 30 ladies met last night at the home of Marian Wickens to hear a talk on wigs given by Mr. Richard. Most everyone present had the opportunity if they wished of trying on the three wigs brought for the demonstration, one a blonde, one black and one dark auburn. Everyone had a lot of fun seeing how they would look with

hair of a different color than their own, and many decided that a wig would be a distinct advantage for a busy woman.

Last Saturday evening approximately 25 of their Alpine friends gave a "going out of business party" in honor of Jack and Mimi Wilson. It was a potluck dinner and dancing party held at the home of Auren and Jeanne Pierce. Everyone reports having a wonderful time.

Mrs. Jean McCullough attended the Cactus and Succulent Society last Saturday with Mrs. Dorothy Michels and Mrs. Helen Steger. They had a very stimulating time hearing about, and seeing, some of the lovely creeping succulents suitable for planting in rock and pool gardens.

JAMUL

project. A clean-up detail will pick up litter along Jamul roads one day this week. They will take their lunches and eat somewhere along the route.

March 14 a "Demonstration and Share-the-Fun Day" contest at Poway is planned in which clubs from all areas will participate. Those entering will be judged in either singles or teamwork in animals, cooking and equipment, and there will be entertainment. The public is invited to this event and is always welcome at any other 4-H events that may interest them. Mrs. Kistrup reminds us. Remember, Poway High School at 9:30 a.m., Saturday, Mar. 14.

Hugh and Joan Miller and their family threw a surprise party for three nice people, Judy and Douglas Lindsey and their two and a half-month old son, Brian Shawn. Judy, almost a member of the Miller family, has been staying with them. This week Douglas, of the submarine Valador returned home from overseas, eager to meet his new son. Everyone had lots of fun at the party and helped Douglas celebrate the Christmas, birthday, and anniversary he passed away from home.

Eighty-five members of Monte Vista High School's Fan and Foil Club filled two buses to drive up to Disneyland for the day, last Saturday. The rain didn't spoil their fun. They had lunch and dinner at the playland. Mrs. June Shorter, accompanied the group, which included Karen Connors and Linda Wache.

Patty Connors celebrated her 13th birthday last week. Her best friend, Mary Ann Parrott had dinner with the family.

May Co. is sponsoring a Showmanship Show for 4-H'ers March

21 through 27, in the May Co. parking lot. Judging will be based on about 60 percent animal, 40 percent showmanship and grooming of the 4-H'ers. A scholarship will be awarded the best of its class in showmanship in beef, dairy, sheep, and goats.

Many people wonder why Paul Egan and family are no longer working on their new home. Building is still a month ahead of the schedule, as they worked ahead to close the house from wind and rain and are now concentrating on building new rows of hutches. Mary sold out her lower rabbitry and is replacing it elsewhere on their acreage.

Kay Ann Bennington tangled with a skate board and cracked a small bone in her ankle. She has a cast to the knee, but this hasn't curtailed her activities. With Debbie and Denise Press she presented their Bum Beetle number for the Girls' Club in National City. Karen Stone was unable to participate, having gone camping

with her family, and Mary Welker joined the group as announcer and M.C. The club director requested a return engagement, as the act made as much of a hit with the Girls' Club as it did at the recent Hobo Hop.

The Scheerers' German Shepherd recently had a litter of 10 pups. Juanita says once they reach weaning age they'll be available to good homes.

Your news is welcome. Call Theresa Egan at 466-2323.
