ROMAINE BREAKS RIB

While working on a stepladder, John Romaine suffered a fall when it collapsed under him, breaking a rib, which is giving him some trouble when he breathes. "Now I know how Adam felt when the Creator took one of his ribs" laughs John, "but I'll be on the job again soon".

WHAT 16 MONTHS DOES TO A BABY! HERE'S A JOLLY CHAPPIE. DONALD GLENN WHITE, SON OF NAN AND DON WHITE, FORMERLY OF ALPINE, NOW IN INDIANA. DON IS IN THE NAVY. NAN IS LILLIAN GOULDING'S NIECE. THIS LITTLE MAN WAS BORN IN S.D. FEB. 4 LAST YEAR.

CAMPBELLS IN LACKEY HOME

Wayne and Virginia Campbell are back in Alpine, having taken the Lackey place, Tavern Rd., with their little family, Glen, 13 and Michael, 5. They came from Phoenix, had spent 3 months here last year. Says Virginia, "We like Alpine better than any place we have been". Wayne a carpenter, works with Hugh Trail, is now finishing the Breithut house. They hail from Vienna, Va.

SCHOOL TO GET 4 ADDED ROOMS

Supt. Frank S. Brown, Alpine Union School district, one of the fastest growing areas in the county, reveals that they applied for four more classrooms in the new plans, which no doubt will be allowed.

Enrollment has soared to 416, and families are moving here steadily. Present school, designed for 80, with 150 capacity, is now functioning near bursting point with the 416, over 5 times capacity!

The new buildings are well ahead of schedule, will be finished for moving into after the holidays. The big water tank is now full.

PAUL NICHOLS LOSES WIFE

Following surgery for cancer last week, Mrs. Shirley B. Nichols, 49, an Alpine resident for 8 years, passed away last Sunday week. She was the wife of Paul J. Nichols, mother of Paul E.; Richard L.; and Thos. L.; sister of G.W. Lacey, and Della Eschelman. She left four grandchildren. Memorial service was last Wednesday in Greenwood Mortuary, followed by cremation.

The couple's many friends here expressed great sympathy to Paul. Mrs. Nichols had been attended by her friend of 32 years standing, Dr. Ruth Hubbert.

SCHOOL CAR IN MISHAP

Thursday when R.J. Cross in his car was coming along a narrow road in Peutz Valley and Ernest Charbonneau approached in a school bus-car, Cross was in the middle of the road and the latter swerved to the left endeavoring to avoid a collision, but Cross at the same instant swerved too, so they came together. None injured, slight damage to the cars, the highway patrolman reported, and no speed involved, with equal blame on the part of both drivers.

After John Jones had celebrated his 50th birthday, he asked his father how old a man had to be before his interest in women become merely platonic.

"Don't ask me, son," answered his father irritably. "I'm only 75."

THE LANGUAGE OF NATURE

We who love these mountains are reminded now perhaps as much as in spring, that nature speaks a wondrous language to those who understand.

Now are tired leaves falling, while the stately eucalyptus have shed their bark, smooth-trunked for winter. Pepper boughs have ripened their tiny red berries and our pomegranate tree is groaning with brilliant globes of red, forerunner of Christmas. The apricots are shedding their summer greenery. Grapes are done, but some are in the freezer for March. Our big walnut tree bore heavily, the husks have cracked and now we gather the fallen fruit, our "tree meat" indeed. Olives are bulging, turning purple.

The bird tourists have gotten out their maps and gone south, but now we hear the first meadowlark who will be with us till summer. The mud swallows have twittered their way to follow the sun, but other singers have appeared, making old friends, including a mocker that may have followed us up from Hollywood.

Many folks have oiled their driveways against winter floods, while others are seen about on rooftops, patching, painting. The kids have a suspicious, merry twinkle in their eyes, and older ones wisely know what is coming when we spell out "Christmas." Rusted chimneys send up fragrant spirals of woodsmoke, and-- but oh, for a fireplace!

Old Sol is low in the sky, but bright, warm, friendly, and signal clouds are forming in cooler altitudes, signifying rains to come. Our east wind blows more often, at times bringing a warm breath from the desert, at others carrying a crispness from higher mountains, soon to feel the snows.

Rosy apples from Julian are in the market, and pears, and persimmons and the tang of Alpine air helps us all, especially the asthmatic. Above all is our ever-blue sky, and from below our sweet wellspring of pure water. Ah, yes, life is sweet in San Diego's great back country, with the "finest climate in the U.S." And there are waiting acres for those who love the good earth. And we feel thankful for all this from our generous Father and we will be thanking Him just a week from today. We hope you may all have much to be thankful for.- C.I.

LARSONS DIG IN FOR WINTER

An entertaining letter from Adak has been received by Mineola McGee of "Tallwood", the Larson place, Tavern Rd. and Arnold Way, telling how they are getting along since leaving Alpine. Lt. Comdr. Lief Larson signs it: "We are all fine, living very comfortably up here. Everything is so convenient. The commissary is near our quarters, and so is the school. Jennie is in the eighth grade, and has found enough boys and girls her own age to pal around with. Maree has taken a job with the Navy to keep her occupied, and of course I'm just as busy as ever. In addition to being head of the largest department here, the air department, I have a number of other jobs which keep me hopping most of the time.

"The weather is turning rainy and stormy and will probably continue until next spring. The winters are characterized by high winds (Williwaws) rain, snow, sleet and sandstorms by turns, and sometimes within minutes of one another.

"Tell Irvine we think The Sun a fine little paper, so good in fact that we rely on it solely for news from Alpine.

Lt. H.R. "Stormy" Clark, USN retired is still in Naval hospital making steady progress, in hopes he will not have to undergo surgery again for his abdominal trouble. The Sun phoned him Saturday and he was glad to hear from Alpine-- "tell all my friends hello" he said, "I'll be glad to hear from anyone at 38-2 Room 227, Naval hospital, S.D.". (Phone Main 7608)

Little Boy (phoning his father's office): "Hello, who is this?"

Father (recognizing son's voice): "This is the smartest man in the world."

Little Boy: "Pardon me; I must have the wrong number."

KIRBY CALDWELL HAS PARTY

The young son of Wayne and Frances Caldwell celebrated his fourth birthday Thursday with a bang-up good party. Games, fun and goodies were the theme for the afternoon. Those helping him start his fifth year were Linda Dowdy, Barbara Butterworth, Betsy and Barry McCall, Cynthia Irvine, Freddie Kidder, Bruce Hill, Billy Norris and Danny McGinnis. Blanche McCall, Naomi Dowdy and Marne Butterworth were on hand to help Frances keep the little cowboys and girls from shooting up the place and a wonderful time was had by everyone.

Everett Homes, back from the hospital is recovering nicely from his operation, wishes to thank his many Alpine friends for their solicitous calls, cards and thoughts of good cheer.

Chas. Kern, who recently bought Bain's El Cajon Nursery, has a shipment of bare-root stock coming in next month, as from then on is the time to plant new fruit trees. Many in Alpine are making up their lists now.

P.O. LOBBY NOW OPEN

The Empire Market has opened next to the postoffice, the lobby will be accessible to boxholders from 7:30 a.m. to 8 p.m. including Saturday and Sunday. The window is open from 8 a.m. to 5:30 p.m. but closes at 3 on Saturday.

C.E. Bennett, who recently sold his filling station equipment to Bob Wilson (Texaco), and Mrs. Bennett, are off by motor to Florida, Indiana and other old stamping grounds, to be gone a month more or less. (Why not?).

Old Gentleman (to a small boy eating an apple): "You better watch out for worms."

Small Boy: "When I eat an apple, the worms have to watch out for themselves."

SHOWER FOR ELINORE KIDDER

At the last meeting of the Gamma Gamma Sorority, Elinore was given a pink and blue shower for the "little bundle" that is expected about Christmas at the home of Mr. and Mrs. George Dowdy. Many lovely gifts were unwrapped and displayed. Patty Heyser, co-hostess, made little pink and blue wax booties for nut cups and the delicious refreshments were credited to Naomi Dowdy.

The educational part of the program was turned over to Ava Anderson who had prepared an interesting article on the trend in women's apparel. Plans were discussed for the coming Christmas party for youngsters of members and a committee was selected to work on it.

Mr. and Mrs. A.T. Bergstrom enjoyed a weekend visit with the latter's brother and wife, Mr. and Mrs. W.V. Shoemaker, North Hollywood. Mr. S. just recently retired from 51 years' of service as telegraph operator and agent for various railroads.

WOMEN HEAR GOOD WILL TALK

At the last meeting of the Alpine Women's club Mrs. A.F. Benton, California Federation of Women's clubs state officer, gave an interesting talk on the ways of promoting good will between women's clubs of various nations. Mrs. Claude Young, president reports an interesting program.

The Ways and Means committee have a rare hand-crocheted off-white dinner cloth which they are raffling. It is 72 x 94, a pineapple design. Mrs. Madelyn Smith, mother of Mrs. Betty Randazzo crocheted it while her husband was sick in bed and she had to be beside him constantly. It took one year to complete plus \$30. worth of thread. The table cloth will be awarded sometime before Christmas and the winner does not have to be present. Tickets may be purchased from Alice Irvine, (H4-2394). This is a Ways and Means project and all proceeds, less cost of cloth, will go into the club fund.

COMMUNITY CHEST LAGGING

Mark Schaeffer and John Mitich, co-chairmen of the Red Feather drive here, urge folks to cooperate with the young people who are collecting on the \$850. quota for Alpine.

"Jeanette Williams and Joyce Bradshaw have done a fine job" says Mitich, "along with Anne Caldwell and Marlu Eggleston, spending their Saturdays, but only \$800. is in and many are not responding".

Mr. and Mrs. Claybourn La Force flew up to San Francisco to spend a few days with Mr. and Mrs. Frank Nixon. Mrs. Nixon's great grandfather was California's first governor. A wonderful time and nice weather was reported by Bea except the return by air which was a little stormy and exciting.

Mrs. Claude Young, president Alpine Women's club, her sister Bessie Young, Mrs. Willard Hayes and Mrs. Ethel Tracy drove up to Julian Monday for their monthly county executive board meeting at Julian Town Hall.

NOTICES TO VALLEY CENTER

A family of seven and one employee are moving Dec. 1 from Alpine to Valley Center to make their permanent home. John Mitich just bought 40 acres, a home with pool and a small apartment house for \$35,000. He came from Tucson intending to make his home here, but could find no reasonably priced place.

The family includes his wife, his mother, Mrs. H.J. Hill, who came here for her health, having a back ailment with temporary paralysis which has been much improved by Dr. Bofnowski.

"We have a fine place" says John, who will be greatly missed by many friends here, "with a family orchard, three wells and other features. We have 16 calves, horses, and will buy more". Others in the group are his sister Christine, and two nephews, Peter Priebe, 10, and John Pirooska, also 10. Paul Gastellum former trainer for Mrs. Arthur Pratt, goes along in like capacity.

Note- It is regretted that property valuation here seems to be too high. We remember several who came here intending to settle and invest, but found values "out of sight". We know a retired army man and wife who had heard of Alpine, came here in his trailer, searched several months, then left disappointed, put his money in Banning. Alpine's fine climate should not be priced so high!

GET THAT FIRE PERMIT

Although the heavy rain has ended fire hazards in brush and grass, it is still necessary to have a burning permit, points out Fire Com. J.H. McKie, Jr. "Call Marshal Conard at his home, H4-2888, leave word and he'll call, make inspection and issue permit, you may still get one from me or Johnnie Fredenburg, L % L Feed & Supply".

Ray and Inez Wilkins, property owners of "Ray's Place" are here to stay, having come up from San Diego. They are staying at the Alpine Circle Trailer Park in their 29' Masterbilt.

TRI-HI-Y GIRLS BUSY

As the holidays approach many service organizations are busy preparing for the different parties but I doubt whether any are as enthusiastic as the Tri-Hi-Y club. This year as in the past two they are busy making Christmas stockings for the Children's Convalescent home. Helene Sherman has donated patterns and the girls are busy making and dressing dolls plus painting and repairing old toys. Besides their busy schedule they find time to collect for the Community chest every Saturday and also paint the inside of the book store at Grossmont. (Keep up the good work, girls.)

MC GEE ON VACATION

For the first time in 14 years Mickey McGee, husband of Mineola, Tavern Road, took a vacation via train to visit his mother and two brothers whom he hadn't seen for all those years. His mother had been to California for a short stay, but the brothers could not make the trip. He will be gone 10 days, will visit Edwardsville, Ind. where he was born and reared.

Upon his arrival in St. Louis there was ice everywhere, he reports, "No place like Alpine." Sunday there was a wonderful get-together with all the family present. The McGee's own and operate a jewelry and watch repair business in Imperial Beach.

MUSEUM FILMS ENJOYED

Last night in Alpine Women's club, Clarke Evernham gave a lecture and three colored films on the aborigines of Australia. Many school children enjoyed the interesting evening.

Ralph Hose, Alpine Bakery, is already getting in orders for special Thanksgiving cakes and goodies, reports business at this new spot as coming along nicely.

DESCANSO PTA SCORES AGAIN
Friday, Nov. 14th 40 parents of Descanso PTA heard and unamously acclaimed the worthwhile and far-sighted program presented by a group of students for the improvement and beautification of the school and grounds.

Implementing their enthusiasm for the undertaking are an adult committee of five which has agreed to work with the students. Projects for immediate action based on student suggestions included many needed and desirable improvements of the kind achieved only by enthusiastic community effort of this sort. An organized summer-long recreation program was also given careful attention and left for immediate action with a committee. Other community or organizations have pledged their support. The program was closed with singing by the Glee club square dancing by students and refreshments for all.

The Claude Youngs entertained Mrs. Decima Comsert, her sister, and daughter Karen, 17, from Brawley, over the weekend; also Mr and Mrs. Paul Chafin, brother-in-law of Long Beach, and PF 3 Ray Wilson of an L S.T. based in San Diego, her second cousin. Ray expects to be in Korea in December.

Mr. and Mrs. Sam Randazzo went scouting to Flagstaff and Prescott, Ariz. with their two youngest sons, Alfred and Richard. They drove over to see the country and came back appreciating Alpine's nice climate. While there they visited John Brewer in Veteran's hospital.

Mrs. Agnes McGuffie has just received an attractive line of Xmas sundries featured by a line of the famous Coty cosmetics. The store is doing alright and is building up a nice fountain lunch business with those tasty homemade pies made by her sister, Margaret.

Virgil Ring, who has been laid up with a kidney ailment is improving steadily and will be on the job again soon.
