SEWER BIDS DUE NEXT MONTH

Officials report that bids for Alpine's Sanitary district will go out June 15 to July 1 and will not run over \$120,000. Delay and a slight added cost were caused by the definitely contemplated widening to 100 feet of Hiway 80 from El Cajon to the eastern county line, 72.6 miles which will mean a great increase in traffic and safety. The sewer lines, already surveyed, had to be redone for this reason, to be outside the proposed pavement. However, this will not make it run over the bonded \$120,000.

SCHOOL MOVES MONDAY

Supt. Frank Brown of Alpine Union School District officially reports the move into the new school on Monday May 11th. This will only affect the kindergarten and grades 4 through 8.

THORP SELLS BUILDING SITE

Mr. and Mrs. Irvin Toye, navy folk of S.D., have just purchased a choice homesite on Victoria drive from W.P. Thorp, and will build their home here at a later date. This area on the hill is one of the fastest growing parts of Alpine.

FRANKLIN HAD RIGHT IDEA

The famed author of Poor Richard's Almanac, which everyone should read and use its homely philosophy, once said something about not being a lender.

That applies equally well to tools, equipment and other items as well as cash. Which brings us around to the point of this thought: How long should a neighbor keep a tool which he borrows?

Or should he borrow it, or rather, should you loan it- in my many years of owning and using tools, some of them rather delicate and necessitating care, I, like many another individual and many firms that help out customers by loaning tools, have lost quite a number.

Once I loaned a paint gun to a fellow who failed to clean it. I had to spend half a day taking it apart and going over all the working parts, nozzles, etc. It cured me of loaning such tools. A crowbar, or a pick--well that's different!

Look over your tools, do you have any that belong to some good neighbor or a store; they'd like to have it back.

WRITERS DINE AND THINK

It was a stimulating session of the Alpine Writers when they gathered at Dorothy McDonald's South Grade home for a luncheon and discussion: 'The Mission of Art in the World'. Present were Doris Miller, Betty Kuphaldt, Dorothy McDonald and Guests Helena Baroness and Gene Gabor. The unusual menu is worth hearing about; creme of rye, tossed wild and garden greens home-made cottage cheese, home-cured olives, fresh orange juice, and citrus peel to nibble! Flowers and plants were brought to adorn The Enchanted Cottage, Helena's residence.

Reporter: "To what do you attribute your success?"

Businessman: "Well, I'm, trying to make an honest living, and there is no competition."

Mrs. Hosmer McKoon is convalescing at Gilman Hot Springs with a nurse in attendance and is much better, but will be away indefinitely.

FASHION SHOW FOR MAY 13

Once again the new school auditorium will be put to excellent use when Gamma Gamma sorority sponsors a 'Fashion Fun' show, proceeds to go to the purchasing of playground equipment for the Alpine Youth Center.

Guthrie's and Marci's will present a wide variety of styles for spring and summer wear. Door prizes, a raffle for a fry-rite, and refreshments will make a pleasant evening. Donation 50¢ children under 12, 25¢.

NEW MASONIC CLUB MET AGAIN
As The Sun was getting off the press and into the mail yesterday, it was impossible to report doings of the new Masonic Club here which had its regular session last night at Fuller Hall. A dozen members attended El Cajon Valley Lodge in a body last Monday week, were well received by the growing valley organization. Masons of this vicinity are invited, says president Samuel Runch.

Wife: I was a fool when I married you.

Husband: I guess you were, but I was so infatuated that I didn't notice it, either.

KIWANIS SEES NEED FOR ALPINE WATER DISTRICT

At the Kiwanis meeting the first indication that the Sun's outline of a possible water system for Alpine is bearing fruit, came about with the suggestion that the chamber of commerce be invited in to discuss this and other community projects.

Most feasible plan is that of bringing water from Hans Kern's ranch below Cuyamaca where he completed a big dam last winter, has impounded sufficient to supply a million gallons daily (See Jan. 15 Sun).

Another Sun suggestion, an Alpine bank, was discussed, Kiwanians believing that this community and the back country are entitled to such service, and that it can be realized in the near future.

It is believed that with the completion of the sewers and consequent granting of business building permits which have been held up because of this lack, Alpine's progress will get a genuine shot in the arm that will eventually demand the proposed water district which will bring untold wealth to this area.

SHEEDY RANCH NETS \$100,000.

Elmer C. Otto, retired New Yorker, and his wife, have just purchased the Sheedy Ranch on Highway 80 east of town, John M. Sheedy revealed Saturday, when the sale was consummated for one tenth of a million dollars for the choice 260 acre place.

Included is the spacious home, outbuildings, gardens, wells, springs, and the extensive land area which Mr. and Mrs. Sheedy took over in 1941, steadily improved and enlarged. It was originally known as the Alfred La Motte place. The purchasers, still in Purchase, N.Y., were represented here by Realtor Henry McKie, Jr. They take possession on July 1 when the Sheedy family moves to the new house they are building at Del Mar. In the fall they will move back to Alpine, declares Sheedy, as they desire to live here.

WALTERS REPORTS ON HEALTH
Judge E.A. Walters, Alpine's chairman of the newly created S.D. County Board of Health, presided at the Friday meeting in Civic Center, relates that the session accomplished several important health measures to benefit the county.

As part of the fly control campaign more stringent rules were adopted regarding horses in S.D.; recommended physical examinations for food handlers in the entire county, also regulations for food and drink vending machines.

One item of local interest was the adoption of regulations to be enforced for better fly control this summer. Recommended to the supervisors that a compulsory ordinance be adopted that all dogs in the county be vaccinated for better rabies control.

On Wed. May 20th the Community church will have a family pot-luck dinner at 6:30 in Fuller Hall. Col. Ed. Fletcher will show pictures of his trip around the world. All friends of the church are invited.

DESCANSO BENEFIT CONCERT

On May 22, 8 p.m. in Town Hall, Descanso, a benefit concert will be given for the church building fund. The choir of the Chapel of the Hills will give a group of numbers with Betty Gray Edwards, lyric soprano as soloist. Free will offerings will be appreciated.

FIRST AID AT FIRE HOUSE

Since the Alpine Barn is being converted to a fire house with quarters for a 24 hour man, officials plan to have a first-aid station housed here, another fine community idea that will be of great value. The big sliding doors have been installed and as soon as the windows are removed, the building will be ready for occupancy.

Steve and Diana Winslow, Temple Rock Ranch, have generously donated a 50-gallon butane water heater for use in the Youth Center building.

"That gal I married is an angel, Joe," exclaimed Jim upon meeting his friend for the first time in quite a while.

"You're lucky," Joe assured him, "The one I married is still living."

The Community club held their regular monthly meeting Friday April 24th. The next one is slated for the 29th of May.

All our sympathy to the Bogans, who lost all their possessions in the fire which swept their home.

Mr. and Mrs. Jerry Klipp were visited recently by Cpl. Eddie Baumgarten. Formerly from the Klipp's home town in Wisconsin. The corporal was temporarily stationed nearby.

The big papers had some nice stories and pictures datelined Alpine. Fine.

POUR COURT AT YOUTH CENTER

A jolly working crew Saturday morning completed laying cement for the first shuffleboard unit at the Y.C., Hugh Trail directing, with Bob Smith, Ed Bike, Lonnie Dennis, Frank Wilson, Bill Doerr, Chet Brown, and Phil Hall on the job.

Junior artisans were: (good workers, too) Dick Brown, Alfred Randazzo and Mike Sosa. Carl Schweiss brought his little bulldozer, did a lot of earthmoving. Virgil Ring lent his cement mixer, Everett Homes, his wheelbarrow and cement tools. This shows a fine community spirit, means that soon as the building permit is secured, the structure will be quickly completed.

'Help is needed' states Phil Hall, prime mover in organizing workers, 'and we'd appreciate seeing more fellows turn up this Saturday as we will pour another unit, making a concrete slab 30 by 52 for the 5 courts, also for dancing, skating and so forth'.
