### MORE BUSES IN FUTURE

'Seven years ago we ran one bus hourly to Tia Juana', explained V.R. McClure, district sales representative, Pacific Greyhound, when he came here for an interview with the Alpine Sun following the bus story in last issue, 'but today traffic demands a 12 minute schedule'.

Similar improvement can be obtained for Alpine when and if such service is required, with adequate stops along the route to S.D., he added.

Alpine, once a flag stop, is today a point on the schedule, McClure pointed out, and more buses will be put on as demand grows.

F.H. Whelan, industrial relations director, S.D. Transit System, with E.A. Reeder, superintendent of transportation, also paid a visit to the Sun office. Whelan pointed out that his firm, while anxious to serve all its territory, is in no position to handle mountain traffic, 'at least not for many years until this area becomes densely populated'. They showed keen interest in the welfare of patrons and prospective ones.

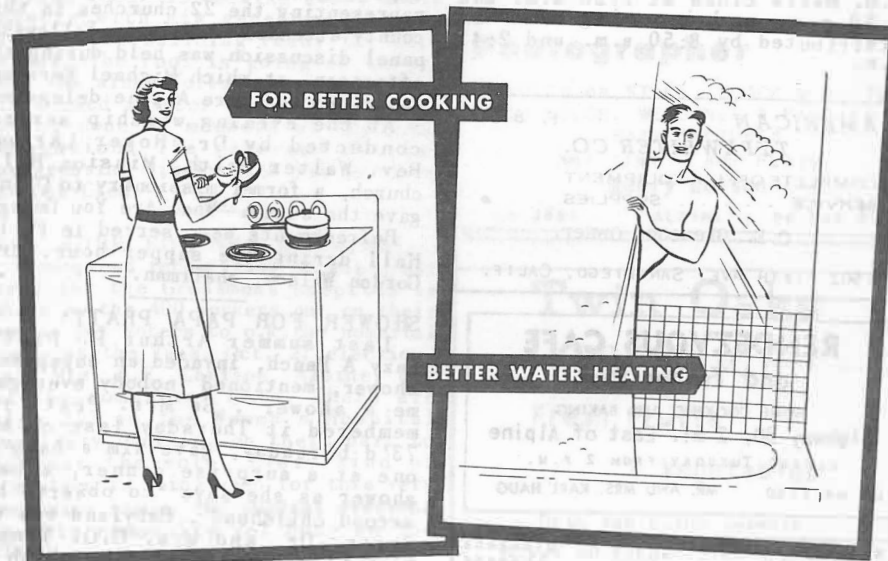

The conclusion is that a bus line, or even a taxi service, must have sufficient business to make it profitable. Population along Hiway 80 is still too sparse. Likewise, serving Harbison Canyon's 175 families would be impractical.

'Through buses of course do not stop at every road' mentioned McClure 'but local cars will pick up and discharge passengers at any point'. When more traffic shows the necessity, more coaches will be run, he said.

Present schedule is ample, with 8 west and 5 east daily leaving Alpine.

To run an automobile round trip to S.D., the cost is 7¢ a mile or \$4.20, while bus fare is 75¢ plus 11¢ US tax, the roundtrip \$1.35 plus 22¢ tax.

As for a special bus to haul workers, it is believed that is impractical due to widely divergent destinations and hours, besides added cost of getting to and from the bus terminal in S.D.

## BETTER GO ALL-ELECTRIC

Go *all*-electric and you actually buy your electricity at lower rates.

Yes, economy alone should make you switch to electricity — for both cooking and water heating.

Of course — there are other benefits:

Cooking electrically is automatic. Quicker, easier meal-preparation — in the cool, clean, relaxed, modern manner — allows more attention to varied menus and healthier meals.

Your water-heating problems disappear. Electric water heating — completely automatic — is safe and convenient. It's so easy to heat water electrically — so reassuring to know there's always oceans of hot water for instant use any time, any place.

Today — see your dealer and discover for yourself why it's best all ways to go *all*-electric — for both cooking and water heating.

## BIG CHURCH CONCLAVE HERE

The San Diego Association of Congregational Churches and Ministers met Sunday afternoon and evening at Alpine Community Church. Over 300 representing the 22 churches in this county attended. A Pilgrim Fellowship panel discussion was held during the afternoon, at which Michael Kern and Manuel Maddox were Alpine delegates.

At the evening worship service conducted by Dr. Roger Larson, Rev. Walter Smith, Mission Hills church, a former missionary to China, gave the sermon 'What Are You Doing?'

Refreshments were served in Fuller Hall during the supper hour. Mrs. Gordon Wilson, chairman.

## SHOWER FOR PAPA PRATT!

Last summer Arthur P. Pratt, Lazy A Ranch, invaded an engagement shower, mentioned 'nobody ever gave me a shower'. So Mrs. Pratt remembered it Thursday last on his 73'd birthday, gave him a bang up one at a surprise dinner, a baby shower as she says 'to observe his second childhood'. Babyland was the decor. Dr. and Mrs. C.O. Tanner brought a bonnet and bib, which he had to wear! Mrs. Pratt turned up a unique gift, his picture in long dress at age 2, shop in Red Wing, Minn. Among many guests were Mr. and Mrs. John M. Jones, of Alpine. The Pratts leave the end of this month for a trip to Mexico City.

Enjoying the opening night of 'Caine Mutiny Courtmartial' in S.D. were a number of Alpine drama lovers and members of the players: Elizabeth Ball, Bea La Force, Mr. & Mrs. Clarke Irvine and others.

Cecil and Beany (Bob Clampett), of TV fame, were attention-drawing visitors Sunday week at the Log Cabin where Cecil Starling, one of the owners, is an old friend.

After the check-up of a returned veteran, the doctor said, 'There's nothing radically wrong with you. All you need is a little sun and air. 'Yeah, I know,' replied the patient 'but my wife is dead set against children.'

## NEW CHURCH GOING UP

The Rev. A.J. Schoonover, head of Bethel Assembly, which is building a new edifice on Arnold Way near Tavern road, is working every spare minute with his generous helpers to get the building ready for services. The roof is going on today, and the sides follow next week. This is indeed a labor of love, all work being done by members of the congregation. The reverend is also progressing nicely with his own home at Oak Glen.

## 400 WORK FOR NEW HOSPITAL

Widespread recognition of the great need for the Grossmont hospital is shown by the 400 workers out on their own to get voters to o.k. the hospital bonds at the Tues. Oct. 27 election, says Mrs. L.E. Carlson, Alpine, one of the committee here. There are also 223 in the Women's Hospital auxiliary carrying on their part to get out the vote. Every kind of promotion is being used for this very necessary issue. (We suggest everyone in this community get busy on the 27th).

Joann Adams, Tavern rd. artist is home from the hospital where she had surgery, is mending fast.

### WILL THEY DROP THE ATOM BOMB ON US?

Your guess is as good as mine, but if they do, our only source of reliable information will be the two radio wave bands allotted to the Civil Defense organizations by the government. My 1954 radios have these positions indicated on the tuning dial. They also tell you the time, wake you up, and start the coffee percolator. How they can do it for only \$35.95 I'll never know. **TWO SMALL FIRES DOUSED**

Last Saturday week a tenant at O'Hara's motel departed, evidently left a rubbish pile burning which ignited the brush, but was quickly extinguished by Alpine's fire boys. Another caused by an oil heater leak called them to the Woolrich home Monday night.

Mr. and Mrs. Vergil King from New Jersey, cousins of J.H. McKie, Jr. stopped on their way home to visit them and Mr. McKie's father. King is engineer for Hills Brothers Coffee Co. They were much impressed with Alpine.

**NEW BIDS FOR SEWER BONDS**

Alpine's Sanitary district has been temporarily held up due to there being only one bid for the bonds, Taylor & Co. Beverly Hills, whose interest rate of 5.46% was thought too high, so the supervisors rejected it. Legal limit is 6%. It was for \$120,000. They will advertise for \$115,000 on a 24 year term, as the low bid from E.P. Watson, S.D. contractor was for \$103,000. Six construction bids were received.

C.B. Olsen, in the county's public works office, told the Alpine Sun that 60 days is allowed, so re-advertising for new bids will be in order, and new date for opening has been set for Nov. 10, which should reveal a more inexpensive deal.

Larry and Ruth Rooklidge took off last week to spend their 12th anniversary fishing in Utah, leaving Windy Hill Ranch and the kids in charge of his mother. They report a wonderful honeymoon renewal.

**JIMMY STOLZ HAS PARTY**

A birthday party is a mighty big event in the eyes of a little 5-year old youngster of the August Stolzs who recently moved to Alpine from San Mateo. Jimmy invited many of his little friends he met in kindergarten and they enjoyed an afternoon of hunting peanuts, games and a few of the younger ones enjoyed dunking in the fishpond when no one was watching. Mr. Stolz is a realtor.

### CHALUPNIK, PIONEER, DIES

Alpine lost a pioneer and respected citizen when John Charles Chalupnik, 72, succumbed to a second stroke last Monday week. He was born in Traer, Ia., Jan. 27, 1881, of Czechoslovakian emigrant parents who had met in that state. John was the eldest of 8 boys, and 3 sisters who came for the funeral at Benbough's, San Diego.

Chalupnik was an honest, hard-working God-fearing farm boy who put himself through college, being a graduate of '06 at Iowa State in Ames. That year he came to L.A., went into the Imperial Valley, farmed at Holtville, Brawley, Calipatria. He was once a director of the bank in Imperial, was well known and liked all over the desert.

Besides the large family, he leaves his widow, Mrs. Gladys, to whom he had been wedded 10 years, having met in Descanso, and one daughter, Alma, wife of the war correspondent David de Luce, now in Germany.

He founded Ocotillo in 1944, on the desert's edge, also a tract in Alpine, engaged in real estate and insurance here.

His brother Mike, a minister of the Four-Square gospel, came to aid Mrs. Chalupnik, and assist at the services which were conducted by a brother minister, the Rev. J.O. Kirk, S.D. Family and friends from all over the Southland were present. Mrs. David Barker, a cousin, is here from La Habra, helping Mrs. Chalupnik, who will carry on, will maintain her home here.

Mrs. James C. Irwin, who is staying here with her sister, Mrs. Fern Womack, while her husband is in Beaver Lodge, Can. with the air force has been entertaining her mother, Mrs. Lena Brown, San Pedro. The Irwins came here from Klamath, Cal, before he was sent north.
