

### GRAYS HERE TO RUN TAPPY'S

Mrs. Katherine Tappmeyer, popular owner and operator of Tappy's Motel & Cottages, has just leased the place with its lovely modern units to Mr. and Mrs. Geo. Gray who came here on the first from Palm Springs. They will have charge for one year during which Mrs. Tappmeyer will rest, enjoy some well earned vacation trips. She retains a small apartment which she will use when at home, will not leave her beloved Alpine, she says.

### FESTIVAL STARTS TOMORROW

All is ready for the two-day First Annual Festival of Arts and Crafts which opens tomorrow at the Alpine Tavern at 10 a.m. It will run till 10 p.m. both Saturday and Sunday. The public is invited, admission free.

The Alpine Artists and Writers will hold their annual art mart at the same time, to which have been invited all art groups in the county. It is expected to bring forth

### DR. WOODALL IN KERN PLACE

L.G. Thornell, new owner of the Hans Kern place, upper Victoria Dr., has just leased it to Alpine's new doctor, Earl C. Woodall, M.D. With his wife and two children, he has already moved in, and is treating patients. Office hours are from 10 to 12 and 2 to 5. The new phone is Hickory 5-2345. He came up to help out while the late Dr. Kistler was sick.

Note- Alpine welcomes this fine family and the Sun hopes that eventually the genial doctor will find it necessary and wise to make use of this large residence for expansion into a community sanitarium with facilities for maternity and so on, something badly needed in the back country. -C.I.

LOVELY PAINTINGS WILL FEATURE ANNUAL EXHIBIT OF ALPINE ARTISTS AT JUNE 5-6 SPRING FESTIVAL OF ARTS & CRAFTS AT TAVERN GROUNDS. HERE ARE MRS. LIEF LARSON, LEFT, WITH ONE OF HERS, A SCENE AT ADAK, AND MRS. H.C. STURDIVANT, WITH ONE OF HERS, A YOSEMITE SCENE.

### PAUL NICHOLS MARRIED

Mrs. Gladys McDonald and Paul Nichols, well known resident of Willows Blvd Rd., were married recently in Yuma, returned to Alpine to make their home where he has been a resident for a number of years. She has three grown sons, two in the air force, and one in the forestry service.

### PLANS BUILDING HOME HERE

A choice 4 1/2 acre site north of the Alpine Villa on Tavern Road is being readied by Al Hinkle, lumberman, for building his home in the fairly near future. Butler Drilling Co. found him a fine water supply at 305 feet with a 2' drill which will amply fill domestic needs. The other day Al was on the site, noted the ground around the well was damp. Scrutiny disclosed the top of the shaft was bubbling over with sparkling pure water! 'The table must have risen here' he says, 'which makes me happy'.

#### ALPINE NEEDS RECREATION

A couple of tennis fans were seen last week hitting some fast ones up at the Pine Valley tennis court. A close look revealed Ruth Rooklidge and Alice Irvine, two Alpine sorority gals enjoying themselves immensely.

'Sure, this is fine' explained Ruth, 'but why can't we have a few recreation facilities at home?'

This makes us bring up the idea again; why not a golf course, a tennis court, a swimming pool, a shuffleboard court and a few other things right here in Alpine?

We have enough population, a growing 2400, with another expanding few thousand in the back country. Now our children have to bus to Gillespie Field to swim, or pay to plunge at the delightful Big Oak ranch pool, also out of the community. The other facilities we lack.

If such a move is started, the Sun will work day and night to raise funds, boost it and help in every way possible so that we and our youngsters may have proper recreation. -C.I.

#### THE GOAL OF THE SUN

1. TO PROMOTE A WATER SYSTEM FOR THIS AREA THAT WILL ALLOW IT TO DEVELOP AS A HIGH CLASS RESIDENTIAL AND AGRICULTURAL COMMUNITY.

2. TO OBTAIN OUR RIGHTFUL SHARE OF COUNTY POLICE PROTECTION.

3. TO PROMOTE A HOTEL AND COMPLETE FACILITIES TO SERVE THE TOURIST TRADE.

4. THE ESTABLISHMENT OF A BANK TO SERVE THE ENTIRE MOUNTAIN EMPIRE.

5. TO INTEREST SOMEONE IN BUILDING A SANITARIUM HERE TO SHARE IN OUR WONDERFUL CLIMATE.

6. TO STIMULATE COMMUNITY PLANNING IN TRAFFIC, ROADS, ZONING, STREET NUMBERING, ETC., SO ALPINE MAY LOSE ITS RURAL SHORTCOMINGS.

Mildred Rorie's mother and father, Mr. and Mrs. Henry Garrett, Yuma, were here for two weeks visiting. Mrs. Garrett came specially to receive treatments from Dr. Frank Bornowski.

#### ROAD WORK GOING AHEAD

Sam Hanson, head of local county road operations, reports that the improvement of Dehesa road has nearly reached lower Tavern road. Over \$5,000.00 worth of steel culverts are on hand, from 18 to 72 inch pipes, for both roads.

They have just finished oiling the three miles of new road from Suncrest to Harbison Canyon. Midway drive is being surveyed to cut four curves, include a new bridge, work to start soon.

#### THREE RATTLED KILLED

Frank Fitzgerald, who has the cottages just below town on 80, killed a baby rattler on their back porch last week. Then a few hours later the mother came looking for the missing offspring, caused a lot of excitement when Sally and daughter Mary found her on the porch. Frank rushed up with a hoe--best snake weapon there is-- and dispatched her. She had seven buzzers. Then along came another youngster with one button which he quickly killed.

#### BROWNS OF S. D. MOVE HERE

The cute Hansel & Gretel cottage owned by the Whites on Midway Dr. has just been occupied by Mr. and Mrs. M.F. Brown. He is with Slayen's Upholstery, commutes to his work in S.D. They came from Minneapolis Originally.

Gene Wilcox is wearing a big smile. He just had delivery of a new expensive automatic pipe threader for his plumbing business. It's fascinating to watch it do everything but swear!

### MRS. STROUD TO KANSAS

From Topeka comes a check for renewal of subscription to the Sun from Mrs. Mary-M. Stroud, former Alpiner, now of S. D. She is visiting friends and relatives for a month or more.

A white-haired old lady bouncing along in an antiquated automobile made an illegal turn. The traffic cop had to blow his whistle repeatedly before she came to a stop. 'Didn't you hear me whistle?' he asked. She looked at him, wide-eyed and innocent. 'Yesk indeed,' she said, 'but I never flirt while driving.' The smiling cop waved her on.

### TRAFFIC DEATHS DESERVED?

In reviewing accident reports, it was discovered by the Highway Patrol that in about 85% of all accidents, one or more traffic laws were violated by motorists or pedestrians of both, reveals commissioner B.R. Caldwell. He also mentioned the headstrong pedestrian who tries to pit his weight against that of a car!

### SORORITY ENJOYS DINNER

The Gamma Gamma girls wound up their fiscal year with a cocktail party and dinner at the home of Mrs. Dave Gardner, Viejas Valley Ranch. Co-hostess, Alice Klipp and helpers, Eleanor Kidder, Mineola McGee, Grace Buchmiller and Alice Irvine planned the menu and table decorations in a bon voyage motif, gaily decorated the living room to carry out their theme.

Plans for the coming year were discussed with a rummage sale to be held early in July. Therefore, if anyone is moving and or is overburdened with clothing or anything that the sorority can sell, please call HI5-2394 for a truck to pick up. The girls use this money for their many philanthropic projects' says Mrs. McGee, and your cooperation will be appreciated.

## FIND PREHISTORIC RIVER

One of the most unique wells in this area has been completely cased by B & R Drilling, of E.C., who just finished the job for Dr. Frank Bornowski, Arnold Way. They believe it is in an ancient river bottom for it has a large flow, and is in loose sand and gravel, which necessitated its being cased the full 40 feet, in 4 foot width. It took over two weeks, and enough water had to be pumped out while the work progressed, which would have supplied the house for 3 or 4 years! when completed, it took only 20 minutes for the water to rise 8 feet! Needless to say the Bornowskis are happy

**NEW MAIL SERVICE JULY 1**

El Cajon PO will become the dispatch office for the mountain empire routes on the first of the month with mails leaving at 8 a.m., returning at 4 p.m. This will do away with the delaying trip which leaves S.D. for Jacumba, from whence Alpine mail comes down next morning, and leaves on that truck. Likewise the present afternoon mail arriving at 2 p.m., will be up shortly after 8 a.m. This is a fine improvement, one which Alpine has desired for years.

Note- Now all that remains to give local residents of the Harbison Canyon and west Alpine areas their rightful title to an Alpine address, is to put on a second route here, and serve those areas, instead of being in the El Cajon PO as Alpine used to be.-C.I.

**WEINSTOCK'S FINE TREE PLAN**

Some 25 years ago, reports A. Weinstock, pioneer of El Cajon, a plan was started for block planting of evergreens at curbside, but it lost steam, he says, now should be revived in order to beautify the city, help conserve moisture.

'Most Southland cities are keenly interested in beautification' he declares, 'so this would help a lot in making El Cajon more attractive'.

Note- We heartily agree with our good friend Weinstock, might add that the entire county should embark on such a plan. Imagine the beauty of Alpine if each property owner were to put out and care for a few trees during the first season. Let's plant trees! -C.I.

The first Alpine school annual book is now on the press at the Sun office, will be a nice, well illustrated tome, making a fine souvenir. If you want one, contact the school. It would make a nice gift for any former Alpiner.

Dear Editor: - Just to let you know how much we enjoy the Alpine Sun since we moved back to Alpine. Even though my husband and I work in San Diego and do not have much time for community activities, we enjoy reading about them and the folks who participate. **ALPINE COULD GROW NUTS**

Just now this county is eyeing the advisability of planting a subtropical nut, the tasty macadamia, or bobble nut, native of Australia. Present supply, mostly roasted in bottles, comes from Hawaii, is quite a commercial crop. This news comes from C.D. Gustafson, farm advisor, who says the climate here is conducive to its growth. Some plantings have already promised well. A new bulletin on it is available, he says.

Note- When I was living 'Down under', I first met this tasty nut, ate them regularly, still get some here, but prefer no roasting or salt. If Alpine gets its water supply, I believe many will plant this tree commercially for it is a coming profitable crop.

The Alpine Sun . . . Odessa Callaway, now a resident of Alpine, was a visitor in Chula Vista a few days ago and took the occasion to hand us a copy of Clarke and Alice Irvine's publication. It was a 16 page (5x8) filled with lots of local news, advertising and some pictures. Mrs. Callaway comments, it isn't large, but the folks who publish it have lots of fun and it does much in helping develop a community spirit and keeping the readers informed of what is going on locally. Also it is surprising, Mrs. Callaway adds, just how many folks nearby have services and merchandise which we might otherwise drive miles to get. -Chula Vista Newspaper.

many works of local painters. Prizes will be awarded for paintings, grand sweepstakes for the best picture and others for portraits, still life, landscapes, etc.

A special scholarship award in art will be presented and the judging and ribbon awards for work of Alpine school children will be at 2 on Saturday at the studio on the Tavern grounds. A.A. Barrelle, of Alpine, noted artist and sculptor, will be one of the judges. The scholarship is a 10-week's course with Valentine Morse, noted portrait artist of Alpine. It will be made Sunday afternoon.

Local painters who will show are Mrs. H.D. Sturdivant, president; Jean McCullough, Anne Lusk, Elizabeth Kuphaldt, Sam Crystal, Peggy Bishop and others. Mrs. Pearl O'Neill, 85, senior member, will also show several canvasses. One feature will be a series of sparkling seascapes done by Maree Larson during her year on Adak, Aleutians.

The Hobby and handcraft show will be sponsored by Kiwanians of Alpine and many unique and fascinating subjects will be displayed.

The flower show promises much, with many prizes: miniatures 3 to 6 inches, native flowers, best mixed bouquet, single bloom any flower, and arrangement, no limit.

During the two-day event Wm. S. Lethbridge Tavern host, has secured a pair of Spanish minstrels who will play their guitars and sing day and night, adding a colorful touch to the affair. "It's the sweetest music I ever heard" he declares.

The A.A. Barrelles who now occupy their lovely new adobe home overlooking Victoria Dr., have just purchased 11 acres immediately below their place, mainly to preserve the outlook.
