One woman had a heart attack and many invalids and older residents were severely shocked and thrown into confusion when a charge of dynamite was set off at 11:15 Saturday night above the village. Close to \$200. damage was done.

It was reported the Community Church windows were broken, but it was two in the parsonage, reported Dr. Roger Larsen. Others suffering broken glass: Foster's, McKittrick's, H.J. McKie's, the Woman's club,

HUNAWAY CAR HITS MARKET

While coming down Victoria Dr. from the church festival last Sunday week Mr. and Mrs. Frank Rosman nearly missed death when his brakes failed and the machine careened wildly down the grade, crashed into the corner of the Empire Market. A miracle saved it from colliding with heavy traffic as it crossed Highway 80, a second one saving it from going through the door of the busy market where it might have killed someone and put the store out of business for some time.

DISTINGUISHED GUEST LEAVES
Col. Robt F. Lethbridge, of London and Uganda, Africa, one of Europe's leading mining consultants and geologists, left by air Saturday evening, arrived in Dublin, Ireland, for a board meeting Monday morning, reports his brother, Wm. S. Lethbridge, of Alpine Tavern, who has been entertaining him for a fortnight. It was the first time in 26 years that the brothers has met.

The older brother travels incessantly, spends much time in

Fortunately both were only slightly injured. They have a cabin at Suncrest, live in S.D. Barney Ratliffe, owner of the building, says no damage was done other than scratches. He recalls that in 1947 a car crashed right into the Log Cabin Cafe when he owned it. Alpine Motors towed the demolished machine away.

JACKIE UNINJURED

In a minor accident with her car last week, Jackie Whitney, Florence's Market escaped with slight injuries.

SENIOR WILCOX TO BUILD

After selling his Tavern Rd. home, R.D. Wilcox is preparing to build a smaller new home on the mesa to the south where his son Roger has a building site and a fine well.

EDITORIAL**ARE DYNAMITERS HAPPY?**

If the boys or men, from Alpine or elsewhere, who exploded a heavy, damaging charge of dynamite near the village on Saturday night at 11:15, as a Halloween 'prank' have enjoyed the noise, then they might think over just how much fright, pain and loss they inflicted upon innocent old people, sick persons and others.

One woman had a mild heart attack, several older people were so frightened and disturbed that they were unable to sleep for two nights. Damage of perhaps \$200. was done.

Had anyone died of a heart attack due to this insane blast, a manslaughter warrant would have been issued and those responsible, if caught, might suffer a heavy penalty. Yes, if this kind of thing is fun for anyone, then something radically is wrong with their minds.

RUMMAGE NETS ESA \$70.

The Gamma Gamma sorority wishes to thank Alpine for the tremendous response to their plea for rummage which netted them sufficient funds to start philanthropic projects for the year. They donated \$50. to the Youth Center, the rest to help local needy children.

CHAMBER JOLLY TIME NEARS

Two weeks from tonight the big box social, dinner and dance will no doubt be attended by numerous couples and young folk, the first of its kind to be given by the Alpine Chamber of Commerce in the school auditorium. Gentlemen will buy the dinners that the ladies of the village packed-- and its packer goes with the dinner!

FIRST young man: "How is it you don't like girls?"

Second young man: "Because they are too biased."

"Biased? What do you mean?"

"It's bias this and bias that, till I'm broke."

LANDHOLM PUTS IN POLISHER

A new polishing and waxing power buffer has just been installed by Larry Landholm, owner of the Chevron Service station here. He is using Sur-Lustre, a new compound made in Long Beach, which does the job in two operations, first cleans without taking paint off, then highly polishes with a hard, weather-proof surface.

'Better get prepared for fall and winter rains' says Larry, 'one application will last till summer with average driving, but we recommend one application every three months'. Phone HI5-2963 for details.

BETHEL'S 4TH BIRTHDAY

The Rev. A.J. Schoonover conducted a water baptismal service at the 4th anniversary Sunday in which five were baptised: Joy and Donna Runnestrand and their mother; Corda Watson, and Stephen Eremenko. The Melodaires from radio KSDO sang to a full house at both morning and afternoon services. A delicious spaghetti dinner was given on the grounds following morning worship.

The Assembly extends a sincere and hearty invitation to everyone in announcing its women's weekly prayer meeting at 9 a.m. on Tuesdays.

TAVERN GETS NOTED CHEF

With completion of the new redwood dining room at Ye Alpine Tavern, Wm. S. Lethbridge, operator, has brought one of the Southland's most experienced chefs, Gerald Louder, to preside in the culinary department. He was formerly at the House of Hospitality, is well known for his efficient and unusual heading up of this work.

POMONANS BUY THORP HOME

The one acre and stone dwelling with guest house on Highway 80 above town have just been sold by W.B. Thorp to Chas. and Florence Abbond of Pomona who will move here early next month. Thorp plans improvements on some of his other holdings here.

METHIASONS BUY HOME

Since Dorothy Cloonen moved into her new home on Willows Rd., her other dwelling has just been sold to Mr. and Mrs. Helmer Methiason who have already moved in. He is security officer at the Viejas Honor Camp. Sale was by Carl McCall.

THE BUTCHER was busy waiting on a customer when a woman rushed in and said, "Give me a pound of cat food, quick!" Turning to the other customer she said, "I hope you don't mind my getting waited on before you."

"Not if you're that hungry," the other woman replied.

Africa, Greenland, the Sahara and Uganda. He was active in British Intelligence work in W.W.2. He was shown over most of the county, was quite enthused over the future of this section, complimented S.D. on its fine zoo and parks. He believes with his younger brother that Alpine has a very bright future.

He showed a series of beautiful color slides one evening which he had made on his many mining trips, in turn was entertained by Dr. and Mrs. C. Randall Knox, with color slides of their several Mexican sojourns.

THE PHYSICS teacher was talking about displacement. "Miss Jones," he said, "would you be good enough to tell the class what happens when a body is placed in water?"

"Certainly," said Miss Jones, "the telephone rings."

KIWANIS STARTS TOY LIBRARY

Another fine community project of the Kiwanians is being started with the inmates of Viejas Honor Camp, outlined at a dinner session last week in the mess hall at the camp off Highway 80 above here.

V.R. Belnap, superintendent of such camps for the county, made the evening's talk on the project, introduced by G.F. Jamieson, camp supervisor, who was presented by president Manuele of the club. The community is invited to give used, broken and parts of toys so the fellows may keep busy repairing and painting them for the coming season.

"When a man accomplishes something with his hands he feels he is doing something for someone" he said, "which is a terrific impact on individual inmates, with profit to you, for in such ways we turn out a friendly citizen, instead of one who desires revenge on society, and might go on to more serious offenses. The idea is to have a toy library where children may draw items like books, and be taught to take care of them. Leave materials, also paints, brushes, small tools, at any store in Alpine, and help in this fine project."

TAVERN OPENS NEW DINER

The roomy new redwood dining room added to the Alpine Tavern is opening next week, reports Wm. S. Lethbridge, co-owner, as the entire addition of some 150 square feet, open all summer, has now been enclosed and made integral with the old inside room. A grand opening will be announced soon, he says. This makes a fine addition to the famous Tavern, now one of the finest eating places east of S.D.

SCHOOL OF 1928

Twenty-five years is far enough for anyone to cast that "backward glance". Alpine school, twenty-five years ago, wasn't very large. There were twenty children attending the little one-room school. There were all eight grades and one teacher. It took the whole school to make up a good soft-ball team and we had one, too.

Every morning at exactly half-past eight we rang the big bell in the steeple. One of the boys turned on the windmill so we would be sure to have plenty of water in the tank. In the winter the boys carried in the wood, built the fire, carried out the ashes. They helped me do the janitor work after school. Sometimes we'd put a "boiling hen" on to cook in the morning so we could have chicken soup by lunch-time. In the warm weather we all took our lunches down by the Tavern Creek, and ate in the shade of the big trees down there.

Every spring, linnets would come in the transom windows and build nests in our big supply cupboard in the front of the room and on top of the big clock over the door. We watched them hatch their babies and teach them to fly.

SCHOOL OF 1954

Every spring we'd get "garden fever", too and all the children would bring vegetable and flower seeds and we'd dig and plant and hoe our gardens. The wild rabbits never had it so good. They were generous, though, and always left us the radishes and California poppies.

Yes, in twenty-five years Alpine school has changed. It has grown from the "little red school house" to this beautiful building that graces the countryside. We are proud of our fine school. Children have always been proud of Alpine school. I think that pride is summed up in this poem written in 1930 by Dorothy Marie Lamb, one of my seventh graders.

ALPINE

Surrounded by hills and trees so cool,
 Stands Alpine's little old country school.
 There's an old windmill in the corner of the yard
 That pumps and squeaks when the wind blows hard.
 There are old-fashioned desks and an organ inside,
 But for all the old things they're our love and our pride.

SUTER NEW DEFENSE CHIEF

'In case of disaster-- war, quake, fire-- what would you do if our power were knocked out' asks Bill Suter, new head of Civil Defense in Alpine, replacing H.J. McKie, jr., who is leaving. 'So what would you do for water, cooking, heat, deep freeze, refrigeration and power?' he asks. 'Moreover, you could not get one drop of gasoline, or air for your tires!'

Suter, veteran navyman of W.W.I is busy on filling out his staff, makes an ideal man for this important job. He was on a destroyer in France, later worked in aviation at North Island.

CHURCH FIESTA BIG HIT

The first annual St. Philomena Catholic Church fiesta, with parade and two-day program on the church grounds, was a big success, reports Fr. A. Geimer, now resident in the new rectory here. Mike Harmer won the TV with his lucky ticket. Only mishap, transformer overloaded, went out, took the lights with it on closing night.

CLARENCE STEARNS RETURNS

One of America's great photographers, Clarence Stearns, is a resident of Alpine, having recently returned from his summer home in the wooded lake country of Minnesota. He recently was given a wonderful interview in *The American Photographer*, with a picture of himself, shown herewith, along with his

beautiful cabin in the woods, and portraits he made of Presidents Coolidge and F.D. Roosevelt. He has shot many other notables: Knute Rockne, Jack Dempsey and others. He is a past president of the Photographer's Association of America, mentioned Alpine in the story. He has been in the work since he was 15. Alpine is proud to have such a distinguished resident--and genuine booster.

BETTER BUSINESS MEN ELECT

Dr. Frank Bornowski conducted the final meeting of his half year as chairman of the Alpine Better Business Association Tuesday at luncheon in the Alpine Tavern. Nearly every member was present, it being election time. Louis Landt was voted chairman for the next half year, with Johnnie Grandeur named as secretary-treasurer.

Frank S. Brown, superintendent of the school district spoke on the situation of maintaining two plants, also the disadvantages. He said Richard Reno had appraised the old plant at \$20,000.; Henry McKie, at \$25,000. Also movers are estimating cutting up the one good structure, putting it down across Hiway 80 for future use. He added that the board is open to suggestions from the taxpayer. Any sale must be for cash. The state cannot loan more for building the needed rooms.

U. S. MARSHAL BUYS HERE

Mike Leibert reports the sale of his pioneer home in Alpine Terrace with citrus grove to Joe and Ferne Miller of Portland, Ore. He is a retired U. S. deputy marshal, selected this area for its salubrious climate. They will move in shortly. The Leiberts are taking one of the Ratliffe rental cottages. They lived in Alpine 20 years, when he came here on crutches, was cured.

ALPINE WELL PASSES OK

When Dr. Frank Bornowski, Arnold Way, recently had the B & R Diamond Drilling Co. deepen his well, he struck some extra special water which the county health department has analysed as very fine for drinking, in fact the doctor has a permit to sell it for drinking purposes. It is as fine as anywhere in the state, officials said.

50 AT DOG MEETING

Interesting views of dog-owners were heard at the last Wednesday meeting of the Dog Owners' Protective Association in the Youth Center, in charge of Mrs. Gertrude Fournier, president. The idea was to get the peoples' versions on the new dog ordinance, and to hear their views. About 50 were present and much enthusiasm was shown. Barking dogs had sparked this and other gatherings in this part of the county.

BETTIE REABOLD WEDDED

A new couple are now making their home on Willows Rd., Mr. and Mrs. Geo. Jones, following their marriage Oct. 23, at Christ Lutheran Church, La Mesa. The bride is the former Bettie Reabold, daughter of the Walter Reabolds, Willows Rd. Young Jones is the son of Mrs. Louise Jones. Flinn Springs. Miss Marlen Luppke was maid of honor and Geo. Smith, best man.

Mr. and Mrs. Henry Newton, San Bernardino, spent a few days last week with the Frank Bornowskis. He is Mrs. Bornowski's brother.

ANGELENO MOVES HERE

Mrs. M. Ruth Butler, for many years secretary to the chairman of the board, and president of Hills Richards and Co. in L.A. has retired, moved to Alpine where she will make her permanent home at the ABC ranch on Olivewood Lane. Mrs. Butler is an old friend of Mrs. Marie Carlson, is living next to her.

DYNAMITE STORY FROM PAGE 1

Bailey's Cafe, Alpine Hardware, Rorie's Service Station, 76 gas station, and others. At Ansell's it blew a large window open, threw bottles from a shelf at Holland's garage, and opened one window, closed another at the home of Gordon Wilson. Heaviest loss was in the apartment of Mrs. Jeanette Hinkle where two shelves were blown off their brackets, breaking many priceless items of early American glassware, one blue jug being valued at \$40.

Extra sheriff's cars were on hand, the event having been perpetrated for several years, but as time fuses are used, there seems no way to catch the miscreants.

Several irate citizens were mad enough to have shot on sight anyone caught shortly after the blast, and there is talk of a reward being offered by the man whose wife had the heart attack.

'I thought the whole house was coming down around our heads,' said Wm. S. Lethbridge, operator of the Tavern, 'it shook so hard.' Others reported glassware, even furniture moved about, and the concussion was beyond South Grade Road. (See editorial)

RUSHING HEADS KI WANIS

Election of officers for 1955, just announced shows: president, Fred Rushing; 1st vice-president, Forrest Hohanshelt; 2nd vice-president, Carl Barnes; secretary-treasurer, Mark Schaeffer, new directors; Frank Bornowski, Frank Brown, G.W. Brown, Phil Hall, Roger Larson, Carl Schweiss, Bill Suter.

This growing club plans a busy year with many fine local projects.

MRS. LARSON THANKS WORKERS

Having put over its quota of \$1700. the Community Chest campaign has ended here, reports Mrs. Lief Larson, chairman for the area. 'Please thank all workers, including Leta Judd, Hope Crosby, Louise Simmons and Nina Schick'. This year outdid last season she adds, 'and all people were so nice to our workers'.
