### NO DISSENTERS AT BIG RIO PUBLIC HEARING

Another successful step has been taken in the long, difficult project of getting water for Alpine and nearby areas.

Tuesday night's hearing of Rio SD MWD in its Lakeside

office, was crowded with residents from areas involved in Annexation No. 3, involving Alpine Heights MWD (including the annexed East County area), Harbison Canyon, La Cresta and others nearby. Pres. Chas. C. Price, presided.

None dissented and several from the various communities reported they believed their areas were wholeheartedly for water and would so vote.

## State Makes Businessmen Work in Straightjackets?

While the nation shouts warnings against Communism, within our own state, we are forcing our people into discouragement, frustration and to work while they figuratively wear straight-jackets.

Members of the committee: Dr. J.L. Collins, Mrs. Ann Hume, Clarke Irvine, Cecil Lewinson, Dallas Lore, the Rev. Edgar Welty; Dehesa; H.D. Conaway, J.D. Willson; Fletcher Hills, Russ Crane; Harbison Canyon, Zane Dana, Walter Gibb and T.P. Martin. Lakeside, E.H. Hamlet. SD; C.F. Whitney.

To finance operation of Alpine Heights MWD with \$18,000 until June 30 next year, directors set their first tax rate of 79¢ per \$100 of assessed value, Al Adams, president announces. This was adopted at the meeting last Wednesday.

Ron Cheney who has operated Empire Garage, 2435 Hwy 80, has just sold the business to Ralph Frey of 2221 Tavern Road, who is refurbishing the place, reopening as Red's Garage. He is assisted by his wife Wanda, who handles the office end of the growing business.

Frey, resident here for nine years, has two daughters. He was Navy-trained at NAS in SD, but did not get to see service because he broke a hip as WW2 started. He was eight years with SD Transit Mix Concrete Co., keeping their fleet in top running order. The past year with McCoy's Concrete firm in EC.

"We're putting in a lounge" says Frey, "so folks can wait for their cars on short jobs. We will have painting, body and fender work and do general repairs". Frey has been active in the volunteer fire department here.

## Set School Limits

With school's opening next month, parents will probably be just as happy over it as most of the kids, for this year Alpine goes off double sessions (except Kindergarten) with the fine new Harbison Canyon building going into use.

And with this comes a setting of boundaries, which Supt. Clyde T. Gilley announces:

To the canyon school will go all students from kindergarten through sixth grade, living on La Cresta Road, in the canyon; in Peutz Valley, Glen Oaks; South Grade Road, and Arnold Way west of Foss Road, and on Midway Drive.

To Alpine schools: All pupils in kindergarten through sixth grade, living on Arnold Way and South Grade east of Foss Road, in Alpine Heights, Tavern Road and all areas east; also all students in grades 7 and 8, from entire area.

## SHIELDS FAMILY TO SD

After living seven years at the Reser place off lower Tavern Road, which has just been sold, Carl F. Shields, wife and two children, Sheila, 17, and Dennis, 13, have bought a home on Kearney Mesa, will move in a few days. Shields is with Jacobson Neon Sign Co., in SD, will now be nearer his work and the children's schools will be closer.

## Buys Club Alpine

Louis Pick, realtor from SD, has just bought Club Alpine, 2502 Hwy 80, from Bernie Bechard who is entering another business here. Neil Hackney, now of Cleveland, is owner of the property.

Pick, a native of Austria, has lived in SD two years, is an expert watchmaker of 30 years' experience, has already moved an office building onto the front of the property where he will engage in real estate and watch repairs.

'I have lived in smaller towns' he says 'and knowing the SD area, chose Alpine for its fine climate, size, and bright future'. He is refurbishing the cafe and two cabins which will be rented. His wife will move here shortly.

In addition, Pick has airplanes as a hobby, belonging to the SD Flying Club, makes another pilot for Alpine, (which sorely needs an airport).

## Small Talk

By Cynthia Irvine  
Age 11, 6th Grade

We have been on vacation for a week and won't be back till Sept. 3rd. Daddy had to stay home to get the paper out but he did go with us for three days. We got up at 4:30 last Wednesday and left. We drove up to Lake Arrowhead and saw Santa's Village. We all felt of the North Pole and our hands stuck to it. It was made of ice. In the reindeer barn we saw all

of the trained animals and felt Rudolph's antlers. They were covered with velvet and not bare like the deer we usually see.

My sisters and I went on the rides and visited Mrs. Claus' kitchen. They had a trained duck called Hunt and a chicken that could type-write called Peck. We hated to leave but will go back again sometime.

We swam in Lake Arrowhead and I nearly caught a fish but it wasn't hungry and just looked at the bait. From the lake we drove on down to Wrightwood and stayed at Skydoor Lodge. Kay Mullendore owns it and Daddy knows her real well. Then on Friday we went to Torrance and stayed with our cousins. Daddy and Mama hadn't been to Marineland so we spent most of the day there.

Private services were held last Thursday week for Mrs. Guilford T. Reser, 55, in Johnson-Saum-Knobel Chapel in SD, with entombment at Cypress View Mausoleum. Mrs. Reser, native of Los Gatos, had spent most of her life in the area, with a week-end home on Tavern Road. She lived with her husband at 4532 Maxwell Drive in SD.

Survivors, besides the widower; Don Reser; a daughter, Mrs. John F. Abegglen, and two grandchildren, and a brother, Earl Shearer, all of SD.

It is at 111 First, just south of Main, open daily 8:30 to 5, Sunday, 9 to 1. They have a courteous staff and turn cars out in fine trim, also wax or polish. Their slogan for the wash, which takes only a few minutes: "In with grime, out with shine".

**MISS EGGLESTON WEDS**

Tomorrow, at 10, Pat Eggleston, daughter of Mrs. A.E. Eggleston, Lilac Lane, will be married to Geo. L. Thompson, son of the Geo. Thompsons, Lakeside, in St. Philomena Catholic Church. Fr. Thos. Bolton, pastor, will officiate.

WORK IS ONLY DONE WELL WHEN IT IS DONE WITH A WILL.

**Mobil Station Sold**

The Mobilgas Station, 2151 Hwy 80, opposite the post-office, which has been run for sometime as Alpine Community Station, by Richard Zuelke o'v Alpine Heights, has been sold to Blue Rock Auto Service of EC. The property is owned by Alex Clitsome, former Alpiner, now of SD.

Blue Rock has a station at Broadway & First in EC, owned by Chas. A. Wickens, jr., and N.M. McCuan, well experienced men in this line. The Alpine place is now known as Blue Rock No. 2.

"We plan enlarging and improving," says Al Wickens, resident of LM, where their first station was started, the name deriving from a blue rock ledge making it a landmark. He plans to move here soon with his wife, Marian, a native of SD, while he was born in Medford, Mass. They have a daughter, Cindee 8 months.

His partner, McCuan, lives in LM with his wife Geraldine, and both are from Oklahoma. Besides accessories, they are inaugurating brake and tune-up service, towing and so on, with loan cars and free pick-up and delivery.

### Water Annexation Story from I

After the Rio attorney, John Campbell, read highlights from the ordinance made by its board, setting forth details, costs, terms and conditions, none of the visitors objected, the board voted to hold the election on Tuesday, Sept. 27, at polling places and with officials set by the registrar of voters.

It was reported that the 1960-61 estimated assessed value of the entire annexation area was \$3,772,071. Tax rate for the present district is now 22¢, but when the total is estimated it may drop to

10 to 12 cents. Rio's annexation fee is payable over five years, SD Water Authority, 10 years, and LA Metropolitan, 30 years.

"Copies of the ordinance which is to be printed in the Alpine Sun" said Price, "with maps, will be mailed to all registered voters in each area".

In closing the meeting he stated, "We urge the committee and your people to record a high vote, which means lower interest on bonds. The longer you put off getting entitlement, the less likely you are to get it, and the higher will be the cost." He pointed out that entitlement does not put pipes or water to the areas, it does assure allotment of water.

### Reser Ranch Sale FROM PAGE 1

It is to be run by Dr. Mildred H. Bredensen, a chiropractor of SD, who has just bought the G.T. Reser place, off south Tavern Road. The wooded 28-acre place with attractive ranch home and guest house was sold by Charlene Brown of Alpine Branch, LM Realty.

The doctor will move her office here first, then start erection of five cabins, later seven will be added with more later. She will cater to couples, with a resident dietitian.

Dr. Bredensen told the Sun she will live in the main house with her daughter, Carol Ann, 11, presently in Glendale but to visit in Virginia for six months, then return for school. The doctor is a native of Pensacola, has been 20 years in the west. She also has two married children.

## SMALL TALK FROM 10

Last year Bubbles the whale could only leap out of the

water. Now she can put on a hat, lift the aqua bell, shake hands, I mean fins and leap out of the water. Bubbles has a boy friend called Rimbo and he can leap out the entire length of his body. Bubbles likes him too.

We talked to Tad Brown. He is the Marineland trainer along with Cliff Moore. After the porpoise show we all went back-stage and talked to Tad. He told us how they got the porpoises and whales to perform. First thing is to teach them to eat dead fish. They have only been used to eating live food. Then they get them to eat out of their hands, and the rest of the training takes about 2½ or 3 months. It is really wonderful to see the way they come at the stamp of a foot. They hear vibrations and would really act like hams when we clapped. The porpoises have even learned to play basket-

ball and sing together. The sea lion show was great and the way they perform is unbelievable.

We watched the diver feed the fish and he was almost knocked down by the big sea turtles. They tried to nudge the other fish out of the way. It is funny to watch them eat. Their jaws just open and shut and they don't chew it.

We hated to leave Marineland but it isn't far and next time we will take the boat trip around Palos Verdes.

**Cobb Back from East**

After a drive to Indiana on business for two weeks, Gene Cobb, of Cobb Nursing Home, 873 Arnold Way, is back, but with one definite conclusion—Alpine really has the best climate in the US!

"And I'm glad to be home" he says, "there is no doubt but that we really have the finest all-year climate in this country, in fact I've been about all over the world and I have not found a place with better weather".

Cobb brought his nephew, David Jourdan, 15, out from Anderson, took him all around, into Mexico, and "that kid wants to come back here next year and stay all summer—he's crazy over this area", he adds.

**CAR HITS TREE, ALL SAFE**

Too fast around a curve in front of the Tavern Cottages Arnold Way, last Friday caused Mrs. Ida L. Montgomery, 31, of 213 Lento, in EC, to skid across the road and into a giant oak. The tree was unhurt, the car demolished, the driver and three youngsters slightly injured, reports CHP Sgt. Geo. Dowdy.

**MAD BEES KILL HORSE**

When a 7-year old fine quarter-horse kicked over an old stove he unleashed a swarm of angry bees that stung him to death, injured several and stung riders at Mt. Laguna Saturday. The animal belonged to R.F. Morgan of EC.
