## 1000 CARS AT DINO PARK

Sunday was the biggest day in the history of Dinosaur Park, Alpine's growing recreation spot which is now being advertised around the Southland by press, radio and colorful bumper stickers.

"We clocked in 1000 cars Sunday" said Bill Masters, head of the recreation office, "and most of them were glad to get a free bumper sticker and a discount pass for the future."

## May High in Realty

Ross Mallette, Security Bank manager here reports that record sales in real estate upped the Southland's economy to a record high in May.

"The record level in the overall business scene is a continuation of the moderate upward trend which has been evident in all but one (March) of the last six months," Mallette said.

Based on figures for the week ending May 24, Security Bank's business index was reported at 132.1, approximately 2.6% above the previous high of 129.5 set last February. In May, 1962, the index figure was 124.4, he added.

Bank clearings, recognized measure of local business activity, highlighted the advance in May with a record showing.

Although May activity was slightly down, construction remains strong in the Southland's economy.

"Preliminary estimates indicate a level of activity 18.8% above the comparable April-May period of a year ago, Mallette concluded. Total employment rose for the third consecutive month. At the same time the rate of unemployment rose slightly to 5.8%, seasonally adjusted.

Doctor: "You've got to have more diversion and relaxation."

Patient: "But I'm too busy."

Doctor: "Nonsense. The ants are hard-working creatures, but they have time to attend all the picnics."

## Buys 80 Frontage

Mr. and Mrs. August Bittner, Lakeside, who formerly lived at 2442 Hwy 80 and operated a Jolly Kone stand, have just sold the 165 foot frontage to Miss Billie Garrison, a realtor with SD National Mortgage Co. She bought it as an investment. The fine business property is 190' deep, with a 2-bedroom house. The Bittners bought it and built the stand 1 1/2 years ago but due to lack of trade, had to remove the building.

Mr. and Mrs. Leo Dinius and son from Mandon, North Dakota, spent a few days here in Alpine with their son Don Dinius and his family. They all reported a good time and enjoyed their visit here so much.

"I won a prize in kindergarten today," boasted Timmie to his mother. "The teacher asked me how many legs a hippopotamus had and I said three."

"Three! How did you win the prize?" queried his astonished mother.

"I came the closest," Timmie replied.

## Court Ruling May Change Tobacco Labeling

The Florida Supreme Court's ruling last week that cigarette manufacturers are responsible for any harmful effects of their product on the body, might just be a turning point in the campaign to label them as very dangerous to health, which could become a deterrent to the use of cigarettes.

The opinion answered a request of the US 5th Circuit court of Appeals at New Orleans for interpretation of the provisions of Florida law regarding the implied warranty of manufacturers and distributors.

It was brought about in the rehearing of a suit by the late Edwin Green against American Tobacco, charging he contracted lung cancer by using their brand.

Tobacco industry standards should not supplant ordinary requirements for objectivity and truth in marketing of a product, the court said, as this would shift the risk of latent harm from the seller to the buyer.

The widow and her son are suing for \$250,000. Green had sued in 1957, died in 1958.

We believe anyone today who smokes, in the light of such a mass of evidence and suspicion, is not silly, but very, very brave, to risk his life for such a small so-called pleasure. Every smoker admits he's "hooked", wishes he could quit.—CI

## HOBBY PAYS OFF

Doctors say wise is the older man that keeps busy and there is one man in Alpine who believes in that-- Mr. Smiley, of the Motel bearing his name, 3905 Hwy 80. He has an interesting hobby, designing and making light furniture, novelties and toys in his woodworking shop. In fact, he has produced so many items that he has decided to put them on sale, running an ad in this issue.

"But the main thing" he says "is that it keeps me busy and if I feel lonesome I go into my shop and soon I forget it all!".

The motorist drove his long, sleek car into a filling station and ordered the attendant to "fill 'er up."

After a while the attendant said: "Better turn off your motor. You're gaining on me."

**SCHOOL STILL BOILS**

It seems that excitement at Alpine school board sessions is holding up well! Monday night the board did a Gilley on secretaries and custodians--failed to renew their contracts.

Mrs. Wilma Fordyce and Mrs. Marjorie Cooper, secretaries, and four custodians, will work on an hourly, temporary basis, "to give the new superintendent a chance to look the material over" stated John R. Reynolds, board prexy.

Paul C. Clay will take over Supt. Clyde Gilley's job on July 1. Gilley's contract was not renewed, which sparked the recent squabble, election and aftermath of hard words at board meetings.

The habit of going to the bottom of things lands a man on top.

**ZIMMER BACK ON JOB**

Ed Zimmer, who built and operated one of the largest, most modern, automated egg plants in the county, is back in the business after having leased it for over a year. With his wife Scottie, he toured Europe, but due to sickness had to return home to Alpine where they live on Honey Hill. The egg ranch is well known over the Southland as Adobe Hacienda, which he is again building up to full capacity, putting out the popular brand "Leisure Laid" eggs.

## Many Going to Fair

From the talk heard in the back country, among old and young, a lot of folks are planning on their annual trek to Del Mar for the big county fair.

There's so much to see and do that it's hard to tell about it all-- fun, art, home economics, the gorgeous flower show, and the nation's greatest horseshow; hobbies, agriculture, animal husbandry, and the fun, fun, fun!

Hand weaving is one main attraction this season where weaving on looms typewriter-size up to 4-ft high by 5-ft wide!

Already the small fry are talking about the huge fourth of July fireworks-- who wouldn't want to see that. And the military has dozens of fascinating displays.

I will listen to any man's convictions but pray keep your doubts to yourself.

By Cynthia Irvine

Our wonderful vacation is here at last and I know most of us have been looking forward to it. We have lots of things planned and get to spend two or more days at the Del Mar Fair.

Was kind of disappointed I didn't get to shake the president's hand at the Aztec Bowl but it was my own fault. He passed right by me and I just didn't stick it out. Next time I will succeed.

I talked to Billy Gault about his new quarter horse filly and he really is pleased with her. She is only two and a sorrel. He plans to start training her this week.

I called Mary Alice Manning last week and she had lots of news from her

She has had him for quite a while and it was too bad but those things happen now and then. She told me that Tar Baby had another colt and that they sold Marsha's colt that Red Wing had. Kathy Hittle and Robin Leslie were among the 12 girls that were elected to carry the El Capitan Banner in the Marching band next season.

We took Mama's brother and his family to the Zoo Saturday and while we were in the office Johnnie Downs came in and I talked to him for five minutes. He is real interested in Dinosaur Park and asked me all kinds of questions about it and about the horse shows that Dinosaur Park has held for us. He might come out and spend a day with the TV camera there as he is now doing that instead of having his regular TV show for kids. I gave him a copy of our paper and he has seen it several times so was glad to get a copy.

Last Monday Mr. Mac came up and we started training my new filly Cammy (Caneo Lady). He was amazed at her quickness to learn and was positive she has had previous training. I called her former owner and he said no, so we are lucky she is going to train out so easy. I even rode her, which was real progress. Anna Reinheart looked at her Sunday and thought she was a real nice colt with good conformation and a real prize which made me feel good.

# DOUBLE TALK

By Cecile & Celeste Irvine

I guess Thursday a week ago was just about the biggest thrill we could have had. Daddy took us to the State College graduation exercises and President Kennedy was the main speaker. It was real exciting to see him come up the hill with all the police escort and all of the people yelling and cheering. We sat in the press section and when he finished talking we sneaked down and got in line where we thought he would pass us by and sure enough we made it just in time. Cecile shook his hand first and then took his picture and then I got to shake his hand. We were so happy

about that. Cynthia and Mama were in line and only got to look at him. We are Republicans but it didn't matter as he is the president and we were thrilled to get to see him in person.

Then on the way out we got to have a police escort right back into San Diego without waiting one little bit. We all thought that was great and even Daddy laughed. We didn't intend to get in it but it just happened and it was lucky for us as there were over 10,000 cars to leave.

Here is some good news for me. Sunday Mama bought me a thoroughbred gelding and he is a jumper. His name is Mio Bello, which means my beautiful in Italian. His sire was No Competition who is a famous race horse. I am real thrilled with him. Anna Rhinheart who is the riding instructor at McCall's went with us to check him out and she liked him too, so we are all pretty satisfied.

Hazell Rose, (Debbie) to us told me yesterday that Steve, her grandson, broke his collarbone Saturday while playing in a hay stack. So far he hasn't had to have a cast on it and if it heals by Saturday then he won't.

Linda Rushing got over the chicken pox last week and is she glad. Veronica Brown had it and so did

**EASTERNERS ENJOY SUN**

Mrs. Ted Keller, 1651 Viejas View Place, received word from two of her brothers, Herbert and Lester Eggers that they enjoy the Sun and Lester, who is a school teacher together with his wife sent back this comment "Your community problems are like ours" which proves that people are the same all over. Nellie subscribes to the Sun for several members of her family who live outside of California and they all enjoy it so much.

**MARINOS WELCOME BOY**

Mr. and Mrs. Frank Marino of Tavern Road, welcomed a third boy May 19th at 9:30 am weighing 6 lbs, 1 oz. Little Joseph Anthony has two little brothers Richie, 2 $\frac{1}{2}$  and Frank, 1, to welcome him. He was an RH baby and had to remain in the hospital for over a week but is home now and receiving lots of attention.

George and Louis Landt, sons of Mr. and Mrs. Louis Landt, are home from the University of California at Davis for the summer.

Louis, jr., spent the last three weeks in the University hospital with a good case of mumps. George made the honor roll.

Some people never know how mean they are until they see their own disposition develop in their children.

**Groups to Dinosaur**

Miss Judi Davis has just been made promotion director for Dinosaur Park to encourage large groups of senior citizens, and big firms, down to Cub Scouts and smaller groups, to come here en masse to enjoy picnics in the Park.

"Presently we want to get in touch with high school and college girls to act as park hostesses" she says, "to conduct guided tours about the growing park with its many dinosaurs". When groups sign up for times to enjoy the park, she adds, they will be given group discounts.

**To Up Teacher Pay**

**DINOSAUR PARK** Story from I Masters, in charge of this phase of the park's public service.

"This will bring hundreds of children and many parents to Alpine" he says, "thus boys and girls from grades 4 thru 6 will come here to study, play, exercise and learn a lot". They will have two sessions: 8 am to 4 pm and 10 am to 6 pm.

Day camp will be led by Dick Logsdon, of CV, a director who has had six years' experience in day camps. All teachers taking part are senior counsellors with master's degrees in education.

On the program is physical fitness, nature lore, camp crafts, nature walks, trout fishing and cookouts, singing, conservation, dramatics and dinosaur classes, with swimming under guidance of the state lifeguard service.

Daily lunch should be brought by each child, but Friday they will prepare their own, under instruction, and at all times adult teachers will be in charge.

Details may be had from 445-3351 or from PO Box 571, Alpine, so that registration may be made in ample time, as no more than 120 can be accepted for any week, says Masters, who adds that this should prove very popular as it is the first in this area.

Beverly Flemming's little sister Lisa.

Mike Sponselor moved from Harbison Canyon back to El Cajon where it is closer to his dad's work.

Sunday Eileen and June Dun attended the wedding of their sister Patty at the church and they had a party at their house after it was all over.

We have a new girl in our room from El Cajon. Her name is Joy Miller and she lives where Mary Alice Manning used to live on Tavern Road.

Terry Bowles bought Jezabel from Tommy Mead so now he has company for Mavis. We all get a kick out of Terry riding her backwards and she doesn't seem to mind either.

**GRAFS BACK IN ALPINE**

Wm. H. Graf and wife are now at their home, 1920 Tavern Road, after spending a few weeks up north where they had expected to be on a cattle ranch. Graf is a cabinet maker and mechanic, and is thinking of going into business along those lines here so he will not have to commute to a job in SD. They are specially fond of Alpine and its fine climate. They have one young son.
