SAN DIEGO (CNA) Supervisors Tuesday voted to enforce with criminal action, if necessary, a zoning ordinance, to stop motorcycle racing at Lutz's Alpine Speedway. Supervisor Henry Boney says the last race was on

MORE ON 8

Here Are Happy Four Horsemen

A horse means a big day in the life of a small boy and Alpine today has four small horsemen that are exceedingly happy, for their father just bought them a fine horse, Lady, which they, like many other youngsters in this community, are enjoying daily.

On board from left are Mark, Peanut, Ronald and Robert, lively little sons of Jerry L. Short, 2040 Tavern Road. The quartet so far has found no trouble in sharing Lady, for they ride singly, in pairs, or as shown, as a foursome. (Photo by Cynthia Irvine)

INSTALL FIRE HYDRANTS

A special meeting of Alpine fire commissioners with Mgr. Ed Houser of Rio SD MWD which is to put in 24 fire hydrants as per a contract that has been signed, was being held Wednesday night with Houser as speaker, resolving the problem of where the hydrants are to be placed.

Alpine already has four on downtown Hwy 80, the rest to be placed advantageously around the community. It along with the new pumper truck is part of an effort to get reduced fire rates.

BERNARD MUNSEY

Full military graveside services
were being held today at 9:30 in Ft.
Rosecrans National Cemetery for

Bernard "Duke" Munsey, 69, who died Tuesday from a heart attack in Navy Hospital. He had been rushed there from his home, 1460 S. Marshall, where he had lived for 10 years. He had been in the state and county 15 years.

Munsey was a retired Chief Warrant Officer of the Navy, had spent 30 years in the service being commissioned from Chief Torpedoman's Mate, retiring in 1950, coming to Alpine to reside.

Service was conducted by a Navy chaplain, with Paris Mortuary making arrangements. He was a native of N. Y. City. He belonged for 25 years to Branch 9, Fleet Reserve Assn. He was unmarried, left no survivors.

During his retirement Munsey had worked diligently with Boy Scouts here, in SD and at Cuyamaca where he was caretaker for several years. He had many friends around the county and was beloved by many young people for his ever readiness to help in any way.

Snake Season On!

Many are deathly afraid of poisonous snakes, chiefly rattlers, in the South-west, but it is surprising to note that more are killed by stings of bees and wasps, than die of snakebite!

Anyhow it is a good thing for everyone to recognize the harmless from the poisonous reptiles and Cecil Smyth believes in teaching youngsters this important lesson. This week he caught a fat 4 footer, held it in a gloved hand, giving an object lesson to a group of youngsters.

He lives near Mrs. Robert Earickson, who called the Sun, and Cynthia Irvine drove up with her camera to get some photos, two shown herewith. After Smyth had despatched the serpent, he gave Cynthia the head and skin which she dried.

People in many parts eat snake flesh, said to be delicious like chicken. (We prefer salads!)

EDITORIAL

Science to Bring Technological Death?

A scientist has looked ahead 20 years to 1984 at which time he predicts some dire results of our modern science and technology.

He is Dr. Paul R. Ehrlich, Stanford University biologist who made a starting talk recently in Riverside. He foresees a continued rise in such progress but with it he envisions catastrophe caused by the population ex-

plosion destroying all that makes life comfortable and delightful.

Few today remember those "good old days" of peaceful confidence in the future, like before WW1, even WW2. In those times we lived more normally, and someday we who survive, will no doubt return to those same days of tranquility.

Dr. Ehrlich noted how domestic food animals will be reduced due to waste of solar energy. Students will be depersonalized into mere learning machines; taught by computers and recorders. We will indeed inherit a "silent spring" with more soil being permanently ruined by salts from irrigation, pesticides and wastes.

Perhaps mankind should stop and ponder upon his future before he has no future. -CI

JOHNSON IN HOSPITAL

W. Lee Johnson, 2950 South Grade Road, underwent surgery last week and was home and improving nicely, when a relapse sent him back to the hospital.

He had recently returned from a three weeks' vacation in Honolulu where he visited Kauai, Maui, the volcano and just about everything to see while there, but he was not feeling up to par, but did manage to get around.

He is in the EC Valley Hospital, Room 51, and his many friends in Alpine may not go and see him yet, but cards and notes may be sent.

CINDY'S IS SOLD

Two Alpine Women, Mrs. Mary Mason Lacko and Mrs. Virginia Scott, both of Palo Verde Estates, will reopen Cindy's under the name of Alpine's Active Sportswear in October. At present they are combing the market in LA for merchandise. Both have had extensive retail experience for many years. Mrs. Lacko is working at Lloyd's House of Fine Furniture and Virginia Scott has had many years of retail experience at Bullock's in Palm Springs.

They plan a grand opening in October, same location, same telephone number.

Cindy, who owned and operated the shop for several years here successfully, is quite happy over the sale. She is retiring, but plans to make Alpine her permanent home.

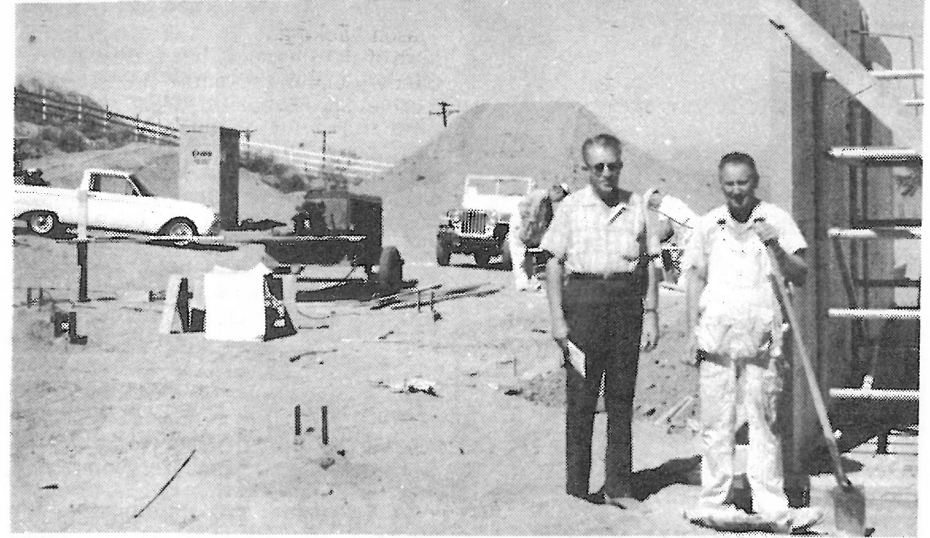

MOXEYS ENJOY VACATION

Mr. and Mrs. Hank Moxey and children Linda and Lori returned Friday from a combined business and pleasure trip. He's salesman and manager for Bruke Construction Co., SD. They drove to San Francisco, Sacramento, Reno, Lake Tahoe, where they took a cabin and enjoyed the lake, and Las Vegas.

While they were away, little Jan Sullivan came over every day with her mother and fed and watered their horses, dog and cat and enjoyed it immensely. Charaes Smith took care of their bird and fish so they didn't have to worry about a thing while they were gone.

Under observation in Naval Hospital is Frank M. Wilson, 616 Alpine Heights Road, reports his wife Miriam.

Health Center Rising Fast

Hazel Foster (she runs Norbob Trophy Co.) is back with children Stephen and Cathy, from a nice visit to LA where she spent a week with her brother and his family.

Contractor Roger Beatty of EC is making good progress on the \$47,000 dental-medical center for Dr. J. S. Campbell of SD, at the corner of Hwy 80 and South Grade Road. Photo shows the front already up.

"We are slowed down a bit" Beatty told the Sun, "Waiting for some big timbers to come from the north to be used as beams". He is shown here at left, with Leonard Suverkrubbe, his foreman. (For details see Sun of 7-23).

Horse Talk

By Cynthia Irvine

I looked at the calendar Sunday morning and it is hard to believe that summer will be over in another two weeks. So, as we are not going to be home over Labor Day I thought it would be a good idea to have a horse show the 28th. So many kids have been on vacation and some are still away, but it is our last chance to have one this summer. It will start at 10 and probably go until 4 or when we finish up. We will have some equitation and some gymkhana and all classes are 50¢ per entry per class, so save your money and come on for a day of fun and excitement.

SPEEDWAY STORY From I

Aug. 21 and that he had had 12 complaints on noise.

Lutz has applied for a variance on non-conforming use, which can be expanded. If races are held-- and they were slated for Saturday night-- the Building office can file charges with the sheriff, but this the board said would not be done unless races are run.

Ed. Note- Races have been held, complaints made, two to the Sun, but as no meetings were held, no committee formed, no action taken, (even by the chamber of commerce) it did not become "news" until Boney and the board acted. Yet races have been held for many weeks. We are not judging this, but we believe it should be handled in a democratic manner. That is why we are in Viet Nam today. -CI.

Lutz made this statement: "We believe we are legal as we raced motorcycles and microcars before zoning came. I feel that if Alpine wants the kids off the streets on Saturday nights and many people enjoy it, they should get behind it 100%. We have petitions, and have had 200 calls to say they like it and are behind it, and I appreciate this. But if five or 10 are opposed and do not give the town a chance to act on it, it is not right and I want my name cleared. I have lived here 15 years and have tried to, boost this place. If the majority want the raceway closed, then we will close it, but Mr. Boney rammed this criminal action through and I had no chance whatsoever to act in a regular legal manner." I have had but two complaints and I suggested why not see a movie or go out on these Saturday nights. (See letter to editor on Page 13)

Flight Instructor Visits

FLYING IN From Porterville where he has an aviation business last week was Wm. R. De Haas, former flight instructor of Gillespie Field. He drove up to Alpine to visit Clarke Irvine, who first took lessons from him back in 1957. De Haas was accompanied by, in photo: (from left) Warren Andrews,

carpenter, and Bill De Haas, jr., a painter, both of EC.

The flyer came with his daughter Janis, 14, left their airplane in Riverside, drove down. While here he passed his physical exam for pilot under Dr. Flynn, wanted to know how "the airpark was coming for Alpine-- it'll be a great advantage for this town" he said.

He will be remembered by many pilots, having run the Airport Cafe at Gillespie Field for several years till he left for the north.

Mr. and Mrs. Ray Partridge and daughter Robin, 7, are back from a flying trip to Rochester, NY, where they went to visit Ray's mother Mrs. Erwin Partridge and his sister May Ella. They flew both ways, enjoyed the trip more by taking the plane, thus avoiding days of tedious travel time.

FREEWAY WORK SPEEDED UP

If the remainder of the new freeway goes as fast as C.W. McGrath, contractor, is progressing, Alpiners could be using it by Jan. 1, 1967! On the job only a week, his crews with heavy earthmovers are fast transforming hills and canyons so the smooth paving can be laid. This is looking west where a large gully is being filled, moistened and compacted under eye of Supt. Bill Peterson, of EC. Present Hwy 80 at left.

Photo opposite shows how broad roadway has already been cleared toward west. Foundation blocks from Hugh L. McCoy's home lie in foreground. His realty office, before he moved up to Alpine, was just below at right off Hwy 80. Cloverleaf will be at Dunbar Lane, out of picture at right, with access roads and the Harbison Canyon route on north, going under freeway bridge.

Mr. and Mrs. Roy Setser are driving around in a beautiful new Chevrolet Impala that they just bought.

SCOUTS PLANT MEMORIAL TREE

Alpine's Cub Scouts, Pack 350, will honor the late Dick Robinson, former fire commissioner by planting a tree at the fire house, to-night at 7 am. His autobiography will be read by David Widmer, 10.

This is their regular meeting and the following will receive awards: Dale Harrington, Silver Arrow; David Widmer, Silver Arrow; Stephen Bratt, 4 Silver Arrows on his Wolf Badge; Philip Wedel, Lion Badge, Gold Arrow & 4 Silver Arrows.

The boys have been studying fire prevention, will receive a demonstration of Alpine's Fire Trucks on the same program.

John Edwards writes his father from Honolulu that he is doing duty as a general supply specialist, is being promoted to lance corporal. His job is usually manned by three, but they are low on personnel right now. He says "hello" to all his Alpine friends.

DOUBLE TALK

By Cecile & Celeste Irvine

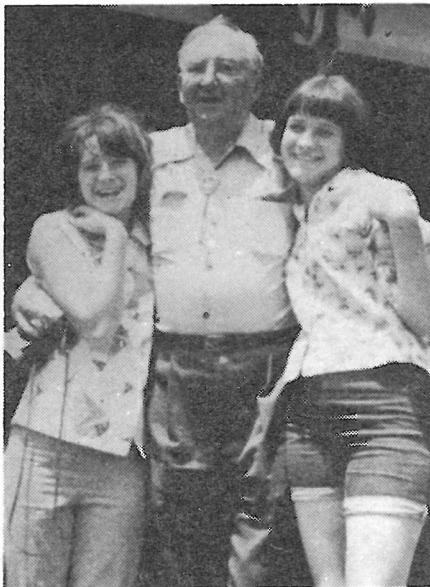

Mary Eva Fitzgerald wrote us from Condersport, Pa. where they have the famous ice mines. It is a freak of nature. Ice formations appear during the warm weather and melt on the approach of winter in the cave. She said "You wouldn't believe it, it was fantastic". Mary is glad to be home now as they drove over 6,000 miles.

Linda and Lori Moxie had fun in Las Vegas last week and also loved Lake Tahoe where they had a cabin for the night.

The nice boxer that Connie Collard owned was poisoned and in spite of everything the vet could do it died. It is too bad that Duke had to get into something that would kill him. He never went off their Shadyrock Ranch and she can't understand where he would pick up something like that.

Linda and Larry Rushing spent last week-end in Glendale and LA with their parents. Her dad went up on business they went along for the ride.

Bonnie Fuller is getting married tomorrow night to Ken Carpenter and she didn't call Cynthia to tell her where they were going on their honey-

CYNTHIA TOOK THIS PICTURE OF US WITH MR. JOHNSON THE DAY BEFORE HE LEFT FOR HONOLULU. AND ALL OF US WHO KNOW HIM ARE SO SORRY HE IS SICK.

moon but Bonnie will go back to El Cap in September and finish out her last year of high school.

Tommy Judd's little brother David had to spend some time in the hospital last week. He had some tests made to see what was wrong.

Linda Tyler and her mother took the bus to San Bernardino to visit her grandparents. Her father drove up on Monday to pick them up.

Little Gene Moats just got back from a nice vacation with his parents and on the way home stopped off in Alpine and picked up his friend Ted Barton so he could spend the week in their new home in La Mesa.

Mrs. Agnes Ratliff, she owns the Log Cabin Cafe, is real sad over the death of her little Chihuahua Tiki, who got sick. It was 5 years old and the pet of the family.

LETTERS FROM READERS

8/25/65

Editor: The Sun:

We give lip-service to individual rights, legal rights and the like-- but how often are we ready to defend these many "rights" in a properly prescribed manner?

There is evidence that a quiet, peaceful and retired community took exception towards an equally quiet, peaceful, but far from retirement, individual of Alpine. Regrettable, the complainants taking issue against a temporary speedway, behind Lutz's Garage, did not consider the local needs of all its members but rather "ram-rod" their complaints to the Supervisors-- much less give consideration to resulting effects to the individual.

The first indication of a complaint was an unidentified person, the second was a complainant who voiced political influence, and appointed himself as "committee number 1" to fight his issue to the financial destruction of the individual in question.

The third appeared in a newspaper noting complaints received. None meet the requirements necessary to discuss a local issue which is important to all. Seemingly, those with the strongest objections to the noise of the track, gave consideration to personal needs without regard for the general good the track is serving. Secondly, the company was not advised to discuss the disadvantages or advantages with any interested group or individual. Therefore, there seems to be little need to suspect the community is strongly opposed to a temporary project which has given over 3,000 people pleasure.

The purpose of this letter is not to criticize those who complain against noise but to criticize the methods used to resolve a local problem, which has resulted in the temporary, abandoned but-- all ready legally established speedway. --Emelie H. Kelly

KATE PORTER AT STALLION OAKS

Tonight and tomorrow night Hollywood's well known Kate Porter will be the featured singer at Stallion Oaks Dance Hall, reports Ed Torgersen, owner, who has rebuilt the place and is really putting it on the map.

The ranch is easy to find-- drive out to Descanso Jct., turn north, follow signs to Stallion Oaks Ranch.

"We'll have lots of fun" says Ed, "no cover, no minimum, just maximum fun". This is the former Green Gates Ranch on Boulder Creek Rd., in a beautiful setting of old oaks.

McGRATH ZOOMING

The earth is really flying down at the east end of the new stretch of Interstate 8 (Hwy 80) where Harbison Canyon Road comes in. C.W. McGrath, contractor, says he wants to get it done fast and his men are really making it show, as the photo reveals.

McGrath won the job with a low bid of \$1,425,421. for the 1.6 miles of 4-lane freeway which runs from the two concrete bridges at Flinn Springs, up to HC Road. The last of the new route will reach Alpine in 2.8 miles, but it extends to the Willows. McGrath is to put in the interchange at Dunbar Lane, with access roads which will later go under a bridge to connect with HC Rd.

Completion is expected by the fall of 1966 which will put Alpine within 25 to 30 minutes of downtown SD. Now many drivers, without hinkering trucks, trailers and slow drivers, now make regularly in 29 to 31 minutes without breaking speed laws.

TAX STORY From Page 1

areas within its boundaries will be lower in the coming fiscal year. Directors have adopted budgets and set rates.

In this improvement district, which covers areas where water is retailed, are Alpine, Dehesa, Harbison Canyon, La Cresta, Flinn Springs and Blossom Valley, New budget is \$432,762, compared with \$422,592 last year.

Combined new rate will be \$2.54 down from \$2.60. The district's general rate will be up as it is to acquire a lake and make other improvements. Tax goes from 15¢ to 20¢ per \$100.

Houser told the Sun that Alpine gets a net 6¢ saving. The first year, starting in July 1962, it was \$2.38; 2nd year \$2.35; last year \$2.23 and this year, \$2.18.

DANAS HOME FROM TRIP

Mr. and Mrs. Zane Dana, Harbison Canyon Road, and girls Sharon and Debbie, are back from a two week's tour of several states. They drove and stopped off in the evening after spending the day sightseeing. First stop was Hurricane, Nevada, then on to St. George, Zion and Brice Canyons, Fish Lake where 20# trout can be caught, although they did not stop to fish. Salt Lake City was next and they visited Brigham Young University and Dana said "This is the cleanest city we have ever been in. They surely take pride in their town". Also visited the Mormon Temple. While at Dinosaur National Monument they actually saw archeologists chop stone away from the fossils, which they all enjoyed.

Meeker was the next stop, where he had hunted deer and elk in the past. Colorado Springs and Independence Pass still had snow, was most beautiful and so nice. They drove to Denver, Pueblo, Amarillo, Aboline, Austin and then through LBJ country and Johnson City where Dana said "there is so much poverty, and all in this one particular area". "No wonder the president has his 'War on Poverty' started. It surely is needed here."

Next stop was El Paso then on to Tucson, and the Sonora Desert where they visited the living museum, Gila Bend and on home. "All the way was perfect and a very relaxing trip" he said."

ERNEST SMITH TO MARRY

An evening wedding is being planned for tomorrow in the Lemon Grove Methodist Church on Skyline Drive, for Ernest Smith, 28, and Miss Penny Ellen Paton, 20, of El Cajon. She is the daughter of Mr. and Mrs. Omar Paton, and Ernest is the son of Mr. and Mrs. T. Aubrey Smith, South Grade Road, Alpine.

The bride-to-be is a native of California while Ernest came to Alpine as a youngster.

Matron of Honor is Carol Smith and Bridesmaid is Penny Williamson.

The young couple have not made any honeymoon plans but will reside in Upland where he is going into the trucking business.

HILLBILLY BAND MADE A HIT

Alpine's jolly Senior Citizens' group, the Lively Oaks, which just started a novel band really made a hit Sunday down at Big Oak Ranch at their picnic, feast and swim. It was directed by Mrs. Attie Provinzano, Steve Stephens and his wife who run the popular ranch made the Lively ones welcome.

JIM HANNON ENTERTAINS SISTER

Mrs. Verna Anderson of Rockford, Ill., came out by train to spend a week with her brother and his wife, Mr. and Mrs. Jim Hannon, Tavern Rd. While here she will also visit their daughter and husband, Mr. and Mrs. Robert Murphy and their children of Santee.

GOLDIE VANCIL BACK HOME

After spending two months visiting and traveling, Mrs. Goldie Vancil, Hwy 80, is home and resting up after her extensive vacation. She left for Modesto the last part of June and visited there, then took a jet to Kansas City, Mo. where she visited many old friends.

Mrs. Vancil, a native of Joplin, Mo. spent several days there, her first in 20 years and said "I saw so many changes" and "the night life just amazed me, it was almost like Las Vegas without the gambling". While there she was a house guest of a girl friend she went to school with, Nell Muenchmeyer. They both toured the Ozarks and enjoyed an interesting visit. In Navada, Mo. she spent a week with Dolly George, another friend and witnessed an almost frightening thunderstorm, she had forgotten that Missouri had them that severe.

Taking the train home she says "sure glad to be back", was a lovely vacation but there just isn't any place like Alpine."

Mr. and Mrs. George Fordney, The Willows, are contemplating a trip to New Castle, Pa. to bring back her mother, Mrs. Pearl Smith, who is 78. If possible, they will try to get her to come by train but if that cannot be managed, then they will drive east and pick her up so she can make her home out here with them.
