Plan Protest Meet

Wednesday, Sept. 29th at 8 o'clock in Fuller Hall about 60 Alpiners and others interested will hear Ed Houser and a lawyer firm Sullivan & Workman discuss property valuation. The appraiser from the lawyer's will be there, also one from this area, to see if something can be worked out satisfactorily for property owners whose land is to be taken for the freeway.

Boy for Harmers

While the folks who work in Florence's Market are pleasant and glad to serve, if they seem to have more smiling faces this week it's all because Mr. and Mrs. Jerry Harmer, owners, have a new grandson!

Their son Mike, who helps run the market, and his wife Gwen, became the proud parents of a second child, a 7-pound boy in an EC hospital Monday at 4:30 a.m. Gwen is doing fine, but Mike is still a bit dazed, his Dad says. It is their second child, a daughter Karen was the first. So far his name is Pat-- pending, that is.

The senior Harmers have another son, Dick, in Arcata, who has two boys.

MASONIC FAMILIES TO MEET

Bert Cassidy invited Masons in the Lively Oaks Monday to come to the first potluck meeting in Fuller Hall on Oct. 8th at 6:30. Masons and their kinfolk are always welcome.

Grocer: "You want a pound of ochre? Is it red ochre for painting bricks?"

Small Boy: "No, it's tappy ochre wot Ma makes puddin' with."

Lutherans Came Long Way in 400 Years.

The worldwide popularity and strength of the Lutheran Church today did not come about merely by one man's efforts; it has taken over 400 years to achieve this position. Martin Luther, its founder, and the man who triggered the Protestant Reformation in the fifteenth century, shows what early training does for one.

At only 7 he was a Latin student. His father raised him under strict dis-

cipline. Later he had to sing in the streets for his bread. He stood out in poetry, rhetoric, music, and at 22 he was second in a list of 17 for the MA. He studied law, but entered a monastery in Germany, became a priest, later gave that up.

He translated the New Testament from the Greek, became eternally famous for his "95 Theses" which he nailed to the church doors in Wittenberg. In 1858 the old doors were replaced by bronze ones with his 95 Theses thereon.

He wrote a total of 400 works, many famous hymns, 37 in all, introduced singing by the congregation, advocated marriage for the clergy, took unto himself a wife, a former nun, raised six children. He lectured on Aristotle. Motto for his doctrine was the sentence from the New Testament: "The just shall live by faith".

He denied the supreme power of the pope, refused to recant when threatened with excommunication, burned the accusing paper in public. It was said of Luther that he never feared anyone, great or mighty. He said the service should be in a language all could understand.

Martin Luther died at only 63 on Feb. 15, 1546, but the spirit of a great and a good man came to Alpine Sunday with the installation of a resident pastor for that congregation. Luther is buried in the church at Wittenberg, but he lives in part in Alpine. -CI

Adams Boosts Alpine

When he won the award as No. 1 salesman in the US for that spiffy little Toyota car, Gene Adams brought the attention of the automobile world to Alpine where he lives with his wife on Hwy 80. He is a salesman with the John A. Rose Imports of SD, is keeping up his enviable record in selling this unusual car, which they start advertising in this issue.

Adams is an old friend of the Sun, renewed his subscription, says "We surely were glad to see the little paper back and wish you good luck."

For years Adams, who loves mechanics, worked at Astronautics, but was laid off some time ago like many others. One day while talking with his friend Rose about the compact car, Gene remarked "You know I think this is such a great car that I could almost become a salesman".

"Why don't you take a whirl at it?" Asked Rose.

Result-- Adams started in a field he had never tried, and, as he says, "When you know an item and believe in it like I do, you just can't help putting it over. That's why I've sold so many to win this award".

A doctor said to his daughter: "Did you tell the young man that I think he's no good?"

"Yes," she replied, "but he said it wasn't the first wrong diagnosis you'd made."

Horse Talk

By Cynthia Irvine

We had quite a profitable meeting of our Pequeños Riding Club Saturday and made plans for the rest of the year. Sunday at 1 o'clock we are having a weiner bake at our home. After lunch we are going on a ride that will eventually wind up in Harbison Canyon. Some members have not gone over that trail and it should be quite interesting. Linda and Lori Moxey have taken it and say "It is long and rugged but real nice" so let's hope we have a good turnout for this trip. Lunch is 50¢ and anyone can come whether he is a member or not.

We are planning a bakesale and also another horse show but have not set any date on these. They require a little time for Mama to work out with her busy schedule, also Alice Villa, who has helped her so much this past year. We are going to get sponsors for this show. A prize of a lead rope for the one getting the most has been offered. JoAnn Villa has already come up with three and we hope all members will try to do their best.

Dave Weisbach sold his sorrell gelding, to Woodie Mitchell who was looking for a nice riding horse. We

know he will be quite happy with Lucky as he is a man's horse with lots of pep and surefooted on the trails.

Karen Campbell of Lakeside is looking for a nice gentle mare. Her mother wants one that can be bred so she can raise a colt. If anyone has a horse that Karen can handle let us know and we will give her the phone number.

We ran into Mr. and Mrs. Richard Skelton Friday in El Cajon and he told us that he had sold his nice Palomino stallion Nuggett, also the quarter horse brood mare Dena and the rest of his horses. He only kept one little colt that his wife didn't want to part with.

Mr. and Mrs. Roy McClinton (Mr. Mac) are leaving today for a three weeks trip to San Francisco, Oakland, and Lake Tahoe.

GRAND OPENING SUCCESS

Before the grand opening Saturday night of Dottie's Hillbilly Tavern, 2538 Hwy 80, owned by Mike and Dorothy Kemo, he enjoyed a game of pool on their standard-size table in the back room with an old friend Jas. Beck, of Harbison Canyon, an aircraft worker at North Island.

On next page is Dottie and Mike who celebrated their 11th wedding anniversary the same day, seen behind the bar with a large bouquet they received. The evening was a busy and a happy one, they report.

LIVELY OAKS TO DINE

Monday the fish fry and meat loaf lunch will be enjoyed by most of Alpine Lively Oaks members in the YC. It is 75¢ a plate. Members have donated most of the items so it should bring a goodly sum for their YC building fund.

A dignified old lady shook hands with the pastor after the services. "Wonderful sermon," she exclaimed. "Everything you said applies to somebody or other I know."

BOARD UNSADDLES HORSE LAW

SAN DIEGO (CNA)-Tuesday County Supervisors quickly denied an ordinance change that would have added a new class of stables to the present two, that is, breeding as well as public and private. Over 300 county horsemen and women jammed the session, caused by a ton of confusion, applauded when the board's decision was made.

Dear Mr. Irvine:

Just a short note to say how much we look forward every Friday for the Alpine Sun. We're very happy to have the Irvine family writing the again. We would like to add our best wishes to those of everyone in Alpine, to you and your family for the big job you do every week to put out America's Tiniest Newspaper.

Sincerely,

Conrad & Emma Jimenez.

Patricia Ann Presley want one too. She would like a horse but will settle for a nice donkey until she can earn enough money to own one. Her mother is PTA president this year so if you know of anyone who has a nice jack or jenny for sale you can see her mother and let her know about it.

Ronnie Short sure has been having a time with his mare Lady. She knows he can't make her go so she just stands there until he gets off. She needs a little bit of Mr. Mac to make her mind.

Mary Eva Fitzgerald's mother just got back from a flying trip to Philadelphia. Her uncle died and so her mother flew back for the funeral. They had seen him this summer and were so glad they had gone while he was still alive.

Joyce Earickson left last week by plane to attend college in Denver. She went by herself.

Bates' Car Burns

While on a business trip to Jacumba, Don Bates met with an unfortunate accident last Wednesday afternoon. His little MG sports car burned right before his eyes! He noticed smoke coming from the engine, tried to put it out with sand but the floor boards ignited. No one was around to help him put out the fire and in minutes the car was in flames and a total loss. He hailed a ride home, had the remains towed into Jacumba.

"The fire was so rapid that Don didn't even have time to get his coat and hat from the car" says Mrs. Bates "and while attempting to put the fire out he singed his arms but otherwise was not hurt".

Deadline is Sept. 27, she says, and the fair of \$3. must be paid at the Oct. 4 meeting in the YC to insure a seat on the bus.

"This will be a wonderful trip" she adds, "as admission to Disneyland is free, and everyone knows it is well worth visiting".

EMPLOYMENT UP, AIDS ECONOMY

Among reasons for stepped-up buying of real estate, reports Editor J. C. Downs of the Title Insurance & Trust Company's monthly, is that this area had the largest gain in local employment since 1961, a big jump in marriages, plus a drop in single-family homes offered for sale.

Racing Held Legal

Harold Lutz's attorney, Geo. Hurst, who maintained at the recent SD hearing on motorcycle racing here, that use of the two-wheelers was legal. County Planning denied Lutz the variance for track enlargement and special use permit to race the cycles.

A surprise ruling on the second part of the action today seems to point out that Lutz can continue to race motorcycles as well as micromidgets. The ruling came from Deputy County Council Frederic G. Dunn. He said the county could prevent Lutz from using the enlarged track.

The ruling was based on the idea that there is no legal significance between cycles and micros such as noise, engine size and amount of dust raised.

Lutz told the Sun that he has till the 29th to appeal the planning decision, but will talk to Supervisor Henry Boney, of this district, before he does anything. However he does not want to go against the will of the majority of Alpine residents.

Note- It is regrettable that Alpine has had so much derogatory publicity over this matter. Perhaps it was to bring attention to the facts; there is little done here for young people and racing is their interest. Young and old attended and had fun. The racers are not the Hell's Angels type, but are mechanically inclined youngsters, and mechanics. Every week jets fly low over the community but nobody complains over that noise. Daily speeders go through the town where a 35 or even 25 mile speed limit should prevail. A group of us worked mighty hard back in the 50's to get land and build a youth

BAN FISCAL RESPONSIBILITY

Sen. Jack Schrade writes from the capitol that the state still has many knotty problems to work out in connection with the new federal medicare program which goes into effect Jan. 1.

It was brought out that the federal law will prohibit any state from imposing financial responsibility for health care for the aged on their relatives, will thus require elimination of the vestige of such a requirement which is still in California law. A spokesman for the federal government admitted that another new provision requires each state to maintain the existing level of welfare programs which it supports without regard to additional federal allocations for health, and so the power of the Legislature to change grants to individuals in either direction will be limited."

RUSHING ELECTED FROM I

"It has been an experience I'll never forget" Funk said, "and I hope we accomplished much for Alpine.

Rushing stated that "We will keep up the spirit that prevails today; we can do a lot with the cooperation of many interested people".

The annual installation dinner will be in the school auditorium at 6:30 Saturday, Oct. 9 with Donald A. MacLean, speaking on "Oceanography-Sealab to the Future". Supervisor Henry A. Boney will install. Tickets are \$2.50 from the chamber office or local businesses.

GRANTS RECEIVE AWARD

Mrs. Ted Grant, Tavern Road, flew to Phoenix last week to attend to some business and was surprised to find Joyce Earickson sitting next to her. Joyce was on her way to Denver to attend college.

Ted drove their nice new Cadillac over to pick her up. They were both happy to learn that they were given a second award for wearing seatbelts in an accident that might have proved fatal if they had not been in use.

The Traffic Safety Council was so pleased to learn that people in the back country are using them and wish more people that use freeways would do the same. They cut down traffic fatalities as has been proved in two accidents the Grants have had.
