## Fire Board Warning

Commissioners of the fire district have issued a grave warning on safety measures for this year's fire season. Due to the fast approach of the high hazard period, the grass and weed growth being extra luxuriant, it creates an unusually bad condition.

June 1 is deadline when inspections will be made by the fire marshal. The code requires that weeds be cut 30'

## No Drownings if Kids Learn to Swim NOW!

With summer just around the calendar and pools being cleaned ready for the fun and healthbuilding recreation of splashing and swimming, it behooves parents to see that their children learn how to swim, and save others, too.

On May 1 Shadyrock opens with a free day for all to welcome its new owners. Stallion Oaks Ranch at Descanso is opening also. So is Big Oak Ranch, and others around the Southland, plus the beaches.

Alpine has an expert instructor who is starting as she did last year, to teach all ages. June Sortino has done a lot to help save lives by showing young fry

how to take care of themselves, and others, in the water.

Now, not only for safety's sake, but for your health, swimming is one of the finest exercises, ranks with walking and mountain climbing.

Your editor, reared at Santa Monica who taught himself to swim, in WW 1 became an instructor aboard the USS Cheyenne and taught many landlubbers to swim in the comfortable waters at Key West. He qualified as a Red Cross Life Saver, instructed by the famed W. E. Longfellow, founder of the corps back in 1900 when as a newsman he saw the useless tragedy of drowning.

So--- don't neglect your family's swimming ability, it easily might save a life later on! -CI

## Horse Talk

By Cynthia Irvine

What a thrill we all had Sunday morning at 6 when my sister's mare, Red had her colt. I was spending the night at Sharon McMann's when Cecile called and told me to hurry. I drove over and got here just in time to see the foal before it stood up. We have Alice Villa, our neighbor, to thank for our being on the scene. She saw Red way up in the back pasture and told us she was pretty sure the baby was on the way. Somehow Red had unlocked the gate on her corral and walked up in back and Alice saw her. She came down by herself and had the baby in the olive grove. The filly looks like her father Frontier Cody and is black with gray legs. He was black, and Red is a bay so it should be all one color by the time it is grown. We had a continuous stream of people come and see her Sunday and we can hardly believe it ourselves!

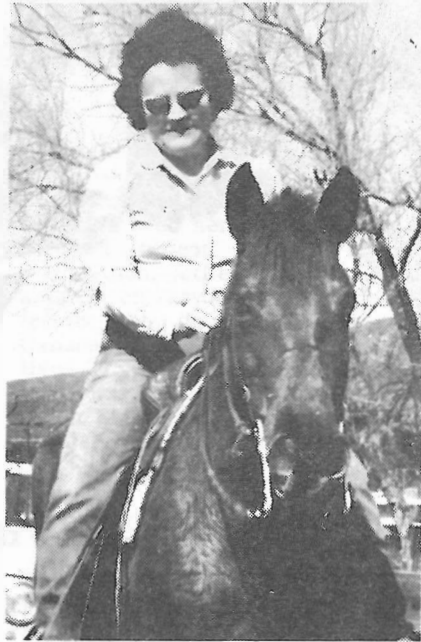

Celeste called our cousins in Hemet and they drove down and spent the day and we took loads of pictures. Mr. and Mrs. Rhinehart stopped to see her and they marveled at how strong and husky the little thing is.

Mr. Barrett is happy over the improvement of his black gelding Bar Mack. Dr. Immenschuh checked him all over and couldn't find out why he was losing weight and looked so bad. A horse in Yuma had measles and Mr. Barrett thinks Mack could have come down with them. He is now on the mend and looking much better.

Eldon Lauder brought my mare back Sunday. She was down at his ranch getting bred so if I am lucky will have my own colt this time next year.

Sunday Mama and Daddy drove up to Stallion Oaks Ranch in Descansoto visit Ed Torgersen, who now owns it. He is building more stalls and can put horses and kids up for the night. As soon as we can get a group together will ride up the Viejas trail and spend the night and ride back the next day.

DORIS SCULLY on her 6 year old mare Shieba she traded a gelding for last December. Doris underwent major surgery last month, is grounded for a few more weeks.

over at Jerry Webb's eating the nice grass that was going to waste.

Monday afternoon Virgil Wake called and asked if I could come up right away and get a picture of "Little Herman", a 900# hog that is the largest he know of in So. California. He and Al Maker own the animal together and it will go on the sale block as soon as the hog is a little fatter. Virgil wasn't kidding either as the pig is only 4 and could top 1000# easily. Will have his picture in next week's issue as there wasn't time to shoot the rest of the pictures and have a cut made.

by Cynthia shows wonders of nature as'instinct of newly born filly, only minutes after arrival, awkwardly, but deftly gets to her feet as mother watches on. Filly has to prop self up with spindly legs till they gain strength enough to stand erect. In only minutes she took steps, fell over, arose, then made it. Scene was witnessed by Irvine family and Alice Villa and daughter JoAnn.

#### MERRILLS ESCAPE HURRICANE

Richard Merrill, jr., and his wife at Ft. McDill, AFB, out of Tampa, Fla, gave his parents here a few nervous hours when the big wint hit that area last week.

"We tried to get them on the phone but could not get through, as we heard the news of their area being so hard hit", Merrill told the Sun. He finally talked to the young serviceman, learned the storm had been close but did no damage.

**RATE RELIEF FOR PHONE CO.**

New connection fees, but no rise in service charges, was asked the Calif. PUC by Pacific Telephone, advises Mgr. E. B. McKenzie of the EC office, Connections would go up \$5. from \$10 to \$15 for business; residential \$3, from \$7. to \$10.

The firm said it has failed to earn its common stock dividend in each of the four months from Nov. 1965 thru Feb. 1966, not realizing the rate of return authorized by the PUC.

## ROWAN SCORES AGAIN

A diligent young student of photography, Bob Rowan, son of the Ed Rowans, Acacia Lane, is on the way to becoming a nationally recognized expert in professional photography. His parents have just received word that he made an unusual score in a recent exhibition. It was in Battle Creek, where he is now living. He entered six beautiful 16 x 20 color prints and all six were accepted. He won a blue, a red, and a ribbon of honor with plaque for outstanding print achievement from the Michigan Professional Photographers' Assn. at the convention. He was among the top few that made high points. Rowan is a graduate of the nationally famous Brooks College of Photography in Santa Barbara.

Bob has a subscription to the Sun so he keeps up on what is going on among his many Alpine friends. He passes it on, says people show a great interest in the tiny newspaper.

Mrs. Frances McTaggart, Alpine's new massage therapist, who is starting this week to take patients at the office of Mildred Bredesen, DC, Tavern Road. The McTaggart's are long-time residents of this area, came to Alpine last fall to make their home permanently and she says "just love it and wouldn't live anywhere else." She offers Scientific Swedish Massage and steam baths which help anyone suffering from nervousness, that tired feeling, overweight, insomnia and many of mankind's ills. (See her ad this issue).

SENIOR CITIZENS will remember this antique apothecary's revolving drug cabinet owned by Mrs. John Bilsky, shown with her husband in their home on Louise Drive. They use it for displaying rare china and glassware.

She picked it up at a Lemon Grove auction some years ago for \$10., as nobody bid on it and none knew what it was, but after they found out, many wanted to buy it from her.

It is said to have cost around \$200. to build -- hardwood, plate glass shelves, glass sides, mounted on a firm pedestal. It is probably over 100 years old. A doctor offered her \$100 cash for it, but "When one makes a real find like this, it's something to highly prize", she says. Both are employed by Alpine Convalescent Center.

Most of the stumbling blocks people complain about are under their hats.

## DOUBLE TALK

By Cecile & Celeste Irvine

The Coffee House held in El Cap gym last Thursday was a terrific success. They had continuous entertainment and Jerry Webb sang several solos and my sister and I sang and played the guitar. We were the only ones from Alpine performing but they had plenty and all of it was good. Mr. Roberts is a wonderful MC and kept the show going at a fast pace. We think everyone that attended had a good time and quite a few from here went.

JoAnn Villa was so pleased when she won the funniest hat at their contest at Alpine School Friday. Her mother made it out of an old lampshade and put flowers coming out the top. We could see why she won, it was fabulous. Her prize was a huge candy sucker and an A in one assignment.

I guess there isn't anyone more on Cloud 9 this week than my sister. Her new filly is something to talk about and she can't do anything else. The baby is just perfect as Cynthia's photo shows.

GENERAL PRACTICE

SUNDAYS AND HOLIDAYS BY APPOINTMENT

Melva Riley came over Thursday with the registration papers for my filly Coco and I can hardly wait till she is finished out so I can ride her. This summer we want to take some overnight rides and I want to have her ready.

We were glad to see our cousins Trudy and Peggy Arndt Sunday when they drove down from Hemet to see our new filly. We were scheduled to sing at the Family Fair so Mama called Dr. Sam Sloan, in charge of the entertainment, and asked him if they could go on with us and he said "sure come on down" so we went and billed us as "The Cousins 4", and we had a blast doing it. The fair was well attended Sunday with lots of people coming and going, so it was a huge success.

Gilda Naylor escaped serious injury last week when the car she was riding in hit a horse and killed it. The car was damaged but she only bruised her knees, came to school two days later.

Arturo Geraldo's sister Dorina moved into Earickson's with her brother who has been there since the first of September. They are foreign exchange students from Mexico.

El Cap is having a Hootenanny April 29th sponsored by the International Club and all foreign students from the district will be there.

### ASHCRAFT HAD MANY SUPPORTERS

Last week the new Ashcraft-for Senator HQ was opened with 200 supporters at 8353 La Mesa Blvd., in LM. Feature of the evening was the live broadcast from Sacramento in which he discussed some of his ideals.

Important was his stand against the Unruh School Unification measure. He objected to forcing all district to accept unification in order to qualify for needed additional support and the obvious intended substitution of state control for local boards.

### MASSAGE NATURAL TREATMENT

By Frances McTaggart

Body massage is a personal health service employing the use of various manipulations for improving and maintaining good health.

The massage operator must have knowledge of where and how to apply different movements in order to obtain beneficial results. This is called Scientific Swedish Massage and vigorous manipulations are used to exercise the muscles of a particular area or the whole body.

Better circulation is brought about by helping the blood to flow easier and bring a fresh supply to the heart, lungs, brain, muscles and vital organs. This helps banish fatigue, nervousness, insomnia, sagging muscles and creates better elimination of waste products.

Periodic massage, good nutrition and steam baths greatly benefit those who wish to keep physically fit and also retain the feeling and vitality of youth.

Mrs. C. M. Stewart, South Grade Road, entertained Chet and Louise Coltharp of Tucson, Ariz. over Easter vacation. They are long-time friends, enjoyed the visit and Alpine's green countryside. Mrs. Stewart is expecting her sister and husband Mr. and Mrs. S. K. Grider from Honolulu the first of May. They will be in the states only two weeks, then fly home. While here will come to Alpine and visit her for a few days which she is looking forward to.

### STALLION OAKS EXPANDS

Although vacation or rather recreation season has not officially started, it goes on all year at Stallion Oaks Ranch, Boulder Creek Road, above Descanso, says Ed Torgersen, owner.

He spent Easter vacation here for a week, bought several houses for their riding stable, worked with architects on plans for the expanded poolside, stables and the building of a 25-unit trailer park.

A happy group is shown here in photo by the corral on Sunday morning. Many come from LA for week-end, says Torgersen, an advertising man there, who believes the SD back country will someday be one of the great playgrounds of the nation.
