## NAB JUVENILE ROBBERS

If it were not for an unwritten law among newspapers to omit names of juveniles arrested for petty crimes, five families would today be mortified, because sheriffs spent several days time in tracking down and taking into custody five youngsters who entered places of business and took articles.

"All were 13 and 14 years old and were in junior high school", Sgt. H. Schilpp told the Sun Wednesday, "and most of the stolen property was recovered, the victims advised, and restitution will be made." (See Sun last week for details).

## FWY IMPACT HITS 3

Today the first real fiscal influence of Interstate 8, the new freeway, on Alpine's business volume was felt when three firms closed shop: Alpine Outpost Market & Trailer Park of Stanley Chambers and Mr. and Mrs. Eugene Norman, his partners, she being his sister; Alpine Sales Yard, run by Sam Randazzo, and the Shell Service, owned by the Ralph Beckers.

Saturday's auction at the yard fizzled because the auctioneer's bond was delayed. However they sold most of the

## Council Meets Tonight

The provocative topic of school unification will be aired at tonight's monthly session of Alpine Town Council at 8 in Fuller Hall, says Martha Schwenck, secretary. Pres. Ben Polak will be in the chair.

Closed because of recent injury when a car forced her's off Hwy 80, wrecking it, Mrs. Marie Ciofal, who with her husband runs Marie's Restaurant, 15505 Hwy 80, is open again, he reports.

"But we are not taking reservations for parties" he told the Sun, "as we are not able to handle them, but will be soon, we hope". They live in EC. believe that their location, near the Dunbar Lane interchange on new Interstate 8, will not hamper business.

**THANKS, FOLKS, THANKS**

Dear Mr. Irvine: We really are enjoying the Alpine Sun which is being sent to us by our children, Bill & Joyce King, of Alpine Nursing Home.

It is good to have a little California (Sun), after all the ice and snow we've had in Arkansas this winter. We look forward to its arrival each week. Sincerely, Mr. and Mrs. John H. King, Lonoke, Ark.

Mrs. Jim King, who is a resident at Irvine's Trailer Estates, is home from the hospital. She went in Thursday for a checkup, returned Monday and is feeling much better.

Roy Setser is home from the hospital where he went last week for a check-up and observation. He was seized with a severe head pain that put him in for a few days.

Dr. Mildred Bredesen flew Sunday to Pensacola, Fla. to be with her father who has been in ill health recently.

**Treasures in Words**

Let my prayer come before Thee; incline Thine ear unto my cry. -Psalms 88:2.

Today our world-famous San Diego Zoo uses more than 2 billion gallons a year. And like the water consumed nearly everywhere else in San Diego County, 90% of the Zoo's water is brought in 300 miles from the Colorado River. The Zoo needed only a half-billion gallons of water ten years ago when it was smaller, but like the rest of the county, it's been growing. And keeping water available where and as it is needed is the job of the San Diego County Water Authority. For the last twenty years, through long range planning, careful coordination and visionary voting by county residents, San Diego County Water Authority has met all of our advancing water requirements at the lowest possible cost.

## Boom-&-Bust is Creeping Up Behind You!

Last month Pacific Telephone reinstated the 10% tax on phone bills, explained in a news note from E.B. McKenzie, manager of the EC office. Of course it is not a phone charge; they only collect for the US.

We just had enjoyed the reduction to 3% on Jan. 1, and it was to be fully reduced. Now it will drop to 1% on April 1, 1968, then be completely eliminated by that year's end.

This reminded us of the recent announcement wherein the Kiplinger Letter said "The next few years will see the biggest boom this country has ever known. And with it...inflation".

Back in 1935 during the depression, Kiplinger foresaw the turn, predicted inflation. Thousands took heed and profited. Inflation did come along. Prices rose as he forecast. Many improved their condition, but many lost by not knowing, or believing.

The signs are obvious, more taxes, rising prices, interest rates up which have slowed down progress in building and so on. County taxes will rise they say. Now if a person sells his car himself he has to pay sales tax. This is all as Kiplinger said it would be, so it might be wise to look into it and profit thereby. -CI

Mr. and Mrs. Harvey Tyler and daughter Linda are leaving tomorrow to spend the week-end in San Bernardino visiting Mrs. Tyler's parents. Mr. and Mrs. Earl Wallin, who have been in poor health but "have improved so much these past months" Mrs. Tyler says.

Traffic Officer: "As soon as I saw you come around that curve, I said to myself, '45, at least'."

Woman Driver: "Well, officer, you're wrong it's just this hat that makes me look so old."

### SETTLE RUNS FOR SHERIFF

A county resident for 30 years, L.C. Settle, Oceanside businessman and

long-time law enforcement officer, is candidate for the office of sheriff. He is 46, married to Oceanside City Treasurer Hulda Settle. He has been on the police force, run an automotive firm, later a private security patrol. He is a native of Cheyenne, Okla, and his father was a Baptist minister. The couple has one daughter. He is a great booster for youth activities, outdoor sports and so on.

### War Wounds Alpiner's Son

Mrs. Mildred Wentz, who with F.F. Fergusson, operates the Last Chance Inn, (Formerly Dottie's), received a wire from the war department last week, telling her that Cpl. Wm. Wentz, 22, her son, had been wounded in Viet Nam was flown to a hospital in Manila. He was hit by shrapnel. His left arm had a compound fracture; and wounds in the thigh and back.

Mrs. Wentz lost her husband in WW2 at the Battle of the Bulge. Two days after the wire, she received another reassuring her and telling that he had been transferred to a hospital in Okinawa. From there she was comforted by receiving an airmail Mother's Day card from Bill in which he said he would be back in battle after recovery.

6 ANOTHER HYDRANT FOR TAVERN RD  
 Monday morning a Rio SD MWD  
 crew started installing the second hy-  
 drant on Tavern Road, in front of the  
 Sun office-- a genuine surprise-- but  
 appreciated!

Here Ken Oppenheimer watches the backhoe, operated by Glen Houk-- camera got only his legs and Jim Dell, on road with shovel, as they dig to find the main pipe which was tapped and the fireplug installed. Earth at this location is strange mixture of prehistoric soil, decomposed granite in a yellow clay, with some granite fragments and a

lot of adobe on top, covered by thin layer of virgin topsoil.

Anthony Muller, who worked at Florence's Market, (picture last issue), has returned to duty after enjoying leave here. He went to Ft. Gordon, Ga., for further army training.

## Horse Talk

By Cynthia Irvine

Our sympathy sure goes out to Howard Barrett this week. He cut his hand on the grill work of his truck so deep that the tendons were cut and sprang back into his wrist. He was in the hospital several days and they had to probe up into the arm to pull the tendons back and tie them. He has a huge bandage on the hand but is home and feeling better. It will be sometime before he will be able to ride or handle the horses but the doctor thinks he will have normal use of it again, which is good news.

The Rash family have that certain smile on their faces and we know why. Mrs. Rash's mare Scarlet finally had her colt at 6:30 Saturday morning. She called and we went up and took pictures of the little beauty. It is a horse colt gray with black mane and tail. He will change color very likely as he gets older. Mr. Rash had slept in the barn to be on hand, and then missed the birth but didn't by much as the colt was still wet. They haven't named him yet but will come up with something appropriate we feel sure.

Linda Rushing hasn't picked up

Donna Hart's gelding Max as yet as they are in the process of moving into Bill Ingalls home on Victoria Drive and just haven't had the time to go get him. The ranch has a barn with tack room and plenty of corral so he will be happy there.

Rosalind Cooley was riding Margo Scolari's horse last week-end when the cinch broke and she fell off. She went home but her hip hurt so bad her mother took her to the doctor and he put her in the hospital. She is still there and I haven't heard whether she has a bone fracture or what is causing all of the trouble.

## SPEAKER AT GUILD'S BIRTHDAY

Wednesday, being the first one in May, saw the annual birthday noon potluck of the Guild, Community Church. An address was by Mrs. H. C. Milam, from the United Church of Christ Women's Fellowship.

many friends bringing items, so there was plenty of everything for all, including some delectable "Texas and Oklahoma beans", as Woodie said. Wake tended the tasty barbecue.

George Dillard of Dairy Mart Farms supplied soft drinks and ice cream. Everyone had a fine time in the picturesque spot where at one time the old SD wagon road meandered through here to Campo and the east. In those days there was a store, and nearby an early school.

Entertainment was by Bill McTaggart his guitar and loudspeaker, with "The Cousins Four", Cecile & Celeste Irvine and their cousins Peggy & Trudy Arndt, who were here from Hemet on a visit. They played guitars and sang. The funfest lasted till after midnight.

FREE FUN for all was enjoyed from 10 to 10 at Shadyrock Ranch Sunday as Mike Heuslein and Joe Fox, jr., hosted families and kids from all over the back country, EC, Santee and Lakeside. Big pool, painted and filled with sparkling water was joy spot all day for old and young. Weather was ideal.

The only known member in Alpine of the Pearl Harbor Survivors' Assn., those who lived through the terrible Sunday of Dec. 7, 1941, is Gino Danielli. He was a gunner's mate in the USN aboard a seaplane tender when the holocaust struck.

Mrs. Robert Earickson has taken the place of Hazel Hohanshelt at McCall's Ranch School where she teaches advanced English and math, also is introducing pottery making. Mrs. Hohanshelt is leaving on an extended trip.

**AMANDA BAUER IN HONG KONG**

An air mail letter from Mandy Bauer gives her account on board the Roosevelt enroute to Hong Kong and Japan for the 34 day cruise she is now enjoying. After getting her state room straightened out (there was a merry mix-up at first) Mandy settled down to bridge playing with interest and in first tournament on board came in 3rd, only 2 points less than second which gave her a fractional Master point.

She says "this is just like a 3-ring circus, while partaking in one thing you miss out on everything else. I can't miss the bridge lectures and playing, they are so interesting. I showed Mr. Goren the Alpine Sun and told him his picture would be in it, so he asked me to send him a copy."

"Food is out of this world and I eat like a lumberjack, this is where all the good meat goes from the corn belt and their chefs are all from Europe."

After a tour of Honolulu and Pearl Harbor their boat left for Yokohama where she will arrive Sunday.

**HAZELL LINK (ROSE)**

Tuesday graveside services were at Alpine Cemetery for Hazell Bell Link, (Rose), 67, who died Sunday in her

home, 240 S. Anza, in EC. A heart condition was the cause of death. The Rev. John Amundsen officiated with Lakeside Funeral Chapel handling arrangements.

She was a native of New Jersey, had been in the county 44 years, lived in Alpine since 1948, going to EC three years ago. She had retired some years ago as an investigating clerk in the Merchants' Credit Assn., for 20 years.

Survivors, one daughter, Mrs. Chas. Sturm, of El Centro, formerly of Santee; one sister in New Jersey, and two grandchildren.

"DARLING," said the husband, "I'm writing a letter to your mother. I wish I could remember what I wrote her the last time that made her so angry she canceled her visit to us."

NEW HORSESHOE courts were busy all day at Shadyrock's open house Sunday when everything was free, including soft drinks. When Bob Anderson built this recreation spot with his wife, (both deceased), they visualized the picturesque boulders and old oaks and sycamores, into the name Shadyrock, which has entertained thousands over the years, is now open for the season.

**Girl Runs Car Over Bank**

Shortly after 1 am Saturday a car driven by Emilie Joan Bridgeford, 22, of 849 Silverbrook Dr., Harbison Canyon, according to the CHP report "for an unaccountable reason", went over the bank on a curve of Arnold Way close to Alpine Nursing Home.

Wm. King, one of the operators of the home, was awakened by the woman's cries for help, called the sheriff who notified the CHP and a pacific ambulance. She was brought up the bank from the perilously balanced car on a boulder, taken to SD County Hospital where she was treated for bruises, then released.

# DOUBLE TALK

By Cecile & Celeste Irvine

Sue Innis is so happy with her batch of baby kittens. Her Siamese had 5 Saturday night and two of them look like they might turn out to be her coloring which is very unusual. When Siamese are crossed they lose the beautiful cream and brown color and take after the male, but she might be lucky and get two. One has no tail and two others are tiger striped. Sue teaches at McCall's Ranch School and most of the babies are spoken for so won't have any trouble disposing of them.

Saturday morning Mike Scully found a Coastal spotted night snake on his door step and brought it in. His mother called the zoo to find out what kind it was. They told her it was harmless so he put it in his bedroom in an aquarium and it got out and they haven't found it yet. His mother was glad it wasn't a rattler.

Linda Tyler got her acceptance letter for State and goes in some time this month for an interview but she still hasn't made up her mind whether she wants to go there or another college.

Alpine sure skunked Julian in games

### WATCH YOUR BURNING HOURS

Commissioners of Alpine Local Fire District have issued annual rules on burning. June 1 is deadline for weeds to be cleared 30' from all structures, 10' from incinerators, which must have 1/4" spark arresters.

Important is burning hours: 5 pm. to 7 am, PST and 6 pm to 6 am DST. Any other burning by special permit only.

To get a permit, call 445-2663 or send notice to the fire station and the marshal will call, inspect, and issue permit.

And, if you have a fire, inside or out, do not delay call the station at above number.

### SAFE DRIVE CROSS-COUNTRY

S/Sgt John Talamantes, son of the Robert Rixes, writes the Sun to give his new address in Lawton, Okla where he drove recently with his wife and children after enjoying leave here from Alaska.

"We arrived with no trouble on the road", he said "and so far it's not too hot, but soon will be"!

Friday. The girls basketball team beat 22 to 12. In volley ball they won both games and in baseball the 7th grade won 31 to 8 and the 8th grade tied 14 to 14 which proves that Alpine has some mighty players and will be appreciated when they move on to El Cap.

We were shocked to get the news that our long time friend "Debbie" Hazel Rose had died Saturday night of a heart attack. She had lived in our rental cottage for four years and we were good friends. Mama had been to see her twice Friday and was so glad she did, as Debbie wasn't feeling very good at that time.

### FORMER ALPINE PAYS VISIT

"Where would you like to go for a little ride?" Mrs. T.R. Jahn, of EC asked her charming mother, Mrs.

Cloda Ellis last Saturday, "you know tomorrow's your girthday and so today we are free to go somewhere".

"Why, I'd love to go up to Alpine to see what the old Tavern Cottages look like, and visit Mr. Irvine who was a good friend of Mr. Schaff who owned the place".

So that's how Mrs. Ellis happened to pop in the Sun office to renew friendships. She lived with the Schaffs for four years, loved the family, and especially young Jay, then about 14. She now lives at 4378 Felton in SD. She has been away for six years.

Sunday she was 80, and is in splendid shape, enjoying life, and keeping up on everything. Mr. and Mrs. Jahn drove her around the growing community, which impressed them all quite a bit.

## CWA NEEDS WATER VOTE

Population, growth, industry and tourism are reasons why SD County Water Authority, which recently took directors on a 168-mile tour of pipelines of the \$120 million water importing system for its 21 member agencies, is anxious for a strong yes vote on the June 7 ballot. It calls for a \$30 million bond issue for building the new facility. It is Proposition V, listed just above the "W", an \$850 million issue of the Metro Water District. This will handle Northern California water when it comes in.

CWA covers 718,000 of the county's 2,725,000 acres, representing nearly all of the county's \$2 billion assessed valuation.

**DO YOU HAVE POOR CIRCULATION?**

By Frances McTaggart

How is your circulation these days? Are you helping that precious bloodflow through your veins and arteries the way it should or are you a victim of our modern "sit-itis"? This seems to be the age for it. We set in the car to go places, but its really the automobile that's on the go-- not the body. When we watch TV, the performers are the ones who are getting their exercise. The blood is in constant motion from the moment it leaves until it returns to the heart. But at what pace, does it travel? This is of great importance. If our blood travels lazily we become tired and have that draggy feeling. On the other hand, we're energetic, ambitious and vibrant if our circulation is normal and to keep it this way we need to be more active.

Here's to better health the natural way.
