## PLAN HEALTH CENTER

Alpine's economy looks like it's on the rise.

And its many years of publicity on "Best climate in US by Government report", may also be paying off.

For last week a doctor and a federal agency man were here looking over sites for a proposed health center.

## Phillips Place Sold

Escrow closed Friday on the Arnold Phillips home--the old Brownlee place 1311 Arnold Way at Foss Road, reports Anna Jerney of Alpine Realty, who handled the sale.

Buyers are Mr. and Mrs. W. S. Collier, who moved in from Pt. Loma. They have four children, one with them here, Paula, 18. He is with Shaw Sales & Service of EC and LA, representing Allis-Chalmers heavy equipment machinery.

The fine 4-bedroom home of two stories has two fireplaces, also a 2-bedroom guest house with garage and servants' quarters, on 16 acres.

the new library sign, trophies for our float at the Mother Goose and the North Park Parades, getting enforcement of more traffic regulations, the horseshow and gymkhana." He specially thanked Paul Nichols and his committee for the former, Doris Scully for the latter.

Supervisor Henry Boney installed in short order, turned the mike back to Mallette who called on the new prexy, Dr. Robert Burak. He told of ambitious plans for 1966-67 including speakers on community topics at the quarterly general sessions, mentioning Pacific Telephoneman McKenzie on toll-free county dialing, also on fluoridation of drinking water.

He made a plea for more members-- at least 100 immediately-- and the need for an artist to volunteer for designing this year's parade float.

Speaker of the evening was Leslie A. Barr, of Convair in SD, on "Space Elements" illustrated with slides, a fascinating talk. Lovers of astronomy were delighted. Barr told of "the astounding reaches of space and how astronauts on long flights will grow their own vegetables for food!"

Boney also installed Mrs. Hazel Foster as secretary and Paul Nichols, incumbent, as treasurer, with new directors Jack Spatz, Jerry Funk, Dr. J.C. Campbell.

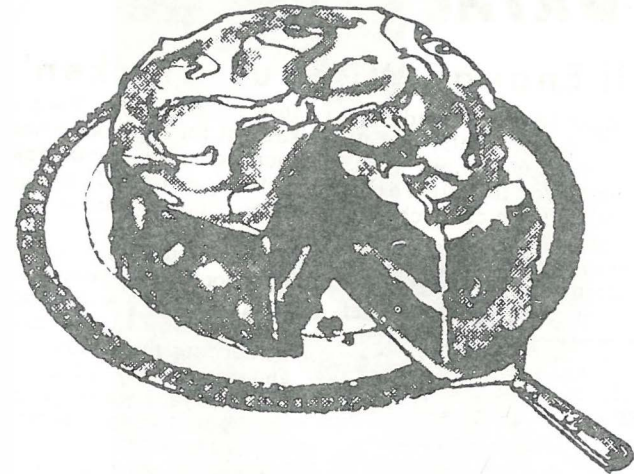

### LETTERS TO EDITOR

Hello Clarke-- My ad in your paper has been showing some good results. Your friend, Don Bates, Alpine.

Thanks, Don, for those nice words and your check.

A teacher asked her class to tell the meaning of the word "budget."

One little boy replied:  
"It's a family quarrel."

## Cars Kill Enough Without 'Chicken' Game!

One of the most frightening ads we have ever seen is that in nearly a full page by Mobil, the gas and oil firm, in an honest endeavor to help lower the terrible death rate by cars, chiefly among youngsters.

The ad writer tells how kids play exciting and often fatal "chicken", in which "idiot game, winners and

losers both die". Two cars speed straight for each other head on... with luck, one car steers clear in the nick of time... withOUT luck, neither steers clear. And the winner and the loser are equally dead... Some 'game'."

The writer says that car accidents kill more young people than anything else, including war, cancer, anything! Yet we allow it. He moans "Too bad we educate them only to make a living and not to stay alive. This is the price; 13, 200 young people between 15 and 24 died in such accidents last year. Fewer than half the youth who get drivers' licenses have passed a driver training course.. Which leaves well over 2 million (!) youngsters licensed yearly, WITHOUT passing such a course".

He then asks what we are doing about it, and if you have a training course at school and would it help?

"Yes, it would" he answers. "Education works. Drivers in large truck fleets are trained to drive safely. And some of them have dropped accident rates to only about half that of the general public".

We believe that Mobil should have credited the writer of their ad-editorial which winds up! "We at Mobil sell gasoline and oil for our living to the living. Naturally, we'd like young people to grow up into customers. But for now we'd be happy if they'd simply grow up". (You'd do well to show the full page ad to your young folk).

In the newspaper business we sell advertising, but we do not hesitate to mention firm names when they do something good. We do not have a Mobil ad, but we'd like to have one! - CI.

## Horse Talk

By Cynthia Irvine

Virginia Hill had an unlucky accident on her horse last week that put her back in the hospital. She was running and he tripped in a gopher hole and rolled over on her. She skinned her face, got a black eye, had to have 5 stitches taken above it and had some ligaments pulled on her arm, so was really banged up, but luckily wasn't injured permanently. It is a good idea to run your horse on packed down or freshly plowed ground because it is almost impossible to see a gopher hole when you are riding at a fast gallop.

Joseph Berg came to Alpine Friday to see his son and to visit his friends.

He met Alice Villa as she was on her way home. He said Sultan, his colt out of Misty, was making a name for himself and they were mighty proud of him. He is going to send us a picture to run in the Sun and we are looking forward to seeing it.

George Archer was given a Jack donkey for his birthday but doesn't want to keep him and is only asking \$15. so here is a nice opportunity to buy a young donkey quite reasonable.

Pat Mitchell's husband Woodie got a 7 months old Appaloosa horse colt for her last week. He is white with green eyes and very likely will spot out. He is friendly and gentle so should make her a very nice riding horse.

JoAnn Villa was worried last week when her horse Mark had a limp that they couldn't understand. He didn't have a stone bruise so she thinks he twisted it somehow in the pasture.

Frank Scully is thrilled with his new quarger-horse stud named Tab. He is a permanent registered Camilot horse and is coming along fine with his training. Frank has been riding him all over and the 2½ year old had never been handled before.

Mrs. Doug Payne is looking for a nice jenny donkey to buy so the kids can go on camping trips and use it for a pack animal.

Susie parsons is continuing to train her 2½ year old filly Chipper. She has had a little help from the Vickers but otherwise has done all of the ground work herself and is doing quite well.

Doris Scully hopes the new Alpine horse ring will be completed this week and if it hadn't been for a few diligent workers it still would be in the planning stage. Roger Jerney, Scullys, Vickers and Reids turned out every time help was needed and spent their time so that Alpine youngsters would have a permanent place to work out their horses.

### HANNON ENTERTAINING SISTER

Mr. and Mrs. James Hannon, 22 51 Tavern Road, are entertaining his sister Mrs. Verna Anderson from Rockford, Ill. for a week. She came out on Santa Fe's El Capitan, said "was quite a trip and uneventful except for an accident near Albuquerque that required a 4-hour wait to clear wreckage off the tracks.

At the Barstow stop a young man was taken off with a heart attack and to top it all, someone threw a brick through the club car window while we were waiting for the ambulance. Luckily no one was hurt but was glad to arrive here safe and sound." She spent one day in Santee visiting Hannon's daughter Mrs. Marie Murphy, her husband and 11 children, will leave this week-end for home.

### BIG DAY FOR LIVELY OAKS

Monday's potluck lunch at the YC by Alpine Lively Oaks Club was a hummer with 50 present, reports Emma Holmes. The white elephant sale was also a success. Topping sales was a huge squash raised by the Hunters, who donated one before.

The John Anthonys joined the club, and Mrs. Hunter had as her guests Mrs. Jas. Holama and John Brock of the Log Cabin Trailer Park.

Due to a misunderstanding, the Sun recently said that the club had raised cash for the Youth Center building fund. "It is for the Senior Citizens Building Fund", corrected Mrs. Holmes "and is in the bank that way." Sorry Folks!

# DOUBLE TALK

By Cecile & Celeste Irvine

Wednesday night we got a call from Mrs. Fordney saying to come up to her new house with a camera. She said two mountain lion cubs were curled up in the bathroom of their new home and if we wanted a picture to come quick. Bert Fuller went up first and put the flashlight through the window, saw them and then got out of the way. By the time we could get ready they had left. The 6-weeks old cubs were raised in Arizona and belonged to someone in

Alpine. Before they reached their destination, the truck they were in overturned and they escaped in the Willows area. Their tracks this week indicate they are still in Alpine but searchers have failed to recapture them. They are tame and not dangerous but the owners would like to have them back alive. They are too young to be on their own and we hope, for their sake, they are captured before they get into real trouble.

Friday night we celebrated Cyntnia's 18th birthday by going to Carlton Oaks Country Club for dinner. We had a wonderful time and the dance band let ussing a number. We were really thrilled to get that privilege!

Maxine Kinikin left Sunday for Julian to work for the Peace Corps camp. She will be there for two months and if she likes it, will be transferred to other camps in the area.

April Mansfield spent nearly a week in Valley Hospital undergoing tests and getting a check-up. She came home Sunday and was glad to be released without anything serious being the matter. She has had trouble with her lungs ever since the car accident she had with the other Alpine kids in February but is ok now.

Fidel Hyde is going to school full time now although his hand still has a huge bandage on it. His two remaining fingers are still stiff and he thinks he will just have to use his left hand from now on. It is too bad because he is such a good artist and has real talent.

Mrs. Carl Rose called last week to say she had not found her little parakeet that had gotten out, but some friends gave her another, so she isn't feeling blue any more.

**Open GOP Headquarters**

Republicans have opened a snappy office in the Landt Bldg., 2353 Hwy 80 and are already handing out literature, banners, stickers and the usual run of campaign material so loyal Republicans can boost their slate of candidates for the Nov. 8 raceday.

The headquarters was fixed up by Mrs. Bertha Landt, in photo at right, and Mrs. Bonnie Clerk, aided by Larry Wilcox and John Hume. Other GOP boosters will man the office till election day.

Alpine needs a family tearoom.

## MASSAGE AND ITS BENEFITS

By Frances McTaggart  
Cont. from last issue:

Our lungs, bronchial tubes, trachea, mouth, nose and air passages comprise the respiratory system which is tremendously helped by increased circulation. Better breathing is one of the essentials to better health.

We all know how important the digestive system is to comfortable living. In our massage therapy, we pay special attention to the stomach, small intestines and colon and try to promote and help the peristaltic or contracting action thereby aiding elimination.

There have been times when this question has been asked. Which is more beneficial - exercise or massage? Exercise is energy used at the expense of the exercisor. Massage is energy in the form of motion received and depends on sources outside of the individual to whom it is applied, requiring no effort on the part of the recipient. If one's energy level is high - exercise is fine. If energy level is low, it indicates that massage should be had to bring vital force into the system.

The test of massage is based on the results obtained and not necessarily by the way one feels afterwards, although one can't help but feel relaxed, revived and refreshed.

## MRS. DESCOTEUX FROM HOSPITAL

At her mother, Mrs. Mary Lacko's home, is Mrs. Sandra Descoteaux, mother of 3, who was ejected from a car Sunday night 3 weeks ago, having been under treatment and examination at EC Valley Hospital ever since.

"She is physically recoverex" Mrs. Lacko says, "but due to the head injury she has amnesia, and is in a coma part of the time. All we can do is hope and pray for complete recovery". A nurse is in attendance all the time.

Love at first sight. One of the greatest labor-saving devices the world has ever seen.

TWO EL CAP STUDENTS OF ALPINE WIN MERIT AWARDS  
 Mareen Trentl, daughter of Mr. and Mrs. Mario F. Trentl, and Wm. A. Arnett, son of Mr. and Mrs. Wm. V. Arnett, have been named by Principal Russell H. Savage of El Capitan H. S., for outstanding merit awards.

The letter of commendation to Miss Trentl, a senior, was for high performance on the 1966 Merit Scholarship Qualifying Test. She is among 38,000 in the US who scored in the upper 2% of those who will graduate in 1967.

Young Arnett, another senior, has been named a Semifinalist in the 1966-67 Merit Scholarship Competition, being among the highest-scoring students in the state on the test. Over 14,000 were appointed across the US.
