## CARRELL OPENS FEED STORE

At 2424 Hwy 80 just above town, Geo. Carrell and his wife have opened a feed store and are already supplying local horsemen with hay, grain and supplies. They now have a phone, 445-4436, and invite Alpine horse lovers to come in and get acquainted.

## BAKERY OPEN SOON

"We plan to be ready for business in four weeks, and will be moving here from Calexico within 60 days" says George Grube, who is installing a modern bakery at 2733 Hwy 80. It will be known as the Alpine Ranch Bakery and will feature special items as

Here's one fruit that nobody ever snitches! The common cactus or tuna, grown all around the mountains, but few eat it, yet it is a delicious, nutritious food. Photo shows one of the prolific yellow variety in full fruit, ripe and sweet now, in front of Bill Graf's home, 1920 Tavern Road. Rose Lee, his wife, is with their son Gene, now 4. They have another son, Dean, 2.

## RATLIFF REMODELING

Work on rebuilding the front of the vacant store just bought by Barney and Agnes Ratliff at 2223 Hwy 80, is progressing fast by Don Fuller, builder. They are putting in full front glass windows with a recessed shop door and making many other improvements on the interior which will house their

More on 15

stoneground meal breads and other tasty items not obtainable in the markets.

The interior of the attractive stone building will be done in ranch style and the motif in decoration, advertising and packaging will also be in that manner. They plan on a small industry with mail orders in addition to serving Alpine and the back country.

More on 15

Now that weeds are growing fast after the rains it is power mower time and that means be extra careful of the whizzing blade.

### LETTERS TO EDITOR

Dear Clarke: San Francisco  
In your issue of Jan. 20 you have a story and photo of storm repair damage by property owners. Your footnote referring to the fact that the cost of these repairs should be done by a public authority is well taken.

Some years ago following a landslide on Aug. 20, 1956 on the Palo Verdes Peninsula the property owners that were affected as well as the Palo Verdes Water Co., which was also damaged, sued L.A. County for \$6,250,000 damages. After appeals to the State Supreme Court, it was held that the cost could be better absorbed by the taxpayers as a whole and with infinitely less hardship than by the individual parcels affected. This became a new ruling by law and could apply, I believe, in this particular case.

I do not know how much each person suffered in loss by the storm, but it seems to me it should be a county or district matter to provide proper care for the runoff of storm water, and these property owners could collect their costs from the county.

Best of everything to you all.

-Paul A. Belser

Note- He is an old friend whom I knew in Honolulu many years ago, now a construction executive in the Bay City, and an ardent reader of the Sun.

### SCOUT SUNDAY AT CHURCH

Boy Scouts and Cubs will be guests of Community Church as part of national observance of Scouting, says Dr. Roger Larson. They will be at the 11 a. m. service.

During the Lentenseason Dr. Larson is preaching a series on "The 7 Last Words of Christ".

### RATLIFF SPRAINS AN ANKLE

Stepping on a loose tile where workmen were laying new flooring, Barney Ratliff, owner of the Log Cabin Cafe, lost his balance and suffered a bad sprain of an ankle Monday morning.

"They were putting a new floor in the kitchen and as I had two cups of coffee in hand, I could not regain my balance" he said. So he is taking it easy at his home for a few days.

### OLD GLOBE PRESENTS

A zany and witty contemporary play that probes man's acceptance of his inescapable solitude opened Feb. 2 at the Old Globe Arena in Falstaff Tavern, Balboa Park.

"Next Time I'll Sing to You" will be staged for a limited run of 16 performances nightly except Monday through Feb. 19 with Wm. Roesch directing.

## Is our going to the moon sheer lunacy?

How many more fine young astronauts-- valuable and experienced pilots-- are we going to see incinerated, or killed, in space vehicles by the time we reach the moon?

How much more income tax money are we going to spend-- we blew \$4.8 billion last year on space programs-- to reach the lunar surface? Isn't this lunatic money? Webster calls it "wild foolishness".

We have talked with many about this important matter and the majority think it is foolish for anyone to be going to the moon, or to any other planet.

Concensus is that this poor old frustrated, neglected, inhumane world needs our dollars and our efforts at self-betterment far more than satellites of the earth, or any other planet.

To think of a few ideas to help us along this maddening path to poverty-- for we all are fast approaching that with rising taxes, living costs and so forth-- here are some"

Disposal of sewage in rural areas is a costly and bothersome problem that has had no improvement for 100 years. Why not devote a million to research on solar energy to dispose of the effluent? This would save hundreds in costs and maintenance of leach lines.

And how about a few millions for developing natural rainfall collectors instead of desalting seawater that flows abundantly into old ocean? Runoff up here is practically all lost!

Why not spend some on reforestation all over the country? That would conserve water, beautify our land, give employment to thousands.

Our growing population would do well with more parks, lakes, beaches, playgrounds, public pools, all for health and recreation, and to make America really more beautiful.

For only a few millions-- maybe not even a billion-- we could build a system of trade schools all over the country to train young folks in many lines that are in demand.

Instead of teenage riots and racial fusses, everyone would be busy learning doing, earning, and enjoying the works that God intended man to do to keep him out of mischief.

Yes, if we took some of that lunar money and spent it like this we would see poverty disappear like fog before the morning sun. -CI

Here is a graphic illustration of how the fogs this week closed airports, snarled traffic, slowed life down below. This Sun photo from the slopes of Viejas Mountain, looks northwest from El Cajon Mountain in the middle.

"Alpine, Where the Sunshine Spends the Year", was coined by the Sun when it first started in January, 1952, for its editor had selected this area after exhaustive search of weather records plus travel between Oregon and Mexico,

That is why doctors across the nation know of Alpine's fine climate and its soothing influence on bronchial sufferers, have sent patients here since back in the 1880's.

Ruth Burdett enjoyed luncheon last Saturday at the home of Mrs. Lou Quinn of EC. The SD Club, of which she is a member, gather once a month to enjoy an afternoon together.

## RIDERS PLAN BARBECUE

The recently formed lively Alpine Riding Club has slated a Barbecue and Get-Together for Saturday night, Feb. 25, at Sleepy Hollow Ranch which is being loaned by the owners, Woodie & Pat Mitchell, who are enthused horse-lovers. They operate Alpine Convalescent Center.

Virgil Wake and Woodie are donating meat for the affair which is to raise funds for running the club, says Mrs. Frank Scully who is working on it. Tickets will be on sale in a few days; adults \$1.50, children under 12, 50¢. Serving will be from 4 to 7 with dancing and entertainment the rest of the evening. Affair is open to public.

Grandpa Simpkins was sort of absent-minded, so his wife wasn't too surprised when he came in from a walk to the postoffice and announced that he guessed he'd lost his umbrella. "When did you first miss it?" Grandma wanted to know. "Just now," replied Grandpa, "it stopped raining and I reached up to put it down and it wasn't there."

## Reciprocity Tea Tuesday

The 1967 annual Reciprocity Tea of the Alpine Women's Club will be next Tuesday, Feb. 14, at 1 pm in the club house. An outstanding program, a play "How to Keep a Secret" by Alpine authoress Bea La Force, will be presented.

The cast of five will be Shelia Byrne, Old Globe actress who starred in "Dark of the Moon", Beverly Lisantti, who recently starred in "After the Fall", at Mission Playhouse, and Barbara Peterson, Norma Sullivan and Lynn Lipetzky, all of Alpine. Mrs. Lipetzky will also give a short program of ballads and folk music.

Hostess for the tea is Mrs. Flora Hill. Her committee members are Mmes L.E. Carlson, A. Steinbach, H.W. Johnson and E.J. Orbom.

## HILLBILLY BAND FOR FAIR 1967

Alpine Lively Oaks were elated to learn that their noted Hillbilly Band has again been invited to play again at the SD County Fair.

## SADDLE SWAPPIE HERE

A much needed Saddle Swap Shop is being planned for Alpine this week by Mr. and Mrs. Vic Vickers of Victoria Drive. A suitable location is the only thing that is stopping the operation at present but several stores in downtown Alpine are being considered. They hope to open this month with new and used saddles, blankets, all kinds of tack and if you have something you want to swap, this will be the place to come. Vickers are leaving for Yuma today to pick up more hand-woven blankets and order a saddle or two. As their business grows, will add other lines.

## HORSE TALK

By Cynthia Irvine

Excitement has been high all week with plans for attending the Silver Spur Rodeo and we are leaving tonight after I get home from work. Our cousins Peggy and Trudy Arndt came down from Hemet to go with us so we should have a time to remember.

I saw a sign on Barbara Peterson's gate "Horse for Sale" so called and sure enough she is going to sell the mare and colt. She was born Oct. 31st and is a real pretty little thing but Barbara hasn't time to take care of them and her children are still small so will wait and get others when then show more interest.

My sister Cecile bought my mare Wendy and so I turned around and bought her registered quarter horse Coco from her. Wendy is well trained as I have spent a lot of time with her and Mr. Mac helped me a lot. Coco is still green and Cecile just didn't ride her, so I am going to give her a little more training. I might keep her but don't know yet.

Debbie Place sold her Palomino mare to some children in Lakeside who needed another horse. She didn't ride

her enough to pay for the feed.

Sunday at the Tumbleweed Rind in Lakeside the EC Jaycees are having their 2nd annual horse show. The judge is Hugh Martin from Norco, Calif. They are having 18 events with a \$20. gift certificate as Junior High point.

After Alpine's Viejas Days May 6 and 7 the chamber is sponsoring another gymkhana show which was such a success last year. Details will be released as soon as they are worked out.

Ellen Hood bred her Palomino mare to Payne's stud last week and hopes for another blond baby but Red is a blood bay and usually the dark colors predominate, will wait and see.

Mr. and Mrs. Vickers are waiting to receive the 9-months old stud colt from Margaret Lowthian that they purchased. His father is Blue Admiral and he is just beginning to get a blanket.

We are glad a nice feed store is going into Alpine on Hwy 80. Now if we run out of anything we don't have to make a special trip to EC to get it and if Mr. Carrell gets the support from horse owners here he will enlarge the store and eventually handle tack and supplies.

Wilma Peters, in charge of riding lessons for the club with Howard Barrett assisting her, announces that if 5 or more adults wish lessons on Saturday starting at noon she will be available. Call Mrs. Scully, 445-3803 and let her know. Several have been interested and this club is really growing, has 48 members at present.

"IS MADGE still looking for her ideal man?"

"Good heavens, no! She's far too busy looking for a husband."

Classified ads will sell anything.

Here's an example of a car being more than totalled, towed in Monday by Lutz's Garage.

"It's the worst wreck I've ever seen" said Mike Heuslein, standing by the crushed machine. The driver, not from here, had a broken leg and many bruises-- nearly lost his life.

### BOY SCOUT WEEK ENDS MONDAY

The 57th year of Scouting, observed by National Boy Scout Week, finishes Monday with lads all over the nation taking part in many and varied events. Scouting started in this country in 1910.

John Edwards is driving some friends to Texas, will fly back to his home here. He just had a letter from his son Johnnie, serving in Viet Nam, who hopes to be home in 7 months.

DESCANSO, 445-4179

### DRAMA AND DANCE POPULAR

"The interest in both drama and dance lessons have been overwhelming", says Mrs. Lynn Lipetsky "with all classes full. After the 10 weeks course in drama is completed another will follow with more advanced work" and although Mr. Haworth has been the instructor, and has achieved marvelous results, he might not be available for the next session. However, another as competent will be secured" she says. Because so much interest has been shown, an adult class might even be formed.

Mr. and Mrs. C. W. Gillis, recent newcomers to Alpine, having leased Shadyrock picnic ranch last September, are planning to open their popular grounds early in May with some picnics scheduled. They all have been under the weather with the flu but are improving and looking forward to serving the public this spring.

Birdman's eye-view of McCall's Ranch School atop a hill at Tavern and South Grade Roads. Editor Irvine's camera looks west, with Tavern Road across the top, some of the school buildings below, the ranch home on summit. South Grade Road runs up along left.

### 8TH GRADERS SCORED WELL

Trustees of Alpine's school district are elated over the recent report of Supt. Paul Clay that 8th graders had placed "near or above" national norms in the SCATSTEP achievement and aptitude tests.

"The students scored higher than their counterparts last year", he explained.

### STOP TALK ON UNIFICATION

Alpine school trustees voted to join other Inland districts in calling a moratorium on unification discussions till next May, Supt. Paul Clay reports.

Miss Ruth Brudett entertained her niece Clara Gutteron and friend Aminta Bayless of EC last Friday. They drove up to spend the afternoon with her.

### HELEN BYERS

Services were 10 a. m. Monday at Paris Mortuary for Mrs. Helen P. Byers, of 722 E. Victoria Drive, who died Saturday night in a SD hospital after a short illness.

She was a native of New Mexico, had lived in SD County for 13 years. She was a bookkeeper for Alpine Convalescent Center.

Survivors; daughter Cindy Ann, 15, 3 sisters, Mrs. Anna Hume and Mrs. Dorothy Manolakos of Alpine, and Mrs. Ruby Grisham of SD, and one brother. Cremation was Monday.

### WATCH YOUR ARITHMETIC!

The Internal Revenue Service advises all taxpayers to "check arithmetic a second time before filing returns" because last year computers discovered that many had made mistakes, some for the US, but mostly for themselves. Two and two are still really four!

## DOUBLE TALK

By Cecile and Celeste Irvine

Cindy Byers lost her mother Saturday night and all of us who know her extend our sincere sympathy. Cindy has been active in 4H ever since she moved to Alpine and is well known.

Jody Sutton and Mary Ann Hatcher spent the weekend in Whittier with Mary Ann's sister. They took the train and had a nice time.

Donna Schwenck had some sad news to tell. Her goat April died last week and she was due to have her babies any day. She was the only registered goat Donna had and after she died her brother cut the animal open and found 3 kids, so it was a big loss financially.

Paula Anderson is working part time at McCall's Ranch helping out Blanche and likes the job a lot. She walks to work as she moved recently to Tavern Road.

Our El Cap stadium fund is growing but they still have a long way to go. Why not help out a little and you might be the winner of the 67 Mustang they are raffling off April 16th? Chances on this car are only \$1, and you can get a ticket from most students. One buck isn't very much to invest in a nice car, and you will also help swell the fund that much more.

Mandy Payne gets braces on her teeth today and will have them on for two years. She has had more teeth in her mouth than were necessary so has had some of them pulled. When she gets through she will have a nice set.

Patricia Presley has her finger in a cast as she broke it playing tether ball. She is taking piano lessons from Miss Burdett so will have to wait 6 weeks for the bone to knit before she can play again.

### Alpine

#### Trailer CampeRancho Resort

ALL YEAR RESORT FACILITIES FOR TRAILER, CAMPER, TENT PICNICS, DAY, WEEK OR MONTH POOL, PATIO, BAR, MUSIC, GAMES, DANCING, HIKE, CYCLE, AND HORSE TRAILS.

463-2028

BEAUTIFUL AND smart is this Blue Bedlington Terrier that Mr. and Mrs. Jim Madson just purchased. The registered animal is named Magi, will take the place of one lost last year.

Little Carolyn Reed is still home but "feeling better and improving" her mother says. She had her tonsils out the last week in January and had a few complications, will go back to school probably next week.

Alpine is going to be well represented at the Yuma Rodeo this weekend with the Rushings, Vickers, Irvines, Arndts, Wakes and Howard Barrett going.

Dr. Edgar M. Poe

Optrometrlist

445-2345

### CONKLINS HOME FROM TEXAS

After spending a month in Waco, Texas, Mr. and Mrs. Frank T. Conklin, Marshall Road, are home and enjoying the beautiful sunny weather Alpine has been having. They drove there before Christmas to visit their daughter Katherine, husband T. Sgt. Eugene L. Startien and two daughters Patti, 19, and Muriel, 16.

The Conklins were originally from Kansas City, Mo., later spent 15 years in Denver where he was with the RR Express as supervisor of the terminal. They spent 6 months in California looking for an ideal climate, and finally settled here in Alpine and have loved the two years spent here.

### SCOUTS ENJOY HOCKEY GAME

Through the courtesy of El Cajon Awning Co. and their Alpine representative Lee Widmer, 23 Alpine Cubs and 31 Harbison Canyon Scouts and Cubs enjoyed the Gulls Hockey game Friday night. Transportation was provided by parents and everyone had a tremendous time. Money from tickets went to March of Dimes.

### CHEAPER ELECTRICITY DUE

If you use over 1000 kwhrs a month you will benefit from the PUC authorization just made for SD Gas & Electric Co., to reduce rates from 1.5 to 1.4 ¢ per kwhr. They think it will save 12,500 patrons some \$95,000 a year.

Many retired navymen of Alpine will be glad to know that plans for a year-long celebration of the Golden Anniversary of the NAS, North Island, have been announced. It will feature an open house and air show in August, with the famed Blue Angels performing.

## Kip's Cafe

### PETRUCELLI'S REMODELING

The attractive upstairs dining room and lounge at Petrucelli's Italian Cafe (formerly Constantino's) 156 E. Main in EC, is a shambles just now as they are finishing tearing it apart and remodeling. It will soon be in operation with banquet seating for 150. They plan on promoting events to utilize this nicer room. Music and dancing will be on the program.

### THANKS, FOLKS

Dear Mr. Irvine: - Here is my check for another year of the Sun which I send to my grandson, Gordon Westfall, in Germany. Gordon said when he was home he hardly ever read the papers, but now he reads them all, including the ads. Thank you,

-H. G. Runcorn.

## MOATS VISIT FLORIDA

Sally and Gene Moats, former Alpiners, returned home Friday from a week's vacation in Hollywood, Fla. They flew via United and National to the resort town and spent a week enjoying the sights and having a wonderful time.

They visited Cape Kennedy, were shown all over the grounds and missed seeing the Moon shot because of some unavoidable delay in the firing. Sally says "the boat trip through the everglades was thrilling and we both enjoyed every minute of it." Gene was one of 50 RCA employees who won the vacation by having highest sales record for the year.

Tell our advertisers you saw their ad in the Alpine Sun.

## TEACHERS' PLAY NEXT FRIDAY

"Spring Fever Capers" is nearing readiness for presentation Friday night in the school auditorium, sponsored by the Teachers' Assn, Kiwanians and the Lively Oaks Club. It starts at 8 pm, adults \$1, kids 50¢. They promise lots of fun.

## RA TLIFF REMODELS FROM Page 1

liquor store to be moved from the Log Cabin building adjacent on the west.

Already Fuller has demolished the shed that was on the side, the space to be paved for added parking. At the back he found an abandoned well with a large rusty pipe which must have been put in many years ago, even before the shed was erected.

The Alpine Cafe, occupying the eastern half of the building will remain.

## SCHERF COVERS BACK COUNTRY

Bob Scherf is now serving Alpine & the Mt. Empire representing Gold Seal Cleaners and Laundry with free pickup and delivery. He lives in Lemon Grove, now runs his ad in the Sun, for which he recently subscribed.

The SD Heart Assn., reports that cigaret smokers have a 70% higher risk of early death from heart disease than do non-smokers.

In a little mining town in the West there was an old man who had lived in the same house for 50 years. One day he surprised all his neighbors by moving into the house next door. Reporters were sent to see why he had moved. When they asked him, he replied, "I guess it's just the gypsy in me."

## BAKERY STORY FROM Page 1

A snack bar serving beverages and bakery items will be at one side of the salesroom so customers may drop in for a bite as they shop for their bakery goods, all made here. Grube and his wife are well experienced in this field operating a large bakery in Calexico.

"We chose Alpine for its fine weather" he told the Sun, "and our packaging and ads will all feature that, and we want to become a part of this fine community".

"Operation Handclasp" -- sending items to the poor of Viet Nam, has set deadline Tuesday for receiving things, say Cochairman Mmes. Orville Palmer and John Titus.

# CHOOSING A POOL TO FIT EACH FAMILY

Once having decided to enjoy the pleasures of owning their own swimming pool, a family must decide what type and size pool they should buy. Faced with a bewildering array of sizes, shapes and designs, a wise decision could be extremely difficult to make.

Trained Blue Haven representatives solve this problem quickly and easily. From their knowledge and experience, they help each family choose the right pool to meet their individual family needs.

Since no two families are exactly alike, no two Blue Haven pools may be exactly alike. Are there small children in the family? Then, this Blue Haven pool must be planned for their enjoyment. Is there a potential diving champion waiting? His needs must be met. Would the family enjoy the relaxation of a therapeutic aqua-massage? This feature can be included. These and many other questions must be answered to make certain that every Blue Haven pool will be a perfect leisure-time center for family fun.

Next, the area in which the pool will be located is carefully surveyed. The size and shape of the lot, the landscaping and the decor of the home and grounds all must be taken into consideration. Because a Blue Haven pool is a permanent addition to the home, it must be carefully planned to be a beautiful and integral part of its surroundings.

## PTA TO HONOR ALPINE

Tuesday, Feb. 14th, Alpine PTA will select some worthy citizen to bestow the Honorary Life Membership pin on. This will be the 70th annual Founder's Day Program for PTA and it will be entertaining and informative. Dr. Donald Shealor, psychologist, will be the main speaker and the Hillbilly Band will give out with some tunes.

The third grade mothers are hosts, will serve refreshments.

## RARE DEER FOR SD ZOO

Not since 1900 has a species of deer been seen in the US, relates the SD Zoo where a pair of Luzon Sambar deer arrived from Guam by air. They are a gift of the Guam government. This type was last seen in the National Zoo, Washington, in 1900.

Mrs. Elizabeth Schwenck, step-mother to Edwin Schwenck, is home from Valley Hospital where she spent the last 4 weeks recovering from a kidney infection.

## CARE OF THE BODY

By Frances McTaggart

Hair experts say the gals may find themselves bald if they don't take care. Sounds like a pretty strong statement but they ought to know.

It is no laughing matter, the nation's hair experts say. Many teens are losing it by the handfuls. Baldness among American women is definitely on the increase or it may be falling out, dry, brittle, dull, limp or generally damaged. Hair should be shining and lovely. Instead, it is teased and sprayed until it resembles a bushel basket and feels even worse.

The constant use of nylon brush rollers will make the hair fall out eventually. The pull plus the heat can loosen hair at the scalp and it takes a long time to grow back.

Bleaching definitely damages hair and it can't take it. Also wearing it in pony tails causes excess pulling. Hair sprays are more dangerous than any label prints, and constant use, plus inhaling can cause permanent damage to hair, scalp, lungs and eyes.

Your hair reflects the care given, & if left along and the general health is good your crowning glory will be just that. If your hair needs attention, diet and massage will start you back on the road to a more beautiful head. of hair.

UPON RETURNING to her sixth grade class one day, a teacher found the children sitting quietly at their desks. Since this was unusual, she asked them for an explanation.

Rather hesitantly, a girl said, "Well, you once told us that if you ever left the room and came back to find everyone sitting perfectly still, you'd drop dead."
