"Looters will be shot on sight", was the word from the Chicago area last Friday when those terrible tornadoes struck.

points to something very radically wrong with our nation today.

American cities are paying millions for this senseless school destruction, also autos in transit, and other places where inane young people have wrecked "vengeance" on property.

This cost runs over \$5 million a year in NY City alone, and school authorities in Brooklyn have been driven to build a prototype of what may be the city school of the future -- a solid fortress without one window!

In 1965 Chicago schools had to pay nearly a million for broken windows, door glass and light fixtures. Many other major cities have racked up terrific costs to replace windows and so on, and fires have accounted for millions in losses all over America.

Now, what is the cause of this wanton destruction? Health people say it is an acid condition of the body that produces such conduct. The normally healthy person does not need to indulge in this type of insane destruction, for his bloodstream is normal and his brain is therefore well nourished, does not need such extra-stimulating experiences.

Maybe we might get ahead by teaching more normal diets in our schools and homes, so that the young people would not need to get relief from such conditions by these drastic means. -CI

### BEAUTIFICATION HELPED LOTS

Rain dampened a few newspapers left outside but not the enthusiasm of volunteers who turned out Saturday for the last day of the C of B Beautification Committee Pick-Up Drive. In addition to the many loads of litter which went to the dump, a pickup bed full of newspapers were accumulated and will be delivered, today, to El Capitan for its Stadium Lighting Fund drive. The rush of last-minute calls offering papers kept the 2-way radio so busy that drivers suspect the weather produced many an unscheduled garage cleaning out.

Scouts from Troop 105, under Scoutmaster George Brant, donated two days of heavy muscle work to the drive and in turn the troop was the recipient of donations from Lively Oaks, Kiwanis and the Emil Sachses.

### CELEBRATES 23 YEARS

Mr. and Mrs. Frank Scully, Victoria Drive, celebrated their 23rd wedding anniversary Sunday with Mr. and Mrs. Frank Scholmanns of La Jolla. The two couples went to dinner and dancing at the Stardust, enjoyed a wonderful evening together. The Scully's were married in Boston, came to California 9 years ago.

## HORSE TALK

By Cynthia Irvine

Because of the rain this past weekend lessons were postponed at the YC ring and so they will be given twice, Sat. & Sunday to make up for lost time. The show is almost here and there has been so much rain this month, not many have gotten in the practice they should have.

Frank Scully finally swapped his registered stud for a 7-year old gelding that he can ride and says has been well trained. Anyway, he is well satisfied with his new horse.

Here is main part of a letter from Alex Doig, project coordinator for Capital Services which will soon be building the fine new 143-space trailer park, 2320 Hwy 80 (Dinosaur Park).

Problems in grading may require some changes in mobilehome space location, however, we definitely will retain the trees, lakes, etc. which make up a part of our nine acre recreation area.

As the work on our mobilehome park progresses, I will be spending more and more time in Alpine and trust that I will have the pleasure of seeing you often.

## DOUBLE TALK

By Cecile and Celeste Irvine

Cecile and I were shocked to read that Ann DeBenedetti's little 2-year old daughter Jamie Ann died last Wednesday in her home in Santee. We tried to get ahold of Ann to find out what happened but she wasn't home & all who knew her in Alpine are so sorry about it.

Doris Scully has been fighting off coyotes, snakes and people from her hatching geese and when they got all nicely hatched and were doing fine, a dog jumped the fence and killed their mother. Doris didn't find out about it till later on in the morning and when she looked in, all the babies had frozen to death. Needless to say she is a little mad about the subject of geese.

We predicted a nice outbreak of measles and they have been making the rounds, both high and grade schools. The latest is Rhonda and Renee Evers.

The beautiful little wire haired fox terrier that Mrs. Carol Steward had was

given to her friend Margaret Hughes of El Cajon. Last year when the dog got out Mrs. Stewart hired a polot to look for Prissy and in the process he smashed his plane, injured his wife a little, but the dog had been turned in to the Humaine Society. Mrs. Stewart got her back after all the excitement and the funny thing was Daddy knew where the dog was all of the time. If she had called us it would have avoided a lot of trouble and money.

Andy, the little black poodle belonging to Shirley and Bob Evers had to go back to the hospital for more surgery. He was hit on Arnold Way a few weeks ago and sustained a crushed pelvis. Dr. Samter operated, saved his life but he started to swell so they took him back and he had to have some dead blood vessels removed. He is coming along fine and has lots of pep so they think he will come out of it ok. They think of much of their Andy as we do ours and treat him like a member of the family.

El Cap students sure have someone to thank for the \$5000 donation to the stadium fund. This together with what has been raised should put the lights up and maybe a few extras, too. The doner wished to remain anonymous but whoever it is gets our hearty thanks.

We don't know of anyone busier than Mary Fitzgerald. She is competing for Miss Teen America, last year was the Mother Goose Princess and now she is one of the nine finalists for Dairy Princess. If she wins she will receive a full wardrobe, a \$50. savings bond and a 3 day, all-expense trip to Hollywood to compete in the California Dairy Princess contest in June. If we know Mary she will probably win and we are all pulling for her.

Linda, Connie and Beverly Nichols are thrilled with their mother's new 67 beige Malibu she just got from Hatch Chevrolet in EC.

George Archer is extra happy for his son Richard and wife of EC, just back from visiting her mother who was in the hospital up north, surprised him with a cute chocolate French poodle pup.

## SEASONAL RAINFALL UP

U. S. Weatherman here, Robt. Fey at the fire station, reports total inches of rain to presstime as 19.85. Last year it was 16.75, 1965, 23.02, 1964, 14.62; 1963, 13.1; 1962, 12.98; 7.82 and 1960, 13.78. Heaviest since 1935, when records were kept; 1937 with 27.28.

The Sun's weather summary and history of this station, will be out soon as a supplement in your paper, as the head office in San Francisco has just sent a summary for the past two years. The Sun furnishes copies to the SD office for distribution to inquirers; also to the San Francisco office, plus the local chamber of commerce.

## SMITHS PLAN SPRING VACATION

Mr. and Mrs. T. Aubrey Smith and her mother and father, Mr. and Mrs. Earnest Hendricks of Johnstown, leave May 15th for a nice vacation to their lodge in Showlow, Ariz. They plan on spending a week there, then on to the Grand Canyon for a week. Mrs. Smith will paint during the trip and is making a good supply of canvasses, paints and brushes, hopes to bring back some very interesting pictures.

The four are going in their self-contained camper called "Jelly Bean". Mrs. Smith says it even has a deep-freeze, power plant and all of the comforts of home.

Bob Wilson is confined to bed at home with pneumonia, but the boys are running his Texaco station as usual.

Wife, reading husband's fortune from a penny scale, "You are a leader of men, have a magnetic personality, and are of strong character. You are intelligent, witty and attractive to the opposite sex." . . . It has your weight wrong, too."

## ALPINE PLAYERS BUSY

That lively group who call themselves "Alpine Players" went to Chula Vista Saturday night and presented Bea La Force's "How to Keep a Secret" to the residents of Brentwood Mobile Park. The cast: Bea, Reenie Adams, Betty Brookes, Lynn Lipetsky and Dickie Sullivan. Barbara Peterson, who was ill, could not attend, so her lines were read by Mrs. La Force. The husbands attended the show and after it was over they met at the home of Dr. and Mrs. John Brookes, Homeward Way, for a nice social hour and pizza.

**MORE LOCAL TRACK STARS**

Boys from 8 to 18 represented Alpine in an outstanding fashion. With most communities represented in the county-wide track meet last Saturday week, Alpine scored fourth highest in total team points.

Thirty-five participated for the local team, and almost half qualified for the city-county championship last Saturday. These spirited boys brought back 23 medals and ribbons. There were no team awards given, but Alpine was obviously the outstanding team in the Bantam (8-9) and the Senior (16-18) divisions.

James Salazar and Stanley Presley scored heavily in the Bantam group. Presley, taking another blue ribbon has yet to be beaten this year in the soft ball throw. Outstanding performances from the Senior division were made by Juan Montano and Steve Wilcox who took firsts in the high jump and shot put respectively. Outstanding performances made in other age groups were by John Barton, David Carbough and David Leath.

Results: Bantams, James Salazar, 35 yard dash, 3rd, standing long jump, 2nd. Stanley Presley, Softball throw, 1st. Midgets (10-11) David Leath, 75 yard dash, 2nd. Also present were the architect, who showed plans of the project. R. John Blesch, jr., the builder, L. G. Wood; Robert Bingham, M.D., and Roy V. Burnett, FHA official of SD; Lawrence Ahnholz, D.C. of Apple Valley; Anna Jerney of Alpine Realty and Mrs. Homer Spear, owner of the land to be used for the project; Paul Clay, Mildred Bredesen and Titus, of the committee, and Dr. Carl Gregory, counsellor.

As the matter stands, the committee have not signed the application for the non-profit corporation, papers being only presented at this meeting. A loan cannot be processed by the government till the corporation becomes a reality and approved by the state.

Bingham and Gregory both stated that there is nothing wrong with the idea which is being given careful exploration, they having spent 14 months on it already, and when incorporated, the application first has to go through the SD office of FHA.

Mrs. Bruce Cory, she is daughter of Mrs. Carol Stewart who died two weeks ago, flew to Honolulu to visit her husband for a few days. He got leave from Viet Nam, flew to the Islands and after the visit was flown back to active duty.

**WARN ON FALSE ALARMS FIRE**

Resident highway Engineer Jerry Smith says for the public along the freeway operation "not to get unduly alarmed if they see smoke for the next 6 to 8 weeks as the Daley firm will be doing some controlled brush burning along the 5-mile stretch." So do not turn in an alarm till you are positive.

**LIVELY OAKS DOINGS**

Monday, May 1st, Alpine Lively Oaks are holding a public plant sale at the Youth Center. Proceeds will go toward the building fund.

Hostesses for the month of May will be Lillian Lyman and Eva Coppock.

The Senior Citizens will have a booth at the horse show next week end and will man it themselves.

There will be a Senior Citizens Rally at the Conference Bldg. in Balboa Park starting at 10 a.m. May 6th. Our King, Jim Pinkerton will once again preside in his kingly robe and crown. There were over 300 present at the Pacific Beach Senior Citizens Club on April 20th to hear and dance to our Hillbilly band.

48 members met Monday at the YC to enjoy a sack lunch, cards and a birthday cake to celebrate members who have birthdays in April.

**ROYAL CREDITS ANNOUNCED**

President Gladys Pinkerton asked the Sun to announce that these Lively Oaks Arts & Crafts folks should be honored for their work in producing the costume of King Jim Pinkerton, crowned last week: crown remodeled by Caroline Thanner, Jeanette Smart and finished by Eve Norse, Louise Santoro, chairman; Alice Leibert made the robe along with Mrs. Smart, and Erna Earle donated the gold collar. (Sun photo in last issue).

Tonight Cubs from Dens 1 and 2 will have a lively time competing with one another with their homemade rockets. The affair starts at 7 in Fuller Hall and the public is invited.
