## HERITAGE COMMITTEE QUILTS

The proposed housing complex for which the Spear property had been selected, will not be built, at least under the Heritage plan which had met with some little secretive opposition, it was learned Tuesday when the committee released a letter of explanation.

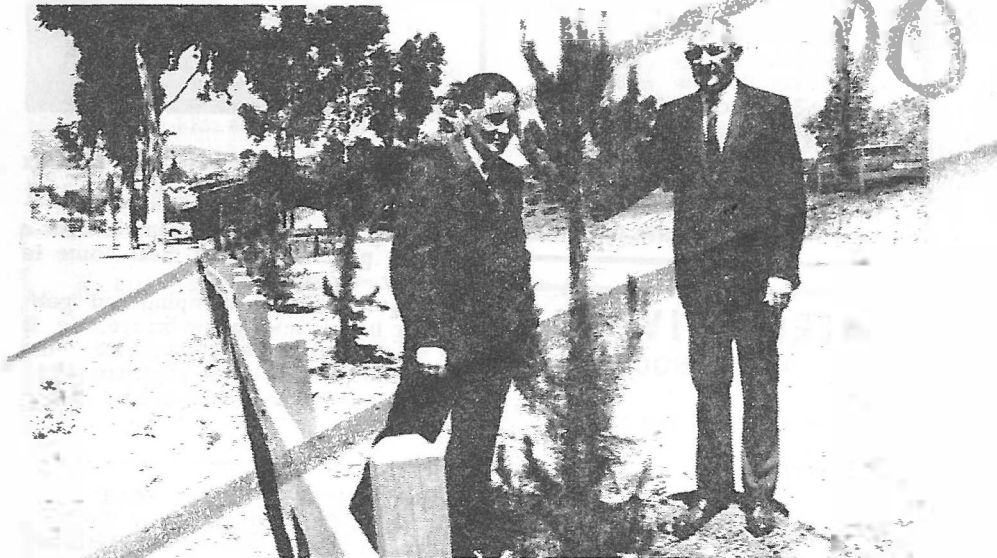

"After assessing the non-profit corporation and by laws, the committee has come to the conclusion", it said, "that certain restrictions and clauses were not satisfactory or in the best in-

**Start traffic delays**

Jerry Smith, resident highway engineer, says motorists will have to be alert for intermittent delays while going the mile between Peutz Valley Road and Tavern Road between 7 am and 3:30 daily for the next 2 or 3 weeks while the Daley Co., is cutting down the hills north of Hwy 80. Boulders and rocks come tumbling down, so controlmen will stop traffic when danger exists. The company is making fast head way on the 5-mile stretch.

# EDITORIAL

## National inactivity helps No. 1 killer!

This is a radiotrial, a dual message, the only newspaper we know that endeavors to write a provocative editorial, then broadcasts it.

This will be seen by 4000 estimated readers of the Sun, and heard by many thousands on the Sun's XEMO, Radio 860, program at 5:15 and 11 p. m. every Sunday, reaching as far as Oklahoma, Utah and north to Montana, Wyoming and the Pacific Northwest, as our mail proves each week.

If you missed a recent Chicago dispatch, we will brief you on one of the most insidious problems facing America today-- the inactivity of our nation-- for the average middle-aged man is robbing himself of 5 years of life due to his sedentary existence.

You see, inactivity, and wrong eating, lead to obesity, precursor of heart attacks, our No. 1 killer. In addition it shortens life by about five years. Life expectancy of the average man here is 69½ years while in Europe and other places it runs up to 75 or 76.

This is the message Dr. Jean Mayer, professor of nutrition at the Harvard School of Public Health told the 51st annual session of the Federation of American Societies for Experimental Biology.

As most of you know, I founded Let's Live Magazine in Hollywood in 1933, published it till 1949, sold out, came back to Alpine to live. I have worked in journalism all my later life, and have reached 74. Many years ago I learned the lesson that Dr. Mayer mentions. I was a physical culturist, a friend of Bernarr Macfadden, who inspired millions to exercise and take better care of their health. During those many years I edited Let's Live-- today America's largest health journal-- I ran up the stairs, hiked Mt. Hollywood daily, sometimes four times! Swam, and ran when I could have walked.

Today I pass the physical examination for flying, and the doctor says "How do you do it? Your heart is like a boy's, and your blood pressure is normal?"

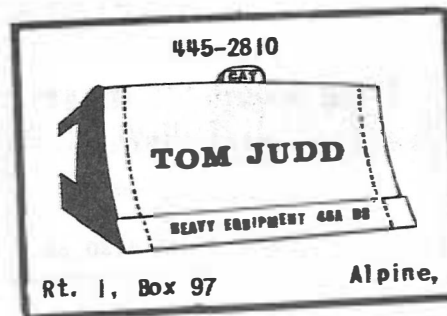

My formula is constant love of God, Nature and my fellow man; right food, exercise, and living every day with a project to accomplish! I have put it all in my book, of which I have sold over 10,000, and helped many prevent sickness, or cure themselves, even after doctors had given them up. This book on Physical Fitness, Health with Remedies & Recipes, sells in health food stores all over the country, or by mail from the Alpine Sun, (\$1 post-paid.)

As the doctor concluded "We are dying unnecessarily and the time has come to start worrying. We are living a sedentary life for which our bodies are not built." -CI

## ALPINE GIRL MAKES RATING

Kathleen Bates and her mother visited the Sun office last week to say that Kathleen was now a private. She just finished PA school and was graduated April 13. She will be stationed in El Toro Marine Base for a year, has a 3-year hitch to complete. During her training in Perris Island, N.C. Sgt. Major Betty Noble discovered she was from Alpine and they had many hours of interesting talks together.

Sgt. Major Noble is the daughter of Mrs. Dorothy Markely of Alpine, while Kathleen is the daughter of Mr. and Mrs. Harold Bates, Holly Road, who came to live here from Wisconsin when Kathy was in 3rd grade. She had to report to duty May 7, is glad she was lucky enough to get stationed so near her home town.

### MEMORIAL SERVICES MAY 30

Starting at 11 a. m., Services will be at the Veterans Memorial in the Cemetery, announces Bert Fuller, in charge. All branches of the military will participate. The public is invited and veterans will appreciate a large audience.

**6 BUILDS UNIQUE SOLAR HEATER**

Mr. & Mrs. Earl E. Russell, newcomers, who just finished their fine new all-electric home, Eltinge Drive, have completed a large solar pool heater which may be the forerunner of many more, so that pool owners may enjoy warm water all the year. Photo shows couple beside bank of plastic pipes which contains 2400', with 300' to each manifold which puts preheated water into gas boiler that is cut into filter line. "We think we are saving about 75% right now" says Russell, a former oil distributor in Sacramento, "as our pool is now 82 degrees and the gas is on only during the day, cuts out frequently so we know we are saving a lot."

The solar heater, with 4'x5' plate glass covers, cost over \$500., but now that he knows how to build it and has overcome many problems, one could be constructed for around \$300.

**DON'T BURN WITHOUT PERMIT**

If you need to burn rubbish, weeds and brush in piles, you must have a permit, issued at the fire station by the marshal, Leroy Wedel, who inspects the spot, then issues the permit.

"Please get in before Thursday as I go out on that day to look at the places", he told the Sun this week.

You must have a permit to burn in an incinerator, and now is the time to renew, he adds.

**PARENTS ENJOY RECITAL**

The annual piano recital put on by pupils of Miss Ruth Burdett was April 15 and 29 in her home on Marshall Road. She split the pupils into two groups because her home was not large enough to accommodate all of her pupils at once. Games and refreshments were enjoyed and parents were pleased with their children's progress.

**HONOR LOCAL SCHOOL PERSONNEL**

Tuesday, May 16th, Alpine and Harbison Canyon school personnel will be honored at a luncheon in the HC multipurpose room by both incoming & outgoing board members of PTA. This is the annual year-end luncheon honoring the staff.

**COUPLE BUY HOME HERE**

Paul and Claire Lettkemann have just bought and moved into a fine modern home recently built by Keith Brabazon at 5847 Hwy 80, reports Neda Hill of Alpine Realty who concluded the sale. It is on two acres.

He is retired from 17 years with the Arabian-American Oil Co., in Saudi Arabia, met his wife in Detroit. She is a native of Canada, he of Germany.

When asked how they happened to pick Alpine, Mrs. Lettkemann told the Sun "Oh, we read about your fine climate in the National Geographic many years ago, always remembered that slogan, so came here when my husband retired".

## HORSE TALK

By Cynthia Irvine

Sunday night we were waked up with the sound of horses thundering by and Mama thought it was my horse Smokey and a few others out having a good old time. We took flashlights and went up to the bar and saw six go racing into the trailer park. It was so dark we just couldn't make out the color, so follow and recognized Libby Wake's horse Abe and then the rest of them so called up Mary. She got her family up and gave chase, and finally got them into their own corral. Horses always seem to get out in the middle of the night.

Blanche and Carl McCall are having their annual horse show May 14th at the ring on the ranch and Bob Alcorn is to be judge. Ellen Hood has been instructor for the past 6 months, invites parents and friends to attend.

Eileen Dun's sister Peggy gave her a 17-year old copper-colored thoroughbred mare to keep and ride for fun.

Frank Scully has his 7-year old gelding for sale for \$175. as he hasn't time to ride. He is working and the little time he has at home doesn't leave any for riding. This is a nice, fast little horse and well worth the money.

Woodie Mitchell now has a nationally advertised pinto, and a fine appaloosa stud, for service in this area. They are both young and spirited animals, now on his Sleepy Hollow Ranch, Dehesa Road, at the end of Tavern. If you are interested in this service, he will be glad to show you the animals but call and make an appointment at 445-2014.

Sunday night Walt Compton and his mother left for Portland to visit their relatives and also to bring back a nice registered quarter horse for the three Compton children. His brother raises them and had promised them one for some time. Walt and his mother are expected home tonight and there are 3 anxious kiddies waiting besides his wife Mary Jo. Because of the new arrival, they are in need of a saddle, if you have one for sale, call them, 445-2453.

George Carrell, who owns and operates the local feed store, just brought back a load of bedding straw. He has had a several requests for some so went over to the valley and got a load. If you need some, call him up and he will deliver it.

## BANK HAS FOURTH BIRTHDAY

Wednesday the handsome Alpine Branch, Security First National Bank, rounds out four full years, as it was opened on May 10, 1936, with Supervisor Dave Bird cutting the ribbon. E. Ross Mallette was manager.

"Our progress has been steady and right up to projected expectations", Mallette told the Sun Wednesday, the day he turned over management to Luther J. Mohr. "And all services have been growing steadily, nothing exciting, but neither is Alpine's growth speedy, but has shown a steady, solid growth".

## DOUBLE TALK

By Cecile and Celeste Irvine

Have some exciting news from Eileen Dun. She is going to fly to Ireland in June with her mother, Martha Green and two friends. They plan to stop in London on the way back and see the sights. Eileen and Mrs. Dun have been planning this trip for over a year, and we are so thrilled she is to go as soon as school is out.

Mary Fitzgerald was the queen again Sunday when she drove over to Palm Springs with her mother and Dr. Don Earickson. She rode the Mother Goose Float in their annual Circus Parade. She got to meet movie stars and a lot of other people and she received a trophy, also the float received one.

Mary Jo Compton called last week and gave us some more sad news. They went out to feed their calves Thursday and found another with its side torn open. However they could see huge prints in the mud and think it is a bob cat as the calf was badly scratched and had put up a good battle. The other one is healing, but must have gone through a lot of pain as it had a hole in its side as big as a teacup that went right to the bone.

Anyone want a darling kitten? Marie Ciofal who owns and operates Marie's Restaurant with her husband Gus, has been feeding five cats these past few months and they all turned up with kittens. She says "they are all cute and need a good home." Call 445-9572 or

Mrs. Jos. A. Coppola called Monday afternoon to see if we knew of anyone looking for a young male collie. She says he was skin and bones and his hair was matted with burs and stickers. She is feeding him and if the owner can't be located, she and her husband would like to keep him.

### WEED CUTTING TIME IS HERE

Fire Marshal Leroy Wedel advises that everyone should start mowing the weeds before they get dry and harder to cut and prior to the deadline which is soon.

"With all the rain we have a huge problem in weeds and brush" he told the Sun yesterday, "and if we keep them down, it will be a lot safer". The code calls for mowing within 30' of any structure.

LIVELY OAKS DOINGS

A busy and financially rewarding day was spent by the ladies of the Alpine Lively Oaks when they tended their display of home grown plants at the YC. Over 300 potted plants were up for sale. Jeanette Smart and Edna Barber acted as cashiers and Ema Earl was the saleslady assisted by several volunteers.

After a sack lunch, President Gladys Pinkerton opened the meeting. 42 were present. Mrs. Olive Cassidy reported on the poor condition of the piano in the Center and offered to obtain a good second-hand one through a friend. Cost would be \$175. The sum was voted and approved.

Mr. and Mrs. Claude Clerk and Mr. and Mrs. Roy Harris were welcomed after an absence and it was good to see Claris Shores who has been absent on account of illness.

Janet Leimgruber, program chairman, has several good trips lined up for May and June. For information call 445-3121.

Mrs. Pinkerton and Jim attended the wedding on April 29th of Myrtle Hoffelder, now Mrs. Charles L. Harrington, of 1922 Granada, San Diego.

A reminder again of the flag raising rites to be held on May 27th at Rancho de los Penasquitos. Also the rally for the King and Queen of the Senior Citizens on May 5th at Balboa Park.

Pot luck next Monday, May 8 with Lillian Lyman and Eve Coppock as the hostesses.

WEEKS BROS. ON NEW JOB

Willard & Ted Weeks, builders, of Alpine and Lakeside respectively, have started a new structure at Dripping Springs Campground for the forestry. It is north of Palomar Mountain. They have done considerable building for this department.

FOREIGN POSTAL RATE UP

Postmaster Haakon Magnussen reports that international surface and airmail rates-- except to the armed forces-- overseas-- went up an average of 13% on May 1. The raise was needed to help offset the \$16 million deficit.

terests of the community".

The committee, of which Jack Spatz was chairman, felt that there is still the possibility of setting up a non-profit body of local citizens for this kind of low-cost housing under local direction. After a Monday night session, the committee disbanded, but is keeping all records and will be glad to answer questions.

Mrs. Anna Jerney, of Alpine Realty, representing the Spears, said that the site is not now available. She had worked for six months on the project, having been first approached by the Gregory group.

"I thought the idea really worthwhile", Mrs. Jerney told the Sun, "as I know there are plenty of oldsters with low incomes who could be benefitted by such a housing plan. We had over 50 applications for spaces."

Unquestionably the most difficult thing about business is minding your own.

## RUSSELL GASTIL

Graveside service was Friday for Russell C. Gastil, 67, of Victoria Dr., who died suddenly at his home Thursday morning of last week from a heart attack. Alpine firemen rushed a resuscitator, but he was dead on arrival at EC Valley Hospital. Burial was in Glen Abbey, with Conrad Lemon Grove Mortuary in charge.

Gastil, a native of Indiana, had lived in the county 55 years, in Alpine since 1945, when he came here, built his own home. He was a retired state agriculture inspector. He was a graduate of SD HS.

Survivors, besides the widow, Frances; two sons, Dr. R. Gordon Gastil, of La Mesa, and Raymond D., of New York, who came here for the funeral, left Wednesday, a sister, Mrs. Blanche Austin, of SD, and a brother Walter; six grandchildren.

### SEWER TAX RATE MAY DROP

Depending on assessed valuation and the amount of surplus money available on July 1, start of the new fiscal year, Alpine Sewer District taxpayers maybe wearing a bit of a smile. Because Director W. A. Barney, County Dept. of Special Services, predicts that the rate may drop some, according to an estimated budget which supervisors last week accepted.

Expenses of \$12,652 makes tax rate of \$1.309 as against \$1.348 for the present year. In the budget is an item of \$7,388 for bond interest and redemption. The sewer district covers downtown Alpine, with lines running up Hwy 80 to Honey Hill.

Bill Gamble is still in Naval Hospital recovering from a serious siege of pneumonia, is getting along as well as can be expected. He is in Ward 21-1, would like very much to hear from his many Alpine friends.
