Mr. and Mrs. Ed O'Brien, who built a beautiful 3-bedroom home in the Highlands four years ago, have sold it to Mr. and Mrs. Owen B. Waltner and three children. He owns and operates Valley Trailer and Equipment Rentals in EC, while his wife is a school teacher.

The O'Briens moved to San Diego to be near the ocean, loved Alpine but their new home in Allied Gardens is closer to his place of business

VIEJAS POST MARCHED JULY 4

Members of the Viejas Indian Post VFW and several of their children were honored July 4th when they marched in the annual Clairemont VFW Parade. Some wore the traditional VFW caps but the children and some fathers had original Indian garb and presented a colorful addition to the parade.

Here is most of the group from Alpine that posed for the Sun's lensman Celeste Irvine just before start of colorful parade.

EL CAJONERS BUY HOME HERE

Jos. & Janie Petree have moved into the 3-bedroom home with 3½ acres on Victoria Drive, which they bought through Neda Hill of Alpine Realty Co. Seller was Frank Scully.

He is on the El Cajon Fire Dept., and they like this area very much already as they have three small children; Randy, 8; Glen, 6, and Barbara, 4. Petree is a grandson of Mrs. Eve Norse, of Alpine. The couple are natives of Oklahoma. They had lived in EC for 9 years.

BROTHERS BUY 20 ACRES

Mrs. Elva Weisiger has just sold 20 acres off her ranch on Japatul Rd., reports Neda Hill of Alpine Realty who made the sale to Theo and Albert Robinson and their wives of Pacific Beach. Mrs. Weisiger retains her home and 40 acres. Her son Ben now lives in Boulevard.

GRANDSON FOR VIGNEAULTS

Mr. and Mrs. W. B. Vigneault, Alpine Oaks Mobile Estates, just received word that a baby boy was born to their son Jim McAllister and wife of Pine Bluff, Ark. He was named Larry Wilfred and has two older brothers at home. Mrs. Vigneault leaves Monday to return their grandson Mike, who has spent several weeks with them here, and also to see the new baby. Mike and Mrs. Vigneault are taking the bus, will be gone for a month, while husband Blackie remains here to look after their home and siamese cats. First stop will be Hurst, Texas, where young Mike lives with his parents, Mr. and Mrs. Bill McAllister, Mrs. Vigneault's son then on to Pine Bluff.

SAN DIEGANS BUY LAND

A nice building site on 2½ acres on Eltinge Dr., has just been bought by Mr. and Mrs. Geo. E. Theimer of 4673 Monroe St. in SD., reports Neda Hill of Alpine Realty Co., who handled the deal. Seller was Robert Bruce and wife of El Cajon.

Ken Hittle, owner of Butler Drilling Co. is doing a bit of commuting to a big well job he has over on the Nevada border. "Wish we had that airport here" he declares, "I'd buy another airplane and keep off the highway."

Col. John Hood, USMC ret'd. of Deer Hollow Egg Ranch, Japatul Rd., reports that the cool spring and plenty of rain has brought out many wild flowers in July, some of which he has not seen before.

The ability to speak several languages is valuable, but the ability to keep your mouth shut is priceless.

OPTIMISTS SPONSOR GUN SAFETY

The newly formed Alpine Optimists are busy lining up many interesting programs. First is a hunter safety program. Ed Pye of La Mesa, who teaches safety of hunting, and is the National Rifle Association instructor, will be in Alpine July 26, 8 pm at the YC to speak on gun safety.

Frank Scully, president of the Optimists says "if Mr. Pye gets enough adults and young people interested, he will come here for a training program. What Alpine hunters do not know, is that a license is required by anyone who hunts even rabbits, and you can't get a license unless you have attended one of these safety classes."

Pye will explain the program and show a film at the July 26 meeting. Frank Scully hopes enough will come so that instruction can be held here.

Harry Hodgkins of Alpine Oaks Mobile Estates, celebrated his birthday last week in the recreation hall with 41 trailerites present. The cake, made and decorated by Alpine Home Bakery, was the delight of all as it had carpenter tools on top, besides being delicious. All had a real happy time.

MIKE HEUSLEIN MARRIES

Wednesday afternoon Mike Heuslein, 24, took as his bride Miss Pi McCain, 20, of Jacumba, in Yuma, Ariz. The young couple will reside in El Cajon when they return from a short honeymoon.

Mike's parents, Mr. and Mrs. Ed Heuslein, Mr. and Mrs. Richard McCain, Joe Fox and Wilma Fordyce, Mike's mother, drove over to attend the wedding. A reception was held in the Ed Heuslein home in El Cajon with the families attending.

ISSUE LOCAL FIRE WARNINGS

Commissioners have just mailed notices to all residents about burning regulations, now in effect, says Pres. Al Hinkle, which Fire Marshal Leroy Wedel is now working on enforcing.

A written permit is always required to do any burning, including incinerators. Weeds must be cleared 30' from all structures. Keep that notice in sight and follow it!

Maybe a few 'yes' men would help Alpine?

In the film studios they often say that a director is hampered in making really good pictures because he has a lot of "yes" men around who agree on everything. The "no" man always tells him the truth.

Perhaps Alpine needs a "yes" man or two around to agree on some improvements that are badly needed. There are so many ideas that arise, then several "no" men will hold them down.

We would like to see some "yes" men agree on such ideas as getting the county--when the state turns back Hwy 80 after the freeway opens--and its name becomes Alpine Blvd., to align all sidewalks and curbs to a uniform width and get them installed, from the Rexall Bldg. up to Florence's Market. This is all commercial frontage and is growing every day, but the present slipshod, broken walks and only a few curbsings, give the visitor here a really slop-

py impression of our fine little community.

Another point newcomers have mentioned to this editor is architectural planning, so that in a few years visitors could exclaim over the unique and artistic appearance of the village.

We have three fine new commercial plants: Alpine Apartments, Rexall Bldg., and the Lacko Bldg., all attractive and somewhat similar, but the overall picture could be made to coincide along one definite type. It could be Western, Hopi, Spanish, or some similar style. Then induce new builders to fall in line, and try to get owners of older structures to do a bit of face-lifting.

Maybe the chamber of commerce might come in as the promoter of such a plan. We hereby will be one "yes" man for an Alpine Beautiful. -CI

Mr. and Mrs. Carl Rose, they own and operate Pine Acres Tree Nursery, entertained her son Bruce McLaren and wife Jerry and their 3 children from Bellvue, Wash. last week. They enjoy the many interesting places Southern California has to offer and loved every minute of their stay here.

Mrs. Rose's sister and husband Mr. and Mrs. Howard Barry and son Buster of Monterey drove down for the weekend to visit and a nice family reunion was enjoyed by all three families.

"I am sorry," said the dentist, "but you cannot have an appointment with me this afternoon. I have 18 cavities to fill." And he picked up his golf bag and went out.

LOAD OF HAY GOES HAYWIRE!

An example of the bravery of truck drivers was seen here this week when a laden hay-truck and trailer was forced to run into the bank or hit two cars just ahead where a Navy ambulance had thrown a wheel and overturned. The owner-driver, Earl Griffith, of

El Centro, was uninjured when his big rig hit the bank, was severely damaged and the hay spilled. Photo shows mess, with CHP Officer M. D. Kellhofer in charge. See photo next page.

Mrs. Nellie Eggers, mother of Nellie Keller, was thrilled last week when her daughter took her a blue collapsible wheelchair, Mrs. Eggers is in the Royal Convalescent Hospital, Brawley, having suffered earlier from a heart attack. Besides the wheelchair which her children bought for her. Mrs. Keller also took a beautiful bouquet of red carnations and she says "she was thrilled beyond words".

Mother: "So you're not afraid to go to the hospital."
Little boy: "But I ain't gonna let 'em palm off a baby on me like they did you-- I want a pup!"

Haytruck wreck was at 7:30 a. m. and boys soon were at work loading hay onto trucks, taking nearly till noon for Griffith Transportation, of El Centro, Cameraman is Chuck Hastings from KFMB Channel 8 TV, who had the wreck scenes on their news.

Cynthia Irvine Mc Taggart

Little Cathy and Ronny Peterson are thrilled with their new dapple Shetland mare Spunky their parents bought them this week. They have their gelding Goucho but he is to big for them so she is just right.

Mike Scully still has to borrow his mother's mare if he wants to ride as Thunder has a sore on his back and can't be ridden for a while. It was caused by an ill-fitting saddle but in time will heal, but a sore on the back takes time.

Sunday Bill and I went to the Ivanhoe Quarter Horse Ranch to see Brown Bob and some of his foals. We sure saw some beautiful horses and young colts.

While the twins are in Hemit Bill and I are taking care of their horses for them. I am starting to work with Angel as she is almost a year and a half. She is doing real well and learns fast.

Tumbleweed Ring is having a horse-show and gymkhana Saturday, July 22 starting at 9. All lucky Alpiners who have a trailer or way to get their horses down usually go to this real nice affair. It is sponsored by the Latter Day Saints

ALPINE DOG CHAMPION

Yip (Jinx Von Doroley) a 2-year old German short hair pointer, owned by Carol and Dug Shipley of Doroley Kennels, Peutz Valley, will be top ranking dog in the nation if he continues to win. His handler, Tony Gwinner of Mission Valley Kennels, is showing the dog at out-of-state shows, just returned from Montana, Idaho and Colorado where Yip took 4 firsts in best of breeds and a 4th in Sporting Group. The dog goes to Ventura and Santa Barbara this month to pick up more points, has 16 already, needs 3 more to be Champion for US.

Doroley Kennels owned by the Shipley's is a fairly new enterprise for Alpine. They are increasing their business and Mrs. Shipley says "every dog in the kennel is a champion in Mexico and the US except for the pups."

Two of their champions showed at the Del Mar Fair in the Fon-Jon Canine Parade, were only boys from Alpine.

Their pride and joy, Yip, has only had 2 months of actual training, shows great promise.

Dieting is the triumph of mind over platter.

VICTORIA DRIVE SHAPES UP

People going on Victoria Dr. these days are noticing how fast the freeway is progressing, for at both places where the new route crosses it, one may see the overcrossing at West Victoria, and the undercrossing at East Victoria.

The bridge down at Peutz Valley Rd., is rising nicely where the road will scoot under the freeway. In the east Willows Rd., interchange is taking shape, and of course the one at Tavern Rd., is in use now in the rough by the Daley firm and highway engineers.

SUN WARMED SAN FRANCISCAN

Tom Gaines, retired official at the Optimist Home for Boys in LA, now of San Francisco, writes "Thanks for the Alpine Sun. During the rainy spell it was brightest light in S. F.". He was editor of Let's LIVE Magazine for Clarke Irvine before WW2, hopes eventually to make his home in SD.

HEMS ENTERTAIN DAUGHTER

Mrs. James Edmonds, (Chris Hem) is here visiting her parents, Mr. and Mrs. Halvor Hem, at their West Victoria Dr. home. James has been attending Cornell University in Ithaca, NY, where he received his Phd degree majoring in Physics.

They will be living in Mailbu where he has accepted a position with Hughes Research Laboratories.

NEW FAMILY LOVES ALPINE

Desiring to live out in the country, and after having looked a great deal, "but always we came back to Alpine when we decided to put our anchor down", is what J. A. DuPree told the Sun last week when it visited him and his family to welcome them to Alpine.

DuPree, operator of Allied Carpets, Inc, 4995 Weeks Ave. in SD, bought the house on 3½ acres at 1499 South Grade Rd., near Alpine Heights Road. He is a native of Davis, Okla, and his wife, Sue, was born in Cleveland where they had lived till the end of 1952. They have a son, Ron. (See photo).

DuPree is an avid fisherman, owns a beautiful fiberglass boat which he trailers off on interesting and at times thrilling fishing trips with his family and friends. He is also a pilot, says it would be fine if Alpine had a small airpark. They are planning on building another room onto the nice little house and making other improvements.

Guests of the DuPrees Sunday, from left: Mark Garrett, of Crawford JHS, in SD; Mrs. Garrett, T.G. Garrett, auto mechanic with Nicholas Bros., in SD; Mrs. DuPree, in striped shirt, with DuPree standing back of her, and their son Ron, a senior at El Cap HS, far right. Dogs are Kurt, a wineramer and Sarge, German Shepherd.

Mr. & Mrs. Allen E. Ingalls, Arnold Way, and their 3 sons have had as house-guests for a week Sally Ann Tomlinson of Spring Valley. "We swam at the beach and have had a lot of fun" says Mrs. Ingalls "and it was quite a novelty for our boys to have a young lady in the house.

WHAT TO DO WITH HARD GARBAGE?

Rep. Lionel Van Deerlin, D-SD has introduced a bill to up federal aid to cities and states to cope with the solid waste problem facing the nation; 400-000 tons of trash a day-- about 4 lbs. for each person in the nation-- which, he says "could turn our urban areas into massive junk yards". Presently SD gets some money for experiments in creating useful by-products through controlled burning.

One guest found himself in a Texas living room that was equipped with two grand pianos. "Why two?" he asked.

"Both the children take lessons," said the hostess.

Off to Expo 67 in Canada are these two, Dr. Roger Larson, and Shinji Suzuki, 20, his friend whom he met

while sightseeing in Tokyo, corresponded, with the resulting trip to the big show.

"I was walking in the Japanese city when two young men greeted me" explains Dr. Larson, "as they wanted to practice their English-- so we had many hours of pleasant conversation while they showed me all around".

They are driving in the Larson car, via Portland, Yellowstone, then Roger visits relatives in Rockford, Ill, and returning will see the Grand Canyon and Colorado. Shinji flies back to his home in Japan after the trip and has two more years in college.

Then there was the fellow who caught a fish in a Texas stream. The fish was considered under-sized by Texas law, so he got two other guys to help him throw it back.

DOUBLE TALK

By Cecile and Celeste Irvine

We are in Hemet again this week working like mad to get our record ready for cutting and also were thrilled to get a paying job on weekends singing at the theater. We love every minute of it and feel, like Rick Nelson, it is the only life for us. However, school looms in September so maybe all the fun and excitement will simmer down in the fall, but we are living it up now and only hope the record is a success. If not, we are having fun anyway, and will try again and again.

Mary Fitzgerald is a good example of what good hard work, training and perseverance will do. She was chosen Miss Teen America, worked for Patricia Stevens during the Del Mar Fair and earned money doing it. She has an 8

page spread in the new "Olay" magazine and also appeared on the Mother Goose Float in the Coronado 4th of July Parade. She goes to all of the parades where Mother Goose Float appears this year as she was Princess of the Parade for 1966.

Saturday we all decided to take a drive up to Cherry Valley to find some cherries to buy and because of the late frost the crop this year was very small. We found one place that would let you pick for 35¢ lb but it was too hot. The man took us through some of the orchard and showed us how cherries grew, our first sight of them on the tree, also how they had grafted 8 different varieties on one trunk. They mark the trees in colored paint to identify them during the winter and we really learned a lot. The man lived in Santa Monica, came up for the cherry harvest as his father-in-law owned the ranch, then went home. He formerly had lived in El Cajon, knew several people we know.

Mrs. Allie Vigneault still has the beautiful Siamese female blue point kitten for sale. She will exchange it for some blue or green stamps or what ever you have. Call her 445-3370 if you are looking for a cuddly kitten. She is leaving Monday to take her grandson Mike home to Texas but her husband Blackie will be home, so call anyway.

Mr. and Mrs. Robert Webb, Alpine Heights Road, entertained a long time friend and neighbor Foster Leng, who is in the area for a few weeks. He drove down from their home in Delta Junction, Alaska, where they have lived for the past 7 years. Leng had pictures of their children and it was a delight for the Webb's to see how they had grown. Was a very interesting reunion and all enjoyed the visit.

STIEHMS RETURN WEST TO LIVE

After an absence of several years from Alpine, Farrel and Lois Stiehm, former owners of Happy Hens Egg Ranch, corner Tavern and South Grade Roads, have returned to SD county to live, being on a ranch south of Ramona. They visited the Sun office this week to renew friend-

ships and subscribe again for the Sun.

In photo they are with two of the five-- of their 11 youngsters-- who are now with them: Lois Emily, 9, and Cindy, 15.

"This place surely is growing" they exclaimed, "and it has a great future". They had been living in Minneapolis. Mrs. Stiehm is well remembered as she once brought national publicity here when she was Queen for a Day on TV.

THORP HEADS SCHOOL BOARD AGAIN

At its annual reorganization session Monday night trustees of Alpine School District voted Paul Thorp to a 2nd term as president. Dr. Robt. Burak was named vice-president and Chas. Campbell will be clerk.

SCHOOL TAX REMAINS THE SAME

At Monday night's session of the Alpine School District board they adopted a \$337,000 publication budget for 1967-68 which compares with a \$313,000 one used during the fiscal year just closed, reports Supt. Paul Clay.

This means the operating tax rate will stand at \$1.89 per \$100. assessed valuation. They set Aug. 7, at 8 p. m. for the public hearing on this budget, when it will be adopted.

LIVELY OAKS DOINGS

There were 33 present to enjoy a delicious pot luck luncheon served by hostesses Caroline Thanner and Emma Holmes.

We were happy to have with us Dr. Robt. Burak who was a guest of Mrs. Ivy Kuhl.

Mrs. Erna Earle introduced as her guest Mr. Alex Doig who gave a short talk on the plans for a mobile home in Dinosaur Park. This was followed by questions and answers in which many mentioned that Alpine needs more rentals.

Mrs. Glen Morgan donated some drapes from which Erna Earle made covers for our new piano and bench. Our appreciation to both of them.

We were sorry to hear of the illness of George Anthony, while he and his wife were on a vacation. He is in a Fresno hospital. All wish him a speedy recovery.

A letter of thanks from the board of the Del Mar Fair for the performance of our Hillbilly Band was read by our president, Gladys Pinkerton.

We want to remind all members that a real old time box luncheon will be held July 24th. This is sponsored by Waneta Cushing and Emma Holmes and the proceeds will go into our building fund. There will be prizes for the prettiest box, the funniest and also the heaviest (no bricks or cans please). Let's all make this a grand party.

Thanks Folks---

"Ride'em Cowboy!" could almost be said to Ben Hale, of Lakeside, wrestling with this huge ripper-dozer on the freeway job west of town. "When I saw that machine poised so perilously on top of the hill where he is grading it at the side of the freeway, I hiked up-- about 500 feet-- to get this shot", says Editor Irvine.

They are really making fast progress on the job, keeping Highway engineers busy inspecting and watching the work.

Bill and Nancy Mitchell, who run Alpine Western Wear, 2111 Hwy 80, are back from New Mexico where they went to be present during the operation on a relative, report all's OK, and they had a nice visit and safe drive.

DISCOVER STRANGE COINCIDENCE

When the Sun last week ran the photo of water in the new Cunningham dam, little did anyone know that it would reveal a strange coincidence but it did. It seems that the freeway job requires a huge 15-ft steel culvert installed under Hwy 80 by Peutz Valley Rd. They were planning to install big pumps to keep the creek which comes through the Cunningham property, from flooding the excavation. Then the creek simply dried up and they found that the new dam was holding back the water and will do so for some time, probably till after the culvert is installed!

MOST DOCTORS QUIT SMOKING

A recent poll of 60,000 physicians by Modern Medicine reveals that only 22.5% continue to use cigarettes and most of these against their better judgment. Over half do not smoke at all; the rest having switched to pipe or cigar.

Autopsy studies of the coronary arteries of 645 men showed atherosclerosis to be twice as extensive in heavy smokers as in nonsmokers, SD County Health Association reports. Atherosclerosis is the form of "hardening of the arteries" which sets the stage for most heart attacks and strokes.

Dick Harsey who lives with his wife in EC, who tended the bar for 3 years at Hobart House in PV, started Monday in that capacity at the Log Cabin Cafe.

CARE OF THE BODY

By Frances McTaggart

YOUR BREATHING AND YOU

Is it difficult for you to do breathing exercises? Perhaps your body is too tense. We unconsciously tighten shoulder, chest, and stomach muscles without realizing it. The body should be in a relaxed but not a collapsed state when doing deep breathing.

To attain some relaxation in the areas mentioned above, first stretch your rib cage by lifting one shoulder as high as it will go, keeping the head straight and then the other shoulder as high as it will go and slowly lowering them together. Now, lift one shoulder and slowly lower it, do the same with the other. Do you feel those ribs stretching? This exercise can be done 5 to 7 times and slowly increased each day.

An excellent exercise that promotes proper breathing involves the diaphragm. Stand or sit erect with shoulders relaxed. Place your left hand high on your chest and your right hand on the pit of your stomach. Hold shoulders and left hand perfectly still and let air flow into the throat and windpipe without forcing, allowing the pit of the stomach to push the right hand forward as you exhale. Do this exercise 10 times. In taking in the breath, the lower part of abdomen should be allowed to expand only slightly with most of the expansion being at the pit of the stomach. And remember to relax!

Alpine needs a bowling alley.

EVELYN BEHRENS BACK

After a delightful safe and sound vacation, Evelyn and George Behrens, she owns and operates Evelyn's Beauty Shop, La Cresta, is back and both say "had a wonderful trip." "We were in ten feet of snow banked in both sides of the road coming in from Tahoe, and it is almost unbelievable we can have so many different kinds of beauty in our state. We truly have the best roads, the best weather and also the best small newspaper, The Sun, as we ran across several on our trip."

Evelyn and George are both back to work now but enjoyed the three weeks away to the fullest.

Dr. and Mrs. John A. Brookes are back from a two weeks vacation to Northern California where they visited her parents, Mr. and Mrs. Victor Barns of Lake County, Calif. took several tours through Sonoma and Napa counties and saw many historical landmarks.

PAT NAUD ENJOYS CONVENTION

Alpine's expert income tax lady, Pat Naud, is back from an H & R Block convention that was held in the Sheriton Wilshire Hotel last week. She was the only one attending from Alpine, found the meeting worthwhile and very informative. She said "people were there from all over the US, Canada and Hawaii," and in her free time took in the sights of LA and environs as it was her very first trip to that city.

Pat says people can contact her at her home, 445-3157, for information, tax service, bookkeeping or anything along that line, as she won't have her Alpine office open until January and works out of her home till then.

WAR COUPLE REUNITE IN HAWAII

Mrs. Chas. Sherburne is back from a sojourn in Honolulu spent with her husband, an AlC who came on one of those leaves from his 460th AEMS of the USAF in Vietnam.

The senior Sherburnes just had a letter from him in the war zone in which he says "My service in Vietnam hasn't been wasted. I wouldn't trade my time here for any other place... Of course the weather isn't the best and we average 72 hours a week, but our efforts contribute to positive ends... It's too bad there is so much dissent back home I think they're going soft on us. They surely don't seem to know what's going on over here... Love, Chuckie".

The Sherburne family has served its country well: today one grandson is in the army in Alaska, two in the Navy and one in the USAF.

The father was in Okinawa in WW2 and cited, while the grandfather was in the Army in WW1. Three sons-in-law are military men: Richard L. Cox of Chula Vista, is a retired ICC, USN, was aboard the USS San Francisco at Pearl, suffered his throat being cut by shrapnel in later action; Robert P. Schwartz, an engineer at Rohr in CV, was in the USN serving on the USS Endicott, a minesweeper; and W.D. Smith, ETCS, USN, is in Iran as military advisor to the Imperial Iranian Navy, where he has been for six months, has 6 more to go, will return to CV later.

The senior Sherburne's other son, Clifford, of Denver, was a T/Sgt. in the USAF in WW2. That is about 100% American war clan!

The Richard Merrills received a tape from son Mike, in the army in Vietnam where he told of leaving for a 10-day R&R leave to Hong Kong. He expects to be home late next month.
