EDITORIAL

Buying in Alpine saves money, is easier.

Some weeks after last Christmas the Sun received a brief letter to the editor signed by Mrs. Nellie King saying "Just wanted you to know how much we appreciate shopping here. I bought many gifts at Alpine Hardware & Dept. Store and they were so friendly and did all the gift wrapping. It was indeed a pleasure to shop in Alpine"

We thought now might be a good time to run this, and to add a few ideas about trying Alpine first. Some years ago the Hayseed store in EC ran ads in the Sun: If you can't find it in Alpine, try us". The idea is that local folks should patronize local shops first. Without criticism of stores in other towns and in SD, it is pretty well known that your merchants at home who know you, are invariably more homey and friendly. Friendship is one of the most valu-

able things in the world, and the friendly greetings you get at home are worth a lot. When you shop here you are usually warmly greeted with a smile and you in turn say "Hello Alice", or Martha or Nancy, or whoever it might be. You'll be asked how are things on your ranch, or how are the kids, or too bad your horse got cut on barbed wire, or what have you. These little pleasures make life worth living. That's Alpine!

You help yourself when you buy at home, for you do not have to risk your life on the highway, which takes time, and for every trip you pay 9¢ per mile: \$2.70 to EC, or \$5.40 to SD. Add that to your costs and it spreads out quite a bit.

And as to prices, there is not much difference over the long pull. Some items are actually lower here than in other places. Yes, buying at home is a real bargain, and besides, you're among friends and you are helping your own community. -CL

Mrs. Halver Hem, Victoria Drive, is now organist at Community Church for the 9:45 a.m. worship service while Mrs. C.D. Cost of EC, will continue as church organist at the 11. a.m. service.

Forrest Brant, 18, son of Mr. and Mrs. Geo. Brant, Victoria Dr., who is stationed with the US Forestry in Descanso, was helping fight the big fire in the Cuyamaca Mountains this past week. "Said was exciting, also tragic to see beautiful trees burn."

No, that is not a high-rise office building towering above the huge culvert that is being finished at Peutz Valley on the freeway. It is one of the steel and concrete bridge piers that tower over the old creekbed now being buried forever by some 54 million yards of rock and earth. See other end of culvert on next page.

BACK TO NORMAL TIME!

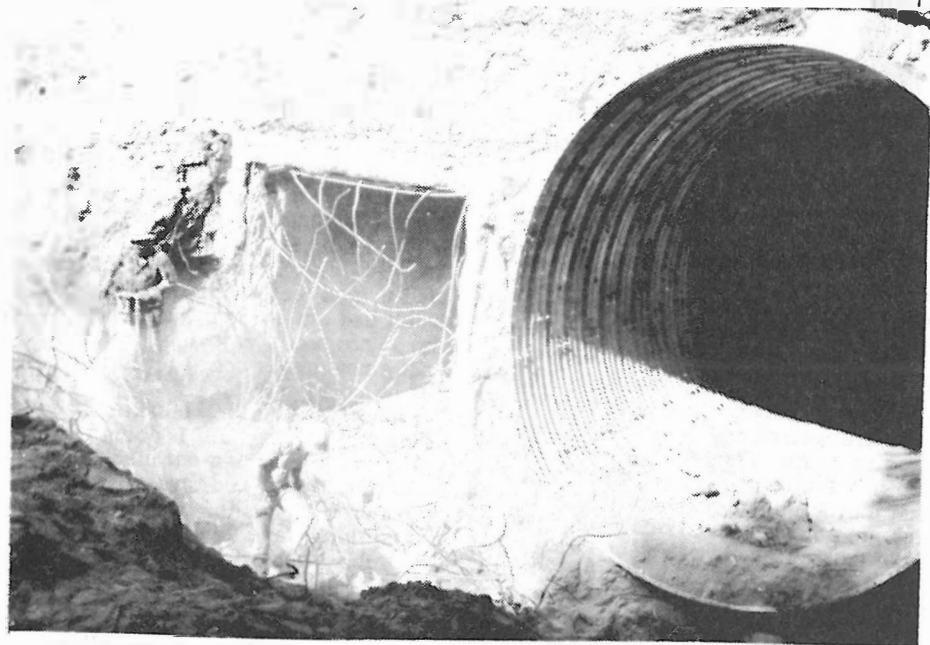

Have you gotten your reflexes back to normal after the switch from daylight saving time? The Sun rose this morning at 6:11, instead of 7:11 DST. And tonight it sets at 4:55, instead of 5:55 DST. That hour's difference throws you off in your psychological habits of life and it takes several days to get back to normal.

This is entrance of 15' culvert now being finished on south side of Hwy 80 that will carry Alpine Creek stormwaters through, under freeway and cut into Peutz Valley and down to El Capitan Reservoir.

Old concrete tunnel built in 1933, which just went under Hwy 80, is being broken up, will be sealed with concrete when fan-shaped entry is poured at sides of big steel cylinder.

Workers are breaking up parts of entrance not blasted when it was wrecked to make way for new one.

Frank Carmelo of EC operated the big dozer that wrecked out the concrete after it was dynamited. He is a pilot, too, flies out of Gillespie Field, had

to build a road in to work on the tunnel.

"It was fine" he says, "only I got a nasty case of poison oak as that creekbed is full of the stuff".

Gus Jepson, engineer for Daley Co., had to do some fine figuring to get within one foot of the headwall where the water enters. They had to leave both tunnels open as a sudden flash-flood could have done a lot of damage.

"If there's anything you want," the landlady told him "Just let me know and I'll show you how to get along without it."

HORSE TALK

By Cynthia Irvine McTaggart

Anyone looking for a nice saddle with a 15" seat? Alice Moya has one she would like to sell. Haven't seen it but she says it is real nice. Call 445-4135 if you want more information.

Marcie Hem has her horse Beau back in Alpine and is boarding him at the Brookes' residence. Stephen 10, and Donald, 8, are enjoying him and as Marcie is attending SD State, hasn't time to ride, so is glad he is being exercised, besides, the Brookes youngsters are thrilled to have him.

Susie Salizar and her family are moving again. They had bought Brown's Trailer Park on Willows Road and moved up but changed their minds and are going up north this week. They have the 3-year old green-broke sorrel gelding and the Palomino mare for sale. These horses are the ones that they bought from Billy Gault and they want to sell them soon so they can leave.

George Archer still has his nice Palomino gelding for sale complete with tack for \$250. This is a nice buy, so if you are looking for a horse, either

call him at 445-3759 or go and see him.

Bob Smith is working his Appaloosa colt and is planning to ride him soon. Last week he had the saddle on him and he did real well. He is just taking his time with him, so doesn't expect any difficulty at all.

Mitchell Smith, the little boy who won the Shetland Pony at the Del Mar Fair last summer, is getting along fine with him. He is much easier to handle, and they are riding him. He hadn't had any training when they got him so are really enjoying him. They built a new larger corral for him so that he could graze.

Bob Franks is halter-breaking Reed's young foal Mickey. He is doing real well. "He is shedding out black and looks fine" Mrs. Reed says.

Want to take riding lessons or have your children take them? Alpine Riding Club is sponsoring classes for beginners at \$1. a month for kids and \$2. for adults with Wilma Peters teaching. Here is a good chance to have your child learn how to ride properly.

Melva and Ron Riley took Skip Beau to Perris Calif. for more training by Joe Moreno. He won the Junior Pleasure class which gave him 1½ points. She moved Poco Paul down closer to her so that she could ride. Their colt who was cut so badly in barbed wire, is doing much better now and they hope it doesn't leave to much of a scar.

Next Tuesday Alpine Riding Club will hold their regular meeting at 7:30 in the YC. The business meeting was postponed on account of Halloween.

Several weeks ago we said that the Foremost Dairy donated milk for the Alpine Riding Club breakfast ride, well Dairy Mart was the dairy to donate all the milk.

W. W. GAMBLE

Funeral was Monday for Wm. W. Gamble, 68, of Louise Dr., who died there at 4 a. m. on the Thursday following a massive hemorrhage of the lungs that had been affected with cancer and emphysema and on which he had been operated some months before. Entombment was in Cypress View Mausoleum.

He was a charter member and past commander of Vetrans of WWI here, had retired in 1959 as a federal civil service supervisor at Naval Supply Center in SD. He had served in the Army in WWI with the 466th Aerial Squadron. He had lived in the county for 25 years, most of that time in Alpine where he built his home, and one now occupied by Dr. & Mrs. Crouse.

Survivors, besides the widow, Maude: 3 daughters, Mrs. Nyla Rousch of Carlsbad; Mrs. Donna McKee and Mrs. Marjorie Ebersole, both of Chula Vista; 3 sisters, 7 grandchildren and 2 great-grandchildren.

He was a native of Oklahoma, had just returned with his wife from a 3-weeks camper trip to that state, Kansas and Texas visiting friends and relatives.

OPTIMISTS PROVING REAL LIVELY

That bustling young, new Alpine Optimist Club is proving to be no slouch at getting things done. Now they are meeting earlier 7:30 Wednesdays in the YC. Prospective members invited, says Pres. Frank Scully.

The club is collecting funds for giving a Thanksgiving and Christmas basket to some needy local family. They are also having a big raffle which will come off at the 2nd husband wife dinner in the Log Cabin on Wed. Nov. 15.

At their installation dinner in PV at the Charcoal House, they netted \$80., reports Secretary-Treasurer Don Roccaforte. There will be no meeting on Nov. 22, Thanksgiving eve.

"Only trouble is", says Grube, "that till the state turns back Hwy 80 to the county after the freeway opens, we have to go through so much red tape to get permits and so on."

In photo George is taking up a reward sign offering \$50 for information leading to arrest and conviction of those who stole his antique wagon wheel, "Or I will pay \$7.50 for return of a matching wheel and no questions asked", he declares.

This aerial by Pilot-Editor Irvine, gives you a good idea of the magnitude of the Tavern Interchange, which will become main entrance to town of Alpine at end of 1968 when Interstate 8 Fwy. opens.

CUBS GET AWARDS

At the successful Pack meeting the Cubs enjoyed a movie "Pioneers of the Plains" that Dr. John Brookes had secured. The following boys received awards: Ken Wedel, silver arrow point in Bear rank; Russell Lipetsky, silver arrow in Wolf rank. Michael McMann, year pin; Stephen Bratt and Douglas Wedel, arrow light; final award for Cubs, before they become scouts. The boys have to earn this, and not all try to make it, so it is quite an honor.

Larry Rushing and Keith Kanneg were welcomed in as new members and awarded the Bobcat pins.

The new Webelo program is underway for 10 year old Cubs and for the present Mrs. John Brookes is taking over, however, this is a man's job but in order to get the boys started, she is acting as director, hopes some interested father will step forward and help out.

DOUBLE TALK

By Cecile and Celeste Irvine

Had a lot of excitement Monday on account of the big fires and east wind that fanned them up. Our cousin Peggy Arndt called at 5:30 Monday morning and said "don't come up, there are fires all around us and the big hay stack at the dairy is on fire, also live wires are down and San Jacinto Jr. College is closed." We went back to bed and they called again at 8 saying they were ready to evacuate, the fires were so close. We kept in touch all day and things improved but when we went to leave for home at 3 the State Forestry had closed 395 so we had to wait till Tuesday morning.

Yvonne and Randy Randall were surprised when they got back Sunday

night to find 7 puppies waiting for them. Their German Shepard Lady had 9 babies Saturday morning but she rolled on 2 of them so came out with 7. They will have them for sale when they are old enough.

Richard and Diann Irej are moving back to Alpine this week to be with his mother. Since his father died, they have been coming up almost every day so thought it best to move here. He will commute to his job in Chula Vista for the time being.

Eddie Schwenck called Home Monday to say he had bagged a doe and was still hoping for a buck. Will be home today whether he gets one or not. He said it was snowing in Utah and mighty cold.

Little John Armbruster, 6, and our new neighbor, has to be in the hospital during Thanksgiving vacation to get his tonsils out.

Donna Schwenck, and her team who are members of the Dolphinettes at El Cap, came in with a 5th in back stroke in a county meet last week. Was good considering the competition they had. They are in need of a heated olympic size swimming pool to use during the winter that is marked off. Should be 100 feet long.

Alpine's Flag Football team played Mountain Empire Friday and beat 33 to 6. Today they play Julian and coach Robert Gaston hopes they make out as good as they did last week.

Linda Tyler is going to Grossmont College in February to try to catch up on some of the credits she lost this past winter due to illness.

Nancy Sockwell Thompson and her husband were in the Rocket Station Saturday and we asked her when she expected her baby and she said about "50 years" Guess she is tired of waiting but her mother said any day now and they are all anxious.

CC HAS BUSY LITTLE OFFICE

At 2121 Hwy 80, across from Rexall Pharmacy is this tiny office of Alpine Chamber of Commerce, which hands out and mails much literature about this community.

Mrs. Ivy Kuhl is secretary, is open from 1 to 4 on Monday, Tuesday, Thursday & Friday. This photo was made when she, middle top row, as chairman of the membership committee, had a little promotion meeting one day recently. At her right is Erna Earle, at her left is Mrs. E. Sachse, and seated, Orville Palmer, and Mrs. Katherine Black. They all worked hard to bring up the membership, so that Dr. John S. Campbell, new prexy, would have solid backing for the chamber's work of making Alpine better and more beautiful.

A holdup man walked up to a theater cashier, stuck his pistol in her face, and said "That was a lousy movie. Gimme everybody's money back."

HALLOWEEN QUILT WAS PRIZE

This colorful handmade quilt was on display last week at Alpine Beauty Salon, being held by Mrs. Eva McGuffie, left, now owner of popular spot, and her assistant La Vaughn Leuken.

The beautiful piece of handiwork was laboriously made by Pat Naud, and donated to the cause of the PTA. She is manager of H & R Block Tax office, now in the Lacko building which houses Mary's Apparel, the beauty salon, and Gordon Realty, all advertisers in the Sun.

At the Halloween Carnival Tuesday a drawing for the quilt was held and Mrs. E. Goodwin, P.O. Box 285 was the winner. She was not present.

WALKER BROTHERS, PIONEERS

Spending a few weeks here with his brother Doug Walker, is Ralph, left, perhaps the oldest living pioneer of

Alpine. He came here with his parents when only 11 way back in 1894. He is the eldest of the 10 Walker children. Another brother Don, is well known here, being president of Interstate 8 C of C, lives in LM.

The Walkers in those days ran a resort they called the Willows, which is the name of that area today.

"We grew a lot of fruit" he says, plums, peaches, grapes, and many other things". For awhile he drove the stage between Lakeside and Cuyamaca, over the old Viejas Grade, up from Viejas Indian Reservation, which in those days was a big ranch.

WINGS, BABY FOR ALPINE'S SON

Mrs. Vera Miller, smiling clerk at Alpine Home Bakery, had some good news the other day. Her son, Lieut. Chas. Feth, 26, of the USNR, made a perfect landing to win his wings and title of Naval Aviator at Corpus Christi, Tex. And on Aug. 12, in Navy Hospital at SD, the stork made a perfect landing with a beautiful baby girl for Mrs. Feth.

They now live in SD at 1058 Lincoln, and he will be stationed here for 3 years. They have 2 young sons. When being transferred he was asked if there was any expected change in dependents.

"Yes, we expect a baby girl soon". Says Feth's proud mother, "That's the effect of positive thinking! They wanted a girl and they got a girl!"

We know a woman who married 4 times, Her 1st was a millionaire, the 2nd an actor, the 3rd a preacher and the 4th an undertaker. "One for the money," you see. "Two for the show. Three to get ready. And four to go."

CARE OF THE BODY

By Frances McTaggart

ENZYMES... THE SECRET OF LIFE

Enzymes are as old as life itself, yet it wasn't till 1926 that the enzyme was isolated. Dr. James B. Sumner received the Nobel Prize for his great work in this important achievement. Up to that time man knew that milk curdled, grape juice fermented, cheese aged, bread dough expanded, but he didn't know why. Now we know that all LIVING cells contain enzymes.

Enzymes are ACTION found in all living substances... human, animal and plant. They are Nature's own miracle workers making it possible for certain changes to take place in the body. There are an estimated 30,000 different enzymes in the human system and each has its own job to do, one of which is to change food into body building blocks. When food passes through the digestive tract, enzymes are released into the digestive juices step by step making food small enough to pass through the pores of the small intestines into the blood. Some of the other jobs enzymes do are to help build phosphorus into bone and nerve, help fix iron into red blood cells, assist in storing excess food in the muscles and liver for future use, attack waste materials in the tissues and blood and transform them into products which are easily assimilated. Cont. next week.

The hunter's bird dog came to a point looking straight at a man. The hunter looked all around but saw nothing. "That's odd, He never did that before".

"Perhaps I can explain," My name is Partridge."
