### FORESTER BROWN'S HOME BURNS

At 9 a. m. Saturday the Clarence Brown home on Viejas Indian Reservation was gutted by fire which started from a defective chimney. Brown, a state Division of Forestry foreman, was away at the time, getting ice cream and cake for a children's Christmas party. His wife was at home, did not know the fire had started till the roof was nearly consumed. Damage was

U. S. and State Forestry trucks responded as did Alpine volunteer firemen, but it was too late, and the water pressure was too low to do much good.

The family lost everything including all their Christmas presents, and Brown's tools and equipment. Fortunately he was able to move into his sister's vacant house nearby, as she is

## More 3-day holidays could save lives!

The Christmas holiday Monday, and the day off this coming Monday for New Year's Day, may well clinch the argument for making several national holidays uniform on Mondays.

Congress is now considering legislation that would change the living habits of the entire country, and it is getting a better chance of passage every day, especially since the administration abandoned its opposition.

Chief supporters of the move in Congress are Senate Minority Leader Everett M. Dirksen, R-Ill., Sen. Geo. A. Smathers, D-Fla., and Rep. Samuel S. Stratton, D-NY. Hearings have been in both divisions of Congress.

The U. S. Chamber of Commerce ap-

proved the plan, advising the government that 85% of its 10,000 members who replied to a poll, approved it. The SD Chamber of Commerce has gone on record for it also.

The bill would make Washington's birthday the third Monday in February; Memorial Day, last Monday in May; Independence Day, first Monday in July; Veterans' Day, last Monday in October, and Thanksgiving, fourth Monday in November.

As with Labor Day, this year's Christmas and New Year falling on Mondays, the public may well see and appreciate the idea of having other holidays on Mondays, allowing a full 3-day weekend, instead of breaking up the week by having them in mid-week.

When your editor published Let's Live Magazine in Hollywood he tried to get this idea over to President Roosevelt around 1933, even sent petitions in, but nothing happened. Sometimes it takes a long time for an idea to jell.

This plan, despite objections to traditionalists, could give the people more chance to drive safely to and from picnics, enjoy the outdoors more, and probably save lives, besides making the long weekend more pleasant.

### DINNER FOR VAN DEERLIN

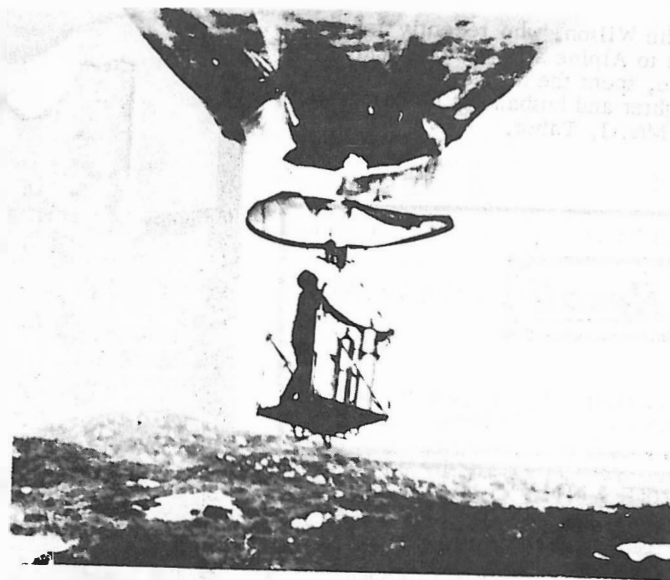

In the grand ballroom of Hotel del Coronado on Jan 20, there will be an appreciation dinner for Rep. Lionel Van Deerlin, D-SD. Sen. Edmund S. Muskie, the "Mr. Clean" of Congress, will be the featured speaker. He won international recognition for legislation to control contamination of air and water.

Mother: " Now, Junior, be a good boy and say " Ah-h, so the doctor can get his finger out of your mouth.

Hot air ballooning is pretty safe today but some time ago Gordon Frevel, law student, associated with Jim Allen at his Japatul ranch where they have a balloon, ran into trouble. He was making a brief tethered ascent when the cable gave way and up he went! Something went wrong with the butane flame and part of the apron was burned as can be seen in photo as Frevel handles burner controls. Fortunately he was

able to land it safely not far off and friends came to the rescue.

A.L. Barris, formerly of Alpine, now in SD, has been in the hospital his wife reports, is now convalescing in a wheelchair. He used to own the property between Hinkle Lumber and the Shell Station.

"Was your friend shocked over the death of his mother-in-law?"  
"Shocked? He was electrocuted."

#### HALF & HALF CHRISTMAS TREE

Here and on opposite page are the photos of unique Christmas decoration which Tony Hutchins fixed up at Stallion Oaks Guest Ranch for the holidays. He sawed a tree in half, put part inside, shown with Trudy Smith, the cook who fixes those sizzling dishes at the Steak Corral.

On opposite page is the outside of the cafe, with the other half of the tree against the window. Illusion was puzzling to many who thought reflections were of either tree, but in reality were of other half!

Stallion Oaks is having a big New Year's Eve gaiety Saturday night with many from all over the Southland in attendance.

CHAMBER OF COMMERCE COMMENT'S  
 At the last meeting of the Chamber of Commerce, December 20th, the Board voted to create a Lighting District since there has been no voice raised in disagreement. Details will follow at a later date.

At this time the Chamber of Commerce would like to thank the Alpine Sun for their support and publicity which has helped a great deal in getting new members, says Dr. John S. Campbell, President. Happy New Year to all.

A delightful Christmas party was enjoyed by 65 residents of Alpine Oaks Mobile Estates last Wednesday when they gathered in the clubhouse to celebrate. Refreshments were furnished by the owners. Floyd Taylor, well known guitarist and singer, provided entertainment.

"Gosh, I'm bored," yawned hubby. "Why don't you read something?" suggested wifey. "There's nothing around to read except some old next month's magazines!" he replied.

## HORSE TALK

By Cynthia Irvine McTaggart

Want to wish everyone a wonderful New Year. Due to circumstances beyond my control, I will have to skip my column this week. I had an unexpected happening Dec. 23rd that has me completely occupied for a few weeks, but will be back with my column to start the New Year. Our baby girl, Julie Marie, who was expected in February, decided not to wait and sort of bounced into the world without warning.

Will do my best to collect news and hope to be back in the saddle soon.

**BERG NAMED TO FIRE COMMISSION**  
J.E. "Jack" Berg, retired Insurance president of Tavern Rd., has been appointed to the Alpine Fire Protection District board of commissioners. He attended the last session as an observer. The new board for 1968-69 also includes O.C. Palmer, Al Hinkle, Wm. F. House and Fred Rushing, who will take office at noon, today.

They meet at 8 p.m. on Monday, Jan. 4, to reorganize and elect officers.

### HIGHWAY CHAMBER ELECTS

At the last session of Interstate 8 Chamber of Commerce in the Log Cabin, re-election and re-installation of officers for 1968 highlighted the meeting. The name was changed from Highway 80 C of C.

Re-elected and re-installed as president was Don Walker. Continuing as first vice president is Russ Crane. Secretary is D. Mary Hughes and treasurer is Olga A. Solem.

Dr. and Mrs. James Hall of Evanston, Ill. flew out to visit friends Dr. and Mrs. John Brookes and family. They had spent some time in LA before coming to Alpine, picked up the flu bug so were in bed for their 2 day stay here. "At least the weather was warm when they returned home" said Mrs. Brookes and "We felt so sorry they were ill."

**THE NEW OFFICE GIRL** started coming in late nearly every morning. On a certain Thursday she arrived at 9:45 a.m. The boss noticed her entering the office.

"You should have been here at nine," he commented.

"Why?" asked she sweetly. "What happened?"

### ALPINE IS PICTURESQUE

This beautiful community well expresses the word picturesque, for almost anywhere around Alpine you may find a backdrop of hills and mountains, trees, and at times, massive cumulus cloud formations as shown in this art study by Editor Irvine. Viejas is in the back ground, with an ancient eucalyptus at the right and some thunderheads over the 4224 foot peak which dominates this area.

The library will exhibit some of Irvine's photoart work starting Tuesday, Jan. 2, which runs for the month. Library hours are Tuesdays and Thursdays, 1 to 5, Saturdays, 10 to 2, says Mrs. Elizabeth West, librarian. Any local artist is invited to show.

### NEW TRAILER PARK GETS NAME

Capital Services, headed by Christopher Sickles and Dr. Robuck, have just decided on a name for their new 243-place trailer park soon to be built at old Dinosaur Park, reports Alex Doig, in charge. It is Alpine Village Mobile-home Estates, which is the third "estates" for trailers in Alpine. Irvine's Trailer Estates, 2255 Tavern Rd., was the first, built in 1950, then Jones' Alpine Oaks Mobile Estates, on Hwy 80 came a few years ago. Work is expected to start soon on this new one.

Mr. and Mrs. J.W. Clark, Tavern Road, spent Christmas with her son, and family, Mr. and Mrs. Wm. Lewis of El Cajon.

### BABY GIRL FOR McTAGGARTS

Bill & Cynthia (Irvine) McTaggart went up to the snow Friday, and that night she was tired and excited, resulting in indications that her baby was about to be born. So Bill drove her to Grossmont Hospital, racing the stork at 5 a. m. and in 15 minutes Cynthia delivered a premature girl without any trouble. They named her Julie Marie, and she weighed 6 lbs, spent the morning in an incubator, then came home with her mother the next day.

Grandparents on both sides-- the Clarke Irvines and the Wm. McTaggarts, were highly elated, as was the great grandmother, Mrs. Connie Perez, all residents of Tavern Road.

Said Brown: "We are thankful all our children were gotten out of the burning house safely".

## DOUBLE TALK

By Cecile and Celeste Irvine

What a surprise and thrill we all had last Saturday when Cynthia presented us with a baby girl. She had been up in the snow Friday and when she came home didn't feel too good so the next morning at 5:36 little Julie Marie made her entrance into the world. She was premature and was in the incubator for a little while but Cynthia is nursing her and she is gaining by the hour. We are so jazzed and we are her only aunts which makes it really wonderful to have her. Mama and Bill's mother rushed out Saturday afternoon and bought her clothes as she didn't have a thing, not even a safety pin! We were planning on having a shower for her after the holidays but she jumped the gun on us all and came just in time for Christmas. Sure made us all happy and Cynthia is glad she doesn't have to wait any more either.

Mark and Susie Parsons are thrilled with their new motor bikes they got for Christmas. Mark and Jimmy Archer drove by Tuesday and his is bigger than

hers but they both are nice and they sure like them.

Greg Anderson and Raymond Rix were in a small accident last week. They were turning into the Rocket Station when an oncoming car smashed into theirs broadside. Raymond got some broken fingers and Greg was lucky, only got a bruised shoulder. The car wasn't damaged too much but Raymond has to get a ride to work until he can get it fixed.

Mack McHone moved back up to Alpine from S.D. to live. He is staying with Greg Anderson as he didn't like the city and is much happier up here.

We had a postal from our cousin Kenny Tielens in Honolulu. He is on his way to Viet Nam and was stopping there for a few days.

Mr. and Mrs. Jim Madsen were saddened last week when their faithful female Siamese cat Mama Mink got pneumonia and died. Mrs. Madsen thought she was better and put her out in the sun but when she went out to check she had died without moving. She has had her a long time and it was hard to give her up.

Saturday our cousins drove down to see Cynthia's new baby and while they were here they drove over to Yvonne Randall's and picked up the German Shepherd pup they had ordered. He is going to belong to Trudy and we don't know yet what she named him.

Debbie and Ronda Lewis, granddaughters of Mr. and Mrs. J. W. Clark, spent a week here visiting them before Christmas. They went to the Baptist Church Christmas party and had a real nice time.

One of our pals found himself in a Texas living room that was equipped with two grand pianos. "Why two?" he asked.

### TODAY'S WEATHER PROVES IT!

Here is a letter to the Sun that speaks for itself" Dear Sir: Enclosed please find \$3 for subscription to your fine "tiniest" newspaper.

My wife and I have just moved our mobilhome to Alpine Oaks. One of the features which attracted us to your fine area was the slogan "Best climate in the US by Gov't report". We arrived the day you had snow and it's been raining ever since. We were wondering what gov't made the survey. I'm just kidding, because we've been assured this is very unusual. I'm sure we will enjoy our residence here. Regards- John E. Cox

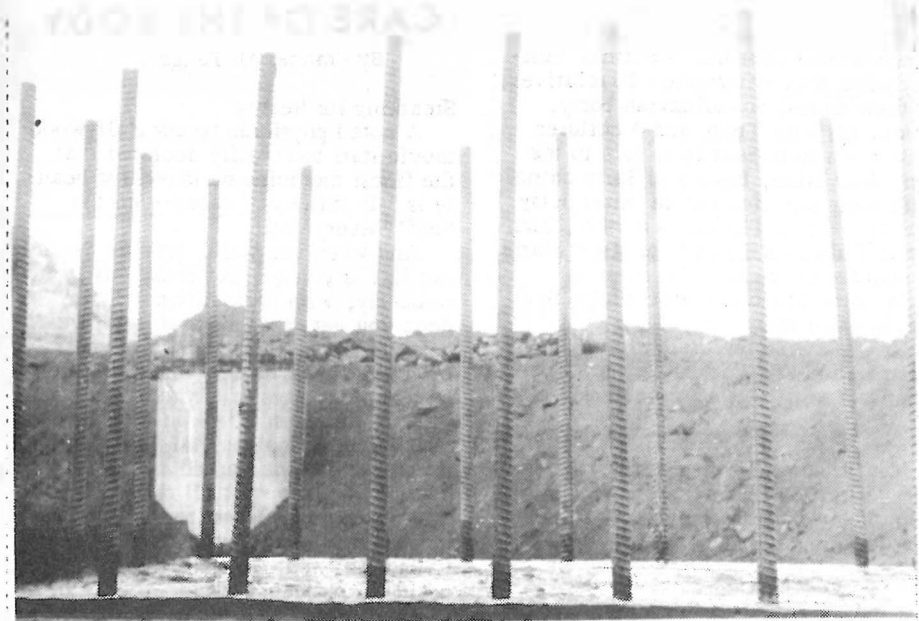

Note- Thanks Mr. and Mrs. Cox. You will find that Alpine does have the best all-year climate in the county. Into all climates a little rain must fall! A warm welcome to Alpine, and thanks. - Ed.

### NOTICE LONGER DAYS?

Today you will have enjoyed 9 hours and 56 minutes of daylight, for old Sol has made the turn again and is coming up toward the zenith. Sunrise was at 6:53, sunset at 4:49. He will continue to climb the heavens till June 21, when he slows down, retraces his steps to another winter. The miracle of spring is here, too, for the grass is well up and green, and Alpine looks lovely. Welcome, Old Sol. Glad to see you back "where the sunshine spends the year"!

Ed Roethel, an ardent Bible student, sent a card to the Sun: "How about Joshua 1:8 for a good verse for the New Year:

"This book of the law shall not depart out of the thy mouth; but thou shalt meditate therein day and night, that thou mayest observe to do according to all that is written therein; for then thou shalt make thy way prosperous, and then thou shalt have good success".

### PEUTZ BRIDGE GOING UP

Here is an unusual view through heavy reinforcing steel stubs where the Peutz Valley bridge is being built for the new US8 freeway.

Looking west one sees through the bars another pier with its stubs. Both will be built up to support the span which will carry the 4-lane concrete road over Peutz Valley Road, and across the chasm.

The creek which flows through Alpine, turns north, enters a huge 18-foot culvert, which goes under the deep fill, now nearing completion, then empties into the old creekbottom and into El Capitan Reservoir below.

Oldtimers will remember how this creek ran all year, was used for swimming by members of a small nudist camp about half a mile down the valley.

A jolly time was had at McCall's Ranch School over the Christmas holiday when they entertained 25 relatives at their annual Scandinavian party. Bruce, his wife Trudy and 4 children flew down from Seattle to join in the fun. Sons Mike, Brian and Barry came with their families and daughter Betsy was also there. Blanche's mother, Mrs. Karen Fulton of SD and her sister Marie Leonard were there. Also from La Jolla came Blanche's sister Eloise Beal and her two sons.

It was a double celebration as Mrs. Fulton had her 80th birthday the 23rd and Carl said "was a tremendous week".

Linda Sanford, daughter of Mr. and Mrs. Virgil Sanford of Harbison Canyon, is home from Nebraska for the holidays.

**Breathing for Beauty**

A noted physician to our Hollywood movie stars has wittily declared that the finest medicine he knows for beauty is "six miles of oxygen-- on the hoof!" every day.

And when you walk, breathe deeply, not just as you go, but consciously, incessantly, with periodic draughts so deep you get dizzy. Walking rejuvenates the entire organism by stimulating the circulation, which you supplement with supercharges of oxygen.

Like the housewife who said the trouble with meals is that you just finish getting one and doing the dishes and you have to start all over again. The woman who wants to look and feel her best has to keep constantly at it.

But isn't that life? Nothing gets done by itself. Perhaps in some elysian millennium we can relax in a garden of eden, pick fruit off the trees and drink of the fountain of youth. But today we work for what we get. Fortunately, however, many things can be achieved by pleasant endeavor. Walking, for instance, one of the most effective promoters of good looks, is also an enjoyable pastime.

This is a good time of the year to renew the determination to walk for health and beauty.
