#### NEVADA COUPLE BUYS HERE

Escrow just closed on a 2 bedroom home on North Marshall owned by Mary Findel. Buyers were Mr. and Mrs. Sabin Gray of Nevada. Sale was by Neda Hill of Alpine Realty.

#### LA JOLLA MAN BUYS HERE

Mrs. Charlene Brown of Brown Realty, Alpine, reports the sale of 8 acres with 4 houses at the freeway interchange East of Alpine at the Willows, owned by Charles Weeber of SD. The buyer, Irving Malashock of La Jolla plans to develop the property later but would not disclose plans at this time.

#### THESE SPARKED RIDING CLUB

This quartet gave the young riders a fine Sunday breakfast at the Youth Center last week when Alpine Riding Club had a free meal for all comers with some 30 present. From left: Mrs. Mary Reed, wife of the club president; Mrs. Jerry Webb, Doris Scully and her hubby, Frank, who did most of the cooking. He is prexy of Alpine Optimists. See photos inside.

#### ART STORE TO OPEN

Another new business starts here next weekend when Mrs. Bernice Gibbs opens Alpine Arts, 2353 Hwy 80, in the Landt Building. She plans on giving classes in oils, water colors, pottery making and other forms of craft work.

Mrs. Gibbs is well qualified, having taught art and other subjects in county schools. She is a graduate of SD State, has done considerable graduate work, one summer at the University of Arizona extension in Guadalaraha where she lived with a Mexican family and attended classes.

She has 3 children, 2 sons and a

## MORE PRIZES FOR MISS ALPINE

More awards are piling up for the lucky girl who will win the Miss Alpine contest to be queen of Viejas Days, sponsored by the Chamber of Commerce, reports Chairman Nikki Menconi, whose idea it was to choose a girl to reign over many events.

Here are the awards: 1. Complete scholarship, EC Beauty College. 2. Scholarship, Chateau D'Or Modeling school in EC. 3. Complete outfit from Alpine Western Wear. 4. Hairdo prior to each chamber event during the year, at Alpine Beauty Salon. 5. Gift certificate at Nikki's shop, value \$200. 6. Coronation bouquet from Homeland Florist in LM. 7. Winner gets \$100. cash award; runner-up, \$75. and next 3, \$25. All entrants receive a charm from Norbobb Trophie Co.

Girls desiring to enter this exciting contest are invited to register at Nikki's, 2549 Hwy 80, daily except Mon. & Tues.

## LOUIS PICK BUSY

After several trips back east on business, Louis Pick, realtor of Alpine and El Cajon, is again advertising in the Sun and busy in his two offices.

Latest sale by Pick and his associate Cindy Palmer, was a 3-bedroom home in Lemon Grove to Henry and Maud Andriese, 8052 Jamacha Road, who came from Holland, rented the home for a few months, all in love with the area and purchased this nice residence.

Pick is also in the process of building a 9-unit apartment in the 4400 block on Texas Street in SD with completion date set for late May. Apartments will rent for \$140., 2-bedrooms, \$110. one bedroom. Construction loan was obtained for \$58,000 from Central Savings and Loan.

As soon as business permits, Pick will be more active in Alpine in his real estate business and also with his watch repair service.

## BOTTLE ART IS MARCH EXHIBIT

Art, like gold, is where you find it, and this month Mrs. Elizabeth West, librarian, is presenting a rather unique art form, bottles, from two large collections of Alpine women: in photo at left, Mrs. Helen Ellsberg, noted photo-journalist, and Mrs. Jeanette Hinkle, retired realtor and insurance agent.

Mrs. Ellsberg holds an antique violin bottle, while Mrs. Hinkle has a "fish" bottle, which once contained cod liver oil. Both are dark brown glass. They have many antiques in their collection, some dating back into the last century. The display is well worth examining, specially if you are a bottle buff.

Mrs. A. "What do you think of Red China in the United Nations?"  
Mrs. B. "Oh, it wouldn't look too bad with a white tablecloth."

## NATURAL GAS MIGHT BE POLLUTION SOLUTION?

In February Lite Lines, house organ for the SD Gas & Electric Co., was a little story on how this forward-looking company is searching for a solution to the growing and menacing air pollution problem. It is titled "Pollution Solution? Natural Gas as Vehicle Fuel".

It starts out with the idea that we may have to revise the old slogan "You're cooking with gas" to read, "You're driving with gas".

The firm recently told results of a year's experiment: operating one of its standard pickups on liquefied natural gas. The vehicle performed just as it had on gasoline, but its exhaust contained less than half as many smog-producing emissions as a gasoline-fueled engine.

Liquefied natural gas (LNG), which we use in the back country and known as butane, or propane, is made into a liquid by cooling down to 258 below

zero. This reduces its volume to 1/600th of what it was as a vapor. The company has been making it for the past few years to permit compact storage of natural gas for use during peak periods.

We believe that most of the liquid gas firms already use it in their vehicles, the motors of which have to be slightly modified to burn LNG fuel. It is less costly than gasoline, and is easier on the engine.

Where congestion of traffic makes for smog, or really smoke pollution, this might be a solution, especially with taxis, truck fleets, buses and government vehicles which operate from a central fueling station.

SDG&E plans to continue testing use of LNG to find out more about its new use for powering motor vehicles.

When you look out to the west and the cities of El Cajon and San Diego, and you see the haze of pollution slowly coming aloft, you know that mankind must someday, and soon, drop a lot of other activities and get after this hazardous problem.

We who fly, as Arthur Godfrey often says on his jolly program over KFMB here, know full well how that tide of brownish pollution is steadily creeping farther out, and higher, all around the earth. -CI

Mr. and Mrs. Jim King of Trailer Estates entertained their nephew, Robt. Wilcoxon, son Wayne and daughter Diana and his mother, Mary Groten of Gaston, Oregon last weekend. Also at the get-together were Ellis and Judy Kohl, son and daughter-in-law of the Kings.

## OPTIMISTS GIVE FOR MISS ALPINE

At the last session of the Alpine Optimist Club they voted to donate \$10 into the chamber of commerce fund as prize money in the Miss Alpine Contest now getting started.

Mrs. Ellen Schiek is going into an EC hospital Tuesday for a cataract operation which should allow her to be home in a few days.

## CLUBS COOPERATE TO BEAUTIFY

Alpine has noticed the improved looks around the Women's Club, due to fine cooperation between Optimists and Kiwanians. The former put in improvements on the east side, while the latter worked on the west side of this stately old building which houses the club and Alpine Library.

(Now if we could only get the litter-bugs of America to cooperate, we'd have a fine, clean little village!)

 The Optimist Club will hold a signup for youngsters on Sat. March 16 at Otto Field, the Youth Center. It is for boys of 3 thru 8 grades. Be sure to bring your glove. A lot of fun is promised.

**CEMETERY GROUP ELECTS**  
 At the annual session of Alpine Cemetery Assn., Monday last week in the Youth Center, Paul Dillow was named to succeed himself as president; Orville Palmer was voted first vice-president; 2nd S. S. Van Note; Edwina Brabazon, secretary for another year, Robt. Pellegrin, treasurer; Supervisor, Frank Doerr, and Gregg Heyser continues as sexton.

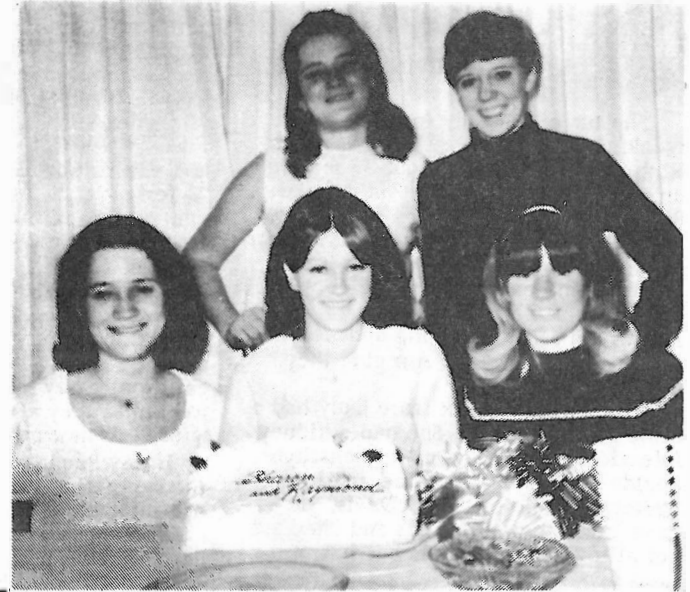

Several improvements are being made, a new map of all graves with a card filing system so that any lot may be located instantly, and perpetual care will be financed by 40% of sales funds, with various other physical improvements planned.

This is one of the oldest such organizations in the county, records going back to 1899 when Alpine first became a town. Everyone who owns a lot here is entitled to vote. Forrest Hohanshelt, pioneer builder here, is outgoing treasurer. The association does not know how many of the lot owners are still alive from the several hundred that have been sold. Many from out of town for some reason want to be buried in peaceful Alpine.

Mr. and Mrs. Lowell Marcus and children, Mrs. Marcus is daughter of the Basil Spears, is now permanently located in La Jolla. The family has spent many years in Panama and Caracas, Venezuela, where Marcus was with Good Year Rubber. He is now retired and is happy to be in the States.

## HORSE TALK

By Cynthia Irvine McTaggart

The turnout Sunday for the free breakfast ride sponsored by Alpine Riding Club was quite nice. About 39 showed up and most of them went on the ride. Bill and I couldn't go because we had an ad in the Union and had to stay close to the phone, but plan on attending the next ride they have. Jerry Webb, Doris and Frank Scully, Mary Reed and Reenie Adams did all the cooking and we heard that it was real good. Am glad they had a nice turnout.

Alice Villa's black mare Lady had a close call last week. She had a kidney infection and colic. Dr. Immenschuh couldn't come up, so Alice and JoAnn trailered her down to Dr. Davis. He gave her some antibiotics and checked her all over and said she was in excel-

lent shape for a horse her age. She got better almost immediately and started to pick up and also eat, so that relieved Alice. While they were at the vet's, JoAnn's horse Mark got excited and jumped the fence. Luckily he didn't make it to Hyw 80 before they got home and put him back in the corral.

Jerry Webb is happy the way her Morgan gelding is turning out. She rode him for the first time last week and she is thrilled with his progress. He was green broke and 5 years old so this has been quite a challenge for Jerry.

Our neighbors, the Brothertons, bought a real nice donkey for their two children. They have a horse but she is too big so they are having quite a time with their new pet.

If any Pequeno Riders would be interested in having a horse show the end of April call and let me know and we can get together and plan one as we have trophies and ribbons. 445-2984

We rode by Mr. Barrett's the other day and noticed that he had a new donkey. He is black and real pretty.

Lisa Pierce had her mare Midnight bred to Melva Riley's horse Skip Beau and is hoping for a colt. She also still has her two saddles for sale.

### BURGENER BILL FOR YOUTH

So that juvenile halls would not be used for long term and inappropriate detention of youth, Sen. Clair W. Burgener R-SD has introduced a bill to prevent this. It is identical to one passed by the Legislature in 1967, but vetoed by the governor due to fiscal problems.

Robt. Menconi, whose wife Nikki runs Nikki's shop, was coming home the other night when the car in front slammed on the brakes which made him do the same, but a woman behind him failed, hit his pickup, did \$100. damage.

**DON'T LEAVE KEYS IN CAR!**

Friday morning Bob Smith, Alpine Heights Road, left his car for a few minutes while he did an errand and forgot to remove the keys. When he came out he discovered the car was gone and his dog was inside too. Neda Hill of Alpine Realty had seen a young man get in and drive away but didn't know he was stealing it. She ran into Bob who was excited over the loss of his car. They phoned the Highway Patrol who tried to intercept the culprit but he had taken a shortcut on the new freeway and ended up on Victoria Drive where he was apprehended.

The car and its occupant were fine but it taught Smith a lesson he won't forget. He could have had his car wrecked or even worse.

Lt. Cdr. Robt. Mecaughey left SD Tuesday for his new station in Nebraska where he is to teach recruits. His children, Susan, Bobby and Patty are living with the Gene Adams and his wife of the Willows and will be with them until school is out, then move to Nebraska to be near their father.

## HOBBY SHOP STARTS CLASSES

Idleness is the devil's workshop so the Alpine Hobby & Rock Shop would like to get Alpiners busy, including the children. According to plan, classes will start on Wednesday, March 13th at 6 pm and on Saturday, March 17th, time to be decided.

A special children's hour, ages 8 to 12, will be at 4:30 pm on Wednesday, the 13th and at 9 a.m. on Saturday, March 17th.

Tentatively, instruction will be given in clay, ceramics, resin, imbedding, form film flowers and gold leafing. If enough requests are made, leather work, oil painting and water colors will be added.

There will be a minimal fee for each class and a special children's fee of 50¢ plus materials used. The size of classes must be limited so reservations will be taken by calling 445-4603.

If the time and day of week conflicts with spring activities, arrangements may be made by contacting the hobby shop.

"We appreciate the interest of so many who have visited our shop and our acceptance into the community. Our studio is available to small groups wanting to do hobby work.

It has been delightful having so many young people come in for models. We hope to continue carrying the most current models for their collection and enjoyment. Our rock shop is in working operation and we have a good supply of cut, polished slabs for embedding stones for jewelry. We have just received a shipment of Brazilian agate in assorted sizes and colors."

An interesting couple from Idaho were in town last week, having come down from Descanso where they had been visiting the Cortlandt Howells. They were Mr. & Mrs. W.A. Radio 860, they came down to meet him and buy some of the books on health and nutrition in which they are quite interested. They do organic gardening at home, showed much interest in Celeste's 1½-year old filly Blue Angel, which they fed some luscious green grass on the Irvine Ranch. They return to Idaho for the summer in May.

Bruce Hill is in Ft. Gordon, Ga. for a 14-week training program, will then probably be sent to Vietnam. His second week there, he took a trip to Charleston Heights, S. C. to visit his mother's sister Lerona Woodberry, and family. He had never seen them so had quite a nice time getting acquainted.

Mike Merrill is now a resident of our trailer park. He moved in last Saturday and is quite happy.

Tommy Judd thinks he is going to spend his summer in Coronado working for Pike Meade. He was there all last season and had a wonderful time, worked too.

Celeste's boyfriend drove down from Hemet Sunday and they went to the zoo and saw the 2-headed king snake that replaced Dudley Duplex. They also saw the new baby camel that was born a few weeks ago to Pattie and Barney. He was named Kenny and his mother was also born in the SD Zoo. They both were amazed at the new projects going on at the zoo and are glad it is enlarging. We have enjoyed going there since we were able to walk and Butch has been several times too. They were glad they went.

Anyone looking for a nice watch dog? Mrs. Gene Adams has some half Labrador, half collie pups to give away. Call 445-3731 for information; 5 are blond, and 2 are black, and they favor their mother who is a full-blooded dog.

David and Dennis Moya of El Cajon have been visiting their grandparents on Tavern Road and when asked if they wanted to go home said in unison "No, we like it here and we want to go to school here when we are old enough". David is 4 and Dennis 3, so they will have to wait a little but know already what they like.

Janet and John Magee have been home this week with the flew but both are feeling much better now.

## QUESTIONS ON HOT MIX PLANT

In a letter to Supervisor Henry Boney of this district, Wm. F. House brings up some queries that many here would like answered.

"A number of people like myself' he says "as well as civic organizations have been disturbed over the wording of the permit, its errors and loopholes".

"I would appreciate an answer to all the questions asked in this letter. . .

1. Under "Reasons for decision of the Commission". Item #1 has the following statement: "The plant is necessary to provide materials for construction of Interstate 8. The site is immediately adjacent to the freeway right of way and is the only feasible location so situated."

It is true the materials are necessary for the construction of Interstate 8, however what guarantee do the residents of Alpine have that the materials from the site will be used for the approximate 6 miles section of Interstate 8 through Alpine and not the next section of Interstate 8 to the East or the one after that?

It is clear in my mind as well as other citizens of the community that the decision of the Planning Commission should have been specific in noting for a specific project or section of road work.

It is also stated that this is the only feasible location. Why couldn't it have been located adjacent to the County dump West of Alpine on the West end of the Daley construction project or on the new Daley ranch near Descanso? Is it because of the lack of planning by the County Planning Department or lack of study by the County Planning Commission as to the feasibility of the project and to the taxpayers of the community. Instead of the few with money but with few votes?

2. There also appears on the copy of the permit a discrepancy on the date of expiration. On the first page of the permit, by the County Planning Commission, near the bottom it says, "This

special use permit expires Jan. 11, 1969 and etc. "Compare this with the second page of the permit on the first paragraph above item "A" on the conditions of operations, in which it is stated "For a period ending March 31, 1969." Which one of the above dates is one to know as the date of termination?

3. Also on the permit under the conditions of operation in item "F" concerning atmosphere pollution it is stated that "The exhaust stack particulate emissions to not more than 40 pounds per hour". Base the 40 pounds per hour rate on an 8 hour working day and 250 working days in a year this will yield 80,000 pounds or 40 tons into the atmosphere. This strikes hard to many of the people with respiratory ailments living in the community. How do we know if the emissions are over the 40 pounds per hour rate and what guarantee do we as residents have against an excessive rate?

Due to the above contradictions and doubts in the permit it would seem only fair that a new hearing be opened to clarify these discrepancies that now exist.

Note: It seems that the Daley people might have used almost any other "feasible" location other than right in the geographical center of Alpine. The above letter seems to be very well taken. -Ed.

## LIVELY OAKS DOINGS

Plans were concluded at Monday's meeting for the visit to Bob Dale's TV show April 16th with Gladys Pinkerton in charge.

Hostesses for the month are Mariam Schultze and Fern Latham. Mrs. Emma Holmes, president, urges all members to please bring table service for them Monday and also an extra covered dish for guests instead of paying for them, so that enough food will be there to go around. Contact Fern Latham, 445-2424 to check on what type of dish to bring. Entertainment for the luncheon will be the Irvine Ranch Twins singing folk songs.

The Hillbilly Band played Thursday at the Kiwanis breakfast in Lakeside School and all enjoyed them.

Katie Stout is in Fountain Valley Hospital convalescing after surgery, will be home in a few days.

## FAIREST OF FAIR REUNION DUE

To honor Tommy Hernandez, that handsome symbol of the SD County Fair, and to bring back for a luncheon with him, the Southern California Exposition has sent out a call to all 22 of the Fairest gals to phone or write, and be present if possible. Tommy has been escort of these Fairest for 20 years now. The big idea which should go over well is from the mental storehouse of Norrie West, publicity director.

### MASSAGE NECK FOR LOVELY HAIR!

For ages we have believed that rubbing the scalp was the proper thing to do for improvement of the hair. Of course it is beneficial, but -neck massage stimulates circulation even more than scalp treatment.

This is quite simple, for the veins which drain the blood of the scalp descend to the muscles at the back of the neck. The arteries which bring up new blood pass through these neck muscles. Therefore, massaging the back of the neck upward and kneading the muscles, tends to clear the passage of the blood to the roots, feeds, nourishes and improves the circulation. It will be found that this area requires most loosening.

After the hair and scalp are thoroughly wet, the shampoo should be rubbed

into the scalp until a thick lather is worked up. This should be kneaded into the scalp with the finger tips apart then massaged with a rotary motion. An emulsion is formed by the chemical action and the scales, dirt, grime and bacteria are loosened and detached by this combined mechanical and chemical action. Rinsing carries the detached matter from the hair; hence the rinsing should be thorough so as to remove every particle. In extremely scaly or oily conditions it is advisable to shampoo twice so that all possible foreign matter is removed.

It is best to rinse under the shower or by spray. Rinsing in a basin is improper, is not recommended. It stands to reason, that no matter how often the water is changed, some of the residue will still remain. A final rinse with cold water create a stimulating effect adding circulation in the scalp and closing the pores which have been expanded and cleansed by the hot water. Hair should be dried immediately with a towel, rub gently with a rotary motion. The mechanical friction creates heat and stimulation.

Washing does not harm the hair or growth nor does it increase dandruff. Instead, it cleanses, stimulates and helps hair growth.

Whether or not the hair has a tendency to dryness before shampooing, the application of a little thin oil which combines liquefied sulphur in a lanolin-cholesterol base is helpful. Still better, rubbing the oil into the scalp at night before shampooing should prove beneficial.

This simple personal hygiene should be practiced regularly. It may be a little troublesome, but is the only safe method of keeping the scalp in a normal healthy condition.
