Best Climate in US by Government Report

Vol. 17 No. 22 Alpine, Calif. 92001 Friday, May 31, 1968 10¢

### GLENVIEW INTERCHANGE OPENS

Merchants and residents in Lakeside, Johnstown and Glenview are jubilant, for US 8 is now accessible from those areas over the ramps which were dedicated Saturday.

This has been dreamed ever since the freeway was opened minus the ramps to Los Coches Road and Old Hwy 80. Russ Crane of the SD C of C, the Interstate 8 C of C and the Fletcher Co., spoke briefly. Paul Clay, Kiwanis district governor and Supt. of schools here, introduced dignitaries. This improvement makes it handy for Alpiners going to those areas on business and so on.

### SAN DIEGAN BUYS SPIRES' PLACE

The nice 3-bedroom home on an acre on W. Victoria Dr., has been bought and moved into by Jos. Leske, from SD. Virginia Spires was the owner and Neda Hill of Alpine Realty made the sale.

Leske, an electronics engineer with Ryan Aircraft in SD, lived in Pt. Loma, been in the county 12 years. Mrs. Leske told the Sun they are delighted to be here. They have a daughter, Donna, 17, attending school in Pt. Loma. He is a native of Cicero, Ill, while she was born in LA. They took a subscription to the Sun.

### FIRE HITS ALPINE LODGE

Busy moments here as firemen from Alpine and Forestry work fast to put out blaze in office-home of Alpine Lodge, 2616 Hwy 80 last week.

Mrs. Burton Wolfenbarger, manager, left a pan of grease on the stove when gas man called to check suspected leak in another house, and it ignited, setting kitchen afire. Her husband is a parts

### ALPINERS WIN SCHOLARSHIP

Two Alpine girls, Mary Ann Hatcher, daughter of Jerry Hatcher, Victoria Dr. and June Brown, daughter of Mr. & Mrs. John Brown, Japatul Valley, were the recipients of a \$50. scholarship given by the Alpine Woman's Club. The girls were judged in 5 categories and had to have been accepted in college before they were eligible.

The awards were handed out Tuesday.

### KINGS TO VISIT ALPINE

Saturday Joyce King, with her husband Bill, who used to own Alpine Nursing Home, called from Carlisle Ark., to say she will be here on June 3 for a visit, Bill will follow, then both will return to their farm.

"Our valuable registered bull was bitten on one eye by a rattler and died in 3 hours", she said "it was a heavy loss as we are just getting our farm started".

She told how the recent tornadoes killed 40 persons near them, and 2000 cattle were drowned when rivers overflowed.

### JONES KNOWS TAX COLLECTING

For 15 years James E. Jones, county tax collector, has been with that office, including six years as chief deputy being appointed by the supervisors to succeed James P. Rasmussen when he resigned due to ill health on Mar. 31, 1967. Jones is running to succeed himself at Tuesday's election. He is endorsed by three former collectors, also T.M. Heggland, former chief administrative officer. Jones has brought many time and money saving ideas to the office, one being for \$15,000. a year on tax receipts alone.

### DAIRY MONTH IS STARTING

Saturday sees the start of Dairy month in SD County, for which F.H. Collier, distribution manager for Rocky Home Dairy, Lakeside, has been named chairman to guide the local industry through many activities and promotions.

The annual luncheon is his first official duty on Tuesday at Valley Ho Restaurant. Then will follow many events including a recipe contest sponsored by the SD Milk Council.

### GULF GAS ARRIVES TOMORROW

Painting and overhauling Earl's Mobil Station is going apace to get ready for Earl Hill's taking on Gulf oil products June 1, at 2151 Hwy 80, opposite Security Bank.

New signs and equipment are being added, he says. Another item is that he will continue to give S&H stamps although prices on Gulf are lower.

Peg: "Some people thirst after fame, some after knowledge, and some after money."

Meg: "I know something they all thirst after."

Peg: "What's that?"

They are covering water, sewer, electric and phone utilities, then grader will shove in the fill. Grooms of Anaheim is contractor. Beautiful new park should be ready in Aug. says Alex Doig, in charge of work for Sickles firm.

Tomorrow is the final day the library is open with that colorful display of silk screen pictures by Reed Durham of Alpine Hobby & Rock Shop which has been admired during May in Mrs. West's monthly exhibit of local artists' work.

Next Thursday Mrs. Bea LaForce will have her photoart from around the county all set up which should prove beautifulm says the librarian. Hours: Tuesday, Thursday 1 to 5; Saturday, 10 to 2.

Man: "Did you catch all those fish yourself?"

Boy: "Oh no! I had a worm to help me."

## HOW ABOUT A POOR TAXPAYERS' "MARCH"?

Following receipt of the explosive tax assessment cards by all Alpine--- and other areas--- Carl Schweiss, a pioneer here, former businessman and staunch American, wrote a letter to the Editor which we think good enough to run as a guest editorial:

"At the chamber meeting of May 15 I got the impression that Supervisor

Boney was acting more as the defense attorney for Mr. King of the Assessor's office.

"It seems to me that inasmuch as he was put in office by the people in and around Alpine, he would act in our behalf. Mr. King asked for questions concerning our tax problems.

"Unfortunate for the very large turnout, we did not know until the next day what our new tax estimates were to be. Many of us were concerned about the high taxes-- greatly increased-- we paid in 1967-68.

"Now we get a real shocker! For our 1968-69 taxes, in some cases, our new taxes will be two times that of a year ago; some of us three times as much. This is way out of balance comparable with values in San Diego city and other places in our county. Why?

This situation was explained in the last two issues and Assessor E. C. Williams is preparing an answer to this pressing question which will be run soon as received.

Like our old friend Schweiss, we came here back in 1937, bought with the idea of living here. In the first leaflet which I wrote for the early chamber of commerce which I founded, we invited folks here because of "lower taxes". This has vanished!

We did not plan to sell. So just because Joe McGee gets a high price, seems not a valid reason to tax our nearby land on his sale basis-- or it is? Anyhow it's working hardships on residents of Alpine and other areas. -CI

### FAIR FISHING AT NEW CUYAMACA

After being closed 22 years, beautiful Lake Cuyamaca in the mountains at 4600', is again open and glistening in the clear sunlight. It took the Lake Cuyamaca Park & Recreation District and a \$202,000 investment from the California Wildlife Conservation Board to do the job. Fishing will improve in time.

Hours are daily from 6:30 am to 7:30. Limits differ from the state norms: 5 for trout, 3 for bass, 3 for channel catfish, 15 for red-ear sunfish.

### MRS. MITCHELL OUT OF HOSPITAL

Saturday morning, a week after wrecking her car and having to be treated in EC Valley Hospital, Mrs. Woodie Mitchell (Pat), was brought home and is taking it easy for a week or so till she returns to duty at Alpine Convalescent Center which she and Woodie operate.

Sam: "What steps would you take if you saw a dangerous lion?"

Ham: Long ones, brother, long ones."

Native: "What do you think of our little town?"  
Visitor: "It's the first cemetery I've ever seen with traffic lights."

Jas. A. McSparron, a control supervisor at Convair, where he has been for 27 years, has just bought a slightly acre in the Highlands, will build a home in the near future when he retires. With his wife he lives at 7227 Glenflora in SD.

They were friends of the late John Vitalichs, so knew Alpine well for many years. They also know the Hugh Kidders, former Alpiners, now of L.M. Mrs. McSparron was brought from Scotland when only 4, lived in St. Paul, where she knew and went to Sunday school with Evelyn Kidder, wife of Hugh's brother Milton Kidder.

Their son Andrew McSparron is in the US Army Security Agency at Ft. Devins, Mass.

#### CATLETT HAS BARGAIN INSURANCE

Last issue the Sun told of Bob Catlett's joining Preferred Risk Mutual Insurance Co. in SD, and he reminds that this firm is quite unusual in that it says "If you don't drink you can get more for your money with low cost home and auto insurance".

"This is because statistics reveal, and prove, that people who drink have over 50% more accidents; also that more fires are started by drinkers falling asleep while smoking. Thus our rates can be lowered because our risk of loss is far less than that of companies that accept drinkers".

#### MORE ON ARMED FORCES PARADE

Nikki Menconi reports that her hubby drove RAdm. Marshall E. Dornin, Commandant, 11th Naval Dist. in the convertible, but that she was not beside him. She rode in another car driven by Dr. J. S. Campbell, president of the chamber of commerce, and sitting on the lowered convertible top were the three girls from the Miss Alpine contest.

Queen was to be revealed at fair's opening Wednesday night, too late for this issue. Three finalists: Patti Biggs, Lynn Kennedy and Sandi Seiden.

## HORSE TALK

By Cynthia Irvine McTaggart

Well, this is my last column for the Sun so, I am turning it over to my sisters to continue. Bill left Monday morning with his dad for Ashland, pulling a U-Haul and Mama and the twins are taking me to Redondo Beach to say goodbye to our relatives and then I will fly up with Baby Julie Marie, leaving the LA airport Friday or Saturday morning.

I tried to get around and say a few words to all my friends but time would not permit me to see everyone, so I will say hasta la vista here and maybe someday return. Alpine has been my home for 19 years and it won't be easy to forget, but Bill and I have had the Oregon dream from the moment we met and now it is a reality, so we are going to try it out. Daddy was born in Salem. Everyone says it is beautiful country but experience is the best teacher so we are going to go and find out for ourselves.

Am having my horse Smokey hauled up to Oregon in a couple of weeks by Jack Harrington, who makes it his business to transport stock from one state

to another. As soon as I get up there will start building a corral for him so it will be completed by the time he arrives.

Imogene & Frank Forneris had some sad news to tell this week. Their nice appaloosa mare had a colt Friday night and it was too big to be born. They called the vet but all he could do was save the mare as the colt was already dead. Imogene is Pat Mitchell's daughter and they all had looked forward to the new addition. We really feel sorry for them.

The gymkhana show planned for June 8 is still on with Doris Scully and Reenie Adams doing the details. It starts at 9 at the YC ring and all horse enthusiasts are invited. Entry fee is 50¢ and trophies and ribbons will be given in all classes.

I sold my chaps to Jo Ann Villa who has had her eye on them for a long, long time. Carl Amos, who runs Carl's Boot and Leather in EC made them for me out of white leather and they are real nice. Am glad they would fit her.

The well known trainer Dale Zittle and the Tom Langdon's have come up with a good idea. They are having a weekly horseshow clinic every Thursday evening at 7:30 in their show ring for the entire family. It only costs \$2. for the entire evening. The equitation and pleasure horse clinic will be run with announcer and all normal show environment and gives horses and riders the ultimate in training and practice sessions. They started this last Thursday and it sounds good to us. Call 443-1430 for more information if you are interested.

None of us could go to the breakfast ride Sunday as I was too busy packing and the twins were asleep so we missed it.

His grandfather, cast the brass stabilizer seen in center of table and school workshop made the ring. Was only help had had with the beautiful table.

### DEADLINE TODAY FOR CofC VOTE

Members of Alpine Chamber of Commerce who received their copy of proposed revision of by-laws which includes numerous small points, are urged to mail the postal voting card by today.

Highlight of changes: special board meeting to be on the 2nd Wednesday in September for election of officers, instead of merely within the 1st 5 days of the fiscal year; and honorary memberships must be voted unananimously by the board, instead of just by a quorum. This is for "exceptional community service".

### E. County FAIR GOING BIG

At early presstime things had shaped up fine for the big East County Fair at Gillespie Field. Due to Memorial Day, the Sun had to get on the press early by two days, but it looks like a real winner. Many from Alpine and the back country always attend. It runs thru June 1.

For 20 seasons the hum-a-tune man, Harry Flax, amused kids of all ages at Del Mar's county fair and when he died last year, the fair erected a memorial at his usual spot.

Now in the grand tradition of show business, a successor has appeared, young Aaron March, a student who worked with Harry as a boy, and was his understudy. He will be at Expo this year. March is a college student at San Bernardino, is practicing to appear in Harry's place and the widow thinks he will become a living memorial.

Note- We-- and our kids-- always spent a lot of time enjoying Harry's "act", and chinning with him when he took a break. He was a genius and a charming fellow, loved to read the Sun. We'll look forward to this year's big Expo and meeting Aaron. -CI

# DOUBLE TALK

By Cecile and Celeste Irvine

Because of Memorial Day, we won't be able to report who won the East County Fair Queen title. Our paper has to be printed and mailed before Wednesday so will have to wait till the fair opens. We were in the contest and had a ball doing it. Don Howard was the MC and he evidently has done alot of contests as he kept the audience laughing with his remarks. The judges picked Pattry Biggs, Lynn Kennedy and Sandi Seiden as finalists.

We had the opportunity, for the first time, to go to the new SD Stadium and see the Bob Hope show for the USO building fund. It is simply fabulous and when we got there at 7:30 the field was already covered with service men. The Navy had half and the Marines had the other and believe me for over an hour they put on a show. When the Navy band played the sailors twirled their white caps on their fingers and when the music stopped they threw the hats in the air and when a few thousand do it, it is quite impressive. The Marines were mostly recruits and couldn't do as much demonstrating but were a sea of brown faces and green caps. We

almost enjoyed that first hour of watching the service men that the rest of the program.

Before the show started, the Good-year Blimp flew over and let out 3 white doves and then spelled out "Welcome Bob Hope, Thanks for the Memories." We had a marvelous view from the press level.

The Pueblo Skipper's wife was there and the crowd of 52,370 gave Mrs. Bucher a standing ovation. We liked Andy Williams the best and he certainly got the applause and then the huge show was over. There were very few vacant seats, so know they made enough money to get the building started. Was amemorable night for us too.

Daddy, who spent many years in Hollywood as publicity director, says he is going to try to get us to sing for Bob sometime, then maybe we can go to Viet Nam on one of his Christmas tours to entertain servicemen. We'd really like that.

Mr. and Mrs. Bob Hale have 9 baby kittens to give away and most of them are bob tails. The Hales live in back of Wake's on Tavern Road. If you are interested, go over and see the kits.

Bob and Byrdine Catlett had two rattle snakes killed by their neighbor Greg Holt last week. One had crawled into the living room of their new home they are building and the other was out in the bushes.

Mrs. Katherine Jenney had a small one on her back steps and called Doris Scully over to finish him off. It was a small one but they are just as lethal and are not to be played with.

Nikki Menconi has some little kittens to give away to a good home. All are alley cats but are cute and pretty.

### MORE ON SOCIAL SECURITY

An interesting query is answered by the EC office of SS: Q. I receive social security benefits. If I rent my farm, will this income count against the \$1680 I am allowed to earn this year and still receive all of my checks? A. No. If you rent it for cash, with no agreement to help on the crops, it is not counted against your benefits; against the \$1680, nor would you pay social security tax on this rental income. (Details from 442-0851.

known that the juice of the papays will render tough meat more tender. This is due to a ferment, called papain, which possesses the power of digesting proteins.

Or more simply put by the Mexican who tried it; "You sick stommick, you eat papaya." You see the Mexican people have known this plant for generations and are cognizant of the medical properties of the fruit.

In fact, several years ago Agriculturist H.G. Stillwell of Brownsville, Texas, who was a chronic sufferer with dyspepsia, was the man who heeded the Mexican's advice about papaya- and was thankful he did! Not only did he start eating the fruit, which he found was good for his condition and in a short time completely cured him, he also became one of the pioneer growers of papaya. His "Red Rock" papaya strain soon became known for its medicinal properties.

Better and better breeding through the years has resulted in a much harder fruit, able to withstand transportation to faroff markets. The tropical fruit weighs about two pounds, with an average plant able to bear 125 papayas during the season. As many as 600 plants to the acre is considered a normal planting.

The late Dr. John Harvey Kellogg of Battle Creek Sanitarium was a great believer in the papaya, and his enthusiasm for the fruit has been borne out through the years, for he said:

"The papaya is one of America's greatest contributions to the food supplies of the world. The papaya is entitled to a place among the choicest 10 or 12 of the 600 edible fruits made use of as foods in different parts of the world.

"The papaya is not only delicious in flavor, but it possesses extraordinary nutritive values. It is richer in vitamins than almost any fruit known. It is particularly notable for its richness in vitamin A, one of the most important of all the vitamins, the chief sources of which are dairy products and green vegetables. There are very few fruits which contain so fine an assortment of vitamins as does the papaya.

" "Papa, there was a man here to see you today." "Did he have a bill?"  
"No, papa, just an ordinary nose."

 Usually when a frame building ignites, the Alpine firemen, volunteers, can only hope to prevent its spreading, but in this case they really got it out fast so that the damage was only in the hundreds.
