Best Climate in US by Government Report

Vol. 17, No. 24    Alpine, Calif. 92001    Friday, June 14, 1968    10¢

### FAIR TIME IS NEARLY HERE

A week from Wednesday the great Social Expo-- Del Mar Fair-- opens for a 12-day run, closes July 1. Senior Citizens' day will be on the 27th, with only 50¢ admission; regular price, \$1.50. Over 7000 saw the expo last year on that special day. Alpine's famous Hillbilly Band, from the Lively Oaks Club, will play on the International Stage about noon. In addition seniors may enter the grandstand free at 8:30 to see the Dale Robertson show.

### MASON MOVES MACHINERY IN

Richard Mason who leased the Butcher Building store, 2251 Hwy 80, Tuesday brought his machines in to produce magnetic plastic signs and novelties. He has a franchise for this zooming business in the county, as part of the Martin-McDonald Plastics Co. It is next to Al Smith Realty office, and will produce signs and other items for distribution around the county at wholesale and retail. Mason lives with his wife and 3 youngsters on Sequan Road.

These young people were honored at the Kiwanis breakfast Saturday in the Log Cabin Cafe when a full house saw them receive trophies for outstanding scholarship. They are Randy Hine and Jackie Reed, Randy is the son of Mr. & Mrs. Leo Manolakos, 614 Hwy 80, while Jackie is the daughter of Mr. and Mrs. Evert Reed, 1531 Alpine Terrace.

These students won the trophies for 6 years top grades, keep the small ones with their names on, and have their names on the large perpetual trophy. This is a signal honor for the pair.

### NEW FAMILY MOVES HERE

Bob and Glo Newton, he's a teacher, expects to be busy in SD this fall, tomorrow are moving into the house recently vacated by Bill and Cynthia McTaggart, 2221 Tavern Road. They have been living in Anaheim, formerly of Orange. They have a young son and a little daughter. The boy has suffered from respiratory ailments, and having heard of Alpine's salubrious climate, came here. They plan to eventually buy and live here permanently. Welcome to Alpine!

## IS WORLD MORE STUPID AND CRUEL THAN SICK?

It seems that the planet is in a ditch, especially America where they are trying to put over some stupid gun laws, even asking people to discard their firearms so they may be dumped in the ocean!

The cruel Kennedy assassinations and others, past and to come, would not be prevented by the most stringent gun laws that might be passed. It is said that 70% of murders are done with stolen weapons.

A killer can get a gun somehow, & no law will prevent his shooting anyone. We might as well pass some knife laws, also poison laws, then how about including rocks, clubs and fists!

The whole world is cruel and stupid. It cruelly kills animals of all kinds for sport and for food. There are about as many, if not more murders abroad than in the US. This country started out

with the highest of ideals and despite the killings, drug addiction, robberies and other crimes, and the use of alcohol, tobacco, drugs and other things, it is still a wonderful country with a lot of wonderful people-- and young folks.

What we do need is some stronger law and order, for criminals are committing all types of crime with the feeling that they will go unpunished. "General deterioration of law and order must be halted"; wisely says Jas. B. Utt, R-35th, "to avoid anarchy and to prevent further bloodshed".

Our congressman adds that "renewed attempts to blame the nation's ills on the lack of pending gun controls, is wrong for such a scapegoat will not solve our society's breakdown".

The Rev. Robt. McNamara, a Fordham U sociologist believes "we are sick, sick, sick. We've allowed the mass entertainment media, TV, movies and comics, to glorify violence in a terribly unhealthy way. The amount of sadism and masochism is incredible".

Leslie E. Gehres, GOP county chairman thinks "we are all victims of the climate of violence and disregard of law which has stained our country's escutcheon in recent years. In the words of John Dorne:- "Any man's death diminishes me for I am involved in mankind".

"We've lost the sense of the sanctity of life" is the expression of Rabbi Dr. Abraham Heschel, noted Biblical scholar, "We've become a nation of cynics, master debunkers of quality, nobility and the great values... We've all failed".

Perhaps we might get back to the Bible and follow some of its teachings. Our nation was founded on religious freedom, but those freedoms are slowly being abridged which causes this moral breakdown.

If each tries to do better, that is one step forward and upward in keeping our date with a higher, better destiny for us and the rest of this sorry old world. We believe in the bright future of this great country, under God. -CI

### LA FORCE PHOTO-ART AT LIBRARY

This month's display from local artists features the beautiful work of Mrs. Bea La Force, former librarian, shown with Mrs. Elizabeth West, current librarian. Bea is a noted playwright, now having some of her work nearing Broadway in NY.

She holds a portrait of little Desda Cordtz, 10, of La Jolla, whose expression greatly resembles the smile of the famed Mona Lisa. Her display is well worth inspecting. Library hours are Tuesday & Thursday, 1 to 5, Saturday, 10 till 2. For newcomers, the library is in the Woman's Club building, corner Hwy 80 and W. Victoria.

### 4H BAKE SALE TOMORROW

To help swell their treasury, Alpine Amigos are staging an all-day bake-sale in front of Empire Market. The group voted to send JoAnn Villa as a delegate to the State Leadership Conference at Davis and took money from their treasury to send her. This has to be put back, and a bake sale is one of the quickest ways to do so. Besides Joann, Donna Schwenck, this year's all-star member will go up 5 days before and attend the conference with JoAnn arriving on the 19th. "A lot of fun is being planned and the girls are thrilled with the prospects of going," say the leaders.

### ANOTHER FLYER FOR ALPINE

Among recent investors in Alpine Highlands property is a nephew of the developer, John J. O'Neill, a WW2 fighter pilot, and now a commercial airlines captain, has sold his Connecticut home and other interests there. Taking a year's leave of absence from commercial flying, Capt. O'Neill, with his wife Jean, is moving this month into a recently purchased Highlands home until one of their own design is completed on 5½ acres now in escrow. The couple have a son and daughter, both of college age.

### JAMIE SMITH WINS HIS DEGREE

Mr. and Mrs. T. Aubrey Smith of South Grade Road are elated over news that their son Jamie W. was graduated with 2478 other students at the U of Oklahoma in Norman, with a BS in pharmacy. He was raised and went to school in Alpine. The Smith's drove back to attend the graduation ceremonies.

Thursday Ray Stewart, Hwy 80, was back in town and mighty happy to be out of the hospital where he had been for a couple of weeks.

### SUMMER SCHOOL STARTS JULY 1

An unusual program is slated this year for Alpine youngsters who plan to attend the summer session which starts July 1 through 26.

For the 7th and 8th grades a special feature on aviation will be taught with a flight on PSA to LA and back for the class at the end of school. Principal Kerby has charge of this. Also a band and instrument class and a newspaper course taught by Wayne Mendro will be available. Doris Fletcher, Ruth Price and Leo Ryan will teach primary grades.

Classes start at 8, end at 12:20. A bus from Harbison Canyon and the Willows will run every day for children from these areas.

### RASHES ENJOY NORTH

Mr. and Mrs. Sam Rash and his parents of Hopewell, Va. are back from a week's drive to San Francisco, Redwood Forest, Sequoia National Park and other places of interest. They enjoyed the cable cars in San Francisco and had a marvelous trip. They took Mariann and Danny, left the others home to look after the ranch and their horses.

## HORSE TALK

By The Double C's

Cynthia certainly was thrilled to get her horse Smokey up to Oregon. Jack Higgins came by at 5 Thursday night and picked him up and he went into the trailer without a bit of trouble. He drove all night and got him there in record time. Cynthia said he was so tired he didn't want to eat the nice green grass but soon found out how nice it was.

Jack said he wished every horse loaded and trailered as good as he did. It was 900 miles and am glad it went off without incident. He has 2 ponds to drink in and clover to eat, also plenty of land to roam in so we are happy for him and Cynthia.

We are all excited about riding in the Rancho Bernardo parade Sunday. It was postponed on account of the Kennedy funeral last week but is all set for this weekend. Woodie and Pat Mitchell are also riding in it and Fred Williams is in charge of the whole parade and will have his stage coach and gun fighters there so it should be a fun day.

Mandy Payne has her horse Princess back home. She had a colt last year and was up at Jack Pingletons for quite

a few months but is home now and she is back riding the mare. They still have their stud Little Red and also a nice mare called Gracie that is expecting a colt any day. She said she would let us know when it arrived so we could get a picture.

Gary Menconi is looking for an inexpensive saddle to buy. If you have one you are not using and want to sell it, call him at 445-3137.

Saturday the 22nd the SD Morgan Horse Club is holding an open horse show in the Tumbleweed Ring with a \$2. entry fee in all classes. The judge is Rocky Wright and it looks like a nice show to attend. Is too bad we don't have a trailer or we might try to go.

My sister would like to sell her new Bronco roughout western saddle. It has a padded seat and semi-square riggin. She might trade for another of comparable shape. Call 445-2394 or 445-2415 if you want more information.

Woodie Mitchell just bought his wife Pat a beautiful new saddle that is trimmed in silver. She is riding in the Rancho Bernardo parade Sunday and we are anxious to see it.

### DALE ROBERTSON HEADLINES FAIR

The big Expo at Del Mar this year will feature on the grandstand stage for the first section, June 26-July 1, Dale Robertson. Then July 2-7, the famed Mills Brothers will be the headliner. Both shows are well worth seeing, say officials.

Mr. and Mrs. H. V. Presley attended the graduation ceremonies at NTC Friday of her brother Garry Dean Davenport, 20, who was studying mechanical aviation. He is spending several days here with them before he goes to Memphis for a 30 weeks course to complete his education.

### WOMEN AID VFW SUNDAY BARBECUE

Here are four who did yeoman service in helping Viejas Indian Post, VFW, with their annual barbecue Sunday on the Viejas Reservation. From left, Florence Barrett, twin sister of Clarence Brown, post commander; another sister, Frances, Clarence's wife Stella, and Dora Tesam. The lad at far right is Allen Barrett, son of Florence.

The post enjoyed a big crowd, music, dancing, games and a lot of good fun, besides the excellent feast, served out of the community clubhouse.

### BOTTLE SHOW NEW AT BIG EXPO

With ribbons as prizes and no costs, the Del Mar fair this year is offering a new avenue in hobbies-- antique bottles-- now the rage among old and young who are digging into ancient dumps all around the county.

There are 2 classes; individuals and clubs, with 15 categories for persons, 4 for clubs. Bottle buffs will have a big ball there!

Be a Sun Subscriber, \$3. a year.

### SCHOOL PATIO PROGRESSING

Students at the school are elated over the way their project of building the patio has gone ahead, concrete having been poured this week. It is fast nearing completion, will make a splendid addition to the school grounds where youngsters may have their lunch, play and talk.

When a woman puts candles on her birthday cake, she should be burning most of them at both ends.

This year, their 25th season, McCall's School Summer Camp opens Sunday with resident and day camping. Limited academics are available says Mrs. Blanche McCall, principal. It runs till Aug. 25, with young people from all over the nation. They also have swimming, horsemanship, hiking, archery and enjoy campfires, with singing and entertainment.

The school board, staff and employees are enjoying their annual luncheon today at the school cafeteria signalling the end of the school year.

There's no use worrying about life because you'll never get out of it alive.

ALPINE WINS SPORTS AWARD

Donna Schwenck, 17, and daughter of Mr. and Mrs. Edwin Schwenck, Hwy 80, was honored last week as the outstanding senior in Physical Ed, winning 6 awards in sports. She took a gold medal in basketball, a silver in tennis and softball and was lettered in 3 other sports plus a trophy. Donna also received a silver medal in Home Economics for tailoring and has her name engraved on the perpetual sports trophy kept in the school.

She made All-Star in 4H, has been an outstanding student and all-round girl. She has been accepted at SD State where she will major in PE, is also attending the freshman doings at Camp Marston where student leaders will be on hand to get acquainted and answer questions.

FLY OLD GLORY TODAY, FLAG DAY

For the last 6 weeks the Irvine Twins, Cecile & Celeste with their guitar and folk and western songs have been fea-

They are on every Saturday night at 7:30, and are introduced as the Irvine Ranch Twins from Alpine, which makes good publicity for this community. The lively programs are made during the week on videotape, so the girls sit at home and criticize themselves while watching the program!

**MCCALL HORSESHOW DREW CROWD**

As part of the end of the semester at McCall's Ranch School, the annual horseshow was well attended by parents, friends and youngsters interested in riding.

## DOUBLE TALK

By Cecile and Celeste Irvine

We are just beginning to miss Cynthia, Bill and their baby and know they miss us. She writes almost every day and in her last one said "sure seems funny to be away. Seems like only a vacation." After a while she will long for the brown hills of Alpine. The lush green is enticing but you have to take the rain and cold weather with it so we will stay here. Cecile and Daddy hate the cold and besides it is too much of a chore to move. Besides we like our little quiet town.

Larry Barnhill is celebrating his 10th birthday tomorrow with a nice party at him home and he is thrilled his Daddy will be there too. His brother Therial has had a lot of hard luck with the arm he broke last month. He fell on it at home and last week a ball hit his thumb and twisted it out of shape. He had to go again and the doctor put it back and took x-rays. He is supposed to get the cast off tomorrow but his mother isn't sure now.

Marianne Clay was thrilled when she won a \$50. check for outstanding music student, also won a big trophy. She enters LaVern College in the fall

April Earickson came down to see her friends last week and called us. She stayed with the Bowlers and got a chance to ride her horse Yank a little bit that the McGee's are caring for. She and her dad are going to Boulder, Colo. for the rest of the summer and then might be back here later on.

Barbara Presley won a gold medal for having the highest score in Freshman English at El Cap. She didn't expect it so was quite thrilled with the medal.

Mariann Rash had her nice new bike stolen recently. She went up to Camp-eranchito to play and left it under a tree and when she came back it was gone. It is too bad that people are not more honest. There is always a reaction for an action and you can bet that the thief will not profit in the long run. It just doesn't pay to steal but people have to learn the hard way.

Donna Schwenck and some of her girl friends from El Cap enjoyed a big beach party at La Jolla shores Tuesday night and all report a wonderful time.

Mary and Virgil Wake left last week for a nice vacation to Holdenville, Okla. where they have friends and relatives. They took Brenda and Russell, left the rest home to look after the animals and the ranch.

Sharon and Raymond Rix and their little baby boy moved into the upstairs apartment on Marshall Road owned by Mrs. Kate Carlstrom.

Little Cathy Peterson won an award for good citizenship last week. She is in the 2nd grade and students from the 3 primary grades had to vote on the one they thought deserved it the most and Cathy won.

### FREEWAY PROGRESS AT PEUTZ RD.

Here is an air shot by Editor Irvine when he flew over the new freeway, US 8, recently, looking almost straight down on the large bridge being built where Peutz Valley Road enters Hwy 80. Here grading is about finished and they are getting the surface all smoothed for actual paving which starts soon. The huge built-up here will afford motorists a fine view of El Capitan Reservoir, which was not visible before. Work all along is progressing on time.
