## WELCOME NEW BUSINESS DOWNTOWN

Here is Mrs. Agnes Miller who has opened Alpine Secretarial Services, 2251½ Hwy 80, across from Bob's Texaco, where she is already busy with local accounts.

Her husband Robert has moved in his printing press, will do all types of job work for Alpine and adjacent areas, besides handling accounts of friends in nearby towns.

In photo Mrs. Miller is admiring the

## RANCHO ARBOLES STARTS ROADWORK

That big new 700-acre development in the mountains east of here off Japatul Road, is going ahead fast with 7 miles of roads under construction, reports Jack Byers, secretary-treasurer of the 171-ranch-size parcels of land, for which Dow J. Byers & Associates of SD are exclusive agents, phone 234-6159.

Their largest lake is receiving 134,000 sq ft. of plastic sheeting on the bottom to prevent water loss. The ranch

beautiful potted chrysanthemums presented by the chamber of commerce, which does this for new firms, gives trees to new residents.

She is also handling news, ads and subscriptions for the Sun in its branch office. "Come in and get acquainted" she invites.

Mr. and Mrs. V. M. Rood, of South Grade Road, have just bought a spiffy new Lemans from Hine Pontiac, are delighted with the little car.

has 3 lakes with 20 acres of water. Byers says they will soon be ready to offer the sites for use for dwellings or second homes. Sizes are from 2½ to 5 acres. Opening is to be in October. Prices will be from \$6800 to \$40,000. They plan on 8 miles of riding trails to connect with national forest routes. Next month work starts on the recreation center, pool and other facilities. Presently 40 horses can be boarded, with pasture for over 100.

COUNTY TAX RATE DOWN 2¢

Chairman Henry A. Boney of the county supervisors says they were able to drop the county tax rate 2¢ for this fiscal year. It goes from \$2.39 to \$2.37. Their \$4 million budget cuts helped to do the job, he says. Last rate drop was in 1964-5. This will help Alpine some where assessment went up steeply.

Roger Moore celebrated his 80th birthday with his daughter Leata Judd and her family at Farrell's Ice Cream Parlor in La Mesa last week. All report a wonderful happy time.

NEWTONS BUY WILCOX RESIDENCE

Escrow has closed on sale of the Gene Wilcox home on 1 acre, Tavern Road, to Mr. & Mrs. Robt. Newton, who had been living at 2221 Tavern Road. They are remodeling and improving, are delighted to now own their own home here. They have two youngsters, Sean and Marni. He will teach in SD next month. Sale was by Anna Jerney of Alpine Realty.

Playwright Bea La Force is home from a fortnight's trip to Danville, ky, where her 3-act romantic comedy "Sometimes A Siren", had a successful premiere at the state theatre there, done by summer stock players. It was bought from her for that purpose.

Alex Doig, in charge of building the Vista Alpine Mobilhome Estates on Hwy 80, who spoke to chamber meeting Wednesday night about the beautification they plan for this 151-space trailer park.

MISS HINKLE MARRIES

Wedding vows were exchanged Saturday at First Unitarian Church in Santa Barbara by Carin J. Hinkle, daughter of the Al Hinkles, and Norman M. Howard, son of Mr. & Mrs. H.C. Howard. They will live in SD where Howard is an instructor at SDSC from which he obtained his master's degree. Carin has a bachelor of arts degree in political science from SD State.

SAN DIEGANS BUY, TO BUILD

Mr. & Mrs. Robert Hart have sold a slightly acre on W. Victoria Dr., to Mr. and Mrs. Wm. Novell, of SD. They plan to build a nice home shortly. The lot is fenced and has many trees. They will then move here with their family. Sale was by Neda Hill of Alpine Realty.

COUNTY TALENT HUNT FOR 200TH

Alpine and many other towns in the county are starting searches for amateurs who can play, sing or perform, to be part of the big SD 200th Anniversary year-long celebration, says Herb Lount, in charge of the hunt under direction of Hugh A. Hall, celebration director.

The local chamber had asked Bea La Force to handle the local hunt, but as she was too busy with her plays, she turned it over to Mrs. Gladys Pinkerton, who plans to get the project started when she and husband Jim return from Idaho shortly.

The preliminary search will be made in September, with finals in October in SD Civic Theatre, says Lount, and "We have tentative verbal promises from Ted Mack of the Amateur Hour, and Art Linkletter of House Party, for using winners on their nationwide TV shows. Also we are in contact with Lawrence Welk".

There is no age limit for contestants who must furnish their own instruments, props, costumes and so on, says Hall, "and our 5000 square miles of county should turn up some mighty fine talent to demonstrate abilities for the 200th celebration all of next year".

Note- Alpine has a lot of talented young and older folks, so let's get busy and put Alpine on the map once more! --CI.

SCIENCE PROGRESS OFFERS MUCH FOR PEACE.

While the world is tottering on the verge of a big war, and many nations, including the U. S., are having troubles, men of science are working on all manner of developments that will give mankind a better, easier and happier life-- when final peace comes.

This is graphically seen in one little project of science, the tiny transistor, for example, whose age started just 20 years ago when it was born in the Bell Telephone Laboratories. It was hailed by scientists as one of the greatest inventions of the 20th Century.

Its discovery inaugurated a multi-billion dollar industry and brought its three discoverers the Nobel Prize in Physics. They were Drs. John Bardeen, Wm. Shockley and Walter Brattain. They discovered that a minute piece of the element germanium could be made to amplify a speech signal about 40 times.

Phone transistors compared with dime.

transistor is displacing the tube, as it performs all the functions but at less cost and with more reliability. They are smaller, need less power, enable many instruments, radios and so on to be greatly miniaturized, so important today for compact equipment and the telephone.

This little instrument has revolutionized technology all over the world-- both for war and peace-- and has become basic to all data processing, computers, printing machines and telephone, photography and indeed a multitude of advances in many other fields. In addition, it has allowed man to prove farther into space.

Yes, while wars come and go, sensible men work in science to make our world better for peace, whether it be in a nearly invisible hearing aid or in the control of a huge locomotive or a space vehicle. Let's have peace. Blessed are the peacemakers! - CI

## HORSE TALK

By The Double C's

Our Alpine Riding Club is planning an overnight ride the weekend of Sept. 7 and 8 and so far have two spots in mind but haven't had the time to check either spot out but will shortly. Quite a few members and their friends have expressed the desire to go and if you are in need of a sleeping bag, contact Nikki Menconi, 445-3137 as she can make arrangements for you. Will have more particulars next week.

Then the following Sunday, and the day before school opens, the club is

sponsoring a nice show with trophies donated by Hal Hundley, newcomer to Alpine, and also to the club. Entry fee has not been set but will be nominal as they usually are. Most of the events will be gymkhana and if a judge can be secured, maybe a few horsemanship classes will be added.

Gary Menconi got the new corral all finished on his acre by Willows Road. He put Trinket and the colt in their new stall and Baron in his, so has one more to go before his mother's black horse can be up there also. Work on the ring has been temporarily slowed down until more bulldozing can be done as it wasn't level enough for gymkhana shows. It might be good to even wait until it rains so all that loose earth can pack and also make it easier to dig post holes. I know Gary will be glad when it is completed and so will his parents!

Mrs. Henn, of 4154 Lark St. in SD called us last week and said she had a nice 13-year old hunter thoroughbred bay gelding she wanted to sell. He is registered, 17 hands high, is nice and gentle. Call 295-4955 if you want a little more information.

Mandy Payne's horse Gracie had a little stud bay last week and she named him Pride. She said he is lively and is going to take after the father that they own. Her dad bought a registered Shetland stallion from some friends in Riverside. He has been trained to pull a cart so hopes to get a few mares and maybe raise some of the little horses on his ranch in Japatul Valley.

The freeway-- new US 8-- will bypass Alpine in January, less than 5 months off! A few changes will be noted, including new name from Hwy 80 to Alpine Blvd.

Jerry and Lynn Lipetsky and their 3 children have packed into the High Sierra this week for a vacation of roughing it. Her mother, Mrs. Myrtle Jackson of SD is staying at their ranch to look after all the animals. Lynn's sister Virginia Baird sent two of her children and a friend down by plane to keep her company while they are gone. The cousins are Janet, 12, and Jeff, 10, and their friend Shirley Igo who came with them.

While she is gone, her husband, Tom, will hold down the ranch. Eldest son Bruce, is in the service now at Sattahip, Thailand, in the Gulf of Siam, is doing fine, she reports.

## DOUBLE TALK

By Cecile and Celeste Irvine

We put Cynthia and her little baby Julie on the plane Sunday and hated to see them go but she was anxious to get home and was so tired from going was probably glad to get there. We did something interesting every day and just kept her and the baby on the go the whole 2 weeks she was here. We all enjoyed the color movies she and Bill had taken of Crater Lake and also the ones she took of us while here.

Jerry Judd and his friend Darrell Witcraft drove over to spend a few days on the Colorado to do a little hunting, fishing and swimming, are expected back this weekend.

Peggy Rash of Alpine Cottages just got a darling little Boston terrier for a pet. She has a long pedigree but Peggy just calls her Star.

Jack Lewis, 19, grandson of Mrs. J. W. Clark, Tavern Road, was chosen to act as a delegate to a church group that left here for Minneapolis to attend a convention.

Gene Moats, who is only 12, left Monday by jet to spend 3 weeks back in Ohio visiting his grandparents and

other relatives. He used to live in Alpine, moved to La Mesa several years ago.

When Pat and Bill Fulmer were on vacation last week they stopped on their return in Porterville to say hello to Cecil Cantrell and his family. They had come to Alpine hoping to make their home here but found that his wife couldn't stand the altitude so returned north. They gave Fulmers a subscription to the Sun to give to us so they could keep up on Alpine's progress.

The Conrad Jimenez family left Thursday for LA to spend a 4-day holiday visiting Disneyland, the Wax Museum and the new Deer Valley. They took their 5 children, left Baby James with friends in LA while they took in the famous parks.

Donna Powell found a large bird dog running loose on their ranch in Japatul Valley and wondered if his owners were looking for he. He is a male, has a collar but no license. Call 445-2140 if you are missing a nice pet.

Mr. and Mrs. Manuel Moya and their two boys, Ronnie and Rickie spent last weekend in LA visiting relatives and on the way home stopped off at Disneyland for a day. They had a good time and before they came up to Alpine stopped off in SD and picked up Cynthia Moreno, their cousin, who is spending a few days here and loves Alpine. She is the daughter of Mrs. Moya's sister Dolores.

We had a baby shower for Maxine Kinikin Cabella Saturday night and it really turned out to be a huge success. She got some nice gifts for the baby she expects in October and was thrilled with the party. Jean Grube of Alpine Bakery made a beautiful cake with a stork, little pink and blue booties and even safety pins. Everyone who saw it said it was a masterpiece. Jean can really decorate cakes.

The bigger a man's head gets, the easier it is to fill his shoes.

Bridge at center, half-finished, will take local traffic over US 8 to access roads for ranches and houses along Hwy 80, then to be named Alpine Blvd. Willows Road turns off to left at top of photo where new freeway bridge can be seen. Old bridge at right is being razed to make way for new 3-lane one so that slower vehicles & trucks may creep along in right lane. Daley corp is now paving Willows Road and Vinnell Corp, who does upper end of freeway to Deadman's Curve, is handling that part. Both firms are right on schedule.

### LONG DISTANCE REDUCTION

**CARE OF THE BODY**

By Alice Irvine

Many do not know that 5000 die yearly due to skin cancer! Yet it is mostly preventable, says the American Cancer Society. Over exposure to the hot sun

causes most cases. If more knew this, probably fewer would die. This is the most common form of cancer in the U. S. Doctors say that you should tan slowly, especially if your skin is fair. Dallas has 111 cases per 100,000 a year while Chicago, with less sunlight, has but 22. If you burn, and have blemishes for 2 weeks or longer, see your doctor, you may be in for trouble.

If you want a tan, go slowly, use oils or lotions, and if you work outdoors, get that tan slowly, and never let your skin burp, for the irritation may start cancer. Prevention is a lot better than having to cure that or any other ailment.

Remember, if you have a fair skin, that is with little pigmentation (brown) be extra careful of your sunbathing, and do not take a chance on ruining your health, perhaps jeopardizing your life. Keep out of that 5000 death list from skin cancer. Happy sunbathing, -- slowly!

**ELK SECRETARY LANSER DIED**

Many Alpine members of EC Lodge, BPOE, were saddened to learn, as were his many friends here, of the sudden passing of Secretary Chas. Lanser, a charter member, who served as Exalted Ruler 1955-56. Lanser, a dedicated Elk, was chairman of many committees, was originator of "Newspaper Night", when the lodge salutes the news media every year.

He was state vice-president, South Coast Dist. 1961-63, was District Deputy Grand Exalted Ruler, 1963-64 and was for 17 years on the state Veterans' Committee, 4 years as District Chairman.

Note- Charlie was a staunch booster for the Sun, and a good friend, and we grieve with his lodge in the loss of such a good and dedicated member and citizen. -CI.

**MCCALL'S SCHOOL SETS RECORD**

Principal Blanche McCall reports that this summer's camping season set a record for attendance of young people from all over the state, even out of California.

Their summer camp closes Sunday, but for some who did not get here for all sessions a "bonus week" will be starting on Monday. Final campfire will be tomorrow night. Regular school opens Monday, Sept. 16. This week the whole school went to see the circus.

Fat people are usually good-natured because it takes them so long to get mad clear through.

### MRS. ROSE LOSES SISTER

Four deaths in her family in less than a year was almost more than Mrs. Carl Rose could take but somehow she got the strength to go on.

Her brother, Gorden Ramsdell of St. Paul, Minn. died of a heart attack at his summer home on July 31st. He left his wife Grace, their daughter, Mrs. Larry Baker and son Gary, all of St. Paul and 3 sisters, Mrs. Wm. Huck of Pasadena, Mrs. Howard Berry of Culver City and Mrs. Carl Rose of Alpine. The three flew back together to attend the funeral.

A week later Mrs. Huck died of a heart attack and was buried in Forest Lawn Cemetery in Glendale. This just leaves Mrs. Berry in Mrs. Rose's immediate family.

### REMEMBER THE PUEBLO & THE MAINE!

To the Editor: Well sir, 8 months have passed since the USS Pueblo and 83 of our fellow citizens were incarcerated by N. Korean communists. My flag still flies at halfmast in protest against a "commie loving" State Dept. who condoned this deliberate act of aggression: allowed the "Bay of Pigs" fiasco to happen as well as feeding the American people a trough of hogwash about the Vietnam war. The unfortunate truth is:- that unless we can elect a strong-minded president dedicated to America first, who will clean house in our State Dept. we are heading for disaster. Frankly I don't see anyone in this present crop of aspirants I would vote for!

I'm in receipt of letters from James B. Utt and Lionel Van Deerlin. Mr. Utt had some very definite ideas and was quite outspoken in condemning our State Dept., on the other hand Mr. Van Deerlin was very apologetic and enclosed some explanatory leaflets from said department in which was the same old "gobbdy-good" and double talk they've been handing us for years.

I deem having the label "Nut" tacked onto me, a compliment coming from the source it does. Keep those contraversial editorials coming Clarke, you might be agreeably surprised at the number of "Nuts" like me who enjoy them. - R. Lane.

### FISHERMEN CATCH SHARK

Twelve anglers from Alpine and EC spent last weekend deep sea fishing off the coast here with John Snyder hooking a 5-foot shark which they quickly put an end to. His brother George, Dale Greathouse, Ralph Rennie and John Hanenberg were from Alpine, the others from EC. 21 albacore were caught with the largest, a 15 pounder, being caught by Greathouse.

### TWINS IN RADIO KOGO CONTEST

Monday night the Irvine Ranch Twins, Cecile and Celeste, sang in a lively talent show at the Bull & Bear Cafe in SD, which was emceed by Don Howard, popular announcer of that station.

### ART GROUP IS ORGANIZING

Friday at Mrs. Berniece Gibbs' Alpine Arts Shop, 2353 Hwy 80, 13 ambitious artists gathered to form an organization for the promotion and appreciation of art, reports Mrs. Betty Brooks, acting secretary.

"We invite all artists of the community to come and help us get going on Wednesday evening, Aug. 28, in Mrs. Gibbs' shop", she invites. "There is no charge, and refreshments will be served. We hope to interest new and young artists, as well as veterans, who work in all media, as well as art lovers or those interested".

Name for the group will probably be selected at the meeting which starts at 7:30. The public is invited.

Note- In 1949 when we first came here to live, with several other painters and literary folks, we started Alpine Artists & Writers which flourished for several years. One summer we had an auction and tea, and I sold over \$400. worth of paintings for the group. We had visitors from all around the county. - -CI.

Mr. and Mrs. J. W. Clark spent last week in Thousand Oaks visiting her sister Mrs. Joe Kanenbley and family while there saw another sister and her husband, Mr. and Mrs. Roy Campbell, who drove in from Marshall, Mo. They liked the area so well decided to stay, went out and got jobs, plan to make their home with Mrs. Kanenbley for the time being.

### SETTERS BACK FROM VACATION

Flying to Houston to visit his sister, Roy Setser, Alpine Terrace, with his wife, is back home. They went to San Antonio to see relatives, attended the Hemisfair-- a wonderful experience-- visited in Tyler, the rose center of the U.S.

"I went to Chandler, where I grew up", Roy told the Sun when he came in to renew their subscription, "and where all my brothers and sisters are, enjoyed a happy weekend together".

They also stopped over in Chico where they lived before coming west, also saw Dallas, from where they flew home after the enjoyable month's vacation.

## GREAT ICE FOLLIES DUE AGAIN

That breathtaking, thrilling, gorgeous, colorful---whoa there--words actually fail to explain the wonders of the new 1969 Shipstads & Johnson Ice Follies which is world premiered at the SD Sports Arena Sept. 5 through 15.

A few pertinent points: \$1 million in costumes and props, some of the world's finest skaters; famous comics, and many charming girls with world champ Donald Jackson and many, many others.

This will be SD's second world premier of this truly great ice extravaganza, and as usual, a lot of Alpiners will attend.

Wm. D. Lewis, son of Mrs. J. W. Clarke, Tavern Road, flew to Kansas City, Mo. to visit his sister and family, the Wm. Mortons, for two weeks. He owns the Mission Concrete Co. in EC.
