September and the new membership year for Alpine Chamber of Commerce is here and it is not wasting any time in getting this year's drive underway, says Secretary Ivy Kuhl.

Best man was Larry Hill and maid of honor was the bride's cousin, Miss Nancy Allrad.

A reception was in the Greathouse home after the ceremony, with the beautiful wedding cake made by Jean Grube of Alpine Bakery.

Because the groom has duty, the young couple won't be able to take a honeymoon until later, will reside in Imperial Beach.

COLLEGE VIOLENCE SERIOUS THREAT SAYS FBI

This week's resumption of trouble in Berkeley where they had to declare a state of civil disaster, does not augur well for the back-to-school period just ahead.

That is the frightening message from J. Edgar Hoover, director of the FBI, whose September Bulletin which he sends the Sun, exposes this growing trouble. The highlights are worth recounting.

"Millions are returning to campuses to begin the fall semester", it starts out, "They represent both the hope and the shape of the future. From the standpoint of educational opportunities and intelligence, they are far better equipped than any preceding generation to participate constructively in developing solutions to the many complex problems confronting our nation".

He points out that most of these young people will fulfill the promise they represent to us, and will join with the mil-

lions of Americans of good will who actively seek meaningful solutions to our social life.

But trouble can come from a band of self-styled revolutionaries who are using campuses as a base for their destructive activities. What they seek is a confrontation with established authority to provoke disorder. They expect to smash first our educational structure, then our economic system, and finally our government itself.

Changes may be necessary and improvements in any institution can be made, but this is not the way to do it, referring to Columbia U's drastic troubles, takeovers and deliberate destruction. The anarchists of the New Left movement are boldly spreading the word that they "intend to create two, three, many Columbias".

Many of its members and some of its national leaders openly profess their faith in communist concepts and their determination to restructure our society.

"These leaders plan to launch a widespread attack on educational institutions this fall", it concludes. "It would be foolhardy for educators, public officials and law enforcement officers to ignore or dismiss lightly this revolutionary terrorism invading college campuses."

It looks like the Berkeley situation bears out what the astute Mr. Hoover has predicted. -CI

ENROLL NOW FOR SUNDAY SCHOOL

Alpine Community Church School will begin its new year Sunday, Sept. 8, at 9:45 a. m. Parents and children are invited to meet the teachers and see the classrooms, and all attending will be enrolled.

"Please come to the education building, Jane Dun hall, and take this opportunity to become acquainted" says Dr. Roger Larson, pastor.

He who is a leader of men is rarely a follower of women.

HORSESHOW, GYMKHANA AT CREST

Tomorrow they are having the second annual horshow up at the Crest starting at 8:30 with 21 events. Sunday the 1st gymkhana will go on with 18 events, starting at 10.

"This is the Crest's 2nd annual event" says Guy Ryan, state humane officer and resident of the Crest who, with his wife, is an ardent horseman.

"The public is cordially invited" he says, "there is no charge. The Crest group has built a beautiful new arena ring among the shade trees atop the hill where riders and horses will compete for a lot of handsome first place trophies and ribbons."

Both events are sanctioned by official groups. The location is easy to follow by arrow signs from the Crest-Greenfield off-ramp of US 8 east of EC.

STULL NOT FOR GUN REGISTERING

Assemblyman John Stull, R-80th, reports he is not in favor of gun licensing or registration as it will not solve any part of this big problem today.

LOCAL WATER RATE DROPS

Since 1962-63 the rate has dropped 38¢ in the Rio SD MWD improvement district which includes Alpine and the Canyon, reports Ed Houser, engineer-manager. And this year it will decrease further, he adds, from \$2.15 to \$2, or 10¢ lower than for 1967-68. Also in the district are Flinn Springs Dehesa and an area adjoining La Cresta.

The 4th Tank Battalion of the USMC in SD has openings for a limited number of recruits in the reserve, says Recruiter Sgt. K.L. Stark. Young men between 17 & 18½ are eligible. The unit has been active in SD for 17 years. Call 277-5635 for details.

SHOP AT HOME AMONG FRIENDS!

Now that families are getting their young ones ready for school again and bargains are advertised for "back to school", one parent claims "Take a good look at Alpine Hardware & Dept. Store, where you don't have to drive far to get right prices on quality goods, and the Sauters treat you as a friend, which they really are, with Verna Boston helping out".

Note- We might add that you save 11¢ (latest gov. report) a mile by not driving out of town, besides you take no chances on the crazy highways, and you do help our town and its merchants who are all our friends! - Ed.

PINKERTON BACK AHEAD OF TRAFFIC

After a pleasant 10-day drive to Elk City, Idaho, where they visited his daughter, Helen Reid, Jim & Gladys Pinkerton, Alpine Heights, returned Friday, report a wonderful trip with no trouble.

"But was plenty of traffic coming home Friday afternoon on 395" they reported "and we were mighty glad to be home although we had a grand trip". In Las Vegas they had a little fun going and coming "but it was mostly going", they said, with a sly smile! (Few win anyhow).

SCHOOL OPEN WEEK FROM MONDAY

Parents who have not yet registered their children for one of the three schools in this district, may do so from 8:30 to 4:30, except 12 to 1, any school day except Admission Day, next Monday, advises Supt. Paul Clay.

All schools open for full session on Monday, the 16th, he says. All in grades 5& 6, living anywhere west of Tavern Rd. (West side), will go to the Canyon school, its bus to make pickups.

HORSE TALK

By The Double C's

Tonight's the night a lot of us have been looking forward to. Our riding club is holding its first overnight trip to Descanso. We are leaving Gary's Alpine Acre at 5 and should make it up the hill by 8. The food, sleeping bags and hay will be trucked up by those not riding. Two corrals are available and a small charge is to be made each one for their use and also the food for us. We all can stay till Sunday if we want to which makes it nice.

If you are likely to be late or can't come till Saturday, directions may be had by calling Nikki Menconi, 445-3137 or Doris Scully, 445-3803. The camp site isn't far from Perkins store so isn't difficult to find, but if you are not going with the group, better find out before you start up the grade.

Bob Catlett is looking for a pony saddle to buy. If he can get one will pick up a Shetland for his little boy Bart. Nikki and Bob Menconi sat up all

night Sunday as their mare Velvet had colic or something. She is supposed to foal any day and they were afraid to leave her alone. They are all anxious and want to get the suspense over with.

Mr. and Mrs. Carl Amos are on vacation from their saddle shop in El Cajon. They drove over to Santa Fe to visit friends and relatives, will be back this week. While away friends of theirs looked after the store.

Linda Rushing trailered her horse over to Poway Monday to enter in their big 3-day show.

Lisa Pierce is looking for a nice horse for her 11 year old friend to buy. She has had lessons and doesn't want an old animal, but one that is just right. Call Lisa if you have one, or know where she can get such a horse.

Ginny Payne and husband Mark Schuster were out to their ranch in Japatul Valley Sunday. He rode Princess but she was too frisky for him and before too long, he landed on the ground. He wasn't hurt but didn't ride any more that day. Princess is in foal and maybe is a little touchy.

Ginny's dad is boarding a horse named Dutchess. She belongs to Bud Wilson of La Mesa who didn't have a good place to keep her so brought her to Alpine until she has her colt next spring.

OPTIMISTS APPRECIATED EDITORIAL

In the Alpine Optimist Club bulletin appeared this paragraph last week; "Did you people read the fine editorial that Clarke Irvine had in his Alpine Sun on Optimists? ANOTHER NEW HOME OCCUPIED

The other day a visitor to the Sun office exclaimed "We have not been up here for several years but today we drove around and what a difference, so many beautiful new homes".

That is quite correct, and reflects the steady progress and improvement. One handsome new dwelling recently occupied is the 3-bedroom, 2-bath residence of Mrs. Margaret Sloan, on half of 11.7 acres she bought last

year in the Highlands.

Photo shows her beside the beautiful double front doors. The house is all-electric, has 2800 sq. ft., including a 2-car garage. Picture windows give in all directions magnificent views. Photo on next page shows her in front of the house.

Her daughter Adele, and her husband, Alex W. Nason, and their 2 sons, Lex Ley, and Del Dey, are living with her while their home is abuilding on the other part of the acreage. Lex, 10, will be in the 4th grade, and Del, 8, will go to the 2nd grade in Alpine School.

Nason, who is also enamored of Alpine and its fine climate, is with the SDG & E in the gas engineering department. They hope to be in their beautiful new dwelling somewhere around Christmas.

MENCONI BECOMES OPTIMIST

Sponsored by Al Adams, Wednesday night last week, Robt. Menconi, USN, who, with his wife runs Nikki's Shop, was installed as a member of Alpine Optimist Club. Bob is now an electrical contractor, is doing some business in the area. He and his wife are quite active in affairs of the youngsters here,

Leo Manolakos, Optimist Club prexy and manager of the Log Cabin Cafe, his wife Dorothy and son Randy, are back from a fortnight's vacation by car. They visited 11 states, report a fine trip. In St Louis he visited Optimist International.

Hiway '8" to Lake Jen-

This beautiful silver pheasant is being held by Capt. Hal Hundley, veteran pilot of Continental Airlines who flies out of LA. Sunday he was in Seattle, the week before in Chicago.

His hobby, and a busy one it is, keeps him on the wing, you might say, for he brings birds in from all over the country. He has over 250 in this aviary, and is hatching more in EC at a friend's house. He goes in for ornamental

pheasants, chuckers, quail and other game birds.

Horses, pure Arabians, is another activity to keep him busy when at home on his 29-acre ranch, the former Robertson place on W. Victoria Dr. He is now erecting rail fences around the front acres. He bought land in other parts of Alpine.

"Yes, Alpine suits me fine", he told the Sun when this photo was made, "for I'm a country boy at heart, was born in a log cabin in Kentucky blue country and I love the great outdoors".

Hundley, who loves to fly, has taken many Alpine kids on their first flight, as he owns an aircraft business, has two planes at Gillespie Field. When he's off duty from piloting the big jets, he takes off and explores the back country in one of his little aircraft.

He'd like to see an Alpine airpark because "many pilots would come here to live and keep their planes here and it would mean a lot to Alpine's future".

DOUBLE TALK

By Cecile and Celeste Irvine

Sure glad we could make the overnight ride because we have been looking forward to going ever since we first heard about it.

Susie Parsons and her family just got back from a nice trip to San Felipe where they went to enjoy the beach and a quiet vacation.

We got a 65 VW last Thursday as we entered Grossmont College and will be going every day so needed something economical to drive. We took it up to Hemet Sunday and just purred along. Our cousins came in from New York on their way home to Sacramento and wanted to see us so we drove up for the weekend.

Don't miss the Ice Follies, they are fantastic this year. Call the SD Sports Arena for more information.

Gorden Westfall, who has been stationed in Bittsburgh, Germany for the past 2½ years, hopes to go to London on leave this month. He takes advantage of his weekly passes and has gone as many places as he could in that length of time. He is a seargent in the USAF.

David and Dale Greathouse, Leslie Wardwell, Ralph Renee and Larry Hill had a successful weekend at the Salton Sea. They came home with 14 beauti-

ful fish between them plus a good time.

Tina Zeigler has been here for two weeks visiting her friends. She stayed with Peggy Lewiston and has to leave for her home in Marysville this week. Her brother Ted is in Europe with his father and has had a fabulous time.

Charlie and Jackie Ballbach and two daughters went on a camping trip to Flagstaff, Ariz. They hoped to take in some Indian dwellings and other places of interest.

Mandy Panye's dog Patches had pups a few weeks ago and she would like to give the females away. They are part boarder collie and real cute. Call her for details, 445-2140. She and Danny Pscholka, her husband are expecting a baby next February but he is in Vietnam and won't be home till July so will have to wait to see his baby till then. He will miss seeing it for the first 6 months of its life which is too bad.

Peggy Moran and her 3 children, and her sister June Dun, drove over to the Colorado River and Parker Dam to spend the Labor Day weekend. They all had a good time.

Joyce Earickson is going to finish her senior year of college in Bologna, Italy. She sailed on the Aurelia Aug. 21st and should arrive there this week. She has been attending the U of Colorado for the past 3 years, decided she would like to see Europe and study there for a year. Her sister Elaine and husband Andrew Fontana are in England so maybe she will get to see them. Her mother just returned from Australia, will make her home in Alpine for a year.

Mike Hart is enjoying the small Harley Davidson bike he got this summer and has explored all of the trails around Alpine. His sister Donna was supposed to share it but fell off too often so gave it up, and now Mike has it all to himself and is having a blast.

JoAnn Villa was in Idyllwild for a few days. Friends of the family, Mr. & Mrs. Carl Cowley of El Cajon took her

BIG BUSINESS DUE FOR HWY 80

Here is new sign inviting enquiries for that new 151-space Vista Alpine Mobil-home Estates which is soon to open for retirees and families alike. One entrance is here, opposite Landt Bldg. which was former entrance to Dinosaur Park.

Land along Hwy 80-- soon to be re-named Alpine Blvd. when freeway is open-- will be developed commercially by Christopher D. Sickles & Assoc. who own the place.

In January traffic along here will shift to new US8 north of trailer park, leaving Alpine as a peaceful village with its growing business section.

YOUNG BATES SUCCEEDS IN USCG

LIVELY OAKS DOINGS

The Hillbilly Band had a great reception when they went to Escondido Monday to play for the So. Baptist Church of National City. The affair was held in Felicita Park and they all enjoyed the potluck served by the ladies of the church.

Please do not forget next Monday, Sept. 9, our potluck

Olive Cassidy fell and bruised her knee and strained her wrist but didn't require hospitalization. And another member, Mrs. Fred Rohr has been on the sick list for 10 days but is feeling better. Lillian Lyman, who broke her hip two weeks ago, returned home Wednesday and will recuperate there.

The Jim Pinkertons returned from a delightful vacation trip to Idaho.

FEW DROPS DIDN'T MAKE RAINSTORM

Geo. Carrell who runs Carrell's Hay, Grain & Supplies, 2424 Hwy 80, serving Alpine and the back country with everything for horses, went over to the Valley last week to bring back a load of hay. As he got over the top, a few big raindrops hit his windshield and for a time he thought of turning back, but kept on.

"Those big black clouds surely looked like it would rain and I did not want to bring back any wet hay, but I took a chance, and it did not rain at all, it just threatened".

ANTIQUe CARS DUE AT BIG OAK

Sunday, Sept. 15, there will be a unique picnic down at Big Oak Ranch, Frontiertown, when the antique car club of SD comes en caravan to display their priceless hobbies and to enjoy swimming, games, rides and so on at this popular spot.

Gene McGee, of Starbright Lane who arranged the party, will be on hand as a member with some fancy samples of those golden horseless carriages that he so enthusiastically collects and restores.

LAST LABOR DAY HEAVY TRAFFIC

Only two more congested traffic days will be suffered by Alpine--- Thanksgiving and Christmas, and possibly New Year's Day--- for the new US8 Freeway will be open in January, reports Jerry Smith, resident highway engineer.

Photo made midafternoon Labor Day shows heavy line of homecoming traffic above Nikki's Shop, with some cars going eastward.

"At times they were crowding the road in both directions" related Bob Menconi, who was busy working on his new truck at the side of Nikki's shop where they live in the apartment with their son Gary.

Although US8 is slated to open early in January, gossip has it that the Daley firm may give it to Alpine as a Christmas present by opening it before the holiday rush. (Wonderful!)

LAST DRILL & BLAST FOR FREEWAY

With final pavement being rolled down in places and the new bridge completed over Peutz Valley Rd., the Daley Co., crews are winding up drilling and blasting operations in hard granite below the West Victoria bridge.

Photo shows one of big racket-making pneumatic drills being operated by Harold Woodriddle, at left, who lives on Midway Dr. These high powered machines chew 30' into the blue rock,

then powder is placed, the charge detonated.

Then come the bulldozers, as shown in photo on next page, pushing the broken rock down where it is loaded into huge trucks and scurried eastward to finish grading the roadway to the Willows.

When this short segment is brought to grade, paving will go on and the whole stretch will be done!

CHAMBER DRIVE From Page 1 community".

The chamber has its office at 2121 Hwy 80 with a phone, 445-2722, and is open from 1 to 4 daily except Wednesday & Sunday. There Mrs. Kuhl dispenses leaflets on Alpine, other data and copies of the Sun, plus answering unlimited calls for information, rentals, etc.

As she declares "Our work must continue to lead the community in its thinking and its plans for economic progress, so please join when you are visited by one of our genial committeemen".

Happy Birthday, Wallace!
Mom, Jim, and Irvine's said so!

TWO ELK PICNICS DUE HERE

Sunday, Sept. 15, SD Lodge of the Elks will enjoy their annual family picnic in Flinn Springs County Park. A. M. Pasquale is general chairman, says they will have a big time for old & young with games, dancing, races, prizes and so on.

On the following Sunday, the 22nd EC Lodge stages its annual funfest at Big Oak Ranch Frontiertown, from 9:30 till?, says Co-chairmen Jerry Morris & Leroy Pierson. INSTALL LIQUID GAS IN BORREGO

The first community in the US where liquefied natural gas, (LNG) provides all modern comforts, is now being used in the Road Runner Club, a 144-space trailer park in Borrego. It was installed by SDG&E as the 90-mile run was too far for natural gas lines. It supplies energy for year-round cooking, water and space heating, air conditioning, even street lighting in this beautiful new park which even has a golf course, clubhouse, pool and other facilities.

FRENCH & SPANISH TO BE TAUGHT
