## RETIREMENT HOME TO BE BUILT

Two levels and basement for a 56-residential care home for the aged, has just been graded preparatory to building, reports Alex Doig, in charge for Christopher D. Sickles & Associates, owners of the land within the area where they are presently putting in a 151-space trailer park.

"This is not a convalescent plan" he told the Sun Wednesday, "but is for completely ambulatory residents. It is in a nice location near the trees, with scenic view, and will have access to the pool, recreation hall and other features of the project".

## VALLEY WOMAN BUYS, LIVING HERE

Mrs. Anna E. Crumrine who recently moved here from Imperial Valley has just purchased the attractive 2-bedroom home at 1424 Louise Drive, formerly owned by O. Phillips who has moved to San Diego. Mrs. Crumrine is redecorating the interior, plans to move in soon. Sale was handled by Charlene V. Brown of Brown Realty.

## SET ZONE STUDY ON US 8

Unzoned areas between Old Hwy 8C and US 8 here to EC are to be studied

Dawn Gapen, 2, is awed by birthday cake whose candles relighted each time she blew them out. She is daughter of Mr. and Mrs. Tom Gapen (he is manager of El Cajon Theater) shown here looking on. Holding their only child is Jeannie Benson, daughter of the assistant manager.

Lucky little Dawn received some beautiful and useful gifts from the 30 guests who assembled in the theater to help her celebrate.

for zoning, ordered by the supervisors this week. Planning Director Dan Cherrier wants interim (holding) status as the initial step before making permanent zones.

Lands along the new freeway above Alpine to the county line were recently placed in this temporary agricultural zone for protection while permanent zoning is studied.

Alpine needs a bus service to EC.

**TRAILER PARK MANAGERS MOVE IN**  
Mr. and Mrs. Wm. Murrell, resident managers of the fine new Vista Alpine Mobilehome Estates, 2400 Hwy 80, have just moved into the nice home on the lot adjacent to the office in the new recreation building.

"To date we have received 40 paid reservations" Mrs. Morrell told the Sun Wednesday, "and we have inquiries every day. We give out many copies of the Sun, with chamber of commerce folders, so this place is receiving some nice publicity".

## MAY LOWER FIRE INSURANCE

Commissioners of Alpine Fire Protection District, which this year shows on the tax bill at .519¢ in the massive rate of \$11,658, are working on a plan to lower insurance rates by upgrading the department. Another benefit is greater protection through training of volunteers.

The board has engaged a man from out of town who, on Jan. 1, will come in as chief, his wife to act as alarm operator. The couple with two children will live in the apartment now occupied by Robt. Fey and his wife who have been custodians here for 11 years.

This change necessitates the building on of another room at the station where the new chief will train all firemen in an approved training course, a requirement of Pacific Rating Bureau of the underwriters, an agency representing most companies in the state who establish rates.

## ART MART TOMORROW AND SUNDAY

Alpine's newly formed Art Assn. is staging their first public sale in the Woman's Club parking lot starting at 9 and lasting all day Saturday and Sunday. Local artists and hobby enthusiasts are invited to display and sell their items. Free refreshments will be served for all to enjoy.

Reed Durham, president, says "come on over and see how many talented people we have in our community."

## SUSPENSE AT OLD GLOBE

Opening Tuesday at the Old Globe Theater was "The Innocents", a suspense drama based on a famed ghost tale. It will be performed nightly except Monday for 4 weeks. Playwright William Archibald based his plot on "Turn of the Screw" by Henry James.

Craig Noel is directing with Peggy Kellner designing the early Victorian costumes.

## 'THIS BEATS VIETNAM'

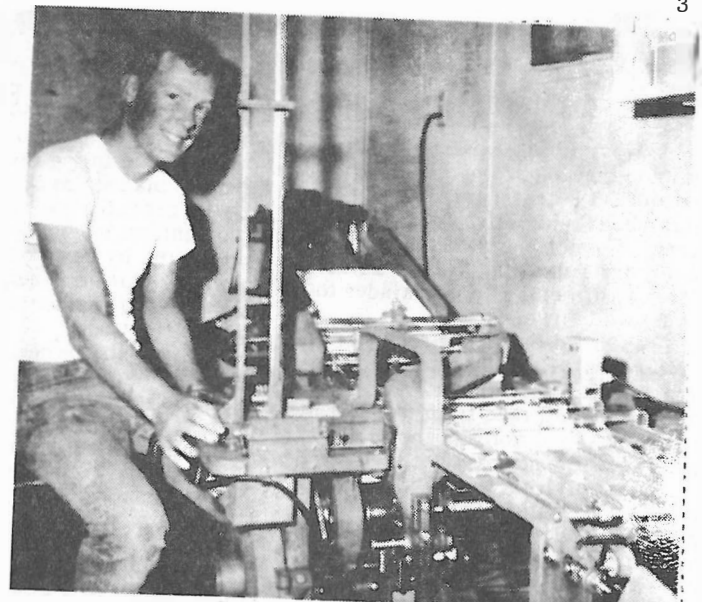

Here is Mike Merrill, son of the Richard Merrills, 105 Willowside Terrace, home last year from duty in SE Asia, busy on the addresser in his parents' printshop where they run millions of grocery bulletins for markets all over the Southland.

Mike, only recently married, likes the work, says it is a lot better than slogging with the army in Vietnam.

This operation is one of the profound puzzles of government that requires thousands of street numbers - not even names - to appear on all bulk mail. Heretofore "Occupant" is all that was required. This makes added tasks for postmen all over the US who have to sort this matter when it might be merely tossed in the bag and delivered to houses. It is costly to the PO, the markets, the printers and mailers!

## ZONE CHANGE UP AGAIN

Supervisors have set Tues. Nov. 19 at 2 p. m. in their chambers, Rm. 310, 1600 Pacific Hwy, to hear protests on a proposed zone change on for acreage north of US 8 near Tavern Road. Zone desired is for A1-1 to C and R-3 on 34 acres where a proposed new community is to be built. (See editorial).

## SOME DON'T WANT TOWN N. CF FREEWAY.

On Nov. 19 supervisors are hearing pros and cons on a proposed new village north of US 8 near Tavern Road, on land that is lying idle. It is about 300 acres, of which the owners want rezoning for a shopping area of 20 acres, 18 for apartments, the remainder to be for 1-family dwellings.

They propose a major road from Tavern northerly and easterly to connect with W. Victoria Dr. Also to put in a connecting road from the new freeway access road north of the reservoir to this new county road.

The subdivision would be connected to the sewer system and the Rio SD MWD. Already natural gas is being considered for Alpine, which could also serve this proposed modern community.

Byrl Phelps, civil engineer of SD,

has outlined the project which "will be developed in the resemblance of a new city, planned so that residential lots will get full view of Alpine and the mountains to the east and west. As required by new county ordinances all wiring will be underground, and the streets will be according to county specifications.

Since the owners have paid taxes on the school district for several years, they are assured it will be within the local district. With about 720 lots in this area, and a possibility of 500 on adjacent ownerships, there could be some 5000 to 6000 new residents in the near future.

Thus it was because of this finding that it was determined 20 acres was necessary for a shopping center. This has been proven in many communities where new freeways were built, that many new residents need a large, new commercial area, for their proposal.

The planning office has turned down the first request for change from the agricultural zoning. Some here do not favor the development; others do, and may be heard next Tuesday when the supervisors convene. CI.

### OWNES TO SCIENCE CONFAB

Principal Clifford Owens of Alpine School is in Las Vegas today and Saturday to attend the National Science Conference. Today a substitute teacher from SD took his place. He will resume duty on Monday, says Supt. Paul Clay.

At Monday night's school board session Frank Farmer was engaged to replace Custodian Gillis who has moved back to Missouri.

Jas. Rhea and wife are back from his 3-weeks vacation from work as substitute carrier at Alpine P.O. They drove to W. Texas to visit friends and relatives, report a fine trip, no rain, no tire trouble, but glad to be back home.

Dr. Spiller, first pastor, serving from then till 1961. Under various pastors the work prospered until now the membership is 48. Property value is \$66,000, about \$40,000 being in the new edifice, which has only a \$6,000 balance on the first loan.

## HORSE TALK

By the Double C's

Our first carwash will be tomorrow at the YC from 9 to 3 to help the treasury of Alpine Riding Club. Members will be on hand to clean your car inside and out for only \$1. and we know you won't be disappointed.

Barbara and Jerry Peterson sold their nice young gelding Goucho to Tim Cota, 10, who recently moved to Alpine with his family. They built a new home on Alpine Heights Road and are real happy with the horse.

Joan Spackman's little shetland mare is going to have a colt any day now and her children are getting anxious. She bought the horse from Cynthia several years ago and Joan's youngsters have en-

joyed it ever since.

JoAnn Villa sold her second saddle for \$85. Her parents bought her a beautiful one with buck stitching, so she didn't need the old one any more. However, if you are in the market for a nice used one, call Alice Moya, 445-4135 as she has one for only \$85.

Leroy Comstock and his family are moving to Ramona as soon as they get their house finished there. They have been living at the Lazy A Ranch and raise Arabians, have 4 now. As soon as they move out, Don and Olive Woodridge, their children, and 3 horses will move in.

Gary Menconi went back to stay with relatives in Wyoming this past week. His mother has been ill and needs complete rest, so his dad thought it best that he return there for awhile.

If you attended the Holiday Fun Show sponsored by Thunderbird Square Dance Club last year, then you know what to expect. They are holding the party on Sunday, Dec. 8 at the Tumbleweed ring in Lakeside. It is an all-point show. We don't know how much the entry fee is, but usually is nominal and the fun more than makes up for that.

Dick DeMatteis is busy these days doing quite a bit of teaching. He is the trainer for Rockin' H Ranch on Tavern Road owned by Mr. and Mrs. Robt. Hale. Three of his newest pupils are Rose Campbell, Nelda Decker and Nancy Manlowe of Palo Verde Ranch.

Dick is a good trainer and teacher, has a good reputation in the county.

### CREATIVE DANCE CLASS SUCCESS

Mrs. Lynn Lipetsky, who has charge of two creative dance classes here that are sponsored by the YC, reports that the older class is filled but the younger group has several openings. If interested, contact her, 445-3695 and she will put you on a waiting list for the closed class, or enroll your younger children.

**SHORTEST ROAD GETS PAVED**

What is believed to be a midget in Alpine streets is the new access lane that runs from E. Victoria Dr. above the freeway, west several hundred feet to allow access to E. F. Miller's house, top right in photo. Pavement in foreground is Victoria coming up from Hwy 80 under bridges shown on next page. Miller who lives here, is an AVCM in the

Navy at Miramar. His family still lives in Oxnard but will be here for the summer. They have a girl and 3 boys. He bought the place in 1956, batches here now.

The sun suggests this tiny thoroughfare be named Miller Lane.

## RIO ENGINEER AT C of C SESSION

Ed Houser, engineer-manager, Rio SD MWD, is slated to talk at the next regular chamber of commerce meeting in the school auditorium on Wednesday night at 8.

"The public is invited-- and members are urged-- to come and hear this speaker" says H. T. Magnussen, president, "and bring your questions as the chamber belongs to you and is here to serve you at all times".

"Never has the need been greater than it is today", he adds, "for an effective effort in attacking all problems of our community."

Note- From the many complaints received at the Sun on the frightening rise in taxes here, it is meet that Alpiners who want to try to remedy this danger to our community, should come out to this meeting and demonstrate their disturbed feelings. -Ed

## The car that financed a man

It all started when the man financed the car. Back in 1937.

He had heard he'd be happy with our auto financing. So that's what he asked his dealer for.

He got it. He was happy.

A few years later, the man wanted to remodel his house. He talked to our people. They helped him plan a home improvement loan to fit his budget. And they gave him the lowest possible loan rate. After all, they knew him.

Because of the car.

About 1947, the man decided to go into business for himself. The sporting goods business. It cost a lot of money to stock a store. Money he didn't have.

Another bank might not have risked the loan he needed. We did. Another bank might have made the interest pretty high. We didn't.

He wasn't a stranger to us.

Because of the car and the home.

The man's got five stores now. They're profitable. He's in Europe — enjoying life.

The trust specialists at Security Pacific Bank manage his business and his investments.

The point is, he doesn't worry. He knows Security Pacific Bank knows him, his family and his financial situation.

Because of the car, the home, the store and the many banking transactions they've made together.

So, the next time you buy a car, ask your dealer about Security Pacific Bank's auto financing.

Look at it this way.

Isn't it about time a car did something for you?

Make your financial partner

### PET 'TIGER' IS SAFE

The black cocker spaniel belonging to Emelia Kelly and her sons wandered off Sunday evening and was taken in by Mr. and Mrs. Robert J. MacKay, who own and operate Alpine Motel.

Mrs. Kelly alerted the Sun that her dog was missing, so when a phone call came into the office on Monday by MacKay, it was almost a sure bet to be the missing Tiger. Mrs. Kelly immediately went over and retrieved the dog, who was welcomed home by the family.

This is the second exciting escapade Tiger has experienced in a year and Mrs. Kelly says "what would we do without the Alpine Sun which is our only clearing house for information in time of need?"

The MacKays took excellent care of their pet, even took him to town with them. When they passed Lutz's Garage he whimpered, so they were quite sure he wasn't abandoned by some passing motorist. Quite a happy ending.

### EDUCATOR STOPS OFF HERE

Visiting Clarke & Alice Irvine at the Sun office last week were Dr. & Mrs. Jack H. Hassinger who drove down from L. A. He is director of Head Start, being a consultant in the L. A. County Superintendent of Schools office. His father, T. Hamilton Hassinger, of Santa Monica, is an old friend of Irvine from the early days in that beach city way back in 1903.

Mr. and Mrs. James Dyer, Japatul Valley, hosted the 4H Club at their annual Hallowe'en party. Over 23 members participated and all report a real good time.

### BEAT HANGUP AT TRAILER PARK

After delays with labor trouble, extra dynamizing of hard rock and a few minor hardships, the fine new Vista Alpine Mobilhome Estates, is forging ahead now with a backhoe filling in the miles of ditches to cover utility pipes, wires, etc., reports Alex Doig, in charge for Christopher D. Sickles and Associates, owners-builders.

# DOUBLE TALK

By Cecile and Celeste Irvine

Saturday afternoon we drove down to Chula Vista with Mama to see Maxine and Charlie Cabella's little baby boy. We were surprised to see how much he looked like her dad. He is only a month old today but there was quite a resemblance, even to the red hair! He is a cute little guy and they are more than thrilled with him.

Yola Fidler and her two children, Lynn and Kenny, (our neighbor) spent the weekend in Santa Ana visiting friends. They got back Monday, report a nice time and good weather.

Eddie Schwenck got some bad cuts on his arms and a scraped back when he got involved in an accident on the way to El Centro Friday. He was carrying \$2000. in glass for a job there, and besides totalling the truck, he was injured. Boy, when you go out in a car you never know where you are going to land.

We had a nice letter from Norma

Braun of San Marcos. We had given her our little brown poodle Coco. She had a female, also light brown. Well, Coco turned out to be a very successful daddy and their little female presented them with 4 puppies, 3 females and 1 male. We hope to drive over tomorrow and pick one up, or at least pick one out. We don't know how Daddy is going to react, as we already have 2 dogs, but if we can't keep it, can always find a home for a well-bred poodle.

We were quite incensed last week when we learned that the SDS, Students for Democratic Society, had planned to burn a live dog in protest of the Vietnam War. We called Daddy and he said it was just a publicity stunt and that they wouldn't dare pull off such an inhumane trick. We have listened to this society and even read some of their literature and if their backers are sane, we will eat straw hats or something. We took some of the literature home and it was filled with filthy words and didn't make sense. Their name certainly doesn't fit the organization.

We are not for the war either, we have a cousin and friends there and know how the people feel about it, but demonstrating with a live animal and putting out filthy literature is no way to stop it. We were happy to learn that they had cancelled their plans. Celeste and I wouldn't have stood by and let them do it if they had tried anyway. Most of the students feel the way we do, and we have since learned that it is sparked by communists.

Luckily there isn't a SDS chapter on Grossmont Campus. They have tried to organize one but kids of today, regardless of whether they are hippies or not, can and do think a little for themselves and could see right through them.

HELP P.O.; MAIL REAL EARLY

Postmaster H. T. Magnussen asked local patrons to purchase and mail gifts as soon as possible. Poor packaging and illegible or incorrect addressing account for about half a million undelivered parcels each year! All should be addressed on only one side and should have the address with Zip Code, written somewhere on the inside in case the wrapping should come off.

"When a person has taken the time and money to purchase a gift, it is indeed unfortunate if the mail can't be delivered," he said.

That this Board of Directors deems it necessary that the Rio San Diego Municipal Water District incur a bonded indebtedness by the issuance of bonds of the district for Improvement District No. 2 of Rio San Diego Municipal Water District in the amount of \$200,000 for the purpose of the acquisition, construction, completion and repair of a waterworks system, including reservoirs, pumping stations, transmission and distribution lines, conduits, pipelines, works, valves, meters, fittings, machinery and other property (including lands, easements, right and privileges), and including water rights and existing waterworks systems, useful or necessary to store, convey, supply or otherwise make use of water for the lands and inhabitants within the exterior boundaries of Improvement District No. 2 of Rio San Diego Municipal Water District, and all other property and expenses necessary for any of the foregoing including engineering, inspection, legal, and financial and consultant fees, costs of the formation of said improvement district, of the bond election and of the issuance of bonds, and all other costs and expenses incidental to or connected with the accomplishment of said purpose.

Section 2. That, following a hearing thereon as by law provided, this Board has determined, and does hereby determine and state, that the portion of said district which will be benefited by the accomplishment of said purpose hereinabove stated and by incurring said bonded indebtedness constitutes and is known as Improvement District No. 2 of Rio San Diego Municipal Water District, as set forth in Resolution No. 371, the resolution of formation of said improvement district, and that a map showing the exterior boundaries of said improvement district is on file with the Secretary of said district, which map shall govern for all details as to the extent of the improvement district.

Section 3. That the maximum term which the bonds proposed to be issued, or any portion or series thereof, shall run before maturity shall not exceed the maximum term permitted by law, to wit, forty (40) years from the date of said bonds or each series thereof, but said bonds may be made to mature within a lesser number of years; that the maximum rate of interest to be paid thereon shall not exceed the maximum rate permitted by law, to wit, six and one-half percent (6-1/2%) per annum, payable semiannually, except that interest for the first year may be payable at the end of said year, the actual rate or rates to be determined at the time of the sale or sales thereof.

No. 2 of Rio San Diego Municipal Water District on Tuesday, the 10th day of December, 1968, for the purpose of submitting to the qualified voters of said improvement district the proposition of incurring said indebtedness and issuing bonds of said district for said improvement district, in the amount hereinabove set forth, and for the purpose hereinabove stated.

That if the proposition for the incurring of said indebtedness so submitted receives the requisite number of votes in favor of and assenting to the incurring of the indebtedness, to wit, more than two-thirds of the votes of the qualified voters voting at such election, bonds of said district for said improvement district in not exceeding the principal amount hereinabove stated shall be issued and sold, at such time or times as the Board of Directors of Rio San Diego Municipal Water District deems proper, for the purpose hereinabove set forth.
