BROWNS BUY THE DOLL HOUSE

The large 1-bedroom home and the shop at 1911 Alpine Blvd., known as the Doll House, business owned by June Link-- which closed recently-- has just been bought by Bill and Charlene Brown of Brown Realty. The house was built by Jas. A. Bird and his late wife, which she ran as the Bird House. Mrs. Link rents the business building.

The Browns plan to rent the entire property which they obtained as an investment. They will make numerous improvements.

for some 250 large firms and he covers the SD area also Imperial County.

When asked how they like Alpine they agreed "It is very satisfactory, the schools are good and so is the church", as they go to the nearby Alpine Lutheran Church.

BOB ROWAN WINS PHOTO AWARDS
 The Battle Creek Enquirer recently ran some lovely 2-column pictures done by Bob Rowan, talented son of Mr. and Mrs. Ed Rowan of Acacia Lane.

He got the Outstanding Achievement plaque as one of 5 top photographers at the 28th annual state convention of the Michigan Professional Photographers in Grand Rapids.

In addition he received one of the two Artistic Printmakers awards, as well as two blue ribbons and a third-place ribbon.

One of his firsts was "The Scotsman", which is on the March cover of the Pro-

Bob wears handsome beard, is no hippie!

He is a professional Photographer. A lovable basset named "Beckett", captured his other blue ribbon.

His blue ribbons will be shown at the National Print Exhibit this June at the 78th convention of the pros in NY City.

Needless to say, Alpine and the Rowans are proud of this young man and his artistic work, much of which was exhibited here last fall.

COVETED AWARDS TO KIWANIS

Luther Mohr, president, Alpine Kiwanis Club, has received word that Kiwanis International has won a top award again this year in the competition of the Freedoms Foundation at Valley Forge for patriotic community service. It also won in its program of Family Reunion Day. The organization, he adds, won several other important honors, of which Alpine Kiwanians are quite proud.

OPTIMIST ORATORS IN FINALS

The three lads that won in last week's Optimist Club oratorical contest are vying tonight at the Bronze Room in LM for regional honors, reports Pres. Leo Manolakos. They speak against 6 other young orators. Local winners; pictures last week; Randy Hine, Richard Hanley and Billy Bunn.

MAC'S TRUCK AFIRE IN PV

While hauling a load of trash from here Thursday last week W.F. MacFarlane found his cab filling with smoke. He stopped by the stables on Hwy 80 at Pine Creek, then saw flames. PV finemen rushed down, put the blaze out, assisted by CHP Officer Troy Clark. Apparently a hot spot in the load, or a tossed cigaret, started the blaze which badly damaged the truckbed.

INTERNAL ROT IS UNDERMINING AMERICA!

Guest editorial by Richard C. Lane
Do we Americans really understand the basic cause of young people's demonstrations, their confusion?

Let's put the blame squarely where it belongs, the older generations. Let us face facts. In the last 55 years we have fought two terrible world wars to make it safe, for whom?

We are killing thousands of fellow human beings in Vietnam in the cause of human rights, yet at home we deny those same rights to minority groups. We send food and money to people abroad, while thousands of our own are

starving. We allow fine leaders to be shot down in our streets, yet we refuse to pass adequate gun control laws.

Our children cry out for parental authority, and we ignore them with our permissiveness. We brag about being a Christian nation, yet we won't allow prayers in our schools. Our churches are doomed to failure; they cannot help, they are too bogged down in real estate.

The Paris peace talks will fail because the spirit of Christ is not sitting at the table. We have flouted the Cosmic Law. Like Esau we have sold our birthright for a mess of pottage. Remember the great Roman Empire collapsed not by external enemies, but due to internal rot.

Is it any wonder our fine young people fail to communicate with the older generation. We have to become involved; it is later than you think.

Remember the prayer of St. Francis: especially the first line: -Lord make me an instrument of Thy peace.

UPPER FREEWAY TO OPEN SOON

Roger Kocher, resident hwy engineer for the Vinnell job on I-8 which goes from the Willows to Deadman's Curve, says they moved all traffic onto the westbound lanes Monday, and that, all going well, their section of the freeway should be in use by month's end.

This will give motorists complete freeway from I-5 in SD all the way to Deadman's Curve.

Robert Winterbourne, resident hwy engineer for the Morrison-Knudsen job extending east from the curve, says all is progressing well now that the rains have slacked off. The Japatul Interchange is shaping up fast now.

ONLY 5 DAYS TILL INCOME TAX!

Those double-barrelled taxes-- US & state income returns-- are due in just 5 days, April 15, postmarked before 5 p.m. Just a gentle reminder.

I BELIEVE--

1. In fiscal responsibility- getting maximum, efficient results with taxpayers money.
2. In providing an excellent academic and vocational training.
3. In hiring educators that are examples of law-abiding citizenship.
4. In assuring a peaceful, cultured, and academic atmosphere at Grossmont College.

I DO NOT BELIEVE-

1. In using tax money for costly social experiments which have minor value to the primary task of the College which is training students in academic and vocational excellence.
2. In hiring avowed Communists. It is ridiculous for us to subsidize our own destruction;
3. In letting subversive and nihilistic organizations such as the Students for a Democratic Society (SDS) organize at Grossmont College-- If we want our schools to teach the constitutional and peaceful processes of change.
4. In allowing militant and violent students to destroy public school property; nor dictate the professors to be hired and fired; nor to intimidate law-abiding students and faculty.

IF ELECTED, I WILL REPRESENT:

1. The taxpayers, who have made the GIFT OF EDUCATION available.
2. The law-abiding citizens.
3. The sincere, education-seeking students.
4. The hard-working, dedicated faculty.

While school auditorium was crowded with breakfasts at Kiwanis Easter party, back in the kitchen it was nearly bedlam with busy cooks and servers at cafeteria counter.

At left Chas. Campbell and Jack O'Neill were frying bacon and eggs. Bob Wilson and others were working, but all were flitting around the Sun's editor could not catch them all.

At right they serve continuous line of hungry people at this, the biggest year for the benefit breakfast.

Here for an Easter visit with his parents, Mr. and Mrs. Duane Cracola, managers of Alpine Village, was their son Jay Doubrava, who motored down from LA. where he is with the Fluor Corp., as a chemical engineer.

They enjoyed the Kiwanis breakfast. The Cracolas celebrated their 7th wedding anniversary Sunday.

Blackie and Allie Vigneault attended a coming home party for Blackie's 20-year old nephew Patrick Cook, who has been with the paratroopers in Vietnam for two years. Over 36 members of the Vigneault family gathered at Blackie's mother's home in SD for the celebration.

Mr. and Mrs. Fred Sandell, Eltinge Dr., entertained their son Gary, his wife Jayne and 3 children over Easter. They enjoyed a nice visit and the youngsters had a fine time in the country. They drove home on Monday to avoid the heavy traffic back to LA.

DAILY 9 A.M. TILL 11 P.M.

Here is another date to circle on your calendar if you are rodeo-minded. One of the county's largest shows, the Pacific Indoor Rodeo returns to SD Sports Arena for a third year May 9-11. Special guest star will be 'Gunsmoke's Festus Haggan. Also Elaine Kramer will be there with her daring act, a 6-horse tandem Roman hitch. She was at the Yuma Rodeo and it is a thrill to see her handle the horses standing on their backs.

A purse of \$16,000 will be prize money with the nation's top cowboys all trying their luck. Get tickets early if you want to go. We enjoyed the show last year and are looking forward to going again.

Nikki and Bob Menconi saw Trinket's colt Viejas Kid the other day and were amazed to see the blanket he is getting. They hope the mare throws another spotted colt in May when she is expected to foal. Their stud Polka Dot Panda was the father and they are anxious to see the results.

Everett Shilts, who recently bought the 80-acre Sleepy Hollow Ranch from Pat and Woodie Mitchell, now has 10 horses. He plans on making it a nice resort with all kinds of things going on.

BURNING BAN STARTS JULY 1

A new ruling to stop air pollution goes into effect on July 1. No more fires, even incinerators, will be allowed under 2000 feet. This means that part of Alpine will have to send its rubbish up to be burned, as part of the community is over 2000, much of it under that altitude.

Mr. and Mrs. Geo. Fordeny are entertaining her brother Porter T. Smith and wife Dorothy for a week. Their son is getting married in Upland April 18. They drove out from Newcastle for the wedding.

LETTERS TO EDITOR

Dear Mr. Irvine

A letter in the Alpine Sun from a "concerned taxpayer and registered voter" (Wm. F. House) asked several questions of the six candidates for election to the local school board. I would like to offer an alternative set:

1- At what point should a board member begin to exhibit concern over the pupil-teacher ratio in his district and how might this concern best be translated into action?

2- Do you feel that the primary role of the teacher, at any level, is to indoctrinate students in a predetermined set of truths or to enlighten and develop potential for thoughtful, open-minded expression and action?

3- Would it bother you if the quality of the teachers' salary schedule and the training and experience level of teachers in your district were substantially below

state norms?

4- Is it important that members of the school board and their administrators actively encourage local citizens to attend and participate in school board meetings?

5- Is even judicious use of available Federal support money for public schools to be avoided at all costs? Even at the expense of the instructional program?

Should a school board be made up of individuals receptive to a single philosophy only or is the democratic process perhaps better served if a diversity of views and backgrounds are represented by the members?

The tendency for certain elements in human society to seek the removal of all opposition to their particular points of view is well known. Historically, a proven tactic for removing opposing ideas is through control of the educational system, for it is here that, by propagandizing, indoctrinating, and withholding information, the minds of the young can most readily be captured. Recent examples of thought control of this sort are to be seen in the Hitler Youth groups, and the Red Guards of Soviet Russia and China. The thoughtful citizen, who realizes that opposition is fundamentally creative while restriction is non-creative, might well exhibit alarm at the tone of Mr. House's letter. It is not just that he deals with issues quite irrelevant to the responsibilities and duties of school board members but rather that he seems to wish to establish, by innuendo, narrow and precise limits into which the individual must fit his philosophy if he is to be considered an acceptable candidate for this important position.

HOBBY ART AT LIBRARY

As a pastime Mrs. Katherine Chene, 1425 Louise Dr., has come up with some unusual examples in the library's April exhibit of local artists. She calls it Operation Salvage, for many items were picked up from discards, but with her clever craftsmanship, became useful or ornamental objects.

"Most of the materials are fugitive from the wastebasket, or surplus bits of

this and that", she avers, "things too small to be useful, short lengths of yarn, empty match boxes, and so on".

Main requirement, she thinks, is imagination, to see something in the mind, then produce it from this salvage material. The display is well worth inspecting.

Mrs. Homer Hinds is home and recovering from major surgery she underwent March 31st in Kaiser Hospital in La Mesa.

Her son Raymond White and his sister Jackie drove down from Hermosa Beach to be with the family during and after the operation.

COUPLE HAD EASTER ROMANCE

A genuine romance was in progress at the Kiwanis breakfast although none knew about it but the Sun's editor, making photos, came upon it; a couple about to be wed.

They are Chas. J. Gondag, engineer, of Pine Valley, and Janet L. Stark, formerly of Alpine, now from Lakeside.

After breakfast they left by car for Yuma to be married. Later they plan a honeymoon to Dallas and Key West. They will live in Pine Valley.

Marjory Talamantes left Saturday by jet for Honolulu where she met her husband Johnny as he is on R&R there. She left son Johnny, 13, with his grandmother, Mrs. Bob Rix and their youngest son Joey with another brother and his wife in LA. Sgt. Talamantes is expected home in September.

A collection was taken by residents of Alpine Oaks Mobile Estates to purchase a piano for their clubhouse. It arrived on Easter to the delight of all.

Don't forget to sign up for Miss Alpine Contest if you are between 17 and 21 as there is only one week left. All applications have to be in by the 18th so don't wait. Get your blanks at Alpine Western Wear and remember that the winner is eligible to enter the Fairest of the Fair contest. Raquel Welch was Fair Queen in 1958 and look where she has gone! In fact, we ran her picture on the cover of the Sun that week. There are nice prizes for the first 3 winners and Alpine Western Wear is giving each a shirt and tie. It is worth entering and lots of fun, so don't wait till it is too late.

If you are missing a cute little black male dog with brown feet and brown spots on its eyes, contact the Sun as they know where he is. He doesn't have any tags on and was hanging around Tavern Road.

Frank Scully leaves this week for his basic training in the Marines, having signed up for 4 years. If he likes the life, he may make it his career but can't tell for a few months.

Looking for a real watch dog? This male German Shepherd is free to a good home, has had shots and license but isn't recommended for a pet, is strictly to take care of you. Call 448-0168 if interested.

Monday morning John Smith saw two German shepherd dogs and a small brown one leave his yard after killing a pet jungle fowl who was sitting on mallard duck eggs about to hatch. The hen was a pet of the Smith boys and the owners of these dogs should keep them tied up at night, or some unhappy Alpiner is

going to take a few shots at them. Many families on Tavern have lost their children's pets, most kept in cages, and are mad. County ordinance requires that all dogs be kept on a leash, so if you are interested in the life of these roaming dogs, keep them up at night, or else!

Marcie Hem is in Ann Arbor, Mich. She and her girl friend Gayle Topp drove back and had a wonderful trip. They took in the Mardi Gras in Louisiana and she likes the area so well, might stay.

Mama, Cecile and I left Thursday for the Grand Canyon. We stayed the first night in Prescott and was it ever cold. It is high in the mountains and it is a scenic drive getting there. We left early next morning and got our first glimpse of the fabulous rim, just couldn't believe our eyes. We stayed at El Tovar, in fact, it was the same room our parents had when they were there several years ago. We tried walking down the trail to the bottom but it was so slippery we only went about a mile and then hiked back up. The snow hand't melted in quite a few spots and it made the trail cold and muddy. We would have taken a mule down, but they were booked solid for two weeks, so we shelved that idea. We took the 27 mile drive around the canyon to the Desert Tower and took a look at the beautiful panorama. Sure was awesome and unbelievable.

On the way home we went down Oak Creek Canyon, another fantastic sight, into Sedona and took a side trip to Jerome, an old Ghosttown that is being rehabilitated. We couldn't understand why the people would build their homes on the side of the mountain. Some were tumbling down and if we had had more time, would have explored a few.

We made Phoenix that night and were surprised to see how clear the air was, absolutely no smog. We did have our air conditioner on that night, it is already getting hot there.

INSTALLING HUGE CABLE

Vista Alpine Mobile Estates, long delayed by rains, labor problems, blasting hardships and other trivia, may be hosting incoming trailers by May 10, says Alex Doig, in charge of the project.

Here SDG&E is laboriously loading a monster 3-wire cable to carry 12,000 volts into the fine new park, 2400 Alpine Blvd. (old Dinosaur Park). The length going in to the first outlet is 500' of Rome Cable, 3-conductor, off of a 2050' spool. It enters a 4" plastic conduit, has to be aided in by two huskies; at left, David Farmer, of Santee and Norman Wasson of Alpine.

Mrs. Vernon Rood, 2853 South Grade Road, is planning a party sponsored by the Guild of the Community Church, on Friday, April 11 at noon with dessert. Reservations may be made by calling 445-2637.
