## ALPINE MAKES OLYMPIC FINALS

Mr. and Mrs. Lawrence DeLong were thrilled with the news that their son Charles, 22, a student at SD State, made one of the 16 out of the far west region to go to St. Louis, Mo. for final Olympic soccer team tryouts. If he makes this, Charles will be on the Olympic team, is patiently waiting to learn the date of departure for this contest.

The Sawaya place was purchased by Mr. and Mrs. James J. Lewis of Chicago. They have a son and grandchildren living in SD, happy to be moving to Alpine and its fine climate. Both are avid gardening fans, can hardly wait to pursue their hobby.

Sale was by Charlene V. Brown of Brown Realty.

 Mr. and Mrs. Samuel Palo, 1480 Greenacres Drive, have just moved in to their nice new 2-bedroom home they recently finished. They came from the Hillcrest area where Mrs. Palo (Carmella) had a thriving poodle grooming business. In the past 10 years she has raised, bred and shown toy poodles but "has given up all but grooming and boarding" she says. She brought all her equipment to Alpine, is equipped to take care of most breeds, but poodles are her specialty, has 4 of her own. She also says she will board your pet while on vacation and give it the same care her own receive.

Maybe you can get by without enough life insurance...

**but  
 could  
 your  
 family?**

If you look at life insurance as just another fixed item in your monthly budget, along with your mortgage payments and the utility bill, you may feel you own plenty right now. But suppose, for a moment, you consider it more from your family's point of view. Suppose your insurance had to provide their only source of income — would they have enough? Enough to maintain a decent standard of living? Enough to properly educate your children? With the right amount and kind of life insurance you can answer these questions with confidence. Looking at it from this viewpoint is Step One towards sound family protection. Step Two, we suggest, is a talk with your New York Life Agent. He can offer you the most modern policies, backed by one of the strongest mutual life insurance companies. He's been carefully trained to design a program to meet your needs and your budget, and his advice is yours without obligation. Next time he calls, give him some of your time. He's a good man to know!

## RISING INFLATION IS RIGHT HERE WITH US ALL.

In this month's Lite Lines, the chatty little leaflet our SDG&E sends out with its bills, carries a revelation on how the current recession, or to put it more mildly-- or naively-- inflation, is hitting us all.

Modestly, and rightly, the firm shows "The soaring cost of services", reprinted in part from that truth-telling magazine, U. S. News & World Report for Jan. 19, shows but a trifling rise in electricity charges of only 4.6% in price change during the past five years, (64-69).

Leaping to high place in the "pictogram", is the astounding 86% jump in a semi-private hospital room, with operating room rise of 67.4%. The US Dept. of Labor each month tallies the cost of more than 80 services which are included in its consumer price index.

Strangely, out of the entire roster, only two-- phone and TV repairs, -- are lower, on the average, than five

years ago. All else costs more!

Business hereabouts, and we are in a rather affluent area, is down, as almost any merchant will tell you. Tight money, high rents for homes, apartments and businesses, have taken their toll of prosperity. Higher taxes have stopped many from buying new cars, clothing and other items not in the luxury class.

Auto dealers are howling over the lack of new car sales. The building trades are likewise in a bind for there is no money to build with. Today it's like it was back in 1929 when that black Oct. 29th arrived to hit the nation, almost below the belt!

The U. S. News & World Report showed these items rising; bank service charge, 9.1%; household rent 11.8%; eye exam & glasses, 20.9%; auto repairs, 23.5%; property taxes, 29.7%; man's haircut, 32.9%; physician's fee, office visit, 37.8% and repainting a room, 50.4%.

Auto insurance cost is also skyrocketing and a lot of other necessary items have gone up, too. Which reminds me that I've not bought a new car in 5 years. The above is the reason! -CI

### MAY EAT IN CLASSROOMS

Supt. W. Ed Browning says that with new school rooms 18 and 24 months away, and enrollment going up each year, they may have to serve hot lunches out of the present kitchen right into the classrooms, as the auditorium cafeteria may have to be used for classes.

Like the stage, now used as a classroom, the auditorium can be arranged for classes with portable equipment, blackboards and seats, so it will be available as an auditorium when required.

### KIWANIS TO HEAR COUNTY MAN

Tomorrow in the Log Cabin, Kiwanis breakfasters at 7 will hear a talk on the situation at the Alpine disposal area, Chocolate Summit where boring is permitted, making a lot of smoke. Speaker: Dick Thorp, of the county refuse office.

### 15th CALL TO BREAKFAST

The SD County Egg Producers are serving their 15th annual Good Egg Breakfast next Wednesday in the Town & Country Convention Center. This jolly and entertaining event is attended by the news media, officials and prominent businessmen from all over the county.

The first one was in 1956 when Supervisor Dave Bird was named the "good egg". Last year it was Supervisor DeGraff Austin. They always present a talented speaker on some topic of interest.

Dick DeMatteis down at Sleepy Hollow Ranch is busy full time now training horses. They are looking for a busy spring and summer this year with those new training rings built by Ev and Ted Shilts.

Enjoying recent Optimist dinner while off from his exacting job of pilot on Continental Airlines-- he's a captain-- is Hal Hundley, of Victoria Dr. He spends spare time raising registered black Angus cattle, blooded horses and enjoys his ranch life, plus a few civic activities.

Dorothy Green of Lakeside, who runs that popular "Flowers by Lakeside" florist shop, says they have just about everything this year for Easter. They have wire service, also county-wide delivery, which appeals to their customers in Alpine and the back country.

Alpine Lively Oaks will have a tour Thursday, April 16, to view the Jai Alai games and have dinner in Tijuana. Details from Gladys Pinkerton, 445-3865, if you wish to go.

John Scott, operator at Alpine Beauty Salon, is off on a week's vacation, reports Mrs. Eva McGuffie, owner of the popular shop.

### REALTORS NEED MORE LISTINGS

Every real estate firm around the Southland is crying for lots and homes to sell as buyers are looking for both these days.

Here is one busy office, Smith Realty, 2530 Alpine Blvd., in which building is also housed Don's Barbershop.

From left: Don Roccaforte-- growing beard again-- Al Smith, who is also a pilot, works as assistant manager at Gillespie Field; and salesmen Betty Jasencak and Paul Dillow, not shown, Archie Frogge.

Victor Walton has space in Smith's office for handling legal matters, comes up on appointment from Lakeside.

## HORSE TALK

By The Double C's

We are looking forward to Alpine's second annual parade and hope it tops last year. It should as the publicity has gone out earlier, it is starting at noon instead of 9:30 and there are trophies. This is a big incentive and already has drawn outsiders to our show. The date is Sunday, April 26 and formation starts at South Grade Road and Alpine Blvd. There isn't any entry fee and blanks can be picked up at Carrell's Feed Store, Alpine Western Wear or the chamber office. Start thinking of something out of the ordinary, then you are sure to win a trophy. Cecile and I are entering as a matched pair and are glad Alpine has the parade.

Bob Mastny, who is parade chairman of the Lemon Grove Old Time Days, invited us to ride in their annual event that is on Saturday, May 23 at 11 am. He also said if we know of anyone else who would like to ride, please contact him, 463-7626. Riding in parades sort of gets into your blood and it is a lot of fun, so if you have a trailer or any way to get your horse down, why not enter?

It is really worth the effort and who knows, you might end up with a trophy.

Did you see in the Daily Californian where Gail Fitzgibbons was riding her horse on a narrow trail, caught her stirrup in a wire fence, causing the horse to shy and fell into a deep culvert. Her horse couldn't get up so her dad and the police helped get him out with ropes. All he had was skinned knees and she was lucky he didn't break a leg.

Ginny Schutzer sold her little stud to Faith Carbaugh of Harbison Canyon. She is working with the horse, had him gelded so he would be a good saddle horse. He is out of the Payne's mare Princess and stud Red.

Sunday the Westwind Riders have an open show and it is approved so if you are out for points, better take in this one. It is at the Tumbleweek ring in Lakeside with Allen Miles judging, and entry fees are \$3. a class.

The contest closed last Sunday for the Miss Rodeo Queen for El Capitan Rodeo slated for April 18 and 19. Judging will take place on the 4th so we will know who the lucky winner will be at that time.

Only three 4H Horse Club members attended the annual show held by their club in Jamul Saturday. JoAnn Villa collected numerous ribbons and two beautiful silver candy dishes, having taken firsts in Western Pleasure and in bareback. Two Gustafson children took several ribbons for their horsemanship, for which they were mighty happy.

JoAnn Villa is taking her horse to the big 4H Show Sunday at Del Mar, will have competition from all over the county.

Your money does go farther these days. In fact, a lot of it winds up in outer space.

Supt. W. Ed Browning of Alpine schools spoke briefly to Kiwanians on the financial responsibility law that may hit many in the schools because it demands to nose into private incomes, holdings, property, rentals and so on. "We may lose some of our board" he said, "as many people are averse to revealing their private and confidential financial standing".

Anyone with talent for entertaining is invited to book now with Ruby Wilson, 445-4518, for the Sunday, April 5, talent show in the Baptist Church of Alpine, corner Tavern & Arnold. It starts at 7 p. m., and Pastor Gray Evans says the public is cordially invited.

### SEEKS JOBS FOR UNEMPLOYED

Chairman Henry Boney of the supervisors is back from Washington where he was invited by President Nixon who asked 25 county leaders of the nation to be present at the 3rd annual conference of the Nat. Alliance of Businessmen. Boney recommended that the county take the lead in finding work for hard-core unemployed in the SD area. The NAB has placed over 200,000 unemployed in permanent jobs.

## FINE BREAKFAST BY KIWANIS

Everything is shaping up nicely for the annual Kiwanis Easter Breakfast in the school auditorium, says Pres. Lee Widmer. He named Bud Manion chairman and Dr. Ray Darwell co-chairman. The operation will be handled by all members working in kitchen and the front.

Tickets are obtainable from any member or at the door on Easter Sunday. Price: adults, \$1.25, children under 12, 75¢. Food will be served from 7 to noon. It is always a jolly affair with many newcomers on hand, and a lot of oldtimers enjoying chatting with old and new friends.

Visitors come from all around the county, and other clubs, to enjoy the annual breakfast and the community reunion. Funds go toward the fine projects for youth and civic affairs.

## MIKE SCHAEFER FILES FOR DA

The astute young SD councilman, Mike Schaefer has come out as a candidate to succeed retiring James Don Keller, present D.A. Schaefer, 32, has an Alpine woman, Mrs. Cheryl Lenz, Dunbar Lane, as his secretary in the city council, "and I know the Bailey family" he wrote the Sun, "thus we do keep up with some of your community's progress".

The candidate is an attorney, partner in a SD law firm, is a graduate of UC and Georgetown Law Center, Washington, D.C., promises a war on crime.

Dick Lane is a proud brother today having learned that his sister, Mrs. Nora Forman, of Lincolnshire, was one out of 22 councilwomen in all England to receive a personal invitation from Her Majesty, Queen Elizabeth, to attend a garden party at Buckingham Palace. She was signally honored for her civic work.

The beautiful new lake is nearing capacity and already people are enquiring as to when they can start fishing. The big show ring is being finished and the smaller training ones are already in use. ### FREEWAY BRIDGES NEARLY DONE

Jim Beers, state bridge engineer, told the Sun Monday that the two bridges over the Sweetwater are about 92% complete, should be done by mid-May. This includes the ones over Japatul Road, at the eastern end of the project.

"We are now touching up the red-lead coat, will apply another, then put on the finish color, a green-to-brown tone to fit in with the color of the hills. It will make it prettier and blend in with the terrain", he said. The complete job should be finished around mid-August, and an opening date set.

Mrs. Sherry Kluczewich said she read Cynthia's new column "Hoss Talk" with interest. "It was fine, and valuable for some older horsemen as well as younger ones because some are too embarrassed to ask those simple questions".

### LUTHERANS READY FOR EASTER

Members and the public are cordially invited to join us in our regular Sunday worship at 11, and on Wednesday evenings at 7:30 in the Alpine Lutheran Church, 2040 Tavern Rd.

With glorious Easter Sunday only a week off, it is time to consider the true meaning of this great day. It is a sad fact that, to many, Easter is only a day of celebration with eggs, bunnies, spring fashions and a big dinner.

So bring your family, friends and neighbors to church Sunday, and on Easter. All are welcome. - Ernest Thomas.

Addressing a recent gathering of 1000 campaigners in SD, sheriff's captain, John F. Duffy, says the narcotics

problem among young people must be combatted in the schools. He is a candidate for sheriff.

Duffy's plan calls for deputies-- in a non-enforcement capacity-- to be put in the schools to establish a rapport with young people.

Duffy, veteran of 17 years in the department, is acutely aware of the problems of today's youth, considers that area a major campaign issue.

## DOUBLE TALK

By Cecile & Celeste Irvine

This is Alpine's third year for the Miss Alpine Contest and if Chairman Renie Adams and her committee don't get 6 girls signed up before the deadline next Friday, the 27th, there won't be any contest!

It is such a wonderful opportunity for the lucky winner. Why not get your entry blank now and sign up. Blanks are at the chamber office, Alpine Western Wear and also in Harbison Canyon at the store. We have heard of some of the prizes and they are very enticing.

Don't let shyness stop you from entering. You get over that and besides if you are scared Chuck Owen of KSON, who is going to be the emcee, will help you. Get busy and talk your girl friend into entering with you, then it will be fun plus it might be very profitable for you both.

Doug Payne got out of the USMC last week, is living with his sister Ginny Schutzer. He spent two years in the service, one in Vietnam, so is happy to be home, is currently attending computer school.

Kids, don't forget the big Easter egg hunt sponsored by the merchants of Frontier Town and also the owners of the ranch. It starts after lunch and there are great prizes for winners.

Cynthia and Bill McTaggart got a 3 month old Weimaraner for Julie to play with, named her Daisy.

Doug Payne, former Alpiner, is moving his family to Pompano Beach, Fla. from Centerville, Kansas.

Rosemarie Range came over Saturday with her darling little black Australian shepherd she got from Doug Benson. He has a white tip on the end of his tail and is as cute as a button. She named him Poncho.

Mr. and Mrs. F.C. Timm, 1466 Olivewood Lane, are mourning the death of two pet nanny goats and five chickens which were killed last week by two dogs, a police and a black labrador. They got away before he could shoot them. The sheriff says loose dogs killing stock can be legally shot. Loss was over \$50. plus the shock of their death. A dog that will kill small animals, should be put on a leash and kept there.

## WOMAN'S CLUB DOINGS

The last meeting of the Woman's Club was lively and most enjoyable in spite of the rain. Program chairman, Leata Judd, had asked members to come wearing a hat they had made themselves. Some of them were indeed a sight. Prizes were given for these supreme efforts. Winners in their categories were: Renie Adams, "very bright"; Gladys Wotring, "Flowerpot"; Grace Palmer, "Yummy"; Marie Carlson, "Showcase"; Katherine Black, "Dream Hat".

"Husband's Night" last Saturday was enjoyed by many and their spouses who heard a speaker from the Customs Department.

The meeting of March 24 will be of special interest to all who enjoy gardening as the club will hear a speaker from The Plant House.

Hostesses: Mrs. W. S. Collier, Mrs. H. W. Johnson and Mrs. H. E. Robbins.

Fighting attitude taken by President John Nagy, of Homeowners' Assn., of Chula Vista, who last week told the Lively Oaks a few points on high taxes. His talk was loud and clear, with appropriate gestures which impressed the senior citizens.

Mr. and Mrs. Wm. Nason and her mother Mrs. Margaret Sloan of the Highlands, entertained the SDG&E Company personnel at their home last Saturday. They showed movies of the Yukon her father had made several years before.

The show was a benefit for the SD Choral Club of which Mrs. Nason is secretary. Another Alpiner, Birdie Best, of Vista Alpine, is also a member of this active group.

A real optimist is the fellow who marries his secretary and expects to keep on dictating to her.

## NEW TRAILER LAW HITS ALPINE

A local resident was fined \$50 in EC Municipal Court March 6, and given 3 days to vacate a trailer parked next to a house on an acquaintance's lot in the Alpine area. He was found guilty of a complaint filed by the public health officer through the DA.

Effective Jan. 1, Ordinance 3355 specifies that trailers may be occupied only in mobilhome parks or when a temporary permit has been obtained from the health office. Unoccupied trailers may be stored only in parks or on the lot where the trailer owner maintains his home.

## THANKS, FOLKS!

Dear Mr. Irvine: As a reader of the Alpine Sun, may I say that it is a source of both enjoyment and amusement, - and at times of enlightenment. Now and then I come upon a paragraph of misinformation also. I refer specifically to your issue of Feb. 13 in which appeared an article about Betty Brookes. The article stated that she was a senior at SD State, and that she had been approved by the college faculty as a candidate for graduation "with a bachelor's or Master's degree." It has to be one or the other, so I thought you might like to have some facts about Betty, just to set the record straight.

She is not only a registered nurse, but has an A. B. degree in Biology from Occidental College, a Bachelor of Science in Nursing from SD State, a Certificate in Public Health Nursing, and is currently earning units toward her Lifetime School Nursing Certificate. She also maintains many other interests, such as Scouting, Alpine Players and Art. I also wish to thank you for correctly spelling her name with the e, as I understand there are two Betty Brookes in Alpine, one without the e.

I always enjoy your articles on Health and Physical Fitness, and am told that you, Mr. Irvine, are a fine example of one who has practiced what he has been preaching.

The best of luck to you and your fine and most entertaining newspaper.  
Sincerely, Barbara Hoare

A week from today, March 27, is Good Friday, with Easter Sunday following on the weekend. The bank and some places of business will be closed from noon till 3 p. m.

## CATERPILLAR PLAGUE HITS

Mrs. Hazel Hohanshelt, retired Alpine teacher, of South Grade Road, reports a blight like a locust invasion on theirs and other properties in that area.

It is the salt marsh caterpillar, she says, as she sent one to her brother, Don Taylor, entomologist with the state agriculture office in Fresno. The Clayborn LaForce ranch is also being invaded.

"The little pests eat everything in sight and none can start a garden till they are gone", says Mrs. Hohanshelt. She says she burned four vacuum bags full last week. This is the first time she has known of this pest which may be due to the dry season and early spring weather. The blight has hit Old Hwy 80 below town, seems to be moving north across the road.

## HOSS SENSE

By Cynthia McTaggart

Many of you have heard the word "founder". It is a common illness but with proper care could be prevented. Most of the time it is caused by over-eating or drinking. If you allow your horse to drink his fill of water and then stand after you have come in from a ride, he will founder. A horse should be cooled out gradually, rubbed down and if the weather is cold, a blanket put on. It will do no harm if a hot horse is allowed to drink a small amount of water as long as he is kept moving around afterwards. Walk him in slow circles until he is cool to the touch. Test this by feeling between the front legs on the brisket.

Overeating is another cause and you should see that the horse cannot get in-

to the grain or hay and eat all he wants. This affects the blood vessels in his feet and can be a permanent injury. The coffin joint, inside the hoof is sometimes injured and drops out of position which can cause severe lameness in both feet. The horse acts like he is walking on eggs when he has been foundered and has excessive heat in the entire foot and wall. This is one way you can determine this from other types of lameness due to injury or gravel.

Mild cases may be relieved somewhat and the shoes removed carefully as the condition is extremely painful. Your vet may be called and will give some medication to relieve the animal.

Some horses which have had a mild case, may be ridden again, but will never be up to heavy work. It is much easier to prevent foundering than to cope with it.

Among many attractive and rustic ranch names is this one formerly owned by Katherine Black, the Crow's Nest on Alpine Heights Road. She sold it to Mr. and Mrs. R.E. Tyrel. Remainder of the Black property was subdivided. This part of Alpine is growing fast with many new homes being built or planned. It will progress more when interest rates normalize.

Pat Naud of the H&R Block Co., income tax office here, reminds all that the time is going fast and Apr. 15 will be here before you know it. So get your data to her early.

### SCHOOL'S OUT TODAY!

Easter vacation started this afternoon when students left for home and a lot of fun all next week. It will resume, says Supt. W. Ed Browning, on Monday, March 30.

Alpine's Boy Scout mothers don't have to worry as to what their sons will be up to during Easter vacation for today the big Scout Fair tickets are being distributed-- so the laddies will be busy selling them for the May 9 show at Del Mar.

Mr. and Mrs. Jim Creson have returned to their summer home on Dunbar Lane after spending the winter down in the Ocotillo desert at their house there.
