## MAYBE SHE'LL CHANGE HER MIND!

There is a pretty little girl, an El Cap '69 graduate, who lives with her mother and a brother and sister in Harbison Canyon, who just started work Jan. 1, at the H&R Block Tax office here, helping Mgr. Pat Naud in the reproduction department.

She is Diane Arnold, and when the Sun's editor went over to get her picture, he at once suggested to Diane that she enter the Miss Alpine contest.

## ENGINEER BUYS ACRE, WILL BUILD

Carroll Witter, his wife, two boys and a girl will soon become new residents for he just bought a choice acre at the corner of South Grade & Yucca Hill Roads. The property goes up the hill to a sightly spot with boulders, where the dwelling will be erected soon, reports Betty Jasencak of Smith Realty, who handled the sale. Witter is an engineer from NY, now lives in LM. John Pryor was the seller.

But she is too shy, flatly refused, although she was given one of those attractive application blanks.

Here is Diane at work making photocopies of all the tax returns, then she assembles them for mailing or pickup.

Don't you think she should brace up and get in the contest?

## 'MISS ALPINE' DEADLINE MONDAY

Girls of Alpine, Harbison Canyon and environs within the school district, you have only till Monday to enter the 3rd annual Miss Alpine contest. woodcraftman, of 925 Alpine Blvd., who for many years has made toys, kiddie karts, play-animals and a lot of specialties in his well equipped shop.

Today most of his work is producing a "gopher chaser" which really works. He has a patent on it, too.

"It is quite simple", says Kuhl, "you just scare 'em away; it chases them out to a radius of 80 feet".

The machine is simple, a tiny wind-mill turns a cam inside the box which activates two hammers on the steel rod which is driven 18 inches into the earth. When it turns, the hammers send vibrations down the rod. A vane keeps the blades headed into the wind. It operates in a light breeze. It is painted bright yellow and green.

Kuhl has been batching for a week as his wife Ivy, former chamber secretary, was off on a tour to Hawaii for a well earned vacation.

Maybe you can get by  
without enough life insurance...

**but  
could  
your  
family?**

If you look at life insurance as just another fixed item in your monthly budget, along with your mortgage payments and the utility bill, you may feel you own plenty right now.

But suppose, for a moment, you consider it more from your family's point of view. Suppose your insurance had to provide their only source of income — would they have enough? Enough to maintain a decent standard of living? Enough to properly educate your children? With the right amount and kind of life insurance you can answer these questions with confidence.

Looking at it from this viewpoint is Step One towards sound family protection. Step Two, we suggest, is a talk with your New York Life Agent. He can offer you the most modern policies, backed by one of the strongest mutual life insurance companies. He's been carefully trained to design a program to meet your needs and your budget, and his advice is yours without obligation.

Next time he calls, give him some of your time. He's a good man to know!

## FOREIGN AID MONEY SHOULD BE POSTAL AID MONEY!

There is an old adage, charity begins at home.

America seems to disregard that, for we have dire need not only for charity, but for raises in pay among a lot of employes. Today specifically, our good friends the postal workers.

While the hassle over pay raises has been going on for 18 months, much of the delay is due to arguments on the

corporation idea for the postal service. Awaiting a decision has delayed raises which are without a doubt honestly due.

Time goes on without any pay raise, yet the cost of living rises steadily. How can we expect our carriers and sorters to carry on in this kind of a jam?

Of course it is illegal to strike, for every civil service employe takes an oath, that he will not strike. We feel that these strikers are in a way cutting their own throats, jeopardizing benefits and seniority. It would have been better for them to go back to work, like Boston did, than to stay outside the law.

When we think of the U.S. sending billions abroad in foreign aid, we wonder why we cannot keep some of this money at home to help our own poor, starving, and underpaid workers in many fields. Just this week the nation is sending \$100 million to Israel for improvements! Likewise other countries receive millions every week. Yet we hold back legitimate raises to postal and other workers.

As one union man said, the government has broken promises and they are tired of being second class citizens; veterans who have served their country, yet are forgotten, and kept down by such tactics.

Well, that is how we feel about it, and we do hope that our statesmen will wake up and do something for our fine postal service employes.

In Alpine "Everything here is going smoothly" says Postmaster H. T. Magnussen, "our mail load is lighter due to the strike, but we'll have to make it up later to handle the volume when it is all settled".

Let's take care of our own before we try to help all the world! -CI

### 'BUCKSKIN' BOB ON PIONEER TREK

Last Friday Bernhardt Kleeman, 44, resumed his trip over pioneer routes, headed from the YC to Nebraska over the Santa Fe Trail like the pioneers did over 100 years ago.

He goes via muleback, with two others as packers, carrying his pup tent and gear. Bob ran away when 12, started west on the old Oregon Trail, but did not get far. So 30 years later he started it for real. He left Sac-

ramento, then north into Oregon and via old trails to Independence, Mo.

Then he started west via the Santa Fe, till disaster hit when a truck ran into him, injuring Big Bill, his quarter horse and two pack mules, Black Jack and Buddy. They had carried him safely 3,700 miles, but now had to be hauled back home. Big Bill is out to pasture for life and Buddy is again on the go. See next page.

### UNITE ALPINE, LAKESIDE SCHOOLS?

To relieve overcrowding at Lakeside Junior HS plans are being studied by that district's trustees. They voted to join other inland school districts in writing to the county education office.

Their letter asks that a study include a review of the possibility of a unified district covering Alpine and Lakeside. A similar request has been made to the county by Alpine trustees.

Jim Hannan and wife Agnes, 2251 Tavern Road, are entertaining his sister from Illinois this vacation weekend.

### PALOMINO MULE TAKES KLEEMAN

This is Bob and his light colored mule that he rides bound for his birthplace in Nebraska. He holds degrees in Business Administration and in Law, plans on writing a book about his feat.

"Riding these old trails is a lot harder than 100 years ago" Bob told the Sun while making these photos, "because of so many laws, freeways and camp rules. Sometimes I have to divert 15 miles".

He is presenting governors of Arizona, New Mexico and Kansas with medallions from the chambers of commerce of SD and Sacramento, his hometown. The pieces were struck off by the capital, with Ft. Sutter and the gold discovery, also by SD for its 200th anniversary. Later he will present medallions to the Truman Library, Independence, Mo., then to his home state with pieces for the Aksarben governor.

Radio, TV and press of the south county gave "Buckskin" Bob a good send-off last week and the networks are keeping track of him, he says.

Note- Had we known sooner of his stopover here we would have put on a farewell party for him like we did for the woman and the boys who rode in last year. -CI

Excitement is growing as Alpiners prepare for their second annual parade and from the looks of things, it is going to be a nice big one. Hope a crowd is on hand to see the efforts of those entering.

We have blanks in our office, 2255 Tavern Road, or you can get them from the chamber office, Alpine Western Wear or Carrell's Feed Store. Mrs. Featherstone, secretary, asks that they be completed and returned to her early so she can get them classified and the entries numbered. The success of the parade depends on you entering, so get

Want a nice Western saddle very reasonable? Katie Timson has hers for sale for a small amount. Call 445-4767 if you are looking for one.

Mark your calendar for the weekend of April 17-19 if you are an Arabian horse enthusiast. The Desert Arabian Horse Assn. is sponsoring a show to benefit the EC Pot Warner Football Assn. The show is on the Del Mar fairgrounds and \$3,500 in prize money awaits the winners. They expect over 700 entries from many of the Western states, so it sounds like a huge show. Ken Wood, show chairman said that the classes for the 3-day events have been planned to emphasize the extreme versatility of the Arabian. Don't miss it if you like this breed.

Another show sponsored by Lakeside Junior High Band and Orchestra Parents' Club is having a 2-day gymkhana and equitation show April 4 and 5 beginning at 8:30. This is approved by the Gymkhana Assn, Exhibitors' Assn. and Horseman's Executive Council. If you are working for points, be at the Tumbleweed ring with your horse, and enter. Ghykhana entries on Saturday are \$1. a class; equitation, \$2. for each event. The judge is Jerry Lucas.

Wild horse racing will be an added feature to the El Cap Statium Assn. rodeo in Lakeside April 18-19. Performances are scheduled for 2 pm and 8 pm with one on Sunday at 2. The rodeo queen contest will be April 4 with Justine Curtis, last year's queen crowning the 1970 winner.

### MOTORCYCLIST CAUSED THIS

Here is the fine Volvo car of Nancy Rader that she totalled when swerving to miss a motorcycle rider approaching on the wrong side.

In order to avoid hitting the cyclist, Nancy swerved to the opposite side of Tavern Road, tried to correct the car and it hit the loose gravel, going out of control and turned over several times before landing right side up.

Had she not been wearing seatbelts, her injuries might have been more severe.

Examining the wreck is A.O. Thibault who was on his way to the Sun office when the editor went to take this photo. Thibault owns Flinn Springs Ornamental Concrete & Pottery Products, 15, 660 Old Hwy 80.

"If you have a weight problem" says Jean Bolton, lecturer for Alpine's growing group, "come on over and pay us a visit". Mrs. Bolton knows, as she was once fat, joined WW and is now a trim person. Her talks are on why people are heavy, says most obese ones are compulsive eaters.

Many overweight persons stare into the refrigerator, fighting a desire to eat, yet wondering what will taste good. Now for the first time, Weight Watchers gives them a choice-- generous amounts of meat, fish, vegetables, fruits, so that no WE need ever go hungry again. "It isn't a diet, but a way of life" she says.

This offers a new revolutionary idea-- to eat as much as one wants of various "free foods" in addition to three meals a day. Is is a complete reeducation of good nutrition and proper eating habits.

**PHONE RATE BOOSTS SOUGHT**

If this week's filing of phone increases in the East County by Pacific Telephone are approved totally by the PUC, 1-party residential rates would go up \$1.85 a month, while business service rates would fluctuate.

The boost would up company revenues \$195 million a year. Rates were last increased two years ago when the PUC allowed a \$50 million increase compared with the \$181 million the firm had asked.

Alpine, served out of the EC exchange is in a special rate area. As a result, 1-party residential rates would go from \$6.85 to \$8.70, individual business line flat rates from \$7.20 to \$11.05 and single-party business service from \$16.45 to \$20.

Party line rates, for both residential and business, also would be increased proportionately, according to William E. Quirk, vice president and general manager for the company's six southern-most counties.

Quirk pointed out that the company is presently allowed by the PUC to earn a 6.9 per cent rate of return-- in 1969 the company achieved a 6.3 per cent rate of return--- which does not enable the utility to generate enough revenue to keep pace with growing demands. It should be 8.5 to 9.

"We believe that our over-all rate application, while admittedly large, is nevertheless needed if we intend to maintain a high standard of service," Quirk concluded.

## DOUBLE TALK

By Cecile & Celeste Irvine

Easter is early this year and it sure sneaked up on us. However, we are enjoying the week's vacation and hope everyone else is.

Little Lorie Avery, who lives next to Sleepy Hollow Ranch, thought she had sprained her ankle and when it didn't get any better, her mother took her to the doctor to see why. She had an abscess on the bottom of her foot probably caused from a stone bruise, that the doctor had to remove. She is all better now but it was quite painful till it healed.

Betty Westbrook and 2-year son Kevan are leaving Monday to spend a week in Honolulu. Her husband Earl is on R & R so she wanted to visit him. He will be home on leave from the USN in August, is making the Navy his life work.

Frank Scully, who is in the Marines, took his R & R in Hong Kong, sent home some real out of sight presents to his family. Little brother Matt got a

real mandrin coat lined in red. Bet he looks cute in that!

Marty Hoy has her leg in a cast from her hip to ankle. She sprained it rather badly and when it didn't heal, had to have it put in a cast. She is a stewardess with PSA.

No one in Alpine was more depressed than Marie Featherstone, chamber of commerce secretary, when Bob Dale called her from Channel 10 to see if she could tell the amount of money in the movie jackpot. She lost \$460. by not viewing TV that day. We can sympathize with her as that is a lot of foot to lose.

Pete Scully is enjoying his Easter vacation with the Dick Peterson family who went to the Grand Canyon in their camper. They will be home today and this is one of the best times to view that stop as the snow has melted and it is nice to walk to the bottom, if you can make it.

Anyone want free guinea pigs, all sizes, ages and colors? Call Coleen Ingles, 445-3355 if you do. You can buy these pets in the shop and they are expensive so here is a chance to get them free.

Doug Ingles, 16, spent his vacation in San Felipe fishing with the Small family, reported a wonderful week on the beach.

Barbara Svensson is looking for a baby sitting job after school. If interested, call 445-3300.

Linda Nichols Sacco is fixing up the little cottage on her grandmother's ranch so she can move in and be close to her family while husband Joe is serving with the Navy in Japan.

Alpine needs a pool service!

## BAPTIST CHURCH OF WILLOWS NEWS

By Clara Brabazon

We would like to extend an invitation to all in the community to Easter Sunrise services at 6 a. m. The regular worship service will also be at 10:45 as usual.

The quarterly business meeting will be on Sat. April 4 at 10.

The men's "Palomar Retreat" will be on Friday and Saturday, May 1 & 2. Make reservations with Lou Hesterley.

Billy Graham's latest movie "His Land" will be shown Sunday evening April 5 at 7:30 in the church. Won't you come and bring friends and neighbors?

We are so happy to have Mr. and Mrs. Roscoe Allen back with us. She has had a lengthy stay in the hospital, has a wonderful testimony of what the Lord has done for her, and the power of prayer.

Mrs. Eleanore Phelps is also back after having eye surgery.

Rev. Doug Schacht and wife Dolores are in Champagne, Ill. to see their new grandson.

## READYING SCOUT FAIR FOR MAY 9

John W. Witt, chairman for the 1970 Scout Fair at Del Mar says thousands of Scouts and Scouters are working already to give the public a spectacular show this year. Kickoff rally was on March 20, and it looks like this year's fair will be a humdinger! Alpine lads will be there, too.

More and more girls are getting men's wages these days, but then, haven't they always?

## EGG HUNT FOR SMALL FRY

NOTICE OF FILING APPLICATION  
FOR INCREASES AND DECREASES  
FOR INTRASTATE TELEPHONE  
RATES

The Pacific Telephone and Telegraph Company on March 17, 1970 filed with the Public Utilities Commission of the State of California an application, numbered 51774, for authority to increase and decrease certain intrastate rates and charges applicable to telephone service furnished within the State of California. In general terms, the proposed increases and decreases are as follows:

Exchanges in the San Francisco-East Bay, Sacramento, Los Angeles, San Diego and Orange County extended areas would receive increases resulting from the application of uniform sets of basic exchange rates for residence and business service. The increases would generally be in the range of about \$1.85 per main residence telephone and \$3.80 per main business telephone.

For exchanges located outside of the San Francisco-East Bay, Sacramento, Los Angeles, San Diego and Orange County extended areas, increases in basic exchange residence and business rates would depend upon the size of the exchange and whether or not extended area service is offered in the exchange. These increases would be generally about \$1.85 per main residence telephone and would range from \$3.80 to \$6.30 per main business telephone.

The message unit charge would be increased from \$.0405 to \$.045.

Some intrastate message toll telephone rates would be increased and some reduced.

Residence Foreign Exchange Service basic rates, -Airport Intercommunicating Service rates, and Centrex Service rates would be increased.

Directory Listings rates for certain Additional Listings and Lines of Information would be increased.

Key Equipment Services rates and charges would be increased for certain MKC, DIAL PAK, and Business Interphone Services.

Mobile Telephone Service monthly rates and service and equipment and

non-recurring charges would be increased.

PBX Services and Dispatching System Service rates and charges would be increased.

Service Connection, Move and Change, and In Place Connection Charges would be increased. These increases would range from \$1.00 to \$3.00.

Supplemental Equipment rates and charges would be increased for some items and reduced for Special Type Cords.

Special Assemblies of Equipment rates and charges would be increased, and special arrangement for use with tandem dial connection would be withdrawn.

Telephone Answering Service rates and charges for cord-operated equipment would be increased.

The rates proposed are estimated to produce additional annual gross revenue of \$195,000,000.

The Company's proposed rates would become effective in various California counties and municipal corporations, including the County of San Diego and the Cities of the Mountain Empire, upon grant of authority therefor by the California Public Utilities Commission. The State of California and the counties and municipal corporations which may be interested in the application may obtain a copy thereof from the Applicant upon request to:

G. L. Turretto, Assistant Vice President, The Pacific Telephone and Telegraph Company, 140 New Montgomery Street, Room 1626 San Francisco, California 94105

A copy of the application may be inspected by any interested person in the office of The Pacific Telephone and Telegraph Company at 1188 6th Ave.

San Diego, California and in the offices of the Public Utilities Commission of the State of California, Fifth Floor, State Building, Civic Center, San Francisco, California, and State Building, 107 South Broadway, Los Angeles, California.

This view from outside intrigues visitors to Alpine Shell Service where Ron Niccum, dealer, is reporting business as increasing all the time.

This is the corner of the station where he has the gift shop with all kinds of items, so Milady may do a bit of shopping while Dad gets the car serviced.

If you have not visited Ron's establishment, now is a good time to do so. It is at corner of Tavern Road and the offramp.

We reported Michael Waldren as being in the Navy last week only to find out that he completed his service, is home and working with Ron Niccum at his Shell Station nights. Mike was home last Oct. (The Sun used the Navy's press release!)

This week I would like to discuss roundworms, or ascarids, as they are also known by. Most horses become infected with them so it is a good idea to worm him or have your vet do it at least every two years, some vets recommend doing it yearly but be sure to have it done.

of stock and range from 6 to 15 inches in length. In heavy infestations, the larva do a great deal of damage to the lungs and liver. They cause anemia, retard growth and cause general body weakness.

When they first emerge as eggs, roundworms are too small to be seen by the naked eye. During this period they penetrate the intestines, enter the bloodstream and migrate through the body, damaging the liver and lungs. After 6 to 10 days, many pass through the lung tissue into the windpipe where they are swallowed with food and again resume life in the intestines. In about two months they are fully grown and start laying eggs, so you can see why it is important to worm your pet.

Each worm lays millions of eggs while in the intestines, and these are spread around in the manure. The eggs are resistant to cold weather, drought and most disinfectants. They have been known to live as long as 5 years under suitable conditions. The eggs do not always cause infection when swallowed, but if the horse is rundown anyway, he can become quite ill.

Treatment for these parasites can be handled at home but if you want a good thorough job, get your vet to come and worm your pet for all intestinal worms. You will be glad you did.

During this week's vacation, of all the McCall Ranch School students totaling 42, only four were on hand, reports Mrs. Blanche McCall, principal.

Ralph Magnussen, son of Alpine's popular postmaster, has moved from Riverside to Medford, Ore., with his wife and their twin boys. They got tired of the LA basin smog, decided on the webfoot state. Strangely enough, landed on the same street, same block where his sister, Carol, and husband Al Cruz, lived for two years! They are at 1905 Marsh Lane, even have the same landlord!

Note- We told them to look up their old friend Cynthia Irvine McTaggart, who lives in that neighborhood of beautiful Medford, where today the countryside is abloom in all its springtime splendor! - CI

### KLUCEWICH BUYS BUSINESS PLACE

The brick building at 2538 Alpine Blvd., next to Smith Realty, has just been purchased by Joe & Sherry Kluczewich, owners of Alpine Plumbing Co. It is on a half acre, has a rebuilt barracks attached and another shop building in the rear. The three structures are being refurbished, painted, preparing to move in. The front building will be for the office. The others for shop and storage.

Next door eastward at 2546 is a house which has been rented to Linda Schick, who works with Dale Goodenough Carpets in EC.

The place was sold by the Frank Green estate. Formerly Green had run a feed store there and at one time it had been occupied as a clubhouse by the VFW.

### ALPINE GETS AN INVITATION

Editor: Sir; Thursday the writer was happy to get a copy of your attractive little paper while attending a meeting of the SD City and County War against litter Committee of which I am a director. I was pleased to see the item about Painter Justin Gruelle's work on Maj. Reuben Fleet which is on exhibit here.

It occurred to me that possibly authorities in Alpine might consider the idea of a joint trip to the SD Aero Space Museum, where I work in the library for children and adults. Also if you wanted to arrange for a lecture in the Musser Planetarium in the Hall of Science and learn about the fabulous planetarium named for Reuben Fleet. In any case, we would heartily welcome all of your readers here.

Sincerely, Robt. J. McPherson

Happiness is getting a bill you've already paid.
