**CHANGE VICTORIA HOUSE NUMBERS**  
 While county engineers are getting all streets named and houses numbered, the lively Victoria Area Civic Assn., is calling a meeting of all property owners to discuss the mixed up situation on that road. It will be at 8 pm in the Woman's Club on Thursday, May 7, reports W.P. House. The idea is to do away with east and west designations and get a uniform numbering system.

### WHAT WILL SHOW VISITORS THINK OF ALPINE?

This is not to take a critical shot at the chamber of commerce or any individual.

But Alpine, chiefly downtown, where perhaps 2000 visitors from nearby areas, saw the wonderful parade Sunday, did not have a best foot to put forward, as it were.

It is apparent that we should put some teeth into the ability of the chamber to get something going to make this community cleaner and better looking.

Downtown is a mess, as one man remarked the other day. "You can't walk anywhere without stubbing toes, having to bump over old, broken concrete, go zig-zag and up and down to get anywhere".

Some places have piles of merchandise, junk, trash all around, in front, at the side, and in the rear. These should be removed or high fences built to hide them.

A friend who has lived in picturesque Ojai near Santa Barbara, says no-

body here seems to care about a planned architectural growth. That is true and if Alpine gets a planning project, this might be well taken care of.

Around the community one puts his life in jeopardy while afoot or on horseback. We appreciate everyone being busy and in a hurry, but hereabouts we seem to have no speed law observation. Few drivers slow up for children on horses and that is a true hazard.

If and when the Youth Center gets a new building, it should be in keeping with the style of the fire station, the Rexall store, the convalescent center or Alpine Village, to mention a few later structures.

But a definite plan for orderly growth and progress should be first in the minds of those who have some control over Alpine's future.

Let's make and keep our lovely Alpine beautiful! - CI

### EL CAP CONCERT TONIGHT

In the Lakeside Jr. HS auditorium this evening at 8, the first community performance of the season goes on under direction of Bruce Backman. The choir will present an original play by Dr. Jester Hairston, noted Negro spiritualist, "There's A Great Camp Meetin'". Adults, \$1, students, 50¢ from choir members or at the door.

Two Alpine members of the SD Choral Club, Mrs. Birdie Best and Mrs. Adele Nason, are to appear at the annual Spring Concert tomorrow night at 8:15 in Clairemont HS, 4150 Ute Drive in SD. The public is cordially invited, says the director, Mrs. Jeanne Roodhouse.

As a last resort the store sent a final note to a delinquent customer, stating, "If you don't pay your bill, we'll tell all your other creditors that you did."

### CARD OF THANKS

Dr. Robt. Burak, prexy of the chamber of commerce, wishes to thank Geo. and Maureen Carrel, co-chairman of the Viejas Days Parade and everyone else who helped make the parade such a tremendous success, even the weatherman cooperated.

And another thank you to the PTA for adding to the day with a delicious barbecue.

"We have already received entries for next year, so it should be bigger and better", he adds.

Please be not timid in phoning or writing in your news for the Sun. Visitors, goings and comings and small items are what make a small newspaper well read. Thanks.

*"Gee dad, if everything costs money, what would we do without you?"*

Could you give your own child a confident answer to that question? Or do you wonder yourself how your family would get along without a father? Life insurance, of course, was developed to help solve this very problem. And modern policies make it possible for almost any man to give his wife and children the basic financial protection they need.

I am interested in providing you with the kind of life insurance you really want and need — and can afford. You'll be surprised how many of your family's future problems I can help you solve.

**SCHOOL GROWTH UPS THE BUDGET**  
Supt. W. Edward Browning reveals that the preliminary 1970-71 budget of \$577,000 is being eyed by trustees. It represents a jump of about \$100,000 over this year's.

"We don't know yet what our income will be" he says "from state support, or increases in the district's assessed valuation". The jump is due almost entirely to the district's growing enrollment. Next year it looks like it may reach 900 from the present about 800.

Among items in the budget: paving the lower parking lot at Alpine School; conversion of multipurpose rooms at Alpine and the Canyon into classroom space, upgrading the district's library services, and other items.

6  
**COMMUNITY PLANNING GOES AHEAD**  
 "Our planning Committee chairman, Dr. John S. Campbell, has received encouragement from the county planning office", says Dr. Robt. Burak, chamber president, in his quarterly newsletter.

"However, before Alpine can be considered for community planning, one of the 10 plans presently under way in the county must reach a vote of the people. This will probably be Poway and the vote is scheduled for May. Taking advantage of every opportunity, Dr. Campbell and his committee attended a meeting in Lakeside to observe methods of their tentative community plan and picked up some useful ideas."

Note- This is one thing urgently needed here so that the town may grow steadily and uniformly. For example, these need to be remedied: curbs and decent walks in downtown; deed streets to the county so they will not be unsightly and unsafe as N. Marshall, Eltinge Dr., Holly Road and others; establish some sort of uniformity in architecture, and many other points so badly needed. CI

George Carrell rode perhaps a dozen miles up and down the road trying to get the parade underway. He needed a few helpers as getting a parade started in order is a task. He and wife Maureen really had a hard job, did it well.

Emelia Kelly has a new granddaughter, Eméne Annette, born recently to Richard & Bernadett Giambruno of Stockton. This new name is a contraction of her grandmother's names: Emelia and Inez. In July, when Richard is doing his stint in the National Guard, Bernadett will be here with the two youngsters for their annual visit with Grandma Emelia. Little brother Christopher will then be two.

Here is "farmer" Pat Brotherton with his "wife", sister Theresa, in their sweepstakes-winning rig which drew great laughter and applause in Sunday's parade.

The youngsters, children of the Richard Brothertons, Tavern Rd., are being taught the pleasure and profit of working on their little ranch, raising their own piggies, horses, dogs.

## HORSE TALK

By The Double C's

We were thrilled beyond words to see so many come Sunday to our second annual parade. It made it all worth the effort and proves to many that Alpine can do something and have outsiders come and enjoy it. We were happy to have been a part of it and hope to enter next year. Congratulations, Alpine, we knew it could be done!

Tomorrow the annual 2-day horse show starts at 8 am in the Youth Center ring which features Quarter horses with an open Western show all day Sunday.

Sam and Betty Rash were on hand Sunday night to assist their Tennessee Walker Midnight Star have her first colt. The beautiful little baby is all black except for a few white hairs on his forehead and will be named later. Will get pictures next week for the Sun. Needless to say, they are all thrilled.

Not too many witnessed the freak accident on the freeway Sunday afternoon but Betty Rash did and told Mama about it. Seems a man was trailering his horse out of Alpine when the tail gate flew open and the horse fell out landing on four feet. He was in shock

or else a very docile horse as his owner calmly put him back in, shut the door and went on his way. Was a lucky thing the horse didn't bolt and get killed on the busy freeway.

Wayne and Jerry Brown spent Sunday in El Centro visiting their friends Effie and Harold Kristol of Bar HE Appaloosa Ranch. They own Blackburn Chief II who was trained in Alpine. Their mare Susie Quanah had his little colt last week which came with a beautiful blanket and promises to be show material.

We missed the 92 riders who spent Saturday night at Doug Walker's ranch. We expected them to go over the hiking and riding trail that brings them out by the river but they took the route by El Capitan Dam and went into Lakeside so we missed them. One year Daddy got a fantastic picture of 45 riders on the switchback trail above Sweetwater River.

Sherri Jones is thrilled with the big Palomino mare her parents just bought her, even rode the horse in the parade Sunday.

We were so happy to learn that Festus, one of the stars in "Gunsmoke" will be back at the Indoor Rodeo this year. The show opens May 15, runs thru the 17th in the Sports Arena.

Ellen Hood, riding instructor at McCall's Ranch School is getting ready for their annual show May 17. Bob Alcorn of Lakeside is judging and Ellen says the trophies are beautiful.

Yvette Kluczewich's mare Pilar had her baby last week, a little colt she named Butch Cassidy. We would have gone up Sunday to see the little thing but were too busy with the parade so will have pictures for the Sun soon.

### FATHER TIME CAME OF AGE!

Whoever allotted numbers in the parade surely gave Editor Irvine as Father Time the right one--21-- for he yelled to onlookers: "I've just come of age!" which drew laughs.

His scythe was real, one that he uses to cut weeds on the Irvine Ranch here. He sat in the antique quartered-oak rocker, enjoyed parade.

## ANTICS OF THE ARTISTS

By Mary Ann Williams

A vote of thanks is due Rossella Brewster, Fern Sandell and Simone Titus for spending Sunday afternoon greeting visitors at the preview on the patio of the school.

With so many AAAA members among spectators at the parade, Sunday was like a reunion of artists. Even "Pete" Katherine Chene's lovable little pooch, strutted down Alpine Blvd. in his "doggie" ponche, made by his mistress, who is well known for her "peoples" ponchos.

Everyone is working in high gear getting ready for the Viejas Days Art Mart, which will be on the parking lot at the West side of the Woman's Club, tomorrow and Sunday.

The public is invited to hear J. Milford Ellison, who will be guest speaker at the AAAA regular monthly meeting May 6 at 7:30 pm. He is an artist, art educator, and art tour guide, has taught in many SD high schools, SD City College and many others. He is the recipient of numerous awards among which are a first for water colors in Paris, France; Canadian RR prize and Fiesta Del Pacifico Award.

**BEAUTIFUL GIFT OF SPRING!**

By Phyllis Limer, Chairman, Beautification Committee, Chamber of Commerce.

Have you seen and enjoyed our hill-sides?

Hike, drive or ride around the lovely hills of Alpine and you'll be repaid a thousandfold. Mother nature is offering some wonderful gifts.

Just now wild lilac, Scotch broom, tamarack and blossoming trees are adding to the springtime beauty of the countryside of Alpine.

Let us preserve this natural beauty with a clean, litterless community! We appreciate what the youngsters did to clean up Alpine on April 26-- but let's keep it up every day, so the hundreds that visit us during Viejas Days will say "My, what a nice place is Alpine!"

Again this year Mr. and Mrs. Ralph De Angelis, genial hosts of the cafe bearing their name at 12861 Old Hwy 80 reached by the Greenfield Off-ramp of I-8-- are preparing for a record attendance at their Mother's Day dinner (May 10). Mr. and Mrs. Rupert H. Best had as their guests this past week, their son, S. Gardner Jacobsen and family from San Gabriel. The Jacobsens were here for the 10th reunion of Crawford High 1960 graduates held in Mission Valley Saturday night.

Jack and Anna Molinare left Monday for a trip through Arizona and New Mexico. Mr. and Mrs. Walter Redding have just returned from Phoenix; and leaving this week are the Bob Smiths for Iowa; the Lee Wilson's for a week of fishing in Imperial Valley and the Art Spechts for Manzanatlan, Mexico.

Managers Ira and Marian Hargraves left on Tuesday for Texas to visit a daughter leaving Vista Alpine in the capable hands of assistant managers Mel and Helen Weeman.

We've been having a lot of fun at our "Country Store" each month with Jack Curie as the very entertaining "caller", and other activities are scheduled in the near future. Among them will be a Mother's Day breakfast, prepared and served by the men in the park.

At a recent potluck a "white elephant" auction was held which swelled the treasury considerably besides providing a lot of fun for all. Jack Curie was the auctioneer.

### 92 IN DE ANZA RIDE STOP IN

Friday night was a busy one up at Doug Walker's Willows ranch where they hosted 92 horsemen from Riverside on their annual long distance ride. At 8 next morning the group was off over the riding and hiking trail to Lakeside for fun, sleep and departure Sunday for their homes in the Riverside area. Some 150 came through here several years ago on their annual trek.

## ALPINE TELLS OF EARTH DAY

By Rodney Clark

April 22 was an unusual day at Grossmont College where they observed Earth Day as part of the nationwide awareness of the crisis we are now facing. I spent the whole day there, and learned a lot.

This time of environmental awareness was an urgent plea by those aware and concerned by the crisis of our survival to halt pollution.

Colleges, high schools, junior high and elementaries, all participated. Colleges in this area had speakers and activities all day, as most classes were cancelled to permit students to participate and get involved.

Grossmont College had an excellent variety of activities throughout the day. An example of the different ones were: A lecture and film on "What is Ecology" every hour, a video tape of Dr. Paul R. Ehrlich (author of Population Bomb) speaking on "population". Other films dealing with the environmental crisis were shown every hour. There were

## GUSTAFSONS ON 100-MILE RIDE

Bob Gustafson and his father, Marvin, noted as heads of the famous Gustafson Furniture Co., in SD., enjoyed the Desert Caballeros' 100-mile ride out of Wickenburg, Ariz., April 20-25.

This was Bob's 10th year, his father's 12th. "On the third day we enjoyed a rest day" Bob says, "with turtle and horse races, skeet shoots, talk and rest. About \$3,500 passes hands at the races and we have a lot of fun." There were 220 riders on the big trek. Wickenburg is an all-western town which is noted for that type of atmosphere.

panel discussions on such topics as "pesticides" "the future of forests in California", "Political Systems, Dissent and the Environmental Crises", "Rapid Transit & the SD Area", "Religion Ethics & the Environmental Crisis."

Dr. Benjamin Spock lectured on "Dissent & Social Changes" which has relevance because the life style of man is the cause of the environmental crisis we find ourselves in and changes are necessary in this life style to prevent us from destroying ourselves and the environment.

Other things that were encouraged: the Hunger Diet which consisted of a bowl of rice and a cup of tea to show what the other half of the earth's population subsists on and to show that if present trends in population persist all the world will subsist on this! Another was the maximum transport-minimum pollution. This was to encourage students and faculty to either ride a bike, walk, ride a bus or form a car pool to prevent pollution.

This day was just the beginning of becoming aware of the crisis of our survival and the continuation of this type of awareness and action without question, should continue.

By Cecile & Celeste Irvine

Hey, you kids who come from a large family, here is a chance to see "Disney on Parade" free. Sports Arena officials are looking for a family with the most children to be guests during this Disney show, which opens June 2.

The show, in which Disney characters come to life and perform in colorful production numbers, will delight all ages.

If you qualify as the area's largest family, write a letter to "Disney on Parade" % SD Sports Arena, 3500 Sports Arena Blvd., SD, 92110.

Jerry and Terry Lembtke drove out to Alpine last Friday to visit Maxine Kinikin Cabella and brought their little daughter Dawn. Both used to live here, are moving to Phoenix soon as Terry has been transferred to Arizona. Maxine flew home Monday with young son Joey after a nice visit with friends and family.

Sherri, Frank and David Jones are thrilled with the batch of kittens they got from our neighbors. They came over Sunday, even took the mother to take care of the babies for a few more weeks, as they were not weaned yet.

Kathy Manley has some pedigreed cactus to give away if you are a collector. She has 5 different varieties, some as high as the house, but says you must dig them up yourself. Now that we have had a good rain, it shouldn't be hard to get, so call her, 445-3612, if interested.

Ginny Schutzer is moving to Santee to be closer to Grossmont College and as soon as her brother Doug Payne returns from his visit to Tampa, Fla., he will make his home with her.

Connie Badami has some darling kittens she would like to give away to good homes. Some even have long fur, so call 445-4832 if you are looking for a good gopher chaster.

Steve and Coleen Jordan named their little boy Erin Craig and he was born in Izmir, Turkey instead of Thailand like we had thought. They expect to be home the last of this year but as Steve reenlisted, he still has two more years before he is out of the air force.

Coleen's mother is going over in June for two weeks so they will have a part family reunion then.

Dale Bates, who is with the Coast Guard stationed in Florida, is back at base in Panama City after being in New Orleans doing scientific studies on how to prevent oil from ruining marine life.

Never use a hibachi for heating inside. Several died recently by monoxide poisoning. Hibachis are for outdoor use only.

JUNIORS TO VIE AT EXPO ART SHOW

For the first time a separate art show will feature arts and crafts of SD County youngsters (13-19) in Don Diego's Teen Age Art Exposition at the Del Mar Fair, June 24-July 5, this year, reports J. Milford Ellison, recently appointed by officials to direct the big art show. It will have \$3,000 in cash awards in five classes. Some 1400 entries are expected, with paintings, sculpture and crafts.

Entry forms are now available at the fairgrounds, with items delivered from 10 to 5, June 4-6. Artists may enter a maximum of two works in different sections. Award winners will be announced prior to the expo's opening.

Many senior citizens, and there were scores here from all over the south county, who had a real thrill when pretty Karen Rosenberg, teacher at McCall's Ranch School, trotted down the avenue in her gay '90's dress, on the side-saddle. Yep, that's the way milady used to go horseback riding! Remember?

## HOSS SENSE

By Cynthia McTaggart

Because warm weather is nearly here I would like to give a few pointers on how to prevent sleeping sickness.

It is caused by a virus that attacks the brain and spinal cord and mosquitos are the main pests as they act as carriers. This disease is seasonal, usually in the spring months and disappears after the first killing frost. It is difficult to explain but occurs mainly among pastured animals and rarely among those that are stabled. This may be due to the fact that fly sprays are used and kill

the mosquito larva.

The symptoms are fever, sleepiness, grinding of teeth, uncertain gain and difficulty in chewing and eating. The horse may recover at this point and thereafter be immune. But if the sickness is severe the brain and spinal cord become involved. The animal will lapse into a stupor and must be aroused and fed. If your horse hasn't been treated by this time by a vet, chances are he won't survive.

Protection is the best means of preventing this sickness. Vaccination should be done before the season begins. Your vet will know how much vaccine to give your pet and if given early in the year, you have nothing to worry about.

"She wouldn't eat her mushrooms."
