

SERVING ALPINE, EAST EL CAJON, JAMUL, LAKESIDE, AND THE MOUNTAIN EMPIRE

Road Contract Awarded

SAN DIEGO — Second District Supervisor Henry A. Boney announced that the Board of Supervisors, by resolution dated Sept. 6, approved the award of a contract to M. L. Chilcote Construction Co. of San Diego, at a bid price of \$34,150.00 for a road improvement in his district. The improvement consists of the construction of two (2) dip sections on Honey Springs Road between State Highway 94 and Deerhorn Valley Road.

guard rail and markers and paving roadway approaches. Work will start about mid-September and be completed about mid-November.

The Second District Supervisor noted that this improvement is the last of a series of improvements to Honey Springs Road between State Highway 94 and Lyons Valley Road. The new dip sections will better protect the road base and permit safer and smoother passage at reasonable speeds.

Mr. Boney pointed out that this improvement is being funded from the San Diego County apportionment of the Highway Users Tax.

Headquarters Opened

EL CAJON — A combined Wilson-Burgener-Wilson campaign headquarters will be opened in El Cajon on Friday. The headquarters will be jointly operated by three Republican nominees: Congressman Bob Wilson, now seeking his eighth consecutive term; Clair W. Burgener, State Senate nominee; and Pete Wilson, 76th Assembly District nominee.

All three candidates will be present for the official opening celebration, scheduled for 5:30-7:30 p. m. The headquarters will be located at 130 N. Orange Ave., El Cajon. The candidates will share the building now occupied by a Republican Unified Headquarters at the same address.

The public is invited to attend the opening.

Diamondbacks Play Saturday

ALPINE — The Pop Warner football team from Alpine, the Diamondbacks, is slated to meet Southeastern in a game at Lincoln High School at 1 p. m. Saturday.

Southeastern is reportedly one of the toughest teams in the league. They have a number of returning players with two or three years experience. It will be a fine test for Alpine's splendid team.

The team will be leaving

from Youth Center at 11:15 and anyone wishing to caravan with the team is invited to join.

The Lincoln High School is located off of Hwy. 94. From there, anyone attending the game should go to 47th, then left to Franklin, one block south of Imperial.

All who are interested in this fine activity that our Alpine youth are involved in, are invited to come along and cheer the boys to victory.

SANDRA DESCOTEAUX, DAUGHTER OF MARY LACKO, WAS SERIOUSLY INJURED IN THIS CAR WHEN SHE WAS THROWN FROM IT SATURDAY NIGHT. THE DRIVER, JOHN SALAZAR, WAS NOT INJURED. AT LAST REPORT, SANDRA HAD NOT REGAINED CONSCIOUSNESS. SHE IS THE MOTHER OF THREE SMALL CHILDREN. (Staff Photo)

HEART ASSN. OFFERS PAMPHLETS

Are there more heart attacks among cigarette smokers than among non-smokers?

"Definitely," says Dr. David Carmichael, chairman of the San Diego County Heart Association who urges everyone to send for the pamphlet, 'What Everyone Should Know about Smoking and Heart Disease.' It is free.

"I defy any cigarette smoker to read this pamphlet without giving serious thought to the dangers of his habits," says Dr. Carmichael.

"There's an old joke about the man who read so much about the dangers of smoking that he gave up reading. I recommend that you keep on reading. Start with this pamphlet and then ask the Heart Association for information on how to reduce your risk of heart attack."

ATTORNEYS TO BE IN ALPINE

LAKESIDE — Attorneys W. E. Klostermann and Victor B. Walton will alternately be in Alpine on Tuesday mornings and Friday afternoons in an office on Highway 80.

Mr. Klostermann, a member of the San Diego County Bar Assn. and the Foothills Bar Assn., resides in Santee with his wife and two children.

Mr. Walton, also a member of the San Diego County Bar Assn. and the Foothills Bar Assn., is a former Deputy District Attorney.

MIKE HEUSLIN OPERATES THE GEAR NECESSARY TO TAKE AWAY THE WRECK OF A CAR BELONGING TO RICHARD RIX. THE CAR WENT OFF THE ROAD SATURDAY NIGHT ABOUT A HALF MILE FROM ONE PICTURED ABOVE. THREE WERE INJURED. (Staff Photo)

DEN MOTHERS NEEDED

HARBISON CANYON — Cub Scout Pack 375 is in immediate need of den mothers.

Anyone who is able to perform this very important task is asked to contact Mrs. Doris Green, 445-2966.

BREAKFAST SERVED!

The Lake Moreno Woman's Club of Lake Moreno will serve breakfast to the hunters of the area from 4 a. m. until 11 a. m. on Saturday and Sunday, Sept. 24 and 25 at their club house.

Water: No Place for State Politics

No natural resource is more important to California than water. The very future of the state depends upon the assurance of adequate water for its fast-growing population and economy.

California's immense water needs could only have been met through the efforts of far-sighted leaders who had broad public support. Traditionally water has been beyond politics and partisanship.

The most remarkable expression of this statewide concern came in voter approval of the \$1.75 billion Feather River Project—the biggest water development program ever undertaken by any state or nation. All California will benefit greatly from the project, which is the work of water experts, legislators and governors of both parties.

It was regrettable, therefore, that Ronald Reagan chose to make water a partisan and sectional issue as part of his Republican campaign for governor.

In a speech last week in San Jose Reagan said that if elected, he would appoint a Northern Californian as director of the State Department of Water Resources.

This, according to Reagan, would give the north "a guarantee" that its rights would be respected.

Such guarantees, of course, have already been enacted by the legislature. Protection of the rights of the counties of origin does not—and should not—depend upon the discretion of the state water resources director.

The man who fills that position, moreover, must be chosen on his qualifications to serve the water needs of California, not a portion thereof.

Prior to the 1959 vote on the Feather River Project bonds some resentment based upon misunderstanding had developed in Northern California. Reason replaced emotion, however, as those in the north came to realize the great flood control, conservation and recreation advantages of the project for counties of origin—as well as the guarantees that their needs will always be met.

Such unity, such mutual concern, must not become a campaign issue. We commend candidate Reagan to the many areas of legitimate controversy in the gubernatorial campaign.

For Easy-To-Fix-Meals

Ground Beef Patties Ready-Formed

You can spend the day at the pool and still have this Ranch Chow meal ready when the family comes home. Ready-formed ground beef patties alternate with onion slices atop canned baked beans and catsup. A tomato-cucumber-and lettuce salad gives the right texture and flavor variety.

To serve a festive meal with little effort and money, the secret is simple: use ready-formed ground beef patties. Menus take on novelty and surprise with these patties as the entree.

One nutritious dinner features them as "Ranch Chow." The beef patty renews its long friendship with baked beans and catsup, and adds onion slices, tossed vegetable salad, sliced peaches and cookies for a rounded meal. It can be put together in minutes, yet it has a gala look and is delicious to boot.

Why are supermarkets featuring pre-formed ground beef patties in their fresh meat cases? Because busy housewives like their convenience, and appreciate eliminating the mess and bother of hand-molding them. Besides, since each ready-formed patty is separated from the next with a white square of non-stick paper, they can be stored compactly in the refrigerator or freezing compartment and peeled off as needed.

Formed automatically on a high speed machine called the Hollymatic they are perfectly portioned, so many to the pound, with the precise same thickness all over.

That's why they taste better and juicier: they cook more evenly,

with never a burnt edge and raw center.

Virtually every hamburger you have ever eaten away from home was formed on the Hollymatic. Today, hamburgers, happily, are no longer relegated just to buns, but now rank as a tasty and desired main course in tempting luncheons and dinners.

Weight-watchers go for Hollymatic-formed patties because they are high in protein and low in calories, yet filling and satisfying. One low calorie luncheon includes ground beef patties, asparagus spears on lettuce with pimiento garnish and lemon juice, sliced tomatoes, radishes and raspberry sherbet.

Also available at many supermarkets are other high protein ready-portioned ground meats that make for quick meal preparation with menu variety: chopped sirloins, boneless pork chops, veal chops, lamb patties and mock chicken legs.

By RUTH FULLER

OPEN HOUSE

ROBERT AND I went into town to visit his mother the other day, in an area where many new apartment buildings are being constructed, and as we drove past them I felt a slight pang of envy—a feeling of nostalgia for the days when we lived in an apartment, and somebody else did all the yard work, somebody else was responsible for the trash, somebody else worried about a leak in the roof, when a paint job was called for you notified the landlord, when a pipe burst you did not worry, the landlord did, when any repairs were necessary the landlord was responsible . . . I said somewhat wistfully to Robert, "Living was easier then, wasn't it—in an apartment?"

ROBERT REMOVED HIS pipe from his mouth and said briefly, "No pets."

I HAD FORGOTTEN that aspect of the easy life. When you move into an apartment, somebody always says "No pets." I cast a fond glance at the back seat of the car, occupied by little George, his two sisters, Mr. Sam and Penny—no, no room in any apartment for that aggregation, to say nothing of all the cats at home.

"REMEMBER THE NOISE, the close next-door neighbors, loud radio, television, late night parties, togetherness carried to fantastic extremes?"

I'D FORGOTTEN ABOUT that, too. The peace and quiet of our country abode does have a lot to recommend it—

ROBERT HAD BECOME intrigued with the subject. "How frustrating it was not to be able to undertake any structural changes! We were never allowed to knock down any

walls when we wanted to make a room larger. We couldn't move the bathroom upstairs or down whenever we wanted to! We couldn't even remodel the fireplace, or put in any new windows. No adding on of extra rooms. We would never have been allowed to excavate the side of the hill in order to make a storage place for tools. The laundry had to stay in one place permanently—no switching about as the spirit moved us! And as for changing the roof-line, or adding a porch or a balcony—simply out of the question! And how many times have we installed a new front door—one of these days we'll get it just the way we want it! Would we be allowed to do that in an apartment building? Ha! Think about all the bookcases we have built in. How about the new wood walls in the upstairs bedroom? And how about the new bedroom ceiling?"

"HOW ABOUT THAT, indeed," I murmured.

ROBERT IGNORED MY interruption. "About that front door—I think I'm going to change that to the back door, cut a hole on the other side of the kitchen and put our main entrance there—we'll either build a walk or some steps down from the other side—I think you'll like that—and I'm considering remodeling the bathroom completely and adding another downstairs. . . ."

I SAID PLAINLY, "But why do we have to keep changing and changing. . . ."

"VERY SIMPLE," SAID my husband, "We are, and I quote, 'the futility of a well-ordered life!'"

"Grandma brought me a doll that really cries!"

SHOWN ABOVE — SUPPORTERS AND MEMBERS OF THE DIAMONDBACKS — ALPINE'S POP WARNER FOOTBALL TEAM!

(Staff Photo)

FRANK SORTINO ABOVE, SHOWS MEMBERS OF THE POP WARNER FOOTBALL TEAM A MAP WHICH WILL DIRECT THEM TO THEIR GAME OF THE DAY. VIC VICKERS, IS EXPLAINING THE SAME THING TO ANOTHER GROUP. (Staff Photo)

David Hendry of 11563 Morena received news of the birth of his second granddaughter. The proud parents are S/4 and Mrs. MARSHALL TODD JR. of Weisbaden, Germany. The new arrival came September 12th. She weighed seven pounds and four ounces. Mrs. Todd was the former Susan Hendry, a 1964 graduate of El Capitan High School. Marshall called Mrs. Hendry at 3 a. m. Monday from Germany. The new arrival's sister, little Tracy, age 15 months, has not decided on a name for her yet.

WELDON L. TIPPS, F/A in the U.S. Navy is now stationed aboard the USS Forrestal which has been in dry-dock at Norfolk, Virginia, for overhaul. The ship will be on the East Coast until February and then will return to San Diego for a short while before leaving for Viet Nam. Weldon (Sparky) is the son of Mr. and Mrs. Weldon Tipps of Santee.

SP/4 JAMES WILCOX, son of Mr. and Mrs. Howard Wilcox of Lakeside is enroute home from Okinawa where he has been stationed for the past year and a half. James will be home on leave for 40 days and then will report to White Sands, New Mexico to the missile testing station for duty.

GARY PIERCE, recent graduate of El Capitan High School left last week for the Air Force. An opening came up suddenly and it didn't give him much opportunity to get ready to leave. He will be at Lackland Air Force Base for at least six weeks where he will attend school.

S/4 GORDON SIMMS who has been stationed in the Army at Amburg, Germany for the last few months is home on leave. He will be in Germany for a two-year period. He enjoys the area but naturally, he misses his folks and his activities here at home. Gordon was active in motorcycle racing and was No. 1 in his class — 90 cc's. (We hope that motorcycle enthusiasts will forgive us if we have that wrong — we're not up on the terms, we're afraid!) Anyway, we'll be glad when Gordon can be home and get back to his old activities.

L/CPL. ALAN BOWLES was wounded in action according to word received by his parents in Alpine. He was hit in the leg, as far as can be determined, but the seriousness of his injury is not known at this time. We all wish him the very best and hope that he, and all the other boys there in Viet Nam, realize how much we all appreciate what they are doing for all of us. We will be anxious to know how things are going with him and will be awaiting word.

Grant Received

ALPINE — Leo Ryan, principal of the Alpine Elementary School, has been awarded a grant by the National Science Foundation to conduct a year of research into the discipline of the field of economics and to relate its theories to the teaching of the Social Sciences in the elementary school. The research and study will be carried on at San Diego State College.

He Just Saved A Trip To Town

Randy Adams Marries

Mr. and Mrs. Alex Adams announce the marriage of their daughter, Randa Lee to Barry D. McCall. The young couple was married in a civil ceremony in Seattle. The Barry McCalls will live in Lynwood, Washington where Barry is employed by a Cement Construction Company.

SELF ANALYSIS QUIZ

How Sociable Are You?

By Jane Sherrod Singer

Are you an introvert, extrovert, or ambivert? The introvert is the individual who is greatly concerned with inner emotions. The extrovert is interested in action, other people, the outside world. The ambivert shares about equally the traits of the other two. All of us possess both introvert and extrovert qualities, but the majority of us lean a bit more in one direction than the other. To take this test, choose the one which comes nearest to the way you believe you would react.

- Suppose a traffic cop started writing you a ticket. Would you:
 - Swallow hard and keep still.
 - Say you were only going twenty.
 - Smile and say, "Now, buddy, let's talk this over."
- If you were asked to give a talk before a taxpayers' meeting, would you:
 - Feign illness and not go.
 - Prepare a speech, but read it.
 - Be glad for the chance to say what you think of the present city administration and its activities.
- A friend invites you to a picnic, saying he will meet you there and introduce you to the gang. Upon arriving, you find that he has not yet shown up. Would you:
 - Stand apart from the group until he arrives.
 - Tell them who you are and wait for him.
 - Join the group and lead them in the games you enjoy.
- As you walk down a street you notice a truck loaded with barbed wire. A woman dashes across the street, against the traffic lights. To your embarrassment her skirt is caught by trailing strands of wire which tear a large strip of material. Would you:
 - Blush and run away.
 - Yell at the truck driver.
 - Go to the woman and offer her your coat.
- You are planning a new business venture, but negotiations are not yet complete. A good friend, who is a trifle nosy, asks you what is new. Would you:
 - Keep your plans to yourself.
 - Tell him you are contemplating a change but have not completed your plans.
 - Slap him on the back and tell him the whole story.
- Your boss has just given an order which you happen to know will result in the loss of money to the firm. Would you:
 - Take the order meekly and say nothing.
 - Acknowledge his authority but tell him you feel this will mean a loss of money.
 - Explain to him in detail why a loss will result.
- Someone else has just been given the promotion you had hoped would fall to you. Would you:
 - Feel personally slighted.
 - Admit you're disappointed, but feel that the other person deserved it more than you did.
 - Have a talk with the boss about it.
- You are entertaining a visitor who likes to monopolize the conversation. Would you:
 - Let him talk on and enjoy himself.
 - Try to include others in the conversation.
 - Join in the conversation and take the limelight yourself.

ANALYSIS:

Count the number of times you have chosen solution A, the number of B's and of C's. If you have chosen more A's than anything else, then A is your key number.

The A's represent introvert reactions, the B's, ambivert or "middling" reaction, while the C's are decidedly extrovert. If you have six or more A's, you can be considered an introvert; six or more B's, you are an ambivert; six or more C's, a decided extrovert. If your total of B's plus A's is larger than the total of B's plus C's, you have a rather "middling" temperament with a leaning toward introversion. A large total of B's plus C's indicates a leaning toward extroversion.

All Around Alpine

Julia Sachse has just returned from a trip to New York. This is a trip that Julia takes every year. She always visits her sister who lives in Ossining, New York. However, this year, the trip was not as pleasant because her sister had fallen and broken her hip. Julia enjoyed visiting with her sister but did very little but help with the cooking, cleaning, etc. The whole family is pitching in during the emergency. We hope that the annual trip to New York next year will be more pleasant for both sisters, although the young lady who broke her hip will have to be in a walker for about a year.

Renie and Al Adams combined a business and pleasure trip just recently. They had a conference in Santa Rosa so went a little early so that they could see the Oroville Dam. It was a very enjoyable little trip for the Adams'.

An apparently young weimaraner was seen on Hwy. 80 last Tuesday. The Sachses' took him in and fed him as he was causing a traffic jam. As they couldn't keep him, they called the animal shelter. As far as we know he is there now. Hopefully, if his family reads this item, they can still find him there. He is a very fine dog, as we understand.

Jerry Funk of the new Alpine Rexall Drug found one of his windows (in the store) broken last week. It was just by the front door, but nobody entered the store, fortunately.

We also understand from our sheriff's reports in El Cajon that Paul Sherby was playing with a gun and injured himself with fragments of the bullet. However, we understand he is fine now.

Bob Wilson of the Texaco Station had the keys from his car stolen recently. They were returned, however.

The Orville Palmers have just returned from a wonderful month's vacation in the northern part of the Western states.

The Palmers particularly enjoyed the many small lakes that they stopped at. Fishing was a large part of the vacation, with Grace catching her share too!

One of the things that the Palmer's noted was the innumerable rest stops and camps, both federal and state, in Oregon.

They enjoyed a tour of the Hearst Mansion and stopped overnight at Los Gatos, just about a mile and a half from your editor and publisher's former home.

They took six days to make the Century Drive (out of Bend Oregon) and enjoyed it immensely.

Another highlight was a tour of Sacramento. All of the way they had wonderful weather.

One especially interesting note was that (while Alpine was simmering in the heat) the Palmer's stayed at the coldest spot in the nation, Klamath, Oregon.

Upon their return, the Palmers heard from their old friends the Holletts who are now living in Canada. The Holletts expect to come back to Alpine for the winter.

So the Palmers wound up a wonderful trip with a bit of good news.

A correction (or addition) should be made in the caption on the lower right hand portion of last week's front page. When we explained the trophy that honored Linda Rushing and Karry White for their outstanding scholarship, we neglected to mention that the trophy was given to the young people by the Kiwanis Club. We regret the omission and want to give full credit to the fine Kiwanis Club of Alpine. It is a club that is always doing a great deal for many people.

Staying with the David Woods on Tavern Rd. are Mr. and Mrs. Allen M. Gollison and their two sons, Davy and Jimmy. The Gollisons lived in Norfolk, Va. until David received a discharge. Mrs. Gollison is the daughter of

Mr. and Mrs. David Wood.

The Cub Scouts and the Jr. Fire Dept. will put on a demonstration of fire equipment Friday at 7. Following the demonstration, there will be a film at Fuller Hall. The public is invited.

Mr. and Mrs. Wallace Coppock have returned from a three-week trip to Oregon, Washington and Vancouver, B. C. While in Canada they visited the Holletts, formerly of Alpine. They also made a side trip to the Grand Coulee Dam.

Tuesday on the Bell Bluff Truck trail, a bobcat that apparently was rabid, was shot by Wayne Brown. The animal had come to a house in the area in broad daylight and jumped at the windows. He also chased the dogs and acted oddly. This should serve as a warning to all in the area to watch for animals that act strangely, as rabies seems to be increasing. The bobcat was 30 inches long.

Phil Hall, who was the picture of health when we had his picture in the paper two weeks ago, is recovering from a kidney operation. We were aware that he was undergoing the operation last week but at the request of the family, we made no comment until Phil was well out of danger. He hopes to be home at the end of the week, and it is good to hear his cheerful voice on the phone every now and then. At the present, he is not up to receiving visitors but is doing very well.

Mable and Harvey Gilman are entertaining an old war buddy of Harvey's. The two men are having a wonderful time remembering all of the experiences they shared.

BEAUTIFUL NEW COUGARS (NOT ALPINE'S WILDLIFE) MANUFACTURED BY THE FIBER-GLASS MENAGERIE TO BE SHOWN ALL OVER THE COUNTRY PROMOTING ONE OF THE NEW CARS. THE ROUES ARE TRULY A ONE-MAN CHAMBER OF COMMERCE FOR ALPINE! THEIR ANIMALS ARE SHOWN IN ALL PARTS OF THE U. S.

School News

Mrs. McQueen's room has been electing officers for the classroom. They will elect new officers each month.

The officers are: Gerry Phillips, president; David Judd, vice-president; Julie Adams, secretary; and Danny Espinoza, sergeant at arms.

Mr. Owens' 7th grade has also elected officers: Mike Vickers, president; Peggy Ralston, vice-president; Grace Weisbach, secretary-treasurer. Their representatives for Student Council are John Hoffman and Linda Haddock. They are now studying atoms and molecules. Later on they will study one-celled animals and plants.

The 8th grade has elected their 8th grade council. They are Bob Shuford, president; Bill Cress, vice-president; Cindy Brown, secretary; and Tom Cooley, treasurer. Representatives from Room 9 are Rex Hydorn and Sharon Dana. From Room 8 they are Doug Ingalls and Kathy Sherwood.

By Barbara Presley

Mr. Kennedy's room has started their study of ancient civilizations. They are busy making artifacts, etc., and constructing a model civilization which will be left for a later civilization to discover and reconstruct.

The students wish to welcome Mrs. Deaton and Mr. Gaston over at our primary school and were glad to see our former teacher and friend Mrs. Johnson over here in the kindergarten.

CANYON NEWS

Mr. Stockman has returned to his home after spending several days in the hospital having tests made.

The Firemen's Auxiliary is holding its meetings on the second and fourth Tuesdays of each month. They meet at 8 p.m. in the Fire Hall and cordially invite all canyon ladies to join them.

Bob and Verna Farrenkop of Bard and Don and Vonnice Moore of Bakersfield were visitors in the canyon and their friends here were glad to see them again.

Flo and Jack Roberts of Silverbrook Drive had a cookout to entertain their friends who have helped them finish their patio. The Byrom Crawfords, Tony Stropes, Dick Bardsleys, Art Campbells, Harvey Southwards, Bob Hulls, Bill and Mary, Ron and Vicki, Tom and Marge, (sorry, didn't get those last names) and Marge Hyatt were the guests. The young people enjoyed dancing on the patio but the rain finally ran the whole bunch into the house.

Bob Heilig's operation has been postponed another week and we all send our good wishes to him.

THIS CAR, REPORTEDLY DRIVEN BY STANLEY R. PEARSON WHO LIVES ON HWY. 80 WAS DRIVEN ONTO THE BARRICADE ON HIGHWAY 80 WHERE HARBISON CANYON TURNS OFF. BOTH HE AND HIS PASSENGER, DON BALK WERE INJURED.

(Staff Photo)

VERSATILE QUARTER HORSE: Copper King owned by Wilma Peters is an 11-year-old gelding. He was just trailered here from Waco, Texas and is boarding at Howard Barrett's. (Howard is busily getting his practice ring ready.) Copper King is a 4-event rodeo horse, a GRA Barrel race winner and a money winner. He also competes in California Roping and Doging. He is out of Joe Priest and has a lot of running blood. Wilma is thrilled to have her fine horse with her once again. (Staff Photo)

Jess Waters, son of Ruth Carmen was married last week in El Cajon. A reception was held in the Community Hall Thursday. Congratulations to Jess and best wishes to the bride.

Trailer Living

By LILLY LEINHAUPEL

Mr. and Mrs. Richard Hope had as houseguests last week, Juanita's sister and husband, Mr. and Mrs. A. J. Ketch of Stillwater, Oklahoma. This was their first meeting in sixteen years and needless to say, it was a very enjoyable visit.

Doug Carpenter has been spending a few days with his parents, Jim and Nora Carpenter. Doug and his dad enjoyed a couple of golf games during his stay.

Martha and Buck Carter enjoyed a visit from Joe and Harry Hodgson of Calimesa, and also Floyd Shade of Glendale, co-workers of Buck's back in Omaha.

Mabel and Bill Thompson

are home again after several days of visiting with Bill's sisters in San Gabriel.

Vacationing residents are Louis and Jessie Simmons touring Colorado and Utah. Mildred and Frank Sevcik are on their way to see Frank's relatives in Texas and Florida. Then back to the midwest to call on Mildred's family in Nebraska. A lot of ground to cover in four weeks.

ing on Thursday, March 9, 1967, will be directed by Martin Gerrish, Drama Department chairman, assisted by James Baker, who is starting his first year as a drama instructor at Grossmont College.

CLASSIFIED 445-3133

TRYOUTS HELD

GROSSMONT COLLEGE — The Drama Department of Grossmont College held tryouts for Shakespeare's "Hamlet" last Sunday in the Student Center.

Anyone, including non-students, was allowed to try out for one of the parts in this classic dramatization.

The Shakespearean drama, scheduled for a spring open-

WHAT'S DOING?

Some important words on a serious subject

I hope you never receive a malicious phone call, but if you do, here are some things you can do to discourage the caller:

Hang Up—if the caller doesn't answer when you say "hello."

Hang Up—at the first obscene word or improper personal question.

Hang Up—if the caller doesn't identify himself to your satisfaction. And remember, never give your telephone number to an unknown caller.

If malicious calls persist, call our Business Office. We have employees who are trained to assist and advise you and who can frequently help in identifying the origin of unwelcome and troublesome calls. Obscene or threatening phone calls violate state laws, and conviction can result in fines and imprisonment up to six months. We're working closely with law enforcement agencies in prosecuting violators. We want to do all we can to protect your right to privacy.

Pictured above is Larry Stoddard, central office equipment man doing routine maintenance on our emergency diesel engine which is used in case of failure on the 18,000 telephones in the El Cajon exchange.

Pacific Telephone

E. B. McKenzie,
Your Telephone Manager in Alpine

HAS YOUR

Fictitious Firm Name

BEEN LEGALLY REGISTERED?

The requirements of Section 2466 of the Civil Code, says "Every person and every partnership transacting business—under a fictitious firm name—must file a certificate stating the names in full and the place of residence of such person and the member or members of such partnership—such certificate must be published, once a week for four consecutive weeks."

If you have neglected this procedure, do you realize that the name of your firm is not protected and that you are not entitled to maintain suits for collection, or for other purposes, in the courts of the State of California?

DO YOU KNOW

IF YOU OPERATE UNDER A FICTITIOUS NAME?

SOME EXAMPLES:

These are Fictitious Names

Paul Johnson & Co. Johnson's Heavenly Shine

Paul's Shoe Shine Alpine Blvd. Malt Shop

Lakeside Used Cars

These are Not

Paul Johnson Co.

Peggy Addisumson

Take care of this important matter NOW by having the Town and Country News publish the certificate. The cost is small, but the filing and publication is something that should not be overlooked. We'll be glad to provide all necessary forms and take care of both the publication and filing for you.
