Dear Barbara [Cater] ---

Patty says you two met recently. GOOD! Besides telling you more about her Foster family, she can probably give you many more names of school children who went to school to Miss McClain and Hazel Hohanshelt. Here are a few more I remember:

Maxine Pearce (ugh)
Ray Pearce who used to play Tom Sawyer-like stuff with me
Imogene Borne

Of course I shouldn't leave out Mary Denny. I don't know where she went to school but we had our adventures. The Denny Ranch was in Sacraero Valley just across Deer Creek from the Kosmon buildings and a little closer to the Sweetwater River. I think I already sent you the three issues of GRIST covering the Sweetwater.

Insert map here.

At age 89 my map-making is crude. I wish I could be certain that it is Deer Creek that starts on the east slope of Bell Bluff and that Sacraero Valley was where I've shown it. DENNYs should be in the 1920 census.

Less than two weeks to prepare my Mother's Day sermon and I'm getting' cold feet!
God Bless,

Vic Head
